Chapter 321: Jiang Xun, I Like You

Jiang Xun saw that the people around them were taking pictures with their phones. She took a step back and kept her distance from Mengyao. She nodded coldly. "We've eaten. These are packed supper. Teacher Huo, if you haven't eaten yet, you should go and eat."

Don't bother them.

Mengyao's eyes turned cold when he saw Jiang Xun take a step back.

As Jiang Xun led Xin'an walked past him and into the hotel, Mengyao followed them in. Following Jiang Xun, he said, "My assistant went to buy my dinner. I was afraid he couldn't carry it, so I came out to wait for him."

"Oh." Jiang Xun didn't stop. "Aren't you going to wait?"

Mengyao was speechless.

He just wanted to show that he was very considerate of others. After all, Jiang Xun treated her assistant well, so he also wanted to show that he treated his well. Naturally, he would then be able to talk to Jiang Xun more.

Who knew that Jiang Xun would be serious about this matter!

"He's not back after a long time. He's probably in a traffic jam." Mengyao made up an excuse. "There are too many fans outside. It's a little ostentatious for me to wait outside. I'll contact him later. It'll be the same if I came back down when he's almost here."

Jiang Xun stopped in front of the elevator and pressed a button. When the elevator arrived, she turned around and said to Mengyao, "Teacher Huo, if you knew that there were a lot of fans outside and you were waiting to show off, why did you call me out so loudly just now? You even deliberately made it seem like we're very familiar with each other."

Mengyao's expression froze.

He didn't expect Jiang Xun to be so straightforward and not give him any face.

Mengyao looked around in panic.

There were also many fans waiting in the hotel disguised as guests. There were also real guests and hotel staff coming and going.

There were a lot of people in front of the elevator and near it.

Jiang Xun's voice was clear, and the spacious hotel lobby made her voice even clearer.

The people around them took out their phones to take pictures.

"I was too happy to see you just now, so I was careless." Mengyao took a step forward and said in a low voice, "Jiang Xun, let's go upstairs first."

Unexpectedly, Jiang Xun took a step back and said, "Teacher Huo, a lot of netizens think that we're not just colleagues. Let's keep an appropriate distance."

"After all, we haven't even added each other as friends. We haven't contacted each other since we finished filming." Jiang Xun's eyes were cold. She looked at Mengyao without any warmth. "I really don't know how such a ridiculous scandal started."

Mengyao could tell that Jiang Xun did not like him at all.

Mengyao gritted his teeth. Jiang Xun didn't give him any face at all in front of so many people.

He glared at Jiang Xun. His face, which was hidden from everyone's eyes, could not hide his malice.

At this moment, the elevator door opened with a "ding."

Jiang Xun didn't go in. Instead, she gestured to the empty elevator inside. "Teacher Huo, you can go in first. I'll wait for the next elevator."

It was obvious that she wanted to cut off all ties with Mengyao.

Mengyao snorted suddenly and looked up at Jiang Xun with deep affection.

Jiang Xun was so disgusted by his expression that her hair stood on end.

As expected of an actor, he spoke as if it were a love scene.

"Jiang Xun, what if I say that it's not a misunderstanding?" Mengyao suddenly said gently and affectionately. "The netizens didn't misunderstand. I like you."

"I wasn't waiting for my assistant at the door, and he didn't buy me dinner. I was waiting for you. When I checked into the hotel, I heard from the production team that you went out with your assistant, so I waited for you at the entrance of the hotel and wanted to ask you out for dinner."

"Jiang Xun, I like you." Mengyao laughed at himself. "I can tell from your attitude that you don't have any feelings for me. But it doesn't matter. It doesn't matter if you don't like me. It's fine as long as I like you."

Mengyao stepped into the elevator and closed the door, not giving Jiang Xun a chance to reply.

However, under such circumstances, Jiang Xun could not reply at all.

Nothing was right.

Jiang Xun sneered as she watched the elevator door close.

Xin'an's eyes were red with anger, but there were too many people around, so she couldn't say anything. It was unbearable.

She quickly pressed the elevator button again and waited for a new elevator. She could only pray in her heart for the next elevator to arrive quickly.

After that, Xin'an protected Jiang Xun and helped her block the cameras.

On Weibo, Mengyao and Xunmeng's fans had already started to celebrate.

[It's first-hand news from my sisters at the front line. Brother Yao was waiting for Jiang Xun at the entrance of the hotel. The two of them met at the entrance and entered the hotel together. The two of them might really be together. [Picture]]

[Wow! It's a celebration for Xunmeng's shippers!]

[The two of them look so compatible when they stand together!]

[What else can I say other than it's a blessing?]

[Brother Yao is mature, handsome, and steady. He's protecting his little girlfriend. It's so good!]

[Hehe, the Fengjiang couple had a fake celebration yesterday. Today is the real festival!]

[Jiang Xun and Qin Mufeng only followed each other. What can that mean? There were photos of Xunmeng! It's so obvious that they're together. What else is there to say?]

Then, another Weibo post said, [Report! Big news! Xunmeng is really going to come true! Brother Yao had confessed to Jiang Xun! [Video]]

Because it was posted by a shipper, the editing was biased.

She cut out all the clarification Jiang Xun had said and only kept the part where Mengyao confessed to Jiang Xun.

[Ahhhhhhhhhhhh! Brother Yao is so bold! He actually started confessing in the hotel lobby!]

[I really didn't expect that one day, I'd be able to get a real coupling!]

[Compared to Xunmeng, Fengjiang is a joke!]

The Fengjiang shippers were so angry that their hands were shaking.

[It's just a one-sided confession from Huo Mengyao. I don't know what the Xunmeng ship has for you guys to be so arrogant about.]

[Why didn't you post Jiang Jiang expressing her position? Huo Mengyao did confess, but did Jiang Jiang agree?]

Even Jiang Xun's loyal fans were unhappy.

Eating Jiang: [Jiang Jiang would never agree. If she liked him, she would have agreed a long time ago. Huo Mengyao wouldn't even have the chance to confess in a public place like a hotel.]

[Huo Mengyao is obviously forcing Jiang Jiang. What a shameless man!]

Split Underpants: [Don't worry. I have a friend over there. He took a video of it. I'll ask him to send it to me.]

In the hotel.

Jiang Xun pulled Xin'an back and stopped her from covering her.

There was nothing to hide.

Weren't there many people taking pictures?

It was a good opportunity for these people to take pictures of how cold her face was!

Anyone with eyes could tell from her reaction that she didn't have any feelings for Mengyao.

The elevator finally arrived. Jiang Xun and Xin'an entered the elevator.

There was no one else in the elevator, so Xin'an's eyes turned red and she said angrily, "Huo Mengyao is so shameless!"

Chapter 322: Experiencing Guanglin And Shulei's Happiness

"What was he trying to do in front of so many people?" Xin'an was so angry that she was about to cry. "Jiang Jiang, you've been holding back and not stoop to his level for the sake of the drama, but he's pushing it!"

"Don't bother about him!" Jiang Xun's expression was dark and cold, but she was not as excited as Xin'an. "Write it down one by one and pay it back all at once."

Her long and curly eyelashes slightly covered the cold light in her eyes.

Xin'an followed Jiang Xun back to the room.

The signal in the elevator was too weak.

After returning to her room, Xin'an took out her phone and went on Weibo.

There were so many people taking photos at the hotel entrance and in front of the elevator. The videos and photos must have been posted on the internet.

Xin'an took a look and saw that it was indeed posted online.

"Jiang Jiang, now Xunmeng's fans think that you two are really going out." Xin'an stomped her feet in anger. I'm so angry. Someone even posted the video of the elevator but it was edited. They only posted the shot of Huo Mengyao confessing to you.

"It's fine if Huo Mengyao is sincere, but it's obvious that he just wants to tie you up and hype the ship," Xin'an said angrily. "He's really like a dog-skin plaster that you can't get rid of!"

As Xin'an spoke, she scrolled through the new news on Weibo.

"Huh?" she suddenly made a sound. It caught Jiang Xun's attention and she and looked over.

Xin'an ran to Jiang Xun's side and showed her. [It's Split Underpants.]

As Xin'an said this, she complained that this person really had no moral integrity when coming up with a username.

It sounded so bad that it would be embarrassing to say it out loud.

“He also posted a video, but it’s the complete version. It included the part where you rejected Huo Mengyao and clarified things in public,” Xin’an said.

As soon as the video was posted, it was pushed to the top of the hot search by Jiang Xun’s fans and the Fengjiang shippers.

The relationship between the Jiangfams and the Fengjiang shippers had never been very friendly, but they had reached a delicate balance.

The two sides usually didn’t fight.

It was probably because many of Jiang Xun’s fans were both Jiang Xun’s fans and shippers as well.

And at times like this, the two families would be united against external forces.

Together, the topic [Jiang Xun clarified that she and Huo Mengyao are just ordinary colleagues] was pushed to the third most searched topic.

[I knew it. Jiang Jiang definitely doesn’t like Huo Mengyao.]

[So, can Xunmeng’s shippers post the full version next time? If you have the guts, then post Jiang Jiang’s clarification too.]

“Aiya!” Xin’an said in surprise, “Jiang Jiang, the photo of you and Huo Mengyao at the hotel entrance and the video of Huo Mengyao confessing to you in front of the elevator are all gone. They’re all gone from the internet!”

“The only thing left now is the complete video of you clearing your name in front of the elevator,” Xin’an said.

Jiang Xun took a look and saw that it was indeed so.

Other than Mufeng, Jiang Xun did not think of anyone else who could erase those videos and photos from the entire internet.

Mengyao’s fans were furious.

[Some people are too naive. What kind of person is she? She still has the face to reject Brother Yao.]

[You’re lucky that Brother Yao likes someone like you! Don’t be so ungrateful!]

[Although I respect Brother Yao’s choice, you are really not worthy.]

[Stop quarreling for now. Don’t affect “Path of Life.” The show is about to air, so let’s talk about it after it’s done.]

When Jiang Xun saw this comment, she raised her eyebrows and liked it. She even used her main account.

Mengyao’s fans were puzzled.

[What does Jiang Xun mean by liking this post?]

[Jiang Xun also has something to say after the broadcast?]

[What can she say? Stuff that gives her more scenes? Ever since she became an influencer, she's never stopped her sleazy operations.]

[Don't give her attention.]

[Why do I feel like Jiang Jiang's like has a deeper meaning?]

1

[Let's just guess blindly. After the show is over, Jiang Jiang is going to use her ultimate move.]

Mufeng casually threw his phone on the office table and tapped the table twice with his fingertips. He said to Chengnan, "Go and contact the 'Find A Way Out' meetup team. I'm going to attend tomorrow's event. Ask them to change the script to a suitable one."

The production team had many scripts to choose from, so he just had to ask them to change the script that they had prepared for tomorrow.

Chengnan was speechless.

What did the production team do to deserve this!

"CEO, if you're attending tomorrow, the time will be a little tight." Chengnan said, "It's already seven. Don't you still have work to do?"

"Book the latest flight today." Mufeng continued to work without looking up. "Jiang Xun will only be recording the variety show tomorrow and the day after. What's the use of me going after she leaves?"

Chengnan: "..."

It seemed that Mufeng was quite agitated by Mengyao's confession.

Hence, Chengnan went to book a plane ticket for Mufeng and then quickly contacted the production team.

Ji Junjie, the director of the production team, jumped up in surprise when he heard that Mufeng was going to participate.

He didn't think that he would be able to experience Hou Guanglin and Shi Shulei's happiness!

However, when he found out that Mufeng was going to participate tomorrow and that Mufeng had asked them to arrange a role for him if they had one and to change the script if they did not, Junjie could not smile anymore.

They had to change the script at the last minute in the middle of the night?

The interior for tomorrow's show had already been set up. If they were to change the script, the interior would have to be completely changed. There was not enough time to do it overnight.

However, he could not reject Mufeng's participation!

The big CEO, who he didn't even dare to invite, was now taking the initiative to attend.

If he didn't grab this opportunity that was presented to him, how could he continue to live in peace?

He was already behind Guanglin and Shulei, so he had to catch up.

Junjie braced himself and agreed. "Sure!"

Junjie hung up the phone and gathered the people from the production team to revise the script overnight.

The scriptwriter cursed Junjie and Mufeng as he edited the script.

In the end, Mufeng did not manage to catch the latest flight to Hangcheng.

He could only go back to rest for the night and catch the six o'clock flight in the morning.

They should be able to arrive before the production team's livestream.

Junjie had arrived at the airport early with his driver and makeup artist, looking forward to it.

When he saw Mufeng and Chengnan coming out, Junjie quickly waved. "Mr. Qin, Mr. Zhang!"

Mufeng and Chengnan walked over. Junjie said politely, "Mr. Qin, you've had a long journey. I've brought a makeup artist with me. When we meet a red light in the car, we can do some makeup. We can start filming once we reach the filming location."

"There's no need for makeup." Mufeng saw that the makeup artist Junjie brought was a man and his impression of Junjie improved. I've never put on makeup before when I participated in variety shows.

Since Mufeng said so, Junjie readily agreed.

When Mufeng landed in Hangcheng in the morning, it was just in time for the rush hour. The road was a little congested.

For this reason, Junjie specially moved back the shooting time by an hour.

Chapter 323: Stay Away From Jiang Jiang

On the way, Junjie gave Mufeng the character and script for him to play.

"There aren't many lines. They'll only be used for your introduction when you make your first appearance," Junjie said. "You don't have to follow the script word for word. You just have to follow the general idea."

Mufeng nodded and glanced at the thin script.

"After you're done with your self-introduction, you can return to the team and crack the escape room with the other guests."

Jiang Xun and the others had already arrived at the shooting location.

The assistant director, Ning Kejia, received Junjie's notice that Mufeng was already in position. She asked the cameraman to start filming and connect to the livestream at the same time.

The regular guest, Yin Nanjing, was a comedian. She was also the laughing point and the person in charge of controlling the scene for this variety show.

“Brother Qin, the people who came today are all your old acquaintances.” Nanjing smiled and cued him.

“Yes,” Zhengqin straightened his body and said with a long face. “Everyone who came today is my family. I’m very confident in this episode.”

“Yo, Brother Qin, you’re more arrogant than usual today!” Qiyao smiled and said. “I’m very close to Jiang Jiang. If something really happens, do you think she will help you or me?”

“That will depend on whether she chooses me as her brother-in-law or you as her best friend,” Zhengqin said.

“You’re only the brother-in-law in the drama,” Li Hanfei smiled and said. “Well, that’s all. Brother Qin, can you introduce us to the audience first?”

“Let my family members introduce themselves.” Zhengqin said, “‘Path of Life’ is about to be broadcast. I hope that the audience will support us. I’m playing Youlan’s husband, Jiang Xun’s brother-in-law, hahahaha!”

Youlan wondered why he also mentioned Jiang Xun.

“I’m playing the role of the Lin family’s eldest sister, Lin Xulai, in ‘Path of Life.’ I’m Brother Qin’s husband in the show.” Youlan said.

“I’m playing the role of the Lin family’s second brother, Lin Xude, in ‘Path of Life,’” Zhang Jian said.

“I’m playing the role of Lin Xude’s girlfriend in ‘Path of Life,’” Yuxi continued.

“I’m playing the role of the Lin family’s youngest daughter, Lin Xuyan, in ‘Path of Life,’” Jiang Xun finally said.

Mengyao smiled. “I’m playing the role of Jiang Xun’s boyfriend in ‘Path of Life.’”

“Yo!” Nanjing subconsciously jeered, “Everyone else is talking about the relationship between characters. At best, you’re just playing the role of Lin Xuyan’s, Jiang Xun’s character’s, boyfriend. How can you be Jiang Xun’s boyfriend?”

Youlan’s eyes turned slightly, and her smile had a deeper meaning and some bad intentions. She deliberately teased, “Did you accidentally reveal your true feelings?”

Youlan even handed him a pillow. Mengyao accepted it gladly and looked at Jiang Xun affectionately. “I really hope to have such an honor outside of the film.”

“Teacher Huo, Director Guo and Miss Yu’s shows have always attracted the audience with the quality of their shows,” Jiang Xun said calmly. “You don’t need to sacrifice yourself to attract the audience’s attention.”

1

Warm Sweet: [Jiang Jiang is already giving Mengyao face by not embarrassing him in front of everyone.]

Dan Dan: [That's true. According to Jiang Jiang's past style, she would have directly attacked him regardless of whether it was a livestream or not.]

Old Wang Next Door: [It seems like Jiang Jiang is really concerned that the drama hasn't aired yet and doesn't want to make a scene, unlike Huo Mengyao, who doesn't care about the drama if he can increase his own popularity.]

Demonic Positioning: [Maybe he knows that Jiang Jiang doesn't want to embarrass him before the show is over, so he's getting more and more outrageous.]

[What! Could Jiang Xun's fans stop putting gold on their own faces? Our Brother Yao is a true man, daring to love and chase.]

[Brother Yao is very polite and gentlemanly. On the other hand, Jiang Xun has always been very rude.]

While the camera was not on, Junjie secretly said to Nanjing, "Sister Jing, don't mention Jiang Xun and Huo Mengyao! Jiang Xun's manager specifically told us that Jiang Xun doesn't want to hype up this coupling."

"I just blurted it out in a moment of impulse." Nanjing slapped her mouth in self-blame. "Don't worry, I won't say it anymore. I'm sorry! I'll apologize to Jiang Xun later."

Junjie nodded and quickly retreated.

At this time, the production team staff came out and put blindfolds on everyone's eyes.

Mengyao was about to speak to Jiang Xun when he realized that the person who was supposed to be standing beside him was standing on Qiyao's side.

Mengyao pretended to joke, "Jiang Xun, why did you go over there? Which side are you on today?"

"Jiang Jiang is my best friend," Qiyao said. "She's always been on my side."

As she spoke, Qiyao hugged Jiang Xun's arm. "Jiang Jiang, this show is very perverted. There will be many scary segments arranged. I'll be relying on you to protect me."

"Alright," Jiang Xun nodded.

Qiyao smiled and said to the team of 'Path of Life,' "I'm sorry, everyone. Jiang Jiang came to my side first. You're family in the movie, but we're best friends outside of the movie."

"If that's the case, where should I be?" Zhengqin scratched his head. "Today, I'm not only the host of our show, but also the family of 'Path of Life' team."

Qiyao immediately said, "Brother Qin, do you want to be in the 'Path of Life' team? It just so happens that Jiang Jiang is here, so there's one less person over there."

Nanjing was very sorry for her mistake just now. She seized the opportunity to say, "Old Li, you should hurry over. You can show your family the way as an experienced player."

"Alright," he said. Zhengqin chuckled as he walked over to the "Path of Life" team.

Mengyao didn't give up and said helplessly, "Sister Yao, can't you just give me a chance to show off? I still want to protect Jiang Xun."

Qiyao knew about Jiang Xun and Mufeng's relationship. As long as she was free, she would go to the fan page to check in. She had long been a member of the Fengjiang shippers.

Therefore, Mengyao's actions really disgusted her.

She wouldn't let Mengyao have the chance to get close to Jiang Xun.

Qiyao rolled her eyes at Mengyao. "Forget it. If you and Jiang Jiang are together, it's hard to say who will protect who. It would be so embarrassing if you peed your pants in fear and still needed Jiang Jiang's protection! For the sake of your image, you should stay away from Jiang Jiang."

1

Mengyao was speechless.

What's wrong with this Qiyao!

Why are you so infuriating when you speak!

They were filming a show. Wasn't she afraid that the audience would scold her for her low EQ?

[Sister Yao is still Sister Yao. She won't give face to anyone.]

Eating Jiang: [Well done, Sister Yao!]

[Ahem, my Sister Yao is just a little more straightforward. She doesn't have any ill intentions. Ahem!]

[Sister Yao is so cute. Who would think that she's not good?]

[Fuck! When did the Qiyao and Jiangfams become so close?]

Chapter 324: I Can See Pampering In Her Expression

The staff put blindfolds on everyone's faces.

Zhengqin walked in front, but because he couldn't see, he could only put his hand on the staff member's shoulder and follow.

The people behind also put their hands on the shoulders of the people in front of them one by one.

Their eyes couldn't see, and all their senses were magnified.

They knew that there would be a cameraman following them, but they didn't know what was up with him. He didn't make any sound.

Not even the sound of footsteps could be heard.

Everyone could only use their own hands to liven up the atmosphere and make it less terrifying.

Qiyao grabbed Jiang Xun's shoulders with both hands and sobbed in fear. "Sob, Jiang Jiang, are you there? Am I holding on to you?"

"Sister Yao is so cute. If you aren't holding on to Jiang Jiang, but something else instead, you would be even more afraid."

"It's better not to ask at a time like this."

"I'm here," Jiang Xun's voice was strong and calm.

Qiyao whimpered and hurriedly pressed herself against Jiang Xun's back. "Jiang Jiang, I'll just stick to you like this. I'll feel safe this way."

Jiang Xun's mouth twitched. "Sure."

Eating Jiang: [Hahahahaha, I'm laughing so hard. Sister Yao is really a coward!]

Spicy JJ: [I can see pampering in Jiang Jiang's expression. What's going on? Jiang Jiang suddenly became like this!]

[A Qinqi ship doesn't seem impossible.]

1

[You're really something!]

[What! I want to see Xunmeng as a couple. Zhang Qiyao, can you not tear the couple apart? Can you walk on your own? Don't ride on Jiang Jiang's popularity.]

[Qiqiao, don't bother with those troublemakers.]

[Those troublemakers aren't Jiangfams.]

[We Fengjiang fans also don't acknowledge it.]

[Qiqiao and the others know that. It's fine, we'll ignore the troublemakers.]

Everyone was brought into a small room.

After a while, a staff member came up to take off the guests' blindfolds.

The staff put on shoe covers and tried to walk silently.

The guests were blindfolded. In order to cheer themselves up and not make the atmosphere awkward, they were all trying their best to joke around and liven up the atmosphere. No one heard the sound of the staff approaching.

Not until a staff member suddenly touched someone's ear.

"Ah!" A male guest suddenly shrieked, "What!"

Because he couldn't see, he was filled with fear.

Even the touch of a staff member was terrifying. It was as if they had been attacked by an NPC acting as a ghost.

[What the hell? Huo Mengyao is so timid and he still wants to protect Jiang Xun?]

[No one else made any sound. He's the only one, and it was so loud. How embarrassing.]

[Our Brother Yao might a coward but he has always been like this. He's not pretending to be brave.]

[He's not pretending? Who was the one who said he would protect Jiang Xun? Zhang Qiyao is right. If Jiang Xun is with him, we don't know who will be the one doing the protecting.]

[If you don't have the ability, then don't force yourself.]

[Xunmeng is a joke. When it comes to Fengjiang, Great CEO Qin never needed Jiang Xun's protection. Instead, he was the one who protected Jiang Xun.]

[Yes, usually, Jiang Xun is Big Boss Xun. But in front of Great CEO Qin, Jiang Xun is Jiang Jiang. It seems that Jiang Xun will only become a young lady for her age in front of Great CEO Qin.]

1

[That's right. Sister Yao is older than Jiang Xun, but she's still being protected by her.]

[Sob sob sob, our Sister Yao... Forget it, she's just a coward. It's all thanks to Jiang Jiang. Thank you, Jiang Jiang.]

[I can only ask Jiang Jiang to take care of our Sister Yao.]

[Great CEO Qin isn't here, so let's just call her Big Boss Xun!]

[I think we'll still have to rely on Big Boss Xun to lead the team today.]

[I can't tell if Jiang Xun's fans or Zhang Qiyao's fans are the ones who praised her. With the veteran players of 'Way Out' here, you guys are too shameless to say that you need a newbie to lead you.]

[She did well in "Accelerated Flight," but "Way Out" is a completely different type. It doesn't rely on brute force but intelligence and courage.]

[Big Boss Xun has never lacked intelligence and courage. I suggest you watch the clip of Jiang Xun unlocking the password in 'Accelerated Flight' again and again. As for courage, you actually doubt my Big Boss Xun's courage after all her operations?]

[You can question Big Boss Xun's possible solitary life, but you must never question her intelligence and courage.]

[I'm dying of laughter. Speaking of Big Boss Xun, she's destined to be alone. It reminds me of the time she did a horse stance in front of Great CEO Qin.]

[Don't mention it! I'm getting flashbacks! What good would it do you to me laugh to death?]

"Who's that?" The guests' eyes were covered. They weren't familiar with Mengyao, so they couldn't tell who he was by his voice.

"It seems to be Brother Yao." Zhang Jian was standing right beside Mengyao, so he immediately knew what was going on.

Zhengqin's blindfold was removed by the staff. He quickly comforted Mengyao. "Don't be afraid, Little Huo. The staff is here to remove our blindfolds."

Mengyao knew it now, so he stopped shouting because he felt embarrassed.

Everyone took off their blindfolds and realized that there were no lights in the room. It was pitch black.

Since they were not familiar with the environment, they could only rely on exploration.

"Let's find the light first." Jiang Xun said.

The production team used video cameras with night vision, so the live audience could see the clear picture, but it was a little green.

"Wait!" Nanjing also grabbed Hanfei's arm in fear. "What if you touch something bad, or an NPC suddenly appears to scare you?"

"Yes, the production team has always liked to cause trouble like this," Hanfei said. "But we can't just stand here and not move."

"Let's split up and search," Zhang Jian suggested. "Let's first explore and see how big this room is. We'll then have a general understanding."

"Then the old players of the show will form a group, and we'll form a group for our 'Path of Life' members. Jiang Xun... will be in the same group as the old players." Zhengqin said.

"Brother Qin, you can advertise 'Path of Life' anytime and anywhere."

"After such a short time, I've already firmly engraved the three words 'Path of Life' in my heart."

Thus, everyone split into two groups and explored in two different directions.

Zhang Jian and Yuxi were a couple in the show, and Zhang Jian took care of Yuxi.

At this time, there was a sudden banging noise.

"Ah!" Other than Jiang Xun, all the other guests, regardless of gender, started to shout.

After a while, the crowd finally quieted down. Jiang Xun quickly identified the direction of the sound and fumbled over.

"It's a door!" Jiang Xun said loudly. She touched the door with her hand and said, "There's a lock on the door. We have to find the key."

The lock was made of metal. Jiang Xun wondered if she could break the lock with her bare hands if she maxed out her strength ability.

However, she could only wonder about it. Even if she could, she wouldn't do it.

She didn't want to be captured like a monster.

It was better to find the key according to the question given by the production team.

Chapter 325: Mufeng Walked In Front Of Jiang Xun

"It's so dark now, how do we find the key?" Youlan complained.

"Then quickly find the switch and turn on the lights. She didn't say that you should search for the key in the dark. She only told you that she needs the key to open the lock." Qiyao would not allow anyone to question Jiang Xun.

Youlan: "..."

Why did this Qiyao attack everyone!

Did she still want to stay in the entertainment industry?!

She had many connections in the film industry. Wasn't Qiyao afraid of offending her and not being able to enter the film industry?

With a 'click,' Zhang Jian found the switch.

The room was suddenly filled with light, and everyone's eyes couldn't adapt to the light, so they subconsciously closed their eyes.

After a while, they slowly broke free.

Looking around, this place seemed to be a storage room, just that it was a little bigger.

The room was filled with piles of shelves.

"There. The key is hanging on the wall." Zhengqin exclaimed in surprise as he pointed at a ring hanging on the wall.

There were many keys on the ring.

Mengyao saw it too. He went to take the keys. "There are so many keys. We can only try them one by one."

Then, Mengyao tried the keys.

Seeing that he was still trying, Jiang Xun didn't care anymore and went to see if there were any other things.

"None of them are right. There's no key that can open it." Mengyao frowned and threw the key aside.

Everyone could only continue searching.

"As expected of the production team. They wouldn't put the clues in such an obvious place," Hanfei said.

"The production team wouldn't be so sadistic as to put the key in ice, would they?" Zhang Jian suddenly said as he recalled the movies he had watched.

"I don't... think so." Obviously, Zhengqin didn't believe in the production team's integrity.

"It's this one." Jiang Xun saw a key tied to the innermost part of a shelf. It was very inconspicuous and covered in a layer of dust.

"How are you so sure this is the one?" Youlan walked over and asked.

"I've touched the keyhole," Jiang Xun said. "The lines match."

Youlan raised her eyebrows. "You can tell? It looks the same from the outside, but you can't touch the lines inside."

"I can't touch what's inside the lock, but I can touch the key," Jiang Xun said calmly. "You'll know when you try it later."

Nanjing heard them and walked over. She saw that the key was tied to the innermost part of the shelf, and because there was something blocking it, it was difficult to reach her hand in.

"Let's move the things and think of a way to untie the key." Nanjing mobilised everyone, and they all moved the things down together.

The key was tied to a pole inside the shelf with a thick cotton thread.

Although the cotton thread was thick, it was only comparatively speaking. After the production team tied a dead knot, it was difficult to untie it with nails alone.

"How do we take this down?" Lan Jiexin frowned and was thinking of a solution.

However, Jiang Xun held the key and struggled hard.

The cotton thread snapped.

Everyone was speechless.

The production team was speechless.

Although it's cotton thread, it won't break so easily, okay?

What kind of strange power did Jiang Xun have?

"Calm down, that's nothing. Jiang Jiang is someone who once crushed a rock with her chest."

Jiang Xun took the key and went to the door. Everyone followed her and surrounded the door.

The key entered the keyhole smoothly.

Jiang Xun twisted it and heard the lock click.

The door was unlocked. Jiang Xun put the things aside and opened the door.

Jiang Xun was puzzled.

Everyone was speechless.

Were they seeing things?

Why did they see Mufeng sitting inside!

This door was not the exit, but another small storage room.

However, there was nothing in this storage room. It was very clean and well-ventilated.

If there was furniture, people would believe that it was a bedroom.

[Who did I just see? Is it Great CEO Qin?]

[Quickly tell me that I'm not seeing things! I can't believe I'm able to see Fengjiang again in my lifetime!]

[Damn, what kind of shocking drug is this! Not long ago, the two of them followed each other's Weibo, and now Great CEO Qin is suddenly on a variety show.]

[If this isn't drugs, then what is?]

[CEO Qin, I'm going to get diabetes if this continues!]

[This is hilarious. This room is too clean. It's completely different from the storage room outside.]

[The production team really has a strong desire to survive. In the past, the surprise guests of this show were either locked in the closet and waiting to be discovered, hung by ropes, or tied to the ventilation duct on the ceiling. No one sat on a chair like Great CEO Qin in a clean and well-ventilated room.]

[The other guests: are we not worthy?]

[Great CEO Qin, what should I say about you? You're a big CEO and you're always participating in variety shows. Aren't you giving the production team a hard time? Look at the production team's desire to live, they're afraid of making you feel wronged.]

[You don't say. Even if Great CEO Qin was just sitting on a chair, he would still look very imposing.]

Mufeng let out a sigh of relief. He stood up and walked out. "You guys have finally opened the door."

Everyone was still in a daze.

Only Jiang Xun recovered from her shock. She muttered in her heart, how did Mufeng have the time to participate in the variety show?

"What are you doing here?" Jiang Xun said in surprise.

[Oh my God, am I seeing things? Why do I feel like Jiang Jiang and Great CEO Qin are close?]

[I think so too! The other guests were all shocked to see Great CEO Qin, but Jiang Xun was just surprised why CEO Qin came.]

[Jiang Xun's tone is too familiar, alright?]

[Seeing Great CEO Qin and Jiang Xun standing together, I suddenly understand why the Fengjiang shippers are so crazy. This is what a couple should look like. Just by standing together, they look like a perfect match, and there's a strong pull between them.]

[In comparison, the Xunmeng ship are really hard to look at.]

Mufeng walked in front of Jiang Xun and looked at her with a smile that was not a smile.

[I'm gone. What's with the look in Great CEO Qin's eyes?]

[Who is he looking at? Jiang Jiang?]

"I'm the owner of this manor." Mufeng said according to the script.

When he said this, Mufeng's thin lips were slightly pursed, as if he had made a huge decision.

[Hahahahaha, it's really hard for Great CEO Qin to say such a Chuunibyouto line and act like the manor owner.]

[Can't the production team give our Great CEO Qin a more high-end character?!]

[And Great CEO Qin was willing to cooperate with the production team.]

Mufeng let out a breath and resigned himself to his fate. He continued, "But now the manor is occupied by my cousin, who is impersonating me. He locked me up in this room in the warehouse."

Mufeng's eyebrows were twitching because of this character setting. What kind of idiot could actually let others snatch his own manor and even lock him up?

"Thank you for saving me," Mufeng said.

The corner of Jiang Xun's eyes twitched. She thought to herself that Mufeng was actually willing to agree to such a Chuunibyouto setting.

Mufeng looked at Jiang Xun in annoyance. If it wasn't for you, would I have to come to this show?

Chapter 326: You Are Not Worthy

Jiang Xun understood what Mufeng meant. She lifted her delicate chin slightly.

She was proud!

Although the man was a dog, he valued her.

Mufeng scoffed. He glanced at her in a bad mood, but there was a hint of helplessness and indulgence in his eyes.

This little girl had the intention of taking advantage of him.

"Senior!"

The sound of an intimate and gentle girl rang out.

Mufeng looked over. It was Youlan, who saw Mufeng and Jiang Xun's interaction and came forward to make her presence known.

Mufeng furrowed his brows and opened his mouth coldly. His cold voice did not contain a trace of warmth. "Who are you?"

[Pfft! I heard Su Youlan call him Senior, so I thought she was close to Great CEO Qin. It turns out that Great CEO Qin doesn't know her at all.]

[Su Youlan is already acting!]

[Great CEO Qin didn't even give Su Youlan any face in the livestream.]

[Of course. Su Youlan is just an actress at most. What is she in the eyes of Great CEO Qin?]

Youlan's fans said angrily, [If Su Youlan's an actress, then which of these guests isn't? Jiang Xun too!]

[You're right. In Qin Mufeng's eyes, everyone here is. This is the truth.]

[But they aren't eager to be slapped in the face.]

[Even if Jiang Xun is an actress, Mufeng is kind to Jiang Xun!]

As an actress, Youlan immediately adjusted her expression and smiled. "Hello, Senior, I'm Su Youlan. I've been studying at Jixia Academy, and you're my schoolmate. That's why I'm calling you Senior."

"I have quite a few schoolmates." Mufeng said, "But no one can casually call me Senior. Please call me CEO Qin."

[Hahahaha, I'm dead, I'm dead! CEO Qin's double standard!]

[It's still that familiar name, CEO Qin!]

[What's with CEO Qin? Is there anyone who can dispel my doubts?]

[It basically means that because Jiang Xun calls him Mr. Qin, he doesn't want others, especially the opposite sex, to call him Mr. Qin.]

[I'm choking again!]

[Su Youlan: "Senior." Qin Mufeng: "You are not worthy."]

[Su Youlan actually graduated from Jixia Academy? I remember that the word 'rich' can't be used to describe the families that can get into Jixia Academy. They must have a very strong foundation. What's Su Youlan's background?]

[If that's the case, then no wonder Su Youlan acted in the movies of the great director since she was young, and even directly took on the leading roles after she grew up. Her resources were so good, and she wasn't as unique as the outside world had analyzed, with no competitors. It's because she has a huge resource cafe behind her!]

Qiyao rolled her eyes. Youlan was doing this on purpose.

How could she not know what the netizens were thinking?

It was just that many people admired the strong now, and even had a kind of blind worship towards the super-rich.

Youlan's words would definitely attract a large number of such fans.

Qiyao couldn't stand Youlan's pretentious attitude and said, "Oh, what a coincidence! In that case, Sister Youlan, you're also my senior!"

Youlan turned to look at Qiyao in confusion.

However, Qiyao flipped her hair and laughed. “Who hasn’t been to Jixia Academy? I’m also an alumnus of your Jixia Academy!”

Youlan was: “???”

Qiyao too?

However, it made sense. Qiyao was about two or three years younger than her, so she had not noticed it before.

[My Sister Yao is really good at hiding her skills!]

[Sister Yao was also a student at Jixia Academy, she’s not in a hurry to get close to Great CEO Qin.]

[I don’t know why, but even though we’re both students of Jixia Academy, I like it when Sister Yao says it with a gloating tone! Forget about Su Youlan’s embarrassment.]

[That’s because their goals are different. Su Youlan was obviously targeting Great CEO Qin. Sister Yao did it to support Su Youlan.]

[No, no. Our Sister Yao is just a one-track minded person. She wouldn’t think of so many twists and turns.]

“But I’ll still call you CEO Qin. I’m too embarrassed to call you Senior.” Qiyao continued.

Mufeng’s eyes were filled with admiration. It was rare for him to be so kind to someone. “Not bad.”

Everyone was speechless.

Don’t be so obvious with your double standards!

Youlan’s face was burning.

“Mr. Qin, do you know how to get out of here?” Zhengqin tried to smooth things over.

Mufeng followed the script and said, “This storage room is the only one left in the entire manor that hasn’t been modified. The rest of the place has been modified. Therefore, I can only lead you out of here. The rest will depend on us to find a way to break through.”

Mufeng led the group to a shelf by the wall. He broke an empty bottle on the shelf and the shelf slid to the right with a rumbling sound.

A door appeared where the shelf had been.

There was a password lock on the door. Mufeng entered the combination and the door opened.

[So, finding Great CEO Qin was the password to this level.]

After the group left, they found that they were in a long corridor.

On the wall opposite the storage room’s door, there were five doors in total.

There was a sign on each door.

From left to right, the four doors in front of them had the words: "At most, two people could pass through this gate."

The door on the far right had the words: "This door can only allow three people to pass."

"I think the last door might be the most difficult one," Zhengqin said while rubbing his chin.

Youlan thought for a moment and suggested, "I think it's better to have a man and a woman go together. Girls are more timid. If there's anything scary behind the door, it's better to have boys to protect them."

"That's not necessarily true. Teacher Huo is even more timid than a girl." Qiyao shook her head.

Mengyao," hehe."

Can she not drag his name out!

"It's indeed better to have a man and a woman. If you need any physical work, there'll be a strong one around." Jiexin agreed.

"But there are 11 people now, and we still have CEO Qin."

Before Youlan could finish, Qiyao said, "Then let Mr. Qin choose. Who does he want to be in a group with?"

No matter what Youlan's goal was, it was ruined by Qiyao.

"I'll be in the same group as Jiang Xun." Mufeng said without hesitation.

Only then did everyone realize that they had just come out in a swarm, and there were many people and it was chaotic.

However, one thing was for sure. When she came out, Jiang Xun was definitely not by Mufeng's side.

But now, they were standing together again.

[I know. I saw it just now. It was Great CEO Qin who went to look for Jiang Xun and took the initiative to stand there.]

[Comrades, I'll take a few as a form of respect!]

[Not only does Great CEO Qin not mind that we're all in love with the ship, but he's also following Jiang Jiang. Now, he's even taking the initiative to pair up with Jiang Jiang!]

"Then I'll be in the same group as Yuxi," Zhang Jian said with a smile.

Nanjing grabbed Zhengqin. "Brother Qin, it's time for you to prove yourself!"

Chapter 327: Mufeng Held Jiang Xun As He Retreated And Stabilized Himself

"Let's see if you want your wife in the movie or your old partner, Brother Qin!" Nanjing grabbed Zhengqin's arm tightly.

Zhengqin let out an “Aiya” and said, “ You’re holding me so tightly, I can’t get over even if I want to! Alright, I’ll still choose my old partner.”

Even if he were to partner up with Youlan, she wouldn’t care anyway.

Why did he have to go and ask for a snub?

Jiexin quickly formed a team with Hanfei.

In the end, only Youlan, Mengyao, and Qiyao were left.

Qiyao pouted and said reluctantly, “Then the three of us should go through the last door?”

“I don’t want to. The last door is definitely the most difficult.” Su Youlan didn’t like Huo Mengyao. “Teacher Huo, you’re such a coward. Which one of us is going to protect the others?”

She didn’t want to be with Qiyao either.

Jiang Xun pulled Qiyao over. “Qiyao, come with us. We’ll use the last door.”

Mufeng saw that Qiyao was very sensible and did not reject her.

“Wuwuwu, Jiang Jiang, you’re the best.” Qiyao hugged Jiang Xun’s arm and rested her head on Jiang Xun’s shoulder.

Mufeng: “ ...”

Can you let go?

Everyone entered the doors as they had discussed.

At this time, the system suddenly appeared. “The escape room in this world likes to add zombie elements and have NPCs act as zombies. Host, if you encounter them, you must be calm. Remember, they are NPCs acting, not real zombies.”

1

“There are zombie elements here?” Jiang Xun asked.

The system replied, “I’m not sure. It’s just that after the system’s calculations, the probability is very high. I suddenly thought of this, so I’ll give you a heads up.”

“Got it,” Jiang Xun replied.

The three of them entered the room together to look for clues.

“I noticed a door at the end of the corridor on the right. The exit should be there,” Mufeng said.

Jiang Xun’s group was looking for it when the lights in the room suddenly flickered, accompanied by the sound of electric currents.

Qiyao screamed and hugged Jiang Xun’s arm.

The corners of Mufeng’s eyes twitched. He pulled Jiang Xun behind him to protect her, indirectly protecting Qiyao as well.

[Is the high energy coming?]

[I'm scared, but I also want to see the way Great CEO Qin protects Jiang Xun. It's so sweet!]

[What a domineering CEO X's dainty little wife!]

Just as the lights flickered rapidly, a grayish-white hand suddenly reached out from under the bed.

Then, an NPC acting as a zombie crawled out from under the bed.

The NPC's performance was very professional. His neck was twisted, his body leaned back, and his legs were in a strange posture as he walked.

Although the system had reminded her just now, the moment Jiang Xun saw the "zombie," she still pulled Mufeng behind her and raised her leg to kick the NPC's head.

1

Jiang Xun felt like she had returned to the apocalypse.

She had forgotten everything that was happening in the room. She felt like she was in that dangerous place again.

She could hear the zombies' growling that was deep in her bones.

There were also people's screams and team members' shouts.

"Die!"

"Run!"

"Captain, I can't hold on much longer!"

"You guys go first, I'll bring up the rear!"

"Bastard! All of you die! You bastards!"

The roars of the zombies and the shouts of the team members in the chaos to cheer themselves up in times of crisis could no longer be made out.

Jiang Xun's gaze suddenly turned fierce. She did not hold back at all in this kick.

The NPC was shocked.

He was only acting as a zombie. They didn't say that there would be any danger!

Jiang Xun's kick was so fast that the NPC was shocked.

Moreover, it was too late to dodge.

Fortunately, Mufeng reacted quickly. He quickly hugged Jiang Xun from behind and pulled her back at the same time.

Jiang Xun's foot was only a few centimeters away from kicking the NPC's face.

The NPC could even feel the wind that Jiang Xun's kick brought.

Even his hair fluttered.

"It's a fake." Mufeng held Jiang Xun as he retreated and stabilized himself. He lowered his head and whispered in Jiang Xun's ear.

He didn't know why Jiang Xun would suddenly act as if she had seen a real zombie.

Mufeng could only guess that Jiang Xun might not have played games like escape rooms before.

She didn't have the chance to play before she turned eighteen.

After coming to the capital, he knew about Jiang Xun's experiences and even knew that Jiang Xun had never played it.

Therefore, this was the first time she had seen an NPC acting as a zombie. She might have taken it seriously.

Mufeng's soft voice that was filled with warmth rang in her ear, and it brought Jiang Xun back from her murderous memory.

Jiang Xun came back to her senses and realized that she was still in the kicking position facing the NPC.

Jiang Xun quickly stopped and said to the NPC, "I'm sorry, it was just a conditioned reflex."

"Too scary!" After the NPC heard Jiang Xun's voice, he finally recovered from the shock and rushed out without even responding to Jiang Xun's apology.

[Although I pity the NPC, I'm sorry. I still want to laugh, hahahahaha!]

[Thank you, Big Boss Xun, for turning a terrifying scene into a funny one on your own.]

[Although it's not a terrifying high energy, it's a funny high energy. I'm going to send a high energy warning when the broadcast is out!]

[Great CEO Qin is hugging Jiang Jiang!]

[As expected, when she's in Great CEO Qin's arms, she's Jiang Jiang, not Big Boss Xun!]

1

[Great CEO Qin killed me! The way he carried Jiang Jiang and retreated was so cool. How could he be so cool?]

[Great CEO Qin is hugging Jiang Jiang too naturally. And Jiang Jiang is very natural in Great CEO Qin's arms. And they're still together after that!]

[Don't let go, hold on tight! Do you have a lock? Lock them down!]

[Great CEO Qin just lowered his head and whispered in Jiang Jiang's ear. Sob sob sob, He could kiss her ear if he got any closer.]

[As expected, Fengjiang being in the same frame is like candy!]

[There's no deliberate industrial sugar essence, but as long as they're in the same frame, they exude sweetness!]

[What are you waiting for?]

[@QinMufeng @JiangXun, get married on the spot. Thank you!]

[I've already moved the Civil Affairs Bureau here. @QinMufeng @JiangXun, you guys can do as you see fit.]

1

[It's really hard to end this without getting married.]

[Qiyao: I shouldn't be in the room. I should be under the bed.]

[Sister Yao's expression when she's being fed dog food is so funny hahahahaha!]

Mufeng finally let go of Jiang Xun. "Are you okay?"

"I'm fine," she said. Jiang Xun shook her head and said guiltily, "I'll go and apologize to that NPC after I'm done filming."

[It's Jiang Jiang. She's the righteous Jiang Jiang.]

[You have to apologize if you do something wrong. Jiang Jiang is setting a good example!]

[So, antis, don't blame Jiang Jiang for making you apologize. She does it herself.]

"Alright," Mufeng said. He chuckled and raised his hand to gently pat the top of Jiang Xun's head.

Chapter 328: What Did He Say To Reject You?

[Help! A headpat!]

1

[Repeat after me. Great CEO Qin treats Jiang Jiang differently!]

[Indeed! Great CEO Qin always stays as far away from the opposite sex as possible, and he didn't even talk to them much. However, he hugged Jiang Jiang, spoke to her in a low voice, and even patted her head! Great CEO Qin likes Jiang Jiang, right?]

[Is there anyone who wants to take a screenshot? Did anyone record the screen? There's still a group of sisters who can't watch the livestream and are waiting to be fed in the fan page!]

[Yes, I'll post it after I'm done watching the livestream. I can't bear to look away from the screen!]

It wasn't until the livestream screen switched to another room that the fans sent the screenshots to the Fengjiang fan page.

Internet Addicted Girl Who Isn't Interested In Studying: [Did Great CEO Qin attend today's livestream?!!!]

Super Sweet JJ: [I'm so regretful. I'm still working overtime in the office. Biting my handkerchief! Ahhhhh my devil boss, making me work even on Saturday!]

Internet Addicted Girl Who Isn't Interested In Studying: [I'm having extra lessons. Wuwuwu, I really want to see it!]

[Can you guys post the complete screen recording? I want to watch the replay.]

But Feng Videos' variety stream had a unique feature, which was that there were no replays.

You can either watch the livestream on the internet or wait for the actual broadcast.

This, to a large extent, guaranteed the livestream's viewership and the actual show's ratings.

If the netizens wanted to see more content outside of the livestream, they could only watch the livestream in addition to the VIP and updated versions.

The livestream was from morning to night, so it had much more content than the VIP and updated versions.

If the livestream had a replay, what if the audience didn't watch the main show after watching the livestream?

There was a lot of content in the main show that was not available in the livestream.

However, there were a lot of sweet things happening in the livestream, and the main show might not be complete in order to pass the review.

Moreover, if everyone could watch the replays, how many people would be willing to watch the livestream?

Eating Jiang: [I can record the clip of Great CEO Qin and Jiang Jiang. The livestream itself is too long. It will be difficult to record everything from morning to night.]

Split Underpants: [And if we record everything, Feng Videos might look for us. It's okay to post clips, but they don't allow us to record all the scenes.]

[That is already very good. Thank you!]

Zhengqin heard the screams of the NPC in the corridor. He turned to Nanjing and asked, "Wasn't there a scream in the corridor?"

"It doesn't sound like any of our guest's voices. It sounds like an NPC's voice." Nanjing's face was blank.

"But why did the NPC shout 'Too scary?'" Zhengqin didn't understand. "Usually, it's the NPCs who scare us."

[Hahahahaha, Brother Qin and Sister Jing are both stunned.]

[It's because of Jiang Jiang!]

[Jiang Jiang, the first person to scare an NPC!]

With a strong desire to live, the NPC ran back to the film crew's position in one go.

After feeling safe, the air in his body dissipated.

The NPC fart as he sat on the ground, his body covered in cold sweat.

His colleagues from the production team looked at the thick zombie makeup on his face, which couldn't cover the sweat on his forehead.

His sweat even dissolved some of his makeup.

They had also seen what had happened in Jiang Xun's room through the screen.

It was just that the shock of seeing it through the screen was not as great as the shock of experiencing it in person.

"Do you have to be so afraid?" When his colleague saw his NPC colleague's reaction, he felt that it was a little exaggerated.

The NPC colleague shook his head. One of his colleagues brought him a glass of water and let him take a few sips.

The NPC recovered a little and shook his head. "You don't know! You're not the one who stood in front of Jiang Xun and almost got your face kicked by her!"

The NPC couldn't care less about the zombie makeup on his face. He wiped his face and almost cried. Jiang Xun's kick just now. If it wasn't for CEO Qin holding her in time and retreating, my head would have exploded.

"Are you exaggerating?" His colleague did not believe him. His head would have exploded from a kick? What kind of comic plot was this?

His NPC colleague must have read too many comics.

"It's true!" The NPC lifted the wig on his forehead. "My wig even left my head for a second!"

[Production team, the NPC is not exaggerating. Jiang Jiang is very strong.]

[Jiang Jiang's subconscious reaction is too fast.]

The NPC got up from the ground, but his legs were still weak. He staggered and found a place to sit down. "You can go if you want. I don't want to scare Jiang Xun anymore."

1

Everyone was speechless.

The room that Jiang Xun and the others were in had the layout of a bedroom.

"I wonder if the other rooms are the same. If so, these rooms might be the servants' bedrooms in the manor." Qiyao opened the drawer to look for clues. "CEO Qin, is this the place?"

"Yes." Mufeng nodded. "This is the place where the original staff of the manor lived."

"Hey, there's a diary here." Qiyao casually flipped through a few pages. "Jiang Jiang, this is your diary."

“Mine?” Jiang Xun walked over.

This escape room program even added a roleplay setting.

“Yeah, the title page says Jiang Jiang, as well as the date.” Qiyao flipped open the title page for Jiang Xun to see. “It should be the date you started writing your diary, so you used to be a staff member here.”

Jiang Xun’s script was indeed set like this, so she admitted, “Yes, I’m a maid here.”

“No wonder you knew which key can open the lock.” Qiyao casually flipped through a few pages of the diary and suddenly froze. She exclaimed in shock, “Wow, you actually have a crush on the manor owner!”

1

Jiang Xun: “...”

Thinking of her own script, Jiang Xun did not feel good.

The production team had really made up a shocking and melodramatic script.

“Yes, I had a crush on him in the beginning.” Jiang Xun followed the script and said, “But the owner of the manor is high and mighty and doesn’t like a little maid like me. After he found out that I had a crush on him, he cruelly rejected me and said a lot of harsh words to me.”

Mufeng: “...”

“What did he say?” Qiyao’s eyes lit up and she asked with a gossipy look, “What did he say to reject you?”

Production team, you’re really something!

To let a real couple put on such a show!

1

However, the production team expressed that they were wronged. They did not know that Jiang Xun and Mufeng were a real couple!

Jiang Xun was stumped by Qiyao’s question.

The script only said that Jiang Xun’s character was rejected by the manor owner played by Mufeng. It did not say how she was rejected.

This was just a general plot development.

The production team looked at the scene and didn’t expect Qiyao to ask this.

Jiang Xun could only rely on herself.

Jiang Xun glanced at Mufeng, and a smile flashed in her eyes. “He told me that he was not interested in undeveloped little girls. He’s the cloud and I’m the mud. He told me not to dream of him.”

Chapter 329: What If Criminals Kidnap You For Ransom?

The first sentence was indeed something Mufeng said himself, although he had slapped himself in the face later on for it.

But for the last sentence, Mufeng had to say that he was wronged.

Mufeng said helplessly, "Why are you still improvising? The first part was true, but I didn't say the second part."

1

"Oh, really? Don't tell me that wasn't what you were thinking?" Jiang Xun raised her head and looked at him. "Although you didn't say it, that's how I heard it."

[Damn, the two of them are acting as if it was real!]

[You're so good at writing the script!]

[They look like a couple!]

[Overbearing CEO frequently brooding over small and delicate wife's past.]

[Look at Sister Yao's expression. She's dumbfounded.]

"And how did you reply to him?" Qiyao followed up.

"Umm," Jiang Xun pretended to think for a moment and said, "I told him that I'm not interested in old men either."

Mufeng looked at Jiang Xun helplessly, and the smile on his lips was extremely pampering.

Unfortunately, the camera was on Qiyao, so the fans could not see it.

However, Qiyao could see Mufeng's expression.

She was completely shocked.

Her intuition told her that this might be the real story of Mufeng and Jiang Xun and not the script.

1

So this was how things started between them?

It was so sweet!

Qiyao instantly thought of a 100000-word short essay about chasing his wife after initially ignoring her.

"Ahem!" Qiyao didn't dare to say much after discovering such a big secret. She quickly forced herself to focus on the show and continue with the program flow to digest the big discovery.

She took a photo of the diary's contents. "Since we've found the clues here, let's go out."

After the three of them left, the other guests from the other rooms also came out.

Everyone exchanged clues. Youlan's gaze shifted between Jiang Xun and Mufeng strangely.

Nanjing saw it and said, "Little Su, did you find any clues?"

"The room we searched just happened to be Brother Yao's room. So he's the gardener of this manor," Youlan said. "We found a phone that Brother Yao had gotten rid of but hadn't sold in his room. There were messages that Brother Yao sent to Jiang Xun. From the content of the messages, Brother Yao has always liked Jiang Xun. He often sent Jiang Xun messages to ask about her well-being, but Jiang Xun always treated him coldly."

[The production team is causing trouble! A love triangle!]

[Doesn't Huo Mengyao like Jiang Xun in real life too?]

[Who knows if it's true? Maybe Huo Mengyao wants to create a ship with Jiang Xun. Jiang Xun's status may not be as high as theirs, but in terms of popularity, few people can beat her.]

[The production team sure knows how to play!]

1

[Great CEO Qin is here. How dare you!]

[I'm impressed by the director's courage.]

"So, is there a clue in the information you found that can help us leave?" Jiang Xun asked coldly.

"I don't know. There are so many clues. We have to take a look and think about it before we know how to crack it." Youlan took out the photos that she had taken. They were all text messages from Mengyao's character to Jiang Xun's character.

She could not find any useful clues from it.

The door at the end of the corridor still needed a password to open.

The lights in the corridor were very bright. Jiang Xun covered the password lock with her left hand, but one hand was not enough to completely block the light.

When Mufeng saw this, he squatted down beside Jiang Xun and raised his right hand to put it together with her left hand. His palm, which was much wider than hers, was pressed against her white and delicate palm. Mufeng's slightly rough fingertips were pressed against Jiang Xun's soft and white fingertips.

[Ahhhhhhhhhhhh! What kind of scene is this? It's overkill!]

[Are the two of them holding hands? After all, their hands are touching!]

[Do CEO Qin and Jiang Xun have such a tacit understanding? He can tell what she wants to do just by looking at the movement of one of her hands.]

[It's hard not to overthink the interaction between the two.]

Jiang Xun held her phone in her right hand and clicked on an app.

The screen of her mobile phone could not be seen from the livestream, and she could only be seen tapping on the screen a few times.

The phone's rear LED shone with blue light and reflected on the password lock.

The fingerprints on the password lock immediately became clear and visible.

The faint blue light illuminated the fingerprints on six of the number keys on the password lock.

"Waa!" Jiexin said in surprise, "I didn't know this was possible! How did you manage to get that blue light? It looks like the light used to check money."

"Just install this app." Jiang Xun showed her phone screen to Jiexin.

"But we don't usually use this kind of light, right?" Nanjing asked in confusion. "Why would you install this app for no reason?"

Jiang Xun explained seriously, "This is a variety show, and there are difficult challenges deliberately set by the production team. However, it is hard to guarantee that such an accident would not happen in real life. You have been locked in a confined space and need to leave. Moreover, everyone here is a celebrity, so there's no privacy for you to speak of. It is common for one's home address to be found by paparazzi. Even their mobile phone number and identity card number could be easily leaked. What if the criminals get their hands on this information and kidnap you for ransom?"

1

"It's not the same as before. In the past, if you were locked up, the door lock was the most primitive. There was still a chance to pry it open. But now that fingerprint locks are so widely used, the kidnapers also know that they have to keep up with the times and change to a fingerprint lock, so this light will be useful."

Everyone was speechless.

You're too crisis-conscious.

Thank you for saying that they were easy to kidnap.

[It's starting, Jiang Jiang's crisis response class. Quickly take out a small notebook and write it down.]

[Jiang Jiang, you're always so vigilant in times of peace.]

[I really didn't expect there to be an app that can emit blue light. Why didn't Jiang Jiang share such a good thing? What's the app called? Quickly tell us!]

[Jiang Jiang, what other good things do you have that we don't know about? Quickly say it all in one breath!]

Junjie's face darkened and he quickly said to the NPC, "Hurry up and scare them, make them leave! If we let Jiang Xun continue, our livestream will be stopped!"

What kidnapper? What kidnapping of a celebrity?

This topic was too dangerous!

There were no NPCs to scare people in the corridor.

The scary NPCs were in the next level.

Therefore, Junjie could only ask the NPCs left on the film crew's side to hurry over.

Everyone turned to look at the NPC who had just run out.

The NPC shook his head desperately. "I'm not going. I won't go even if you kill me! Whoever wants to go, go! I've just been seriously traumatized. I suspect that I have Jiang Xun PTSD now."

1

In any case, he wasn't going!

Everyone in the program group was speechless.

You're really good at making up stories!

You could even invent "Jiang Xun PTSD."

There was no one else other than this NPC.

Junjie had no choice but to point to another staff member and say, "You, go."

The staff member was dumbfounded. It was too late to put on makeup now.

Chapter 330: I'll Stay Up Late Tonight To Change The Script

"I don't have time to put on zombie makeup. I'll just put on a wig to cover my face." Junjie asked, "What about the props team? Find him a wig and a red dress, a longer one. Don't expose his thick legs, or he'll be exposed."

"Also, you need to paint your face a little whiter. When the lights in the corridor are off, you can quickly get into position. Then, the lights will flash, making it look like there's something bad coming. When the light hits your body, they'll be scared to death." Junjie urged him anxiously, "Don't dawdle, hurry up! Hurry up and interrupt Jiang Xun!"

They were livestreaming the guests inside, so he couldn't interrupt.

Moreover, the guests were all gathered together at this time, so there was no way to interrupt Jiang Xun by switching to a different camera.

Jiang Xun's voice could be heard no matter whose livestream screen was switched to.

It simply couldn't be worse!

I'll stay up late tonight to change the script!

Get the guests to film separately tomorrow!

In case he encountered a similar situation again, he could also switch the livestream screen to someone else in time and interrupt Jiang Xun's dangerous speech.

But now, they could only mobilize the NPCs.

After Junjie gave his instructions, he stared at the screen again.

“In the event of an apocalyptic crisis, whether it’s a zombie siege or a biochemical attack, it’s safest to hide indoors. It would be best if there’s a basement. But what if you happened to be outside and don’t have time to go home? If there are not many living people left in the city, and the houses are already empty... You have to be indoors to avoid attacks, and entering an empty house at this time is not considered trespassing. Because most of the owners of the houses have already lost their lives.”

“And many people use a password lock. At this time, you can use the light to reveal their fingerprints. It’ll be very convenient. Jiang Xun shone the light on the lock again. It’s worse for six-digit passwords. Without the number 0, there are 720 combinations in total. With the number 0, there are 600 combinations in total. If it was a four-digit password, without the number 0, there would be 24 combinations. Including the number 0, there are 18 combinations.”

“Of course, there are a lot of combinations for six-digit passwords, but the password lock only has three trial and error chances, so it won’t give you the chance to try as many as six or seven hundred numbers.” Jiang Xun said, “That’s only if there’s this light. If there’s no light, don’t try anymore. Unless you’re extremely lucky, it’s very difficult to get in.”

“Don’t even think about breaking in and stealing.” Jiang Xun looked at the camera and said seriously, “Most password locks have surveillance functions. The moment you stand in front of the password lock, your face will already appear on the camera. If there is no one at home, even if you are lucky enough to steal, you will still be caught by the police. If there is someone in the house, and the reminder sounds every time you enter the wrong password, before you get the correct password, the homeowner will have enough time to call the police. When the police arrive, you’ll still typing in the password, and they’ll catch you red-handed!”

[Phew! Fortunately, Jiang Jiang explained it to me. Otherwise, I’m really worried that thieves would be inspired by this episode!]

[Thieves have been inspired by this episode. They won’t dare to steal from people with a password lock, and we should change our password locks to one with a surveillance camera.]

[I told you, Jiang Jiang is such a righteous person, she would never cheat us. She’s warning the thieves to stop trying to break in.]

[And tell us how to protect our family’s property.]

[I’m watching the livestream on my tablet while searching for a password lock from an online store on my phone. Does anyone have any recommendations?]

[I want to see what kind of password lock Jiang Xun’s house is using. Do any of the Jiangfams know about this?]

1

[I’m not sure. When Jiang Jiang livestreamed, the video didn’t capture her using a password lock.]

[Next time, we'll ask when Jiang Jiang streams. Jiang Jiang is very easy to talk to. As long as it's not too much and as long as the fans ask for it, she will satisfy them.]

[Jiangfams, when does Jiang Xun livestream?]

[There used to be a fixed time, but now that Jiang Jiang has a lot of work, there's no way to guarantee a fixed livestream schedule. Whenever she is free, she would livestream and post on her Weibo and Shanpin chat personal pages. If you want to watch, you can follow Jiang Jiang.]

[Alright, I'll pay attention to it now. It's good that Jiang Xun talks about small tricks to survive in crisis from time to time.]

[I've been paying attention to it too. We usually lack such knowledge, so we'll be dumbfounded if something really happens.]

[I'm paying attention, but she suddenly talked about how zombies work in the apocalypse as if it's real, and I got goosebumps just listening to her.]

[Hahahaha, don't mind the details. You'll get used to Jiang Jiang's livestream after watching it for a long time. She often talks about zombies. Although we won't be besieged by zombies, what Jiang Jiang said will be useful in other unexpected disasters.]

[When Jiang Jiang was filming "Path of Life," the crew was caught in a huge sandstorm, and everyone was trapped in the hotel. The three meals provided by the hotel were limited in supply and did not provide a wide range of dishes. Fortunately, Jiang Jiang had brought a lot of compressed biscuits and canned food. She has a big appetite and did not go hungry because of the food she brought. Although the sandstorm had subsided, there was still some sand in the air. Fortunately, Jiang Jiang had worn a mask and also distributed it to her colleagues. This was Jiang Jiang's crisis awareness, which is always online. Everyone can start learning!]

[Wow! It's really useful. I'm going to learn it too.]

[Favorability +50531]

Jiang Xun was confused.

Why did she suddenly have so many favorability points?

This surprise came without warning!

The system said, "It's because many netizens have learned your little tricks to deal with crises. Many people have followed your Weibo and Shanpin homepage so that they can watch your livestream and listen to more of your little tricks to deal with crises. They've also developed a good impression of you because of that. So far, the number of online viewers of the show have reached 1257580. Other than the fans of the show itself, they're mostly fans of the other guests. Host, it's quite good that you've obtained so many favorability points."

The number of people watching the livestream didn't seem to be a lot, and it wasn't even as many as in Jiang Xun's livestreams.

However, the variety show was broadcasted all day long, from morning to night.

This was truly a very torturous matter.

Many people couldn't even last that long.

Some of the audience members came in to watch a portion of it, but left because they had something else to do.

Some of the audience members hadn't come in yet and could only come in to watch when they had time.

The number of people watching the livestream did not overlap. It would fluctuate in real time with the number of people who entered the livestream room.

Junjie looked at the screen, speechless.
