

Y Master Qin 331

Chapter 331: Screwed Up Again

Wasn't Jiang Xun talking about how to escape after being kidnapped?

Why did she suddenly mention an apocalypse and a zombie siege?

After a few words, she began to teach people how to break the password lock.

This gave him quite a scare.

What if it led to a break-in?

This was just an ordinary variety show for public entertainment. Was it okay for him to suddenly jump on the edge of breaking the law?

If it really inspired thieves and increased the crime rate of burglary, his show might be suspended!

Junjie broke out in a cold sweat. He even wanted to close his eyes and end the livestream.

Who knew what Jiang Xun would say next?

Just as Junjie was struggling in his heart, Jiang Xun suddenly warned the thieves, telling them not to think about entering houses with a password lock.

Junjie finally heaved a sigh of relief.

In just three minutes, his heart went up and down with Jiang Xun's words. The experience was more thrilling than a roller coaster.

Junjie felt that he had experienced enough this time. His heart could not bear the ups and downs of a second roller coaster ride.

He turned around and urged the NPC who was wearing a red dress, "Hurry up! Hurry up! It's been three minutes and you're still not done?"

If they didn't handle it well, Jiang Xun might just ruin their show!

"Alright, alright." The colleague hurriedly said.

The NPC lifted his skirt and ran down the corridor.

"Get ready to turn off the lights!" Junjie shouted into the walkie-talkie.

Everyone was wearing their ear-mics, and their ears buzzed from Junjie's roar.

The director had been greatly provoked!

The NPC rushed to the entrance of the corridor and made an OK gesture to the camera.

"Switch off the lights!" Junjie gave the order.

The lights in the corridor suddenly went out.

Other than Jiang Xun and Mufeng, everyone else present screamed. The screams rose and fell.

Jiang Xun's head was buzzing.

The NPC took advantage of the fact that they were all screaming and could not hear the sound of footsteps to walk to the middle of the corridor.

"The lights are flashing!" Junjie said, "Scare them to death! Especially Jiang Xun!"

She was arrogant and wanted to kick an NPC, and she talked about zombies surrounding the city.

He had to scare Jiang Xun!

1

Otherwise, he would be sorry for the shock he had just received.

Junjie was even willing to call it the shadow of his life.

In the corridor.

The guests kept screaming in the dark.

Jiang Xun sighed. Just as she was about to go to the front to protect them, the lights in the corridor started to flash.

It was the same as when they were in the three-person room.

The flashing lights were accompanied by the sound of electric current.

A figure in red with long hair and a pale face was faintly visible in the flickering light.

Every time the light hit the figure in red, it made his face look even paler. His facial features seemed to become distorted and terrifying in the shadows.

In order to avoid being seen as a man, the NPC even deliberately lowered his head at a 45-degree angle and rolled his eyes.

He was getting closer and closer to the guests.

"Ah!" Mengyao shrieked, grabbed the person beside him, and pushed them forward.

In the darkness and fear, he had no idea who he had pushed out.

"Ah-!" Youlan was so scared that she burst into tears. She closed her eyes and screamed, "Huo Mengyao, fuck you!"

1

Mengyao was a coward. How dare he put her in front of him!

Production team: "..."

Online audience: "..."

Even the bullet screen in the livestream room was empty for a few seconds.

What did they just see?

What did they hear?

[To be honest, I've been a fan of this show since the first season, but I've never seen such a scene in the three seasons. It shocked my entire family!]

The corridor was dark and the lights were flickering.

However, the camera had night vision.

Even though it was pitch black, the audience could still see it clearly.

Therefore, they had clearly seen how Mengyao had grabbed Youlan and pushed her in front of him.

1

[My God, I haven't seen many people, but this is the first time I've seen such a man. It's fine if you're timid, but you still pushed a woman out. You really have no balls.]

[I've seen it in dramas on Shanpin twice, both of which were captured by the surveillance camera of the escape room. Frightened by the NPC, the man pushed the woman out to stall for time while he fled for his life. He just didn't know if she was his girlfriend. But no matter what, he was very irresponsible. However, I really didn't expect to see a male artiste doing this in a variety show or livestream.]

[Under normal circumstances, in front of the camera, artistes, as public figures, will care about their image and will not easily expose their shortcomings. However, the shock came too suddenly. Under extreme fear, Huo Mengyao probably didn't even think about maintaining his image.]

[It's Mengyao's natural reaction, but that's what makes me speechless.]

[Luckily, Jiang Jiang doesn't like him. This kind of man, tsk tsk.]

[Even if he's a celebrity, I can't have a man like him.]

[Apart from Huo Mengyao, Su Youlan also shocked me.]

[lol, this is the first time I've heard a female celebrity swear.]

[Her vulgarities were so fluent. She must curse at people a lot.]

[Su Youlan's image has always been pure and innocent, but now it's been overturned.]

1

[Yes, her roles are mainly pure, like a campus goddess, a pure college student, fragile victim, pure little white flower, and so on. Actually, it's a little narrow, but after this, it'll probably be widened lol.]

[That's huge damage! Su Youlan might not be willing to expand her acting career.]

Zhengqin was also afraid. He yelled and urged Jiang Xun, "Jiang Xun, did you get the password? Hurry up and open the door!"

"No!" Nanjing screamed, "Don't tell me you're going to try six or seven hundred times!"

"Mommy!" Qiyao cried as she squatted down and hugged herself. She looked weak, pitiful, and helpless.

Hanfei scolded the production team. "Production team, you're not human!"

Jiang Xun had already figured out the password.

There were six numbers with fingerprints on the keys, which coincided with the date on the title page of her diary.

Therefore, Jiang Xun removed the first two numbers of the year and only took the last two numbers, plus the month and the date.

In the chaos, the password lock opened with a beep.

Jiang Xun opened the door. "The door is open!" She shouted. "You guys should go out!"

Mengyao couldn't care less.

Originally, he was standing at a position closer to the outside, but he pushed everyone away and was the first to rush out.

The others weren't as scared after being pushed by Mengyao. Their emotions were replaced by anger and contempt.

Zhengqin and Hanfei were not in a hurry to leave and stayed behind with a tacit understanding.

"The ladies go first," Zhengqin said.

"Sister Jing, Jiexin, Youlan, Sister Yao, Jiang Xun, you guys go first. We'll cover the rear." Hanfei called their out names one by one.

Chapter 332: No Need For Such A Big Display

At this time, Nanjing and the others did not hold back and rushed out first.

"I'll be last. You guys go first." Jiang Xun said calmly.

Zhengqin and the other male guests who stayed at the end heard Jiang Xun's calm voice that had no fear at all.

In addition, they knew that the NPCs were fake, but they still couldn't help but be afraid.

It was like watching a horror movie. Even though you knew that it was all fake, you still couldn't help but be afraid.

The NPCs naturally would not hurt the guests. Since Jiang Xun was not afraid, they would not be modest.

"Alright, we'll be leaving then." Zhengqin said as he passed the stage with the other male guests.

[Great CEO Qin hasn't left yet. He's still with Jiang Jiang!]

[I'm so touched that Great CEO Qin is staying with Jiang Jiang!]

[That's how a man should be responsible. Huo Mengyao is nothing. I'm dying of laughter.]

[From now on, who can still ship Xunmeng? "I've been searching for you, and I've finally found you," what a joke. What sin did she commit in her past life to make her so unlucky in this life to be found by such a scumbag?]

[Look at Huo Mengyao, he's only filming a show. He knows that it's an NPC and that it's fake, but he's still so scared. If you really encounter danger, he promises to push you out and run on his own. He's a scumbag without a doubt.]

[Great CEO Qin looks so reliable and gives me a sense of security. When he had encountered the NPC in the room earlier, his first reaction had been to protect Jiang Xun. Now, he is staying by Jiang Xun's side. Even though you're not afraid, I'm still going to stay by your side.]

Jiang Xun had been tolerating Mengyao's actions so that the broadcast of "Path of Life" wouldn't be affected.

She didn't expect Mengyao to screw himself over first on the variety show.

She hadn't even done anything yet!

Who would've thought that she had been holding it in for the sake of the drama, while Mengyao himself was so disappointing?

When the other guests had already gone through the door, Mufeng protected Jiang Xun and placed his palm on Jiang Xun's back. "Let's go."

Just as the two of them were about to leave, the NPC arrived.

The lights in the corridor were now flickering less frequently.

Most of the time, it was dark, but it would suddenly flash.

The effect of the flickering light, which was short and sparse, hitting the NPC without anyone knowing, was even scarier than the constant flashing of lights.

In the dark, the NPC couldn't be seen and they didn't know where he had gone.

They didn't know when the next time they would suddenly see an NPC's terrifying face would be.

It was unknown if the next time the lights suddenly flickered, the NPC would suddenly appear behind you, in front of you, or even next to your shoulders, face to face with you.

The unknown was the most terrifying thing in the darkness.

Jiang Xun and Mufeng were currently in such a situation.

In the dark, before the two of them left, the lights in the corridor suddenly flickered.

The NPC's face suddenly appeared in front of him.

He made eye contact with Jiang Xun.

The two of them were very close to each other, about one step away from each other.

There were no screams from the other guests in the corridor, so Jiang Xun had already heard his footsteps.

However, Jiang Xun had learned her lesson from almost hurting the NPC in the room and restrained herself from doing anything.

Furthermore, this NPC was dressed as a red ghostly woman.

As long as he did not disguise himself as a zombie, he would not trigger Jiang Xun's muscle memory.

However, Jiang Xun's eyes still turned cold subconsciously.

The atmosphere at the moment made her eyes subconsciously fill with murderous intent.

When the lights flickered, the murderous intent in Jiang Xun's eyes was revealed without reservation.

The NPC was now only one step away from Jiang Xun. He saw the bright killing intent in her eyes, which was as sharp as a flying knife.

The NPC suddenly stopped, and his feet seemed to be nailed to the ground. His knees went soft, and his calves trembled. Even his calves showed signs of cramping.

He wanted to run, but he found that he had no strength at all.

What kind of look was that?

It was too scary!

"Ah!" The NPC screamed in front of Jiang Xun. "I'm sorry, Big Sister Xun!"

1

The NPC's legs gave way, and he knelt on the ground with a "plop." He put his hands together and raised them above his head. "You guys should leave quickly. I was wrong!"

[Merit points +10]

Jiang Xun: "..."

She didn't do anything to him.

"There's no need for such a big display." The corners of Jiang Xun's mouth twitched, and her expression was numb.

[Hahahahahaha! Although the NPC is pitiful, I can't help it! I'm sorry!]

[I didn't see what happened to Jiang Xun. Jiang Xun was just standing there. Why did the NPC kneel down?]

[This reminds me of the drama “Hell on Earth.” The teacher who played Jiang Xun’s mother and teacher Yuan Liren both said that Jiang Xun’s eye expression was very good. She even scared teacher Yuan to tears during the filming. Jiang Xun wasn’t just showing off her acting skills, was she?]

[I think you’ve found out the truth. I can’t think of any other reason other than this.]

[But NPC, how old are you? Our Jiang Jiang is only 19 years old. Even after the new year, she would only be 20 years old. Is it appropriate for you to call her Big Sister?]

[Honorific, this is an honorific!]

[Yes, most of us are older than Jiang Jiang. But every time Jiang Jiang makes a big move, we have to kneel down and call her “Big Boss.”]

[I’m dying of laughter. Jiangfams, why are you guys so interesting!]

When Junjie saw the NPC’s reaction, he immediately covered his face in disappointment.

These NPCs were not professional NPCs. They were all staff members of their program group who were temporarily acting as NPCs.

They had accumulated a lot of experience in scaring people in previous episodes.

Who knew that all of them would be so useless in front of Jiang Xun today!

Junjie’s desire to win was aroused.

1

He stood up from the small stool in front of the screen and roared into the walkie-talkie, “Why did you kneel down? Quickly stand up! Go after them!”

The NPC in red was silent.

Was he the one who didn’t want to stand?

He was the one who couldn’t stand up!

If he could stand up, he would have run back.

Now that he thought about it, the zombie NPC was indeed quite impressive. He actually had the strength to run back.

The mood of the zombie NPC on the film crew’s side finally improved.

He had just told them, but no one believed him.

Finally, someone knew how scary Jiang Xun was!

Fortunately, he was firm in his stance and refused to go.

Otherwise, he would be the one kneeling and apologizing.

“Please go ahead.” The NPC in red knelt on the ground and made a gesture of invitation. “I won’t chase you anymore.”

Everyone in the program group: "..."

Online audience: "..."

[To be honest, as an old fan of "Way Out," I've never seen such a situation before.]

[The NPC is scared.]

[And the NPC is a man.]

"Ahem!" Mufeng awkwardly cleared his throat and said to Jiang Xun, "Let's go first."

Otherwise, the NPC might not even be able to get up.

Chapter 333: What's Going On Between Mufeng And Jiang Xun?

Mufeng and Jiang Xun came out of the door and walked along a short corridor.

The corridor was bright, and there were no doors on either side.

It was impossible for an NPC to hide.

Therefore, the guests were temporarily waiting for Jiang Xun and Mufeng in the corridor.

Seeing the two of them come out, everyone came up to them.

"It's a good thing Jiang Xun is here," Nanjing said gratefully.

Although they didn't say anything, it was obvious that they didn't interact with Mengyao as much as before. The lively atmosphere was a little awkward.

Youlan also stayed far away from Mengyao. Otherwise, she would be dragged away by Mengyao to be a shield the next time something happened.

Hearing everyone thanking Jiang Xun, Youlan said softly, "If only Jiang Xun could have unlocked the password earlier, we wouldn't have been scared by the NPC."

1

As soon as she said this, everyone felt embarrassed and didn't respond.

[What does Su Youlan mean? They had only managed to get out because of Jiang Xun, but now they are blaming her? The snideness almost rushed out of the screen. If it wasn't for Jiang Xun, she would still be in front of Huo Mengyao.]

[The other guests aren't saying anything. Doesn't Su Youlan take a hint?]

[Su Youlan's already 25 years old, yet she's still making things difficult for the 19-year-old. Isn't she embarrassed?]

[Youlan didn't mean anything else. Jiangfams, don't overthink it.]

[To be reasonable, I think Su Youlan's right. Jiang Xun had obviously found the password long ago, but she didn't open the password lock and rush out. In order to show off, she had been talking about her little tricks in times of crisis, wasting the time she had to unlock the door. If they had gone out earlier, they wouldn't have been scared by the NPCs.]

[No way, how can you blame Jiang Xun? Wasn't a variety show supposed to have the effect of the show and not have an awkward silence? How do you know that the NPC wasn't already waiting there? If they had opened the door earlier, the NPC would have come out earlier. The later they open the door, the later the NPC will come out!]

[Su Youlan is just being a bitch, don't care about her.]

[Some of the bullet comments are too malicious towards women! You would call whoever you see a bitch. You're both girls, yet you're still so disgusted by women. It's disgusting.]

"Everyone's here, let's go," Zhengqin said hurriedly.

When Qiyao saw Jiang Xun, it was as if she had seen her backbone. "Jiang Jiang, if you didn't come out, we wouldn't dare to go up. What if there's something scary about the stairs?"

Jiang Xun: "..."

Everyone: "..."

Even though it's the truth, if you say it out loud, it'll make us male guests lose a lot of face!

"Hahahahaha, Sister Yao is always so straightforward."

Therefore, Jiang Xun walked to the front with tacit understanding.

When she was about to go up the stairs, she was stopped by Mufeng.

"You walk behind me." As Mufeng spoke, he had already walked in front of Jiang Xun.

His broad back blocked Jiang Xun's view, giving her a sense of security.

[Continue to trample on Huo Mengyao. Coward, you still want to pull Jiang Xun into a ship. Xunmeng should be over soon!]

[Great CEO Qin pampers her too much. Jiang Jiang has both strength and courage. She could scare the NPCs so much that one ran away and the other knelt down, directly developing into a bug in the show. Great CEO Qin even pampered her like a weak little girl who couldn't even tie up a chicken, so sweet!]

Although Jiang Xun was not afraid, she was happy to be taken care of by Mufeng. She smiled behind him.

The guests behind Jiang Xun all turned to look at Mengyao.

Everyone was also watching the show on the internet and knew about the coupling.

Mengyao was speechless.

Mengyao's face darkened. His eyes fell on Mufeng's back, who was walking in front of them on the stairs.

What was exactly going on between Mufeng and Jiang Xun?

After recording the program, he had to get someone to ask around.

Fortunately, the stairs were scary but not dangerous. After going up the stairs, they arrived at the large living room of the manor.

Jiang Xun and the other new players had gained some experience downstairs just now. At this time, they also started to search the living room with familiarity.

"There's a letter on the table." Jiexin picked up a white envelope from the coffee table.

Everyone heard this and gathered around.

Jiexin opened the envelope and took out the letter.

The camera zoomed in on the words on the letter.

The letter was handwritten with a black pen.

"Welcome to my manor. I've prepared guest rooms for you all. Have a good rest tonight. There will be more interesting things waiting for you tomorrow."

"Before that, you can move to the restaurant and enjoy a delicious dinner."

After Jiexin finished her sentence, she looked at the crowd in confusion. "We're actually going to stay here tonight."

They had thought that they would go back to the hotel and come back to continue filming the next day.

The others had not expected this either.

The script given by the production team did not include this.

Junjie sneered at the screen.

1

This was Plan B.

According to plan A, there was no need for them to stay in the manor.

However, Jiang Xun had incited his desire to win, and he decided to change to Plan B!

When they did a show, they always prepared for both eventualities and made adjustments according to the filming situation.

Junjie was sneering when he realized that the NPC in red had not returned. At this time, the camera was already playing the scene in the restaurant with the guests.

Junjie picked up the walkie-talkie again. "Where are you? Why aren't you back yet?"

The NPC in red was still sitting there, paralyzed. "I don't have any more strength. Get two colleagues to help me back!"

Junjie was speechless.

Look at you!

In the end, Junjie could only send two people to help the NPC in red back.

The zombie NPC was in a good mood when he saw the NPC in red being carried back by two of his colleagues. "Didn't I say that Jiang Xun was terrifying? You guys laughed at me when I didn't go!"

"I've underestimated the enemy," The NPC in red gave in and sat beside the zombie NPC, becoming brothers in the same boat.

"But brother, I was almost kicked in the head by her before, so it's understandable that I'm afraid. But Jiang Xun didn't fight with you, so she was obviously very restrained. Why did you kneel in fear?" The zombie NPC was gloating, but he was also curious.

1

The NPC in red thought, "Why are you so eager to expose me?"

However, the NPC in red panted and said to the zombie NPC, "You might not have seen Jiang Xun's gaze on the camera. It was so scary!"

"I only had one feeling at that time, I was going to die!" The hair on the back of the NPC in red's neck stood on end as he recalled this. "Now I really know what it means to kill with a look. It's not an exaggeration!"

Although the zombie NPC had been hurt by Jiang Xun before, he still didn't believe it. "Is it that exaggerated?"

The NPC in red glanced at Junjie, who was staring at the screen, and whispered to the zombie NPC, "I can see that the director doesn't seem to be willing to give up. He must be trying hard to scare Jiang Xun tomorrow. If you don't believe me, why don't you go and experience it for yourself tomorrow?"

Chapter 334: Do I Look Like An Idiot To You?

Zombie NPC: "..."

The NPC in red continued to advise him with ill intentions, "Jiang Xun almost kicked you earlier. She must have never played escape room before, so she has no experience. Didn't you see that she was very restrained with me? She only glared at me and didn't even attack. So, she definitely won't do anything to you tomorrow. You can go without worry!"

"Do I look like an idiot to you?" the zombie NPC asked.

The NPC in red: "..."

"You were so scared that you knelt. I definitely won't go," the zombie NPC replied.

The zombie NPC patted the shoulder of the NPC in red. "Brother, I believe what you said."

The NPC in red: "..."

At this moment, the guests had already moved to the restaurant.

Dinner was prepared by the production team.

In order to maintain their figures, the female guests didn't eat at night. However, after a long day of filming, since they only had late breakfast and didn't have lunch, they were a little hungry now, so they ate a little.

In order to maintain their figures, Mengyao and Zhang Jian didn't eat much more than the female guests.

Especially now that it was almost eight o'clock in the evening, it was easy to gain weight even if they ate less.

The guests were very self-disciplined and would usually not eat dinner.

They also insisted on the principle of not eating anything after 17:00.

If it wasn't for the fact that they hadn't had lunch and were too hungry, they wouldn't have touched the food.

Only Zhengqin, Hanfei, Jiang Xun, and Mufeng ate and drank as usual.

Jiang Xun ate a lot.

Mufeng had his fill and did not eat anymore.

Zhengqin and Hanfei's combat power was average, and they had not touched more than half of the dinner on the table.

Only Jiang Xun kept eating.

Other than Mufeng and Qiyao, the others were all dumbfounded.

Jiang Xun had never had a meal with the other actors in "Path of Life."

After filming, they would return to the RV and eat by themselves.

She didn't mind people knowing that she ate a lot, but it was really annoying to explain every time.

Youlan scoffed inwardly, "Jiang Xun is eating so much that she would have to go to the bathroom to vomit later."

A female celebrity setting herself up as a big eater would screw up sooner or later!

However, she admired Jiang Xun. She would do anything to get more attention.

However, the others had a particularly good impression of Jiang Xun because they had been completely led by her today. They didn't say anything embarrassing and even talked about other topics. They didn't remind the camera that Jiang Xun ate a lot, as if Jiang Xun's appetite was normal.

However, Youlan insisted on bringing it up. “Jiang Xun, I’m so envious of you for eating so much. In order to maintain my figure in front of the camera, I don’t even dare to eat much. I even have to work out.”

“I exercise much more than you,” Jiang Xun said calmly. “If you can run a hundred kilometers casually, you can eat like me.”

“Of course, you can’t. So, you can only be envious,” Jiang Xun said without any hesitation.

1

Youlan: “...”

[Hahahahaha, Big Boss Xun is really tough!]

[Big Boss Xun: You can’t, so you can only be envious.]

[Big Boss Xun: To put it bluntly, it’s a matter of ability.]

[That’s why Su Youlan has to repeatedly find trouble with Jiang Xun. It’s one thing if you can really make Jiang Xun uncomfortable, but you always end up getting killed by Jiang Xun. It’s too funny.]

[It’s a grudge between characters. She was a movie star who had descended to the mortal world to act in a TV series. Anyone who’s watching it would think that Lin Xuyan’s role was already in Su Youlan’s pocket. Who knew that Jiang Xun, who had only played two supporting roles, would suddenly appear and get Lin Xuyan’s role? After watching her “Hell on Earth,” no one doubts Jiang Xun’s acting skills. Moreover, both of them had participated in the audition for “Path of Life.” It meant that the director thought that Jiang Xun’s acting was better than Su Youlan’s. A movie star who had always been praised for her good acting skills had come to the mortal world to film a drama, but in the end, she lost to an influencer. How could he not be angry? She might even be a villain at home.]

Seeing that Youlan still wanted to say something, Hanfei quickly cut in before she could. “The production team made us stay here tonight. Will they do something to scare us again?”

When Hanfei said that, Jiexin trembled in fear. “You don’t say. I think it’s really possible. Otherwise, why would they have us stay here?”

“How should we allocate the rooms tonight?” Qiyao was not sure. “Will it be one person a room or two people in a room?”

“If there are two people in a room, I want to be with Jiang Jiang!” Qiyao immediately said. “No one can fight with me!”

[Sister Yao: Only Jiang Jiang can give me a sense of security!]

[Jiang Jiang: This damn sense of security!]

At this moment, a staff member of the production team bent over to avoid the camera and handed over a card.

The logo of the show “Find A Way Out” was printed on the card.

Zhengqin took the card, opened it, and read the words on it. "All guests will be staying in the manor tonight. The livestream will be extended to 22:00. Before that, please do not turn off or block the cameras unless it involves private matters."

Zhengqin blinked and turned to ask the production team, "Are you guys really planning to scare us with a surprise attack at night?"

The production team shook their heads in unison. They didn't plan to do that. They really didn't!

However, they did have other plans for the night, but they couldn't say it now.

"The production team won't admit it, but I think there's definitely a conspiracy." Nanjing shook her head. "The production team's tricks are too deep. Everyone, be on your guard tonight and stay alert at all times!"

Junjie said helplessly, "I really am not. I promise we won't scare you."

He didn't know if everyone believed him or not.

After dinner, they returned to the rooms assigned to them by the production team.

The room was on the second floor, and there was a small living room on the second floor after going up the spiral staircase.

In the middle of the living room was a sofa with a concave shape, and in the middle of the sofa was a small coffee table.

There were many wrapped gift boxes on one side of the sofa, and the other side was stacked with suitcases.

The guest rooms were arranged on both sides of the small living room on the second floor.

The filming location for the production team was a manor hotel, so there were enough rooms.

The male guests went to the rooms on the left, while the female guests went to the rooms on the right.

The production team was well-prepared and had even brought their luggage over.

As soon as they entered, they saw their luggage in their rooms.

The rooms were not big. They were the size of most hotel rooms with king-sized beds.

The production team gave the guests some time to rest.

As the female guests were worried that they would have to shoot later, they were in no hurry to remove their makeup.

Jiang Xun was the only one who felt uncomfortable with the makeup on her face the entire day.

She had gotten used to wearing makeup now because of filming, and she was not as lazy as she used to be about putting on makeup.

But after a long time, she still felt uncomfortable.

Jiang Xun didn't care if there were cameras around. She went to the bathroom and removed her makeup.

Chapter 335: I Was Wrong, Please Be Interested In Me

Kejia, the assistant director, knocked on Huo Mengyao's door with his task card and entered his room with her colleagues.

"Mr. Huo, this is your mission for tonight. You need to find Teacher Su Youlan according to the mission card." Kejia said.

Mengyao glanced at the mission card. "Now? It's so late, it's not appropriate, right?"

[Why is Huo Mengyao acting like a gentleman now?]

[Did you forget that you put Su Youlan at the front this afternoon?]

[Why did you push Su Youlan in front this afternoon? I just got here, so I missed it.]

Kejia smiled. "We have so many staff members here. Besides, this is a mission," she said.

What was Mengyao being so pretentious for?

"Alright," he said. After Mengyao read the mission on the card carefully, he went to find Youlan.

Youlan heard the sound of the door opening and thought it was the mission of the production team.

However, she saw Mengyao when the door opened.

Youlan forced a smile. "What's the matter, Teacher Huo?"

Mengyao took out the props given by the production team and got into character. "I know that you put a drug in the original owner's food and knocked him out. That's why the current owner locked Mr. Qin in the basement."

It turned out that Su Youlan's role was the assistant of the chef in this manor, and she had many opportunities to tamper with the food.

"We'll work together tomorrow, or I'll spill your secret." As Mengyao read out his lines, he cursed under his breath what kind of character the production team had given him.

Who wouldn't find him annoying!

Moreover, they even wanted to bind him to Youlan, and he would still have to be with her the next day.

Hearing this, Youlan's expression turned ugly, but she knew that this was the setting of the production team, so she had to agree reluctantly. "Alright, then."

Youlan's reaction was in line with her character setting.

After Mengyao returned to his room, the production team gave him another card. "Congratulations, Mr. Huo. This is your reward for completing the mission."

At this moment, the camera turned to Zhengqin.

[Wait, I haven't seen what the rewards are yet.]

[It must be a reward that will help with tomorrow's mission. Let's see what the reward is!]

[Every guest should be able to get a reward for completing a mission. Tonight can be considered as the hidden mission given by the production team.]

Each guest completed their task according to their character.

In the end, Kejia brought her team to the door of Mufeng's room.

Kejia knocked on the door and opened it. She was so nervous that she couldn't even speak properly.

How did Jiang Xun interact with Mufeng without a change in her expression? Was she not afraid at all?

Kejia thought to herself that Mufeng was a flower on a mountain. He could only be seen from afar. Ordinary people would not have the fortune to enjoy him.

In order to prevent the other guests from hearing the content of the mission, Kejia could only force herself to lead the team into Mufeng's room.

She held the mission card with both hands and handed it to Mufeng respectfully. "Mr. Qin, this is your secret mission for tonight. You will receive a secret reward after completing it."

"The target of the mission is based on the groups of guests who entered the five rooms today." Kejia said.

So, Zhengqin's mission target was Nanjing.

Zhang Jian's mission target was Yuxi.

Hanfei's mission target was Jiexin.

"Because the room you entered today is a three-person room, you need to choose between Teacher Jiang Xun and Teacher Zhang Qiyao as your mission target." Under Mufeng's aura, Kejia felt guilty no matter what she said.

"What's the mission?" Mufeng asked.

She swallowed nervously and said, "You need to confirm the mission target first before we can tell you what the mission is."

To Mufeng, this was not a multiple choice question at all.

No matter what the mission was, he would only have one target.

While Kejia was talking, the bullet screen was already full of comments.

[Choose Jiang Jiang!]

[Please don't sink the Fengjiang ship!]

[Choose Jiang Jiang!]

Mufeng did not even consider it and said, "I choose Jiang Xun."

[Hahahaha, Great CEO Qin didn't let me down!]

[Sob sob sob, he actually chose Jiang Jiang. How can I hold back?]

Kejia handed the mission card to Mufeng.

Mufeng opened the mission card and took a look. His eyebrows kept twitching.

[Hahahahaha, what did Great CEO Qin see? Why do you have such a complicated expression?]

[I really want to see what's written on the mission card!]

[@Cameraman, please point the camera at the mission card!]

[Looking at CEO Qin's expression, I'm even more impressed by the production team's courage.]

[The production team has been very brave today. I just don't know if the production team will be able to invite Great CEO Qin in the future.]

[Great CEO Qin: I'm contracted this time. I'll cooperate with you on this show. But I'm not sure if you'll be able to invite me again in the future.]

Mufeng took the mission card and stood up. He went to Jiang Xun's room.

Mufeng knocked on Jiang Xun's door.

When the male guests had come over to the females' side to do their tasks earlier, Jiang Xun had heard knocking on the doors on both sides.

She had expected that Mufeng might come to find her for a mission.

Jiang Xun opened the door and saw Mufeng standing outside.

Mufeng took a deep breath and his face was tense. He said stiffly and mechanically, "I was wrong, Please be interested in me."

"I'm not old and my physical strength is super good. I'm a perfect match for you."

1

Jiang Xun: "..."

[Damn! What the hell!]

[You're too brave, production team!]

[I'm cracking, I'm cracking!]

[Who would've thought that I'd be this depressed in an escape room show!]

[Is this the mission line that the production team has arranged for Mufeng?]

[@JiJunjie, who won't say "awesome" after watching it! I won't say anymore, you're my idol from now on!]

[@JiJunjie, even Hou Guanglin and Shi Shulei can't catch up to you in this aspect!]

[@JiJunjie, Director, fly bravely. We'll retreat first.]

[@JiJunjie, you're Jizzman from now on!]

[I'm dying of laughter. The previous commenter, I think it's a bit inappropriate.]

[I'm sorry, it's just a misunderstanding. I just realized that the director's name starts with J. It's really hard to come up with a nickname, so let's forget it.]

"What kind of mission did the production team give you?" Jiang Xun's eyes twitched.

Mufeng's words were too out of place.

She even admired Mufeng for being able to say it.

It must have been really hard on him.

Mufeng had sacrificed too much to accompany her on the show.

Mufeng let out a long breath. He raised his hand and pinched the corners of his eyes. He said helplessly, "Who asked you to say that I'm old in the three-person room today?"

Jiang Xun: "..."

Didn't Qiyao ask?

She had just thought of it and said it.

"The production team is quite adaptable." Jiang Xun's mouth twitched as she said, not knowing whether to laugh or cry.

Chapter 336: The Capitalists Have No Hearts, And The Actors Have No Feelings

"Alright, that's all. You should rest early." Mufeng reminded Jiang Xun before he left.

Jiang Xun nodded. She only closed the door after Mufeng had gone back.

[Help! The last interaction between Great CEO Qin and Jiang Jiang was too natural!]

[It's like they've said it before.]

[Can I really wait for an official announcement?]

[To be honest with you guys, what Great CEO Qin said while doing the mission at the door just now, although it didn't match his aura, I was still surprised. I really thought that Great CEO Qin had suddenly confessed.]

[Sob, sob, why is it a mission? Why can't it be a real confession!]

[How many times do I have to say it? It's just business, can the fans stop dreaming?]

[Mufeng frequently participates in variety shows to increase his popularity. Qin Yang's popularity has increased greatly, and the stock price has been rising. Jiang Xun also won popularity with the Fengjiang ship. You guys think about it.]

[The capitalists have no hearts, and the actors have no feelings. What kind of true feelings could there be when the two of them were together? It's all an act.]

Now that it was night time, the people who were busy during the day were free.

There were many different voices.

The atmosphere in the live comments was not as harmonious as it was during the day.

Mufeng returned to his room. Kejia handed him another card. "Congratulations on completing the mission, this is the mission reward you have received. You'll continue to form a team with Jiang Xun and Shao Yuxi tomorrow."

After Kejia left with her colleagues, Mufeng opened the reward card.

[Can check the identity of a good person.]

Mufeng raised his eyebrows. This meant that there was a spy in the team.

Mufeng sneered. Was the production team playing with dolls?

In the escape room, they were going to play a mystery murder game.

Jiang Xun had removed her makeup as soon as she entered the room.

So, when the other female guests were so tired that they couldn't even lift their arms but still gritted their teeth and removed their makeup, Jiang Xun had already changed into her pajamas and was on her bed. She leaned against the headboard and played with her phone.

The production team would turn off all the cameras at midnight, so Jiang Xun didn't care.

She took out her phone and went online.

Then, she saw the netizens' comments about Mengyao's performance on the show.

[Oh my God, the video I sent was deleted within a few minutes. Huo Mengyao must have spent a lot of money this time.]

Jiang Xun took a look and saw that many netizens had posted videos of Mengyao pushing Youlan out of the show. There was also a video of Mengyao pushing the other guests away and running away first.

But every time, it would be deleted not long after it was posted.

It couldn't even make it to the hot search.

It was obvious that Mengyao had been trying to suppress the heat of this matter.

Therefore, this matter was only spread within a small range.

Because it wasn't on the hot search, not many people knew about it.

Mengyao couldn't speak in the room because of the camera, so he could only communicate with Caoye through text.

[This matter has been temporarily suppressed. No one will mention it in a few days.] Caoye said, [I'll talk to Ji Junjie later and cut out these two parts of you in the broadcast. I'll use other hot searches to clear it up later, and there won't be any problems.]

There wasn't an artiste who didn't make mistakes.

And weren't they still fine eventually?

These were all routine operations. In any case, the netizens would not remember them after a long time.

Mengyao heaved a sigh of relief.

Jiang Xun saw that there was nothing interesting on Weibo today and was about to go to bed when she received a WeChat voice message from Yicheng.

Yicheng had also watched Jiang Xun's livestream today. When he was busy with work, he would mute the livestream.

Although he wasn't watching the entire time, he was leaving it on.

He also knew that Jiang Xun's livestream had not ended yet.

But who was Yicheng?

He was a very cunning businessman!

He knew all too well how serious Jiang Xun was about the products she endorsed. She had to try them herself before she would endorse them.

That was why he sent Jiang Xun a voice message. He wanted to use this opportunity to let the netizens know that the quality of Jiang Xun's endorsed products was absolutely up to standard.

It also let the netizens know Jiang Xun's serious and responsible attitude towards endorsements.

With many celebrity endorsements failing from time to time, wasn't Jiang Xun a clear stream?

Yicheng didn't step on anyone. He just wanted to let the netizens know that Jiang Xun was very serious about her endorsements and was a responsible person to her consumers and fans.

She would never take on any endorsement for money. If she wanted to take it, she must have tried and approved it herself.

And how many artistes like Jiang Xun were out there?

This was undoubtedly a good opportunity for Jiang Xun to build up her reputation. Jiang Xun was responsible to her fans and consumers, so she should let her fans and consumers know.

Jiang Xun opened the voice message from Yicheng and heard his voice. “Jiang Jiang, you mentioned about fingerprint locks in the livestream today, and a few fingerprint lock brands came to me, wanting you to endorse them. Is there a password lock you’re using from any of the brands in here?”

Immediately after, Yicheng sent her a list of brands.

Jiang Xun didn’t expect there to be so many.

[I really want to know which brands have approached Jiang Jiang.]

[It’s a good thing that I’ve been watching the livestream until now. It’s a good thing that I didn’t give up. Can I hear Jiang Jiang’s comments on the major fingerprint lock brands?]

[The sisters who said that they wanted to watch Jiang Jiang’s livestream and ask for the fingerprint lock can come and watch!]

Jiang Xun replied, “Since I’m renting my house, the fingerprint lock was decided by the landlord. Because it’s a rented house, I don’t have a fingerprint lock, so I can’t change the landlord’s.”

Jiang Xun: “That brand is also on the list you sent out. However, it’s not a good one. It’s not good enough to be endorsed.”

Jiang Xun wasn’t involved with the brand, so she wasn’t afraid of being overheard, and she replied with a voice message.

She wasn’t discussing anything shameful with Yicheng, so she wasn’t afraid to say it in front of the camera.

Besides, she didn’t live next door, so she didn’t really use the fingerprint lock.

As for the fingerprint lock of Mufeng’s house, she had checked the brand and the price was very high.

Although the corresponding functions and security were indeed better than most brands on the market, the price position determined a certain user base and would not be the choice of most consumers.

Moreover, from the perspective of the price and function, the price-performance ratio was indeed not high.

Mufeng was rich and willful. Naturally, he did not care.

However, Jiang Xun didn’t recommend that brand.

However, Mufeng’s fingerprint lock’s brand was not on the list that Yicheng had sent.

It was probably because the brand’s positioning was high-end and they didn’t think about getting her to endorse to fight for any market.

Jiang Xun recorded these brands in the memo on her phone and said, “Let these brands send me a sample. The requirement is to have surveillance and alarm functions, and to mark the price. If you’re willing to send it to me, then send it. If you’re not willing, then forget it. I’ll take a look at the samples from those who sent, and choose the one I personally think is the most suitable.”

Yicheng laughed, thinking that he was right.

That was how Jiang Xun was responsible.

“Alright, I’ll talk to them.” Yicheng said.

Chapter 337: Can’t You Just Say that You Trust Me?

[Jiang Jiang is too responsible!]

[I think I know why Jiang Xun can bring so many customers. It’s because the quality is indeed guaranteed.]

[Jiang Jiang only recommends it to us after she has tried it herself and thinks it’s good. She’s not the kind of person who endorses goods for the sake of making money and doesn’t understand the product at all.]

[Jiang Jiang, when will you try? Hurry up and release the endorsement, I’m in a hurry to buy it!]

[Yup! After listening to Jiang Jiang, I think we need to install a fingerprint lock. It’s not safe at home if we delay it for another day. Jiang Jiang, make a decision quickly!]

Jiang Xun looked at the time. It was already 22:05.

After the livestream ended, she noticed the camera installed in the room. The lights had been turned off, and the machine had stopped working.

Jiang Xun fell asleep with a peace of mind.

The next morning, everyone had breakfast first and then gathered in the living room before the livestream officially began.

The director was out of frame, so the audience watching the livestream could only hear his voice. “Today, everyone will form the same teams as in the room you chose yesterday on the basement first floor and look for clues to leave.”

“In addition, after the male guests completed their missions yesterday, they each received a mission reward. They can tell their partners about the reward or choose not to tell them.”

Youlan already knew that she would be in the same group as Mengyao today, so she pulled a long face.

Especially when she saw that Jiang Xun could be in the same group as Mufeng again, she was even angrier.

Jiang Xun’s luck was too good.

No matter what, she could still be in the same group as Mufeng.

Youlan had no choice but to communicate with Mengyao, so she asked, “What’s your mission reward?”

Mengyao thought of his mission reward. He could choose to resurrect himself or his partner, but he could only use it once.

If he resurrected his partner and was eliminated, he would not have the chance to resurrect again.

"I have a chance to resurrect myself," Mengyao said.

1

"This implies that there's a possibility of us being eliminated, and we don't just need to find a clue to get out." Youlan suddenly felt that something wasn't right. "Since we're partners, it can't be that you're the only one who can use the rewards that the production team gave you."

"If you're the only one who can use it, then the production team will only have the male guests to do the missions. If the female guests don't have a missions, then they won't be rewarded. The production team wouldn't do something that would obviously cause them to be scolded or even suspected of gender discrimination." Youlan looked at him suspiciously. "You have the reward card, right? Let me see."

Mengyao's face turned cold. "Are you suspecting me?"

"I didn't bring the card with me. It was such a simple reward. I wouldn't have forgotten it. Why would I bring a card with me and take up space and affect my movements? It's fine if you don't believe me," Mengyao said coldly.

The other guests told their partners about their rewards.

On Mufeng's side, he was originally going to partner with Jiang Xun and Qiyao.

However, Qiyao didn't seem to want to be a third wheel for the two of them. She took the initiative to apply to join Nanjing and Zhengqin's team, and the production team agreed.

Mufeng raised his eyebrows and said to Jiang Xun, "My mission reward is that I can check the identity of a good person."

Jiang Xun's first reaction was, "There's a spy among the guests!"

Mufeng smiled and looked at Jiang Xun approvingly.

[Wow, I'm gone. I'm gone under the gentle gaze of Great CEO Qin.]

[Great CEO Qin, why do you have a look that says "my wife is so smart?"]

1

[Jiang Jiang is very smart. Everyone seems to forget that she is a top student at Beijing University.]

Jiang Xun thought for a while and said, "Or we can observe the other guests. No matter how careful the spy is, there must be times when the spy does the opposite of us. This way, we may be able to lock onto the target, but it's not safe."

It was hard to guarantee that the good person guests wouldn't play dirty tricks.

Jiang Xun was too embarrassed to say this.

"To be even more extreme, we can wait for the others to be eliminated until there are only three people left. After checking and finding the good person, the other will naturally be the spy." Jiang Xun said.

[This method is ruthless and extreme enough.]

[Big Boss Xun has always been ruthless and does not speak much.]

Jiang Xun suddenly looked at Mufeng with an ambiguous expression. Before she could speak, Mufeng said with a helpless expression, "It isn't me."

1

[What are they talking about?]

[This kind of tacit understanding is amazing.]

[With such tacit understanding, it's really difficult to end this without an official announcement.]

"That's hard to say," Jiang Xun said. "If you're a spy..."

"If I'm a spy, why do I need to check who is a good person? Other than me, the rest will all be good people," Mufeng explained.

"That's not necessarily true. There might be two spies." Jiang Xun pondered. "If you spies don't know each other's identities..."

Then, Jiang Xun shook her head. "That's not right. It's too complicated. If the production team really want it to not have any loopholes, they will sacrifice many brain cells. Besides, we're all new guests and aren't familiar with this variety show, so they won't easily give us special identities."

Mufeng sighed and said helplessly, "Can't you just say that you trust me?"

[Help! Why is Great CEO Qin's tone so helpless, pampering, and even a little aggrieved?]

"Alright," Jiang Xun said. She raised her head and raised her eyebrows at Mufeng. "I'll treat you as a good person for now."

"I'm really a good person. I didn't suspect you, and I even told you about my mission reward." Mufeng felt wronged. "What if you're a spy and you eliminate me first?"

1

"You're right," Jiang Xun said. "Your doubts are not without reason."

After that, everyone was brought to the third floor.

On the third floor, there was a chess room, a reception room, a video room, a children's room, and a study.

The five groups discussed for a while and quickly decided on the room they would go to check.

Jiang Xun and Mufeng waited for the others to finish choosing. There was only the children's room left.

The two of them then went to the children's room.

Youlan watched the two of them leave and couldn't help but ask Qiyao, "Sister Yao, why did you suddenly change groups? Didn't you team up with Jiang Xun yesterday?"

Could it be that Jiang Xun and Qiyao fell out?

[What does Su Youlan mean? Isn't it because Sister Yao doesn't want to be a third wheel?]

[Su Youlan, can you stop faking?]

[Su Youlan never participated in variety shows before, and I had a good impression of her. I thought that she was pretty, had good acting skills, and didn't have any negative news. I didn't expect that she would be like this.]

[That's why I said, those with bad personalities shouldn't go on reality shows. It's too easy to screw up.]

"I feel more secure with Brother Qin and Sister Jing." Qiyao hugged Nanjing's arm.

Nanjing pretended to be disgusted and said, "You're thinking of me now? Weren't you hugging Jiang Xun's arm yesterday?"

Chapter 338: They Suddenly Realized Something Was Wrong

"Sister Jing, to be honest, I suspect that the production team is going to cause trouble." Qiyao glanced at the production team.

"What?" Everyone was attracted by her words.

"Yesterday, the production team failed to scare Jiang Jiang twice. Instead, Jiang Jiang scared away one NPC and made another one kneel. With how petty Director Ji is, he'll definitely give Jiang Jiang a hard time today!" Qiyao said, "I suspect that the production team had a meeting all night last night to revise today's plan."

1

"I was with Jiang Jiang. She wasn't afraid, but I was!"

Junjie: "..."

Production team: "..."

Everyone: "..."

[Hahahahaha, Sister Yao, what kind of truth are you spouting?!]

[@JiJunjie, are you so narrow-minded?]

Junjie urged her with a dark face, "Go to your own rooms quickly."

Qiyao pursed her lips. As she followed Nanjing to the room, she said, "You see, I was right, so he's angry from embarrassment."

Junjie: "..."

The production team staff: "..."

They wanted to laugh, but they didn't dare to. They could only hold it in!

[Hahahahaha, Sister Yao, you're going to have to hold your tongue!]

[Sister Yao, look at Ji Junjie's expression. Hahahahaha!]

[I'm going to become a fan of Sister Yao! I love to see her confront people!]

[Sister Yao: I like the way you guys look when you can't stand me, but you can't do anything about it.]

When Jiang Xun and Mufeng entered the children's room, the livestream screen had also switched to the two of them.

The scene suddenly changed, and the style of the children's room caught the audience off guard.

[Fuck! Is @JiJunjie still human? What is this netherworld style!]

The so-called children's room was filled with terrifying dolls.

One of the doll's faces were ashen. Some of them had either dirt or blood-red cracks on their faces.

Some of them had brown hair, some had golden hair, and some had black hair.

Some of them had messy hair, some had spiky hair, and some had braids.

The only thing they had in common was that they all had a pair of dark eyes that seemed to be staring straight at you. There was no trace of emotion in their eyes, but there was an inexplicable horror in them.

In the corners, on the table, on the cabinet, on the sofa, the dolls were everywhere.

Jiang Xun walked to a table and was about to open the drawer.

Junjie and the rest of the production team held their breaths subconsciously, watching nervously and expectantly.

When Jiang Xun finally pulled open the drawer, a baby's head popped out.

On the round baby face, its bright red lips revealed a strange smile.

The gray-blue pupils were dull and terrifying.

Both Junjie and the production team knew that they were the ones who arranged it, but they were still shocked when they saw it.

[Fuck! The production team is inhumane!]

[@JiJunjie, this is a secret escape room, not a horror show. Take it easy!]

[I was scared to death! Fortunately, it's broad daylight!]

[Oh my God, my heart suddenly palpitated just now. I'm still feeling terrible.]

However, Jiang Xun calmly took out the doll's head and continued to check the clues in the drawer.

"What could possibly scare Sister Xun?"

“Is she really not afraid? When we went to set it up, our scalps were numb and the back of our necks were cold. Why isn’t she feeling anything at all?” One of the staff from the production team said helplessly.

Staff B said, “To be honest, even though I knew about it in advance and even participated in the setup, when it suddenly appeared on screen, I was still so scared that my heart skipped a beat.”

Staff C also came over and said, “I think I saw the camera shake just now.”

Staff A replied, “Hey! Now that you’ve mentioned it, it seems to be true.”

Staff C: “Fuck, then what I saw just now wasn’t an illusion. I thought I was the only one who felt that way.”

Staff B: “If that’s the case, then the cameraman was also shocked.”

Everyone was silent.

Their hearts ached for the cameraman. He had to face this terrifying scene right there in the midst of it.

Moreover, following Jiang Xun would be even scarier.

They felt sorry for the cameraman once again.

Staff A suddenly realized a problem. “When we were setting up the room yesterday, did the cameraman follow us?”

Everyone: “...”

They suddenly realized that something was wrong.

Staff B was silent for a while. “The cameramen in other rooms are fine. The cameraman in Jiang Xun’s room is...”

Everyone:” ...”

Mufeng and Jiang Xun were searching when they heard the screams of the other guests coming from outside the door.

Jiang Xun went to the door to open it.

The door was open when they came in, but it closed automatically behind them.

After all, it was an escape room escape, so Jiang Xun didn’t mind.

At this moment, Jiang Xun turned the doorknob and found that the door was locked from the outside.

Of course, Jiang Xun could still kick it away.

However, it wasn’t good to destroy this place and make the production team spend money.

Immediately after that, an announcement was made on the broadcast. “Lan Jiexin, eliminated!”

After a while, “Li Hanfei, eliminated!”

As the guests were eliminated one by one, Jiang Xun counted. "Only Qiyao is left."

Jiang Xun and Mufeng looked at each other.

So, Qiyao was the spy?

Zhengqin and Nanjing, who were in the same team as Qiyao, had already been eliminated.

Just then, the broadcast rang again. "Huo Mengyao used the reward item to resurrect himself."

Just now, the livestream switched to Mengyao.

Mengyao and Youlan were both eliminated and sent to the small dark room.

Mengyao raised his hand. "I want to use the reward item."

Of course, he wouldn't let go of any opportunity to get more screen time.

However, Kejia said, "Teacher Huo can use the reward item to resurrect one person between yourself or your partner. Teacher Huo, do you choose to revive yourself or Teacher Su?"

1

Mengyao: "..."

You just need to let me choose, why do you have to read out the contents of the reward item?

Mengyao wasn't sure if he was on camera.

If the audience saw this, he would be scolded again.

Unfortunately, he was on camera.

[Damn, so he could choose and not just resurrect himself?]

[There's nothing wrong with resurrecting yourself if you have a choice. But why did Huo Mengyao lie to Su Youlan and tell her that he can only resurrect himself?]

[This person is really fake and selfish.]

All the eliminated guests were in a small dark room, so Youlan naturally heard Kejia's words.

Youlan even gave up on controlling her expression and sneered.

She knew that Mengyao didn't tell her the truth.

However, not long after Mengyao was resurrected, he was eliminated again.

"You can use your item now," Jiang Xun said to Mufeng.

Mufeng nodded. He was about to use it when the lights in the room were suddenly switched off.

The windows had long been blocked, and not a single ray of light could pass through.

They had completely relied on the indoor lighting just now.

It was pitch black in the room, but they could still see the shadows of the terrifying dolls.

Chapter 339: Quickly Switch The Livestream Scene

Mufeng strode to Jiang Xun's side. In the dark, he grabbed Jiang Xun's hand.

[Ahhhhhhhhhhhh! Fengjiang is holding hands!]

[I can't believe that the couple I'm obsessed with has reached the peak in an escape room show!]

[The two of them are secretly so sweet!]

[Does Great CEO Qin think that we can't see anything in the dark?]

[Jiang Jiang, you shouldn't be so straight at this time! It's appropriate to show a little fear!]

[I wonder if I'll be able to see Great CEO Qin's hug of love.]

However, Jiang Xun couldn't see her fans' expectations.

She activated the flashlight function on her phone.

The light from the flashlight hit the doll in the corner of the room.

The light on the doll's face created a terrible light and shadow. The doll's face was pale and had scars on it. Under the light, the deathly aura on the doll's face was even more intense than it was when the lights were on.

The eyes that were either gray-blue or pitch-black, emotionless but straight-set, suddenly flashed a few times under the light.

As soon as this scene appeared, the bullet comments went crazy.

[Bullet screen protection!]

[Big Boss Xun, protect me!]

[Great CEO Qin, protect me!]

[Honor to those who love the motherland, and shame on those who harm the motherland.

Honor to those who serve the people, and shame on those who betray the people.

Honor to those who quest for science, and shame on those who refuse to be educated.

Honor to those who are hardworking, and shame on those who indulge in comfort and hate work.

Honor to those who help each other, and shame on those who seek gains at the expense of others.

Honor to those who are trustworthy, and shame on those who trade integrity for profits.

Honor to those who abide by law and discipline, and shame on those who break laws and discipline.

Honor to those who uphold plain living and hard struggle, and shame on those who wallow in extravagance and pleasures.]

[Prosperity, democracy, civility, harmony, freedom, equality, justice, the law, patriotism, dedication, integrity, and friendliness.]

The photographer trembled violently and almost dropped the camera in shock.

He still managed to hold it firmly in the end.

However, no matter how strong the anti-shake mode of the camera was, the audience could still see that the cameraman's camera had suddenly shook so much.

[Why did the camera suddenly shake?]

[Don't tell me the cameraman was also shocked?]

[I feel sorry for the cameraman. Why is he so unlucky to be following Jiang Jiang?]

1

Jiang Xun walked to the sofa and swept the doll on the sofa to the side, leaving a space for the two of them.

After she sat down, she patted the seat next to her. Come sit down and rest for a while.

Mufeng: "..."

[Hahahahaha, what's with this bitter yet funny feeling?]

[Will I ever see Jiang Jiang acting like a spoiled child in front of Great CEO Qin again?]

[Can I still see their hug of love in this life?]

Mufeng felt that he might never be able to enjoy the treatment of Jiang Xun crying and acting coquettishly in his arms because she was afraid. He sat beside Jiang Xun helplessly.

"Hurry up and use the item." Jiang Xun urged.

Mufeng was about to use it when the ceiling above the sofa suddenly made a "bang" sound.

Mufeng didn't even think about it. He didn't even see clearly what was happening. He pulled Jiang Xun over, turned over, and pressed her into his arms to protect her.

[My heavens! What did I just see? Is this something that can be shown in a livestream room?]

[There's no hug of love, but Great CEO Qin directly pushed Jiang Jiang down! She's been suppressed!]

[This is even more exciting than a hug!]

[Then can I ask for a kiss?]

Junjie was shocked.

What kind of explosive scene was this!

Junjie quickly said to the director, "Quickly switch the livestream scene!"

How could such a good scene be left in the livestream?

It had to be placed in the VIP section!

After the director switched away from the camera, Kejia turned to Junjie and said, "Then we can't capture the mannequins that we've set up that will jump down from the ceiling."

"It's okay, put it in the main broadcast too," Junjie said excitedly. "We'll put a little of it in the original, a little more of the VIP, and a little more on the updated version!"

"This episode of ours is going to blow up!" Junjie was very sure and confident that if this did not blow up, he would be the ace in Feng Videos' variety show production team this year!

This was even more explosive than the times when Fengjiang participated in Guanglin and Shulei's shows!

Just because of this, he would not hold a grudge against Jiang Xun.

If he couldn't scare Jiang Xun, then so be it.

He admitted defeat!

The livestream screen changed, and the bullet comments were excited.

[What's the matter? @JiJunjie, are you too chicken to play?]

[If you have the guts, then release it for us!]

At this moment, a line of bold yellow words appeared on the screen.

[Find A Way Out]: For more exciting content, please follow the main episode. The actual broadcast will be on Feng Videos and Dongdhu TV Station on Sunday and Monday.

The audience was speechless.

[Hehe, as expected of a Feng Videos director. The same old operation!]

[@HouGuanglin, you've got a good start!]

They could no longer see the sweet follow-up of Mufeng and Jiang Xun in the livestream.

Now, the livestream screen was showing the interaction between the guests in the small black room.

[I was blushing and my heart was beating so fast that my nose was almost bleeding, and you're showing me this? @JiJunjie.]

[What happened to Jiang Jiang and Great CEO Qin after that?!]

"I'm fine." Jiang Xun poked Mufeng's shoulder and pointed to the ceiling. "It was the mannequins that the production team set falling."

When Mufeng heard this, he stood up and pulled Jiang Xun up as well.

He looked up at the ceiling. There was a doll in a white dress hanging on the ceiling.

The doll had long black hair, and upon closer inspection, it looked very crudely made. It didn't even have any facial features.

However, based on the situation just now, a sudden shock could indeed scare many people.

Unfortunately, he and Jiang Xun were not among those people.

The last trick to scare Jiang Xun was useless. The room lit up again.

Mufeng used the item to check the identity of the good person.

Unsurprisingly, Jiang Xun was excluded.

Jiang Xun found the clues from the production team in the doll clothes in the corner of the sofa.

"Confirm the spy's identity, and you can leave the manor."

Jiang Xun didn't expect it to be so simple, so she immediately said, "The spy is Zhang Qiyao."

At this moment, the other door of the room opened.

They walked over and saw Qiyao sitting on a single sofa. "Congratulations on persevering until the end and successfully clearing the level."

Qiyao followed the script given by the production team and said many lines.

In short, there was love and hatred in the manor.

Following to the script, Jiang Xun called the police, and the police arrested the spy and the current manor owner. The game ended.

According to the usual practice, Jiang Xun and Mufeng would return to the capital in a low-profile manner after the recording of the program was completed.

Yicheng handed all the fingerprint locks sent by the different brands to Jiang Xun.

Apart from attending classes and livestreaming, Jiang Xun would be testing the fingerprint locks at home.

In the end, she chose a brand that met the requirements, had a relatively moderate price, and passed her quality check.

The major brands of fingerprint locks had received feedback from online customer service, saying that a large number of consumers had recently enquired about fingerprint locks.

Chapter 340: Find Out About The Relationship Between Jiang Xun And Mufeng

Therefore, after Jiang Xun confirmed the brand she wanted to cooperate with, the brand didn't even bargain with Yicheng. They quickly confirmed the endorsement fee and contract.

He signed the contract with Jiang Xun in the shortest time in history.

Otherwise, every day he delayed, he would lose a day's worth of money!

Just by looking at the daily statistics of the inquiries, it had increased by 50%!

Even if only a small portion of them would actually buy the items, the sales would skyrocket.

Daku: "Welcome, @JiangXunJiang to join the Daku family. Let Daku follow Jiang Xun to protect everyone's personal assets and property! The spokesperson Jiang Xun personally chose the recommended model. [link] the doomsday lock is unlocked with a fingerprint and password. It comes with a camera function, and could be connected to Bluetooth and WiFi to watch the surveillance videos through mobile phones, tablets, and computers. If you enter the wrong password three times, it will automatically enter a three-hour cooldown period, and you will not be able to unlock it. At the same time, it will send an alarm to the mobile phone that is bound to the door lock. If you encounter a burglary, it will call the police immediately!"

[I've been waiting for Jiang Jiang to confirm the endorsement! I'm going to buy it now!]

[This is a dream lock. [Show listing]]

[Jiang Jiang's recommendation is good. I wish Daku a happy cooperation with Jiang Jiang. [Show listing]]

As soon as the announcement was made, the model that Jiang Xun had chosen exploded in orders. All the available units were sold out and had already been converted to pre-sales.

The boss of Daku happily asked the marketing department to summarize the sales and post the good news on Weibo every two hours.

All the brands had also seen Jiang Xun's reputation and ability to promote goods.

[Favorability +10022]

After that, "Find A Way Out" was broadcast.

It also broadcasted the little tricks that Jiang Xun mentioned in the livestream.

Jiang Xun's fans didn't forget to recommend her in the bullet comments. [Jiang Xun's endorsement, Daku's fingerprint lock! This is the recommended model that Jiang Jiang chose after trying it out herself. Don't worry and buy it!]

After the show was broadcasted, the sales of the fingerprint lock reached a new high.

There was no scene of Mufeng pressing Jiang Xun down on the sofa in the main broadcast.

In the video, a loud noise could be heard from the ceiling. Mufeng shouted, "Be careful!" and pulled Jiang Xun over.

The screen then cut to the prop that fell from the ceiling.

[I've been waiting for a week and this is all you're showing me?]

[What do you mean? What were the comments saying? Did I miss something?]

[During the livestream, Great CEO Qin clearly overpowered Jiang Jiang! @JiJunjie, you'd better release it!]

[Ji Junjie: This is the main story for ordinary users. Wait for the VIP episode for the more exciting content.]

[lol, this really sounds like something the director of a variety show would say.]

After the broadcast, Donghua TV Station released the next episode's preview, but there was no content preview for the VIP version.

At this time, Feng Videos' official Weibo and the official Weibo of "Find A Way Out" released a preview of the VIP version that would be aired the next day.

In the trailer, it briefly showed three seconds of Mufeng pressing Jiang Xun down. However, as the duration was too short, it had passed in a flash. The audience had not seen it clearly before it passed.

[Hurry up and check out the official accounts of Feng Videos and the production team. They're releasing the VIP trailer!]

Find A Way Out official Weibo: [Ring! Ring! Ring! The newly released VIP trailer! You'll regret not watching the series! It will be online at 12:00 am tomorrow.]

[@FengVideos, @Find A Way Out official Weibo, there is only a two-second scene of Fengjiang in the trailer? Do you dare to put in more?]

[One of my sisters clipped that Fengjiang scene in slow motion. It's very good! [Link]]

The fans rushed over in excitement.

Fengjiang Harder: [I have the clip of Fengjiang from the trailer. It's a total of three seconds. @Find A Way Out official Weibo, production team, you guys can't make it so short. I've slowed down the speed, so let's have a light sip first.]

The short three-second video was slowed down by Haina to a 10-second video.

This time, the fans finally saw clearly how Mufeng slowly suppressed Jiang Xun.

But after she was overpowered, there was nothing else.

The scene of the Fengjiang couple ended.

[That's it? It's gone? Find A Way Out official Weibo, production team, you're going to be put in a gunny sack if you only show this much, do you know that?]

[Hurry up and reach 12 noon tomorrow! The children's brain are already filled with 10000 words of erotic writing.]

Mengyao watched helplessly as the Xunmeng ship had no place at all.

Originally, he had been rubbing his hands and preparing to hype up the popularity of the ship with Jiang Xun on the show. Who knew that Mufeng would suddenly participate?

The Fengjiang couple suddenly felt like it was the new year again.

He didn't have a chance to get close to Jiang Xun the whole time.

Because of the Fengjiang ship, there was no sound from the Xunmeng ship.

The clip of him pushing Youlan out had been deleted, and it was no longer a hot topic.

But there were still some people who saw it.

Xunmeng lost some of its fans.

Now, Mengyao could only wait for "Path of Life" to air.

On Tuesday night, after Mufeng had dinner with Jiang Xun, he found the VIP updated version of "Find A Way Out" and pulled Jiang Xun to watch it with him.

He was very curious about the situation at that time and what it looked like on camera.

Finally, the show reached the part where Mufeng and Jiang Xun were on.

With a "bang," Mufeng pressed Jiang Xun down and protected her in his arms.

There was still a terrifying doll above Jiang Xun's head, but Mufeng could only see Jiang Xun.

Jiang Xun's eyes widened in surprise. She had grabbed Mufeng's shoulders with both hands at that time?

She didn't even notice!

It must be because she was too used to this, so she subconsciously grabbed it.

Eating Jiang: [Look at them. Even the scary doll isn't as scary as before.]

Demonic Positioning: [Sigh, my wife is going to belong to someone else in the end.]

Split Underpants: [Aren't their movements a little too natural? They don't feel uncomfortable at all?]

"Find A Way Out" suddenly became the number one trending search, followed by the word "Hot."

The Fengjiang ship followed closely as the second most searched topic.

The VIP version would be aired on Tuesday, and the VIP extra version would be aired on Wednesday.

In the VIP update, there was a part where Mufeng went to find Jiang Xun to do a mission at night.

[Wait, although we knew that Great CEO Qin was on a mission, Jiang Xun didn't know! How did she know that Great CEO Qin was on a mission?]

[Yeah, it feels like Jiang Xun knows Great CEO Qin very well.]

[Right, I also think that the two of them have a great tacit understanding!]

Two weeks after the broadcast of this episode of "Find A Way Out," "Path of Life" was officially broadcast.

The viewership ratings of "Path of Life" kept going up and the show gained the audience's praise.

Mengyao had asked Caoye to find out about the relationship between Jiang Xun and Mufeng, but he found nothing.
