

Y Master Qin 351

Chapter 351: That Was My Spot!

“After the ceremony has ended today, we’ll ask Sister Che to check if Jiang Xun has signed a contract with Feng Videos,” Xiaoxiao said in a low voice. “Unless they’re very interested in Jiang Xunrang, it’s impossible for Feng Videos to support her so much.”

Seeing the staff come in, Xiaoxiao said, “It’s Jiang Xun’s turn to walk.”

Youlan also looked bored and relaxed. She was used to this kind of scene and lowered her head, pretending to play with her phone.

However, after a while, Xiaoxiao held her arm.

Youlan frowned. She turned around and wanted to ask Xiaoxiao what she was doing.

Then, she heard the staff say, “Teacher Su, it’s your turn to walk.”

Youlan looked up in surprise and saw a staff member standing in front of her.

“Wasn’t I walking second to last?” Youlan frowned.

“There’s been a slight change in the order of our red carpet. You’ve been changed to the third last,” the manager said as he walked over.

“You said I was the second last, why did you change it to third last?” Youlan glanced at Jiang Xun and scoffed. “Don’t tell me that Jiang Xun is second last now?”

Now, only she, Jiang Xun, and Zishan were left.

With Zishan’s unique rank, there was absolutely no dispute that she would appear last.

“Yes.” The manager didn’t care if Youlan hated him or not. Feng Videos had his back, so why would he be afraid of her?

Youlan stood up immediately. “Why should Jiang Xun be second last? That was my spot!”

There were no more reporters in the venue.

The reporters were all gathered at the red carpet.

Youlan didn’t need to worry.

“I’m just following the arrangements of my superior.” The manager was calm and polite. “This is the decision of our CEO.”

There was nothing wrong with pushing the blame onto the CEO.

Youlan didn’t believe his nonsense and sneered. “Then I won’t leave. Let the reporters and fans wait outside. Isn’t Jiang Xun going to be second last? If I don’t leave, she’ll have to wait. Tonight’s party will be livestreamed from the red carpet to the awards ceremony. If I don’t leave now, the livestream will show how long the red carpet is empty.”

The manager also smiled faintly.

Was this a threat?

But when had Feng Videos ever been afraid!

“If you’re not walking, then you don’t have to walk tonight.” The manager was extremely cold and arrogant. “We can’t leave the red carpet empty for so long.”

So what if Youlan was in the film industry?

Among the investors of Chinese and foreign films on the market, Feng Videos’ figure could be seen.

Not to mention TV dramas.

In the field of variety shows, Feng Videos could be considered to be leading the pack.

Youlan couldn’t avoid them no matter which circle she was in.

Was she going to fall out with Feng Videos?

Youlan was the only one who would suffer if she offended Feng Videos.

The manager walked toward Jiang Xun after he finished speaking.

There were only three people in the room. If Jiang Xun said that she didn’t hear the conversation between Youlan and the manager, she would be playing dumb.

Seeing the manager walk over, Jiang Xun stood up. Before the manager could speak, Jiang Xun said, “I can go third last and let Teacher Su go second last.”

The manager thought that Jiang Xun was really good at this.

How bad could the difference be between third last and second last?

It was just that Youlan didn’t know her position and insisted on going against Feng Videos.

Like Jiang Xun, if she had a good relationship with Feng Videos, everyone would have a happy cooperation.

But who was it who made Feng Videos?

Wasn’t it just a team of staff members?

She didn’t want to make things difficult for the staff, and instead have a good relationship with them so that they would remember her good deeds.

In the future, if they encountered anything good, wouldn’t the staff think of Jiang Xun first?

Su Youlan also stood up, but she didn’t appreciate it. “You’re trying to be a good person at this time?” She snorted.

Jiang Xun raised her eyebrows, lowered her head, and tidied her dress. “In any case, it doesn’t matter to me whether I go second last or third last. But think carefully, if you walk behind me, how much interest will the audience and media have when they see you after they’re done filming my look?”

After seeing a gorgeous feast, who would still be able to enjoy a third-rate scenery?

After eating an Imperial Feast, can you still eat brown rice and coarse husks?

Youlan came back to her senses. When she thought of that scene, her face turned dark.

“Second or third last, Teacher Su, you can choose.” Jiang Xun remained calm and unruffled. I’m fine with it anyway.

Youlan: “...”

The manager couldn’t help but smile. He controlled his expression and turned to Youlan. “Teacher Su, what do you think? We respect your decision.”

Youlan didn’t say a word and just glared at the innocent staff. “Lead the way!”

The staff member didn’t say anything and silently led Youlan to the door.

The entrance of the waiting room led directly to the entrance of the red carpet.

There was no need for a guide.

Youlan adjusted her smile and walked on the red carpet.

After a while, Jiang Xun also walked on the red carpet.

The moment she appeared, the two red carpet hosts were stunned.

They had not seen Jiang Xun’s style tonight before.

Jiang Xun’s studio had been holding back and did not post any photos.

Under the illumination of the lights on both sides of the red carpet, the black feathers on the dress exuded a golden and silver light.

It was like the feathers of a black swan glistening in the sun.

The hem of Jiang Xun’s dress swayed with her steps, and specks of light flickered there and then.

Everyone couldn’t help but stare at it.

The two red carpet hosts were stunned and speechless.

The female host was the first to recover from her shock and quickly exclaimed, “Heavens! Jiang Xun is really beautiful tonight! It’s as if I’m seeing a black swan walking towards us gracefully!”

The bullet screen was already filled with comments.

[Oh my God, which company’s gown is this? It looks so gorgeous!]

[No wonder the studio didn’t release any photos. It’s really too shocking. Still photos can’t show the beauty of this gown at all.]

[Jiang Jiang is so fair. If you’re a little yellow, it wouldn’t have such an effect when you wear it.]

The studio posted the photos. As expected, they only posted the photos after Jiang Jiang appeared.

[All the major brands have also claimed their artistes' clothes. Su Youlan is wearing C brand's gown.]

[I didn't expect this C brand to have such an effect.]

[I don't mean to stomp on her, but Jiang Xun's style tonight is completely superior, so I don't think anyone stands a chance against her.]

[So, which brand is Jiang Xun wearing?]

[It's not necessarily very expensive. I remember Jiang Xun wearing Yi Lan's dress when she first participated in Shanpin's Influencer Day. Before the netizens searched for it, they also thought it was a big brand. Jiang Xun has always had the ability to make cheap clothes look like branded clothes.]

[But this dress is obviously not cheap. Can you get such a dress without a lot of money?]

[Judging from the style of this dress, it looks like it's from ES. But I've looked at ES's official website. Whether it's ready-made or haute couture, there's no such piece.]

[That's what I'm saying, could it be a knockoff?]

[Hehe! A knockoff? Find me a knockoff that's at this level.]

Chapter 352: CEO, Ai Xiaohe Has Posted The Article As Requested

[And the jewelry on her, are they real diamonds?]

[I think so. It's too embarrassing to wear fake ones on this occasion.]

[If it's true, then this whole thing would cost at least tens of millions. Which brand is willing to lend it to Jiang Xun?]

[I also want to say that only people in Gao Zishan's class can borrow it. How can Jiang Xun borrow it? It's even more impossible for her to have bought it herself. Is she crazy? Buying this for the red carpet? The key is that it's too gorgeous. It's not something you can wear regularly.]

[I remember this one. If I remember correctly, it's from T brand.]

[T brand's is indeed worth tens of millions, but this one couldn't be from them.]

[I took a screenshot of Jiang Xun's dress and searched it, but I couldn't find it. When Jiang Xun participated in Shanpin's Influencer Day, I could even find the dress using screenshots.]

[I just searched, but I can't find it on the internet.]

[Fuck, it's really ES! ES has claimed it and even posted a photo from Jiang Xun's studio.]

[ES? It can't be found on the internet, could it be that it's the first time it's worn in the world?]

The netizens rushed to ES's official Weibo to check.

ES: [Black Swan is being worn for the first time by @JiangXunJiang. It's as elegant as a swan and as mysterious as the night. It's shining under the light.]

T brand also posted the jewelry that Jiang Xun was wearing on Weibo.

TE: [@JiangXunJiang's brilliant performance of TE's top jewelry series. The queen under the night sky, shining brightly.]

[Oh my God, it's really from ES and T brand.]

[Jiang Xun's outfit is the world's first dress from ES's super seasonal haute couture series. If that's the case, the dress might not be cheaper than the T brand jewelry.]

[But, isn't ES famous for being picky and arrogant? Why did they let Jiang Xun wear this?]

[Quickly look at Entertainment Eight Skin's news! I don't know if it's true.]

Entertainment Eight Skin: [Jiang Xun is wearing ES's super-seasonal haute couture. ES had originally planned to display it at Qin Yang department store the day after tomorrow. But Jiang Xun bought it, so the headquarters of ES is now shipping the new set of high-end custom-made models over by air, and it would be displayed the day after tomorrow. Even the T brand's top jewelry set that Jiang Xun is wearing was bought at her own expense, not borrowed from the brand. However, both brands have acknowledged Jiang Xun and claimed their work, which means that they are very satisfied with Jiang Xun's performance. After all, it isn't like there weren't artistes who directly bought clothes or jewelry from certain brands in the past, but the brands had never specifically acknowledged them. I believe that with this successful performance, ES and T brand would most likely lend Jiang Xun next time. This also applies to other luxury brands.]

[Damn, is Jiang Xun that rich?]

[Although she doesn't have many endorsements, she does have some. She also shoots, participates in variety shows, and often livestreams. It should be easy for her to earn that much.

[But there's no need to buy it, right? Isn't it good to donate this money to children in the mountains or other people who need it?]

[It's her own money, she can spend it however she wants, she doesn't need you to help her. You're so kind, so how much did you donate?]

[I know why Jiang Xun bought it. Look at @Stylist Ai Xiaohe's Weibo.]

Stylist Ai Xiaohe: [I saw that many netizens were curious as to why Jiang Xun bought ES's clothes and T brand's jewelry. It was because she had no choice. It was also because of my negligence. I have a lot of responsibility for this. Due to my negligence, my ex-staff @XiaoMao sold my design for Jiang Xun to Su Youlan's team. I originally borrowed a white embroidered dress from a luxury brand for Jiang Xun. After Su Youlan's team received the news, they went to borrow a similar white dress from C brand. As for what their intentions were, everyone who often follows the entertainment industry should be able to guess.

Compared to C brand, low-end luxury brands were indeed in a lower position. In addition, it was a similar style, so Su Youlan wearing a C brand dress would give her a natural advantage. People would think that Jiang Xun was deliberately imitating Su Youlan but couldn't borrow from high-end luxury brands, so she could only wear something similar that she could borrow. This kind of operation is

common in the circle, but it does not happen often. It's Jiang Xun's bad luck as well as mine to have run into such a situation today. I've also gained some knowledge. Ms. Su Youlan has some status in the entertainment industry and always had a good image. I didn't expect her to go to such great lengths to make things difficult for a newcomer.

I'm saying this now, not for any reason, but purely to seek justice for myself. When we style our artistes, it's a taboo to style with others. That's why we'll inform our peers in advance so that we won't clash with each other. The non-collision style also shows the skills of the stylist to a certain extent, showing their unique imagination and creativity. It's a pleasure to work with artistes and build a long-term stable and friendly relationship in the future. However, if two artistes' styles really clash, as the weaker party, my reputation will also be greatly damaged, and it will affect my future jobs.

The most important thing is that if my team leaks the style of my partnered artiste to the other party, and the other party uses this to attack my partnered artiste, will I still have my reputation in the industry? In the future, which artiste would still trust me to do their styling? Su Youlan wants to ruin my job, so I can't let her have a good time either. I'll tell everyone the truth today, how dishonorable Su Youlan was in doing this, and how underhanded she was!

I dare to say it because it's the truth. I'll accept any response from Su Youlan's side, I'm not afraid! In addition, I've already fired the staff member who revealed our style. In the future, we will pay close attention to our team's professional ethics and will never allow such a thing to happen again. Please believe me. I've suffered once, and I won't make the same mistake again. The safety of working with me can definitely be guaranteed.

Jiang Xun had seen the photos of Su Youlan's styling released by her studio and knew that it would be bad if she wore that outfit. However, she could not borrow any other clothes at the moment, so she could only spend this money to buy them. Otherwise, why would Jiang Xun spend so much money? It's my mistake that brought trouble to Jiang Xun. I've already apologized to Jiang Xun sincerely. Fortunately, my client is Jiang Xun this time. She forgave me for my mistake and didn't pursue my negligence at work. I'd like to apologize to Jiang Xun and admit my mistakes. I also want to point out who caused all this.]

The ceremony was still going on, so Youlan and Jiang Xun didn't know about this yet.

It was also during this period of time that Xiaohe's article continued to ferment.

"CEO, Ai Xiaohe has already posted the article as requested." Chengnan said to Mufeng in the car.

Chapter 353: Female Lead Nomination

Mufeng nodded and did not say anything else.

From the moment Jiang Xun told him the whole story, Mufeng had no intention of letting it go.

So, he had Chengnan contact Xiaohe.

Although Xiaohe was angry at being tricked this time, he was originally prepared to swallow his anger.

He didn't want to make a big deal out of it and offend Youlan, losing potential customers.

Youlan wasn't the only client that he would lose. If Youlan talked to other artistes, they might not give her face.

However, there were so many styles, and they didn't have to choose him.

Thus, Xiaohe had originally planned to swallow this loss.

However, Chengnan had found him and asked him to make it public.

He could scold her however he wanted to and say whatever he was thinking.

He wanted to give him a chance to vent his anger on Weibo.

No matter what the consequences were, Mufeng would help him bear it.

He also promised that it would not affect his follow-up work.

If it affected him, Qin Yang could introduce him to a job, as well as let him style a part of the Han Corporation's artistes'.

The more Xiaohe heard, the more shocked he became.

He would never have thought that it was Chengnan who contacted him to convey Mufeng's message.

The Han Corporation was the company that occupied more than half of the entertainment industry in China. The other companies added together could not even compare to the Han Corporation's strength.

Moreover, the Han Corporation had also expanded its territory to Hollywood and acquired a well-known film company in Hollywood.

Now, the Han Corporation's shadow could be seen in more than half of Hollywood's commercial films.

The Han Corporation could be said to be gathering money all over the world.

And the Han Corporation was the Han family's company, so Han Zhuoli had the final say.

Zhuoli's relationship with Mufeng was extremely close.

Mufeng's words were really credible.

When Xiaohe heard Chengnan's words, for some reason, his IQ suddenly took over the high ground. He immediately thought of the Mr. Qin mentioned by ES's staff at Qin Yang department store in the afternoon.

Xiaohe's legs trembled as he thought about it. Could the Mr. Qin that the shop assistant was talking about be Mufeng?

Sorry, he really didn't dare to think of Mufeng at that time.

But now, it was Chengnan, Mufeng's assistant, who had personally contacted him.

Even if he didn't dare to, he couldn't help but think of Mufeng.

Even without Mufeng's promises, since Mufeng had personally interfered in this matter, it meant that he could not reject.

Rejecting Mufeng was much scarier than offending Youlan.

The two of them were not on the same level at all.

Thus, Xiaohe chose Mufeng without hesitation.

That was why he posted that article.

[Su Youlan thought she was smart this time, but she got what she deserved. She wanted to trick Jiang Xun, but she was the one who lost face instead. It's just that Jiang Xun has really spent a lot.]

[Su Youlan's evil will be repaid. She's always making things difficult for the newcomers. Her structure is even smaller than a needle.]

[I was wondering why Jiang Xun's studio wanted to release the photos after Jiang Xun walked the red carpet. They were afraid that Su Youlan would have time to deal with it. Jiang Xun's studio was really out of options.]

Youlan's fans naturally questioned the authenticity of Xiaohe's words on his Weibo.

[What a joke. Even if Jiang Xun went to buy it, this is ES's super-seasonal high-end custom dress. How could she buy it at the last minute?]

[So this stylist's words obviously don't hold water. ES's super-seasonal custom dress was to be displayed at Qin Yang department store, so how could she have bought it at the last minute? Do you really think that Jiang Xun is the wife of Qin Yang's CEO? Jiang Xun must have waited for a long time after buying it early. She was just waiting for today's press release to defame Su Youlan.]

[Just based on what a marketing account said, you're saying that she bought it at the last minute? Since when did everyone start to believe in the marketing accounts?]

[Logically speaking, Jiang Xun bought this set of clothes long ago. After she put it on today, she'll be able to impress everyone. It's only logical that she bribed some people to trample on Su Youlan.]

[But still, it's obviously true since the stylist personally came out to tear Su Youlan apart and made it so clear without leaving any room for retreat. Otherwise, why would a stylist like him joke around with his career so easily?]

[Usually, if the other party doesn't go overboard, the stylist wouldn't publicly tear them apart like this. Leave a way out in everything so that you can see each other in the future. This sentence is applicable in all industries. If the stylist were to reveal it now, it would be risky for his career. But since he dared to call her out, it means it's true.]

After a while, [The stylist calls Su Youlan out for breaking industry rules] became a hot search.

On the other hand, the important awards had already been given out at the grand ceremony.

The Most Popular Actress Of The Year was awarded to Zishan, as expected.

There was also the annual Best Female Lead Award for TV series award.

Zishan had always been in the film industry and had not acted in any television shows, so naturally, she would not be competing for this award.

And the guest of honor for this award was Zishan.

“The nominees for Best Female Lead in TV series are,” Zishan said in a clear voice. “Please look at the big screen.”

Following that, the big screen began to play the TV drama clips of the shortlisted actors.

“Lan Jiexin from Turbulent Shendu!” The clip ended, and the screen cut to a close-up of Jiexin, who was sitting below.

“‘Hell on Earth,’ Xu Miaotong!”

[It’s good enough that Xu Miaotong replaced Lu Xiuse for a reshoot and was nominated.]

“Congratulations on Miaotong’s nomination.”

The fans also knew that Xu Miaotong was only there to help by using AI face-changing technology to change Xiuse’s face.

This also meant that Miaotong couldn’t win the award.

After all, the physical acting was not hers, but Xiuse’s.

However, the fans were already very happy that she was nominated.

“Su Youlan from Path of Life!”

“Congratulations on Youlan’s nomination!”

“Youlan truly deserves her name!”

“So Youlan is still the main character.”

“The nomination won’t lie. Youlan is the main character.”

[So, what was it about her not being able to get the role because of a certain someone? Just listen to it. How can Youlan lose with her acting skills?]

[lol, someone’s false promotion finally broke tonight! Thank you, Feng Videos!]

Youlan looked at her own performance on the big screen and smiled with satisfaction.

As expected, whether it was the script or Feng Videos, it was impossible not to give her the female lead role.

The camera focused on Youlan, who waved and smiled at the camera.

Youlan’s camera was fixed on the screen, right below Jiexin.

The screen seemed to be showing four squares.

The seat next to Youlan and below Miaotong was still empty.

Youlan guessed that it might be a recommended actor from another drama.

After all, she had already been nominated for “Path of Life,” which meant that she was confirmed to be the female lead. It was impossible for Jiang Xun to be nominated as well.

Chapter 354: It Must Be Her!

There were quite a few popular dramas last year, but “Turbulent Shendu,” “Hell on Earth,” and “Path of Life” had the best results.

However, there were also a few shows that did not do as those, but were still not bad.

Since Miaotong was a substitute, the Best Female Lead Award would most likely be given to either her or Jiexin.

Youlan was very confident that she could beat Jiexin.

Jiexin’s acting skills were still far from reaching hers.

Youlan believed that in the TV industry, among the 20s and 30s, no other female actress was better at acting than her.

This award was in the bag for her.

It was just an award from a video platform, and it didn’t have much value.

But if she lost to someone else for such a useless prize, wouldn’t that be even more embarrassing?

Immediately after, the big screen once again played a clip of “Path of Life.”

This time, it was a clip of Jiang Xun!

“‘Path of Life,’ Jiang Xun!”

Jiang Xun really didn’t expect that Feng Videos would actually nominate her.

However, Feng Videos didn’t tell the guests about the shortlisted and winner list in advance.

Jiang Xun was only stunned for a moment before she smiled.

She acted so well, but she was only lacking experience.

To be able to be nominated, she deserved it!

Jiang Xun smiled at the camera, exuding an aura that said, “I’ll definitely win.”

[I’m dying of laughter. Why is Big Boss Xun so confident?]

[I also want to be as confident as Big Boss Xun, but I don’t have the strength, so I don’t dare to be confident.]

[Big Boss Xun is confident because she’s not afraid of being scolded at all.]

[That makes me want to have Big Boss Xun’s psychological endurance even more.]

The camera once again shot the four shortlisted actors.

However, Youlan didn't even bother to control her expression.

Youlan's face darkened when she saw that Jiang Xun was also nominated for the Best Female Lead.

However, it was captured by the camera.

The director and the cameraman were both stunned.

The cameraman was about to move the camera away, but the director stopped him. "Don't move it away, just shoot Su Youlan! Wait for her to adjust her expression before moving away!"

Wasn't tonight's hot search here?

Youlan saw her frozen face on the big screen and smiled.

But it was too late. The audience had already seen it.

[Hehehehe, Su Youlan's setup is only this small.]

[You're already overestimating her by saying that she's so young. She doesn't have such a thing as a setup.]

[She probably thought that tonight's Best Female Lead Award is already in her pocket.]

[She didn't expect Jiang Xun to be nominated as well.]

[I have to say, if you have a bad personality, you should just focus on appearing on the big screen. Don't go out into business, it's too easy to expose your shortcomings. Su Youlan's a living example of how not to do things. I hope she'll give a reminder to the people who come after.]

[Su Youlan's really narrow-minded. I really don't know why she's always after Jiang Xun, a newbie.]

[Revenge of winning the role! Su Youlan had just been nominated for the female lead role, and her fans had even said that Jiang Xun snatched the role from Su Youlan by falsely promoting herself. From the looks of it now, Su Youlan's fans probably falsely promoted her, and Su Youlan lost to Jiang Xun.]

[Who doesn't know that Jiang Xun and Feng Videos are close? I heard that she had already signed a contract with Feng Videos, the kind where she gets 10% and they get 90%. But it's only natural that Feng Videos would give the award to their own artiste.]

[Su Youlan's fan's words are so good! If Su Youlan won the award, she would deserve it. Jiang Xun won the award, she's the one who signed the contract with Feng Videos.]

[Is there any evidence of her signing a contract with Feng Videos?]

At that moment, Zishan took out a card from the envelope.

After opening it, Zishan read into the microphone, "The Best Female Lead Award goes to 'Path of Life' -"

Youlan's heart was in her mouth, and she clenched her fists subconsciously.

It must be her!

It must be her!

“Jiang Xun!” Zishan said in a clear voice.

The spotlight and the camera lens shone on Jiang Xun’s face at the same time.

Jiang Xun stood up with a smile. She was neither servile nor overbearing, and she looked very calm, neither surprised nor happy.

It was obvious that she didn’t know the result in advance. She was purely confident, very confident.

[My Big Boss Xun’s temperament is unparalleled, suppressing everyone.]

Jiang Xun lifted the hem of her dress and walked up to the stage.

The fans were all worried for her.

[It’s a good thing she didn’t fall this time.]

[But the red carpet of Feng Videos is quite flat!]

When Jiang Xun stood in front of the microphone, the bright lights on the stage shone on her.

Her earrings, neck, wrists, and earlobes were so bright that people couldn’t take their eyes off them.

At the same time, the stars on the dress that looked like gold and silver and were neither gold nor silver were even more obvious and eye-catching under the stage lights.

[My God, this outfit is so good looking! What kind of celestial ceremonial dress is this?]

[I feel like Jiang Xun’s entire body is glowing.]

[The debut of a super-seasonal custom dress. It’s really awesome!]

Jiang Xun’s style today is like a princess in the darkness who is facing the light.

[No, my Big Boss Xun has never been a princess. She’s a queen, a warrior!]

When Jiang Xun took the trophy from Zishan and raised it, her arms revealed beautiful lines.

[Look at the lines of her arms. They’re so beautiful.]

[Every time I see Jiang Xun, it invigorates my mind to work out, but I can’t hold on for long and give up. Looking at Jiang Xun, my fighting spirit is reignited. I’ll do sit-ups like this, wuwuwuwu!]

[She really looks like a white swan wrapped in black feathers! How can someone’s skin be so white that it’s glowing?]

Jiang Xun adjusted the microphone, held the trophy, and said, “Thank you, Feng Videos, for giving me this award. I would like to thank Director Deng Xu for giving me my first opportunity to perform. I would also like to thank director Deng Xu for sparing no effort in recommending me to Director Chen Zilong. I heard from Director Chen that he even received a recommendation call from Director Deng Xu when he was in the washroom.”

Everyone in the audience laughed at Jiang Xun’s words.

Deng Xu and Zilong were both present.

The camera happened to cut to Deng Xu and Zilong.

The two of them were not sitting together.

The director asked the two cameras to capture close-up shots of the two of them at the same time, which were displayed on separate screens.

Deng Xu pointed at the camera and shook his head while laughing. Zilong held his forehead and lowered his head, smiling helplessly.

Jiang Xun smiled and continued, "Thank you, Director Chen Zilong. He was the one who recommended me to audition for the film 'Path of Life.' Thank you, Director Guo Haolun and Scriptwriter Yu Wenhe. It was Teacher Yu who created the character Lin Xuyan."

Every time Jiang Xun mentioned a person, the camera panned to them.

At the mention of Scriptwriter Yu, Scriptwriter Yu opened his mouth to the camera, as if he wanted to say something.

Jiang Xun paused for a moment.

One of the staff members bent over to avoid the camera and passed the microphone to the guests at the edge of their seats, and they passed it one by one, to Scriptwriter Yu.

Chapter 355 Oh My God, Who Is Jiang Xun Looking At?!

Scriptwriter Yu took the microphone and shook his head. "You are the one I based the character Lin Xuyan off."

Scriptwriter Yu had never told anyone about this.

As soon as he said that, everyone present, except for a few guests who knew about it, and the audience watching the livestream, was surprised.

[I've never heard of this before!]

[The scriptwriter said it himself, how could it be fake?]

[No wonder Jiang Xun was chosen to play Lin Xuyan's role. Youlan didn't lose the role. She only lost to the character's prototype.]

[Hehe, Su Youlan's fans are still stubborn. There have been so many documentaries and movies with prototype stories, and the characters in them were based on the characters of the past. Why didn't the director directly find the prototype to act in it? Even if you're the prototype, you have to have good acting skills to be able to act out the role.]

Jiang Xun said with a smile, "It's because of this that I was able to play this role well."

Unexpectedly, Scriptwriter Yu shook his head again, picked up the microphone, and said, "You've had life experience and gone through hardships. That's why you know how to act out the details of Lin Xuyan's life. You've told me yourself that you and Lin Xuyan are two different people. Even though she's

based off you, she has her own independent personality. Her life trajectory and life experiences are different from yours. The two of you are walking on two different paths. You can't actually become Lin Xuyan. It's just that your life experience has helped you better understand the character Lin Xuyan."

"You've also experienced the work Lin Xuyan did at home and the grievances she suffered in the drama. You know how to wash clothes by hand, and you know the mentality of a young girl who have that experience. At the end of the day, it's still your acting that's good," said Scriptwriter Yu. "It has nothing to do with whether you're the one Lin Xuyan was based on or not. It's related to your life experience."

[Well said, Scriptwriter Yu.]

[Su Youlan's fanbase is really like a hot knife spinning in the air.]

[It's so funny. Su Youlan's fans mocked Jiang Xun for being a natural and didn't need any acting skills. And now, Scriptwriter Yu slapped them in the face.]

[Scriptwriter Yu is right. Actors have to act well, empathize with their own feelings, and experience life. Many artistes receive sky-high salaries and live a comfortable life. No matter what happens in their daily lives, their assistants settle it for them. They didn't even know how to pay with their mobile phones. How can they act in a life drama with such a salary? No wonder the movies are getting worse. It's not just a problem with the script, it's also a problem with the actors.]

[I remember that Gao Zishan once really registered as a rider to deliver food in order to play the role of a delivery person well.]

Scriptwriter Yu returned the microphone to the staff and said no more.

Jiang Xun continued, "Thank you, Director Guo Haolun and Scriptwriter Yu, for giving me the opportunity to play such an important role. Thank you for your trust in me. As a newbie who has just entered the industry, I still have a lot of things to learn and work hard on."

Jiang Xun's eyes swept across the audience and suddenly found a figure that she was extremely familiar with.

It was actually Mufeng!

He sat in the middle of the audience in a low-profile manner, submerged in the audience.

But she still saw him at a glance.

The man was still so eye-catching even in the vast sea of people.

Jiang Xun's eyes lit up, and she couldn't help but smile.

Her smile was different from when she was facing the camera. It seemed to be sweeter.

[Oh my God, who is Jiang Xun looking at?!]

[Why do you look like you're looking at your boyfriend?]

[Great CEO Qin? Didn't you see Feng Videos say he was coming?]

[Director! Cameraman! Hurry up and look for the person in the audience! Let's see who Jiang Xun is looking at!]

"I would also like to thank those who have always supported me," Jiang Xun looked at Mufeng and said.

After Jiang Xun got off the stage, she happened to see Mufeng get up. Seeing that she was looking over, Mufeng's head slightly pointed in the direction of the exit. Jiang Xun understood immediately.

Mufeng went out. Jiang Xun also went backstage quietly and called Xin'an and Boliang.

Anyway, she had already received all her awards and didn't need to stay any longer.

"Jiang Jiang! Congratulations!" Xin'an came over and hugged Jiang Xun.

"Jiang Jiang, congratulations!" Boliang said happily.

"Why did you come here so quickly?" Xin'an asked, "Are you preparing to leave?"

"Yes, Qin Mufeng is here. I'll go with him. Brother Fei, send An'an home." Jiang Xun told the two of them.

"No problem," Boliang said with a smile.

The three of them walked out together. Jiang Xun received a call from Mufeng.

"The front is blocked by fans. I've parked the car at the back door. You guys can come out from the back door," Mufeng said over the phone.

"Alright." Jiang Xun hung up the phone and told Boliang and Xin'an.

"Then I'll go and get the car," Boliang said.

"It's fine, I'll go with you." Xin'an said.

Boliang thought that it worked as well.

The three of them came out from the back door and saw Mufeng parking his car at the door.

He was standing by the car. He had been waiting alone with a cold face that kept strangers away, but the moment he saw Jiang Xun, he smiled warmly.

Even the cold night that made people shiver seemed to have become warm.

Boliang gave Xin'an a look. The two of them didn't even have time to say goodbye to Mufeng and quickly left.

Compared to politely greeting Mufeng, Mufeng hoped that they would leave quickly and not be a third wheel.

Hence, when he saw the two of them run away without saying a word, Mufeng's face revealed an even more satisfied expression.

Jiang Xun's dress was too long, and her heels were too high.

She was still not used to walking in high heels.

Don't look at how she practiced martial arts, had good skills, and had a strong balance.

She could not do anything about wearing high heels.

At least now, she could walk steadily without falling.

However, Jiang Xun really couldn't run as fast as those female celebrities when in high heels.

She lifted the hem of her dress and carefully walked down the steps.

Who knew that she would be hugged by Mufeng after going down one step.

He directly carried her down the steps.

Jiang Xun got into the car and fastened her seat belt. Mufeng then started the car.

"How did you get here?" Jiang Xun asked in surprise. And he also happened to see her on stage to receive the award.

"I want to see the picture you sent me today with my own eyes." Mufeng quickly turned his head and glanced at Jiang Xun.

It was dark inside the car, and her big skirt with puffy feathers was folded into a ball on her knee.

It made her feel like she was immersed in the black feathers.

Her exposed skin looked even whiter.

"When I get home, you can look at it," Jiang Xun raised her eyebrows and said.

"I'm afraid that you'll find these clothes too cumbersome after the event and change out of them first." Mufeng chuckled and said with a clear voice.

Jiang Xun: "..."

It was possible.

If it wasn't because she saw that Mufeng had arrived and was in a hurry to leave, she would have really changed out of this dress.

Chapter 356 The Dress Worth Tens Of Millions Was Lying On The Ground

The dress was indeed pretty, but it was heavy and complicated.

Jiang Xun had a particularly difficult time walking. She couldn't be agile, and it often made her lose her temper.

"Do you have flat shoes in your car?" Jiang Xun asked.

"It's my fault. I'll prepare a pair for the car tomorrow." Mufeng had really forgotten about this. "Why don't we go and buy a pair now?"

"No need," Jiang Xun quickly said. "It's only a few steps from the garage to the house. I can do it."

Mufeng glanced at her. He did not know what she was thinking about, but he did not mention buying shoes again.

When they reached home, Mufeng parked the car in the garage.

He got out of the car and went to the door on Jiang Xun's side.

Jiang Xun opened the car door and saw Mufeng lower his knees. With his back facing her, he said, "I'll carry you."

Jiang Xun did not stand on ceremony with him. She took off her high heels and jumped onto Mufeng's back.

Mufeng caught her steadily and did not stagger a step.

Jiang Xun swung her legs happily, and her fair feet were exposed from her feather dress.

The part that was white was really white, but the outer sides of the little toes on both feet were also visibly red from being squeezed by the tips of the high heels.

Although it wasn't worn out, he could tell that it must be uncomfortable for her.

"Anyway, the dress is long and it's blocking the shoes. Next time, just wear flat shoes." Mufeng said.

Jiang Xun thought that it really could work, so she agreed.

Mufeng carried her to the door. The original fingerprint lock on the door had been changed to the latest model of the brand that Jiang Xun endorsed.

Although Mufeng's original brand was more expensive, he had never paid attention to the brand he used.

Since Jiang Xun was endorsing the fingerprint lock, he had to support her.

Otherwise, if Jiang Xun's live stream one day accidentally captured the fingerprint lock in the background and her fans found out that the fingerprint lock Jiang Xun used was not the one she endorsed, it would not be good.

The fans would think that Jiang Xun was faking it.

Jiang Xun opened the cover of the fingerprint lock and her left index finger stopped on the fingerprint reader for a while.

They heard the sound of the door opening.

Mufeng carried Jiang Xun into the house and put her down. He closed the door and turned on the lights.

Jiang Xun was about to change out of her clothes when she was suddenly pulled into Mufeng's arms from behind.

Jiang Xun wanted to say that she would go and change out of her clothes first. But before she could say a word, her lips were blocked by Mufeng.

Jiang Xun felt as if she had really become a black swan crossing its neck on the lake and was about to melt in the water.

Mufeng restrained himself and took a deep breath. His voice was tense. "It's indeed more shocking to see it in front of me than in the photos."

The extreme black dress set off Jiang Xun's extreme white.

It was as if he had accidentally entered a dark fairy tale world.

She was like a demoness from the depths of the black forest.

Her thick black hair was scattered on the pillow, and some of her black hair fell on her white shoulders.

It was so white that it made Mufeng lose his mind.

*

In the morning, Jiang Xun woke up yawning.

The dress that was worth tens of millions was thrown on the ground by Mufeng last night without knowing how to cherish it.

If Jiang Xun had not stopped him, Mufeng would not even have had the patience to look for the zipper hidden in the dark. He planned to tear it open directly.

But even so, the sight of this dress, which was worth tens of millions, lying on the ground still looked somewhat desolate.

Without the black feathers, Jiang Xun was like a white swan.

At night, she was a banshee in the black forest, and during the day, she was a little girl full of contradictions in a bright fairy world.

Last night, Mufeng had carried Jiang Xun back and stripped her of all her swan feathers.

Hence, she did not have the time to check the news on Weibo.

When Jiang Xun came back after taking a shower, Mufeng had already taken a shower in the bathroom next door. He had changed into a set of home clothes.

Only then did Jiang Xun realize how lively Weibo had been last night.

First, Xiaohe directly called Youlan out and accused her of using unscrupulous means to deal with Jiang Xun, even implicating his styling studio.

Youlan didn't react in time because she was at the ceremony.

Therefore, this matter had already fermented very badly on the internet.

Xin'an also sent Jiang Xun more than ten WeChat messages.

[Jiang Jiang, I heard from Sister Yao's assistant that you won an award last night. After we left the venue, Su Youlan also left with her team with a dark expression. Because she went to ask Feng Videos, she found out that she was only nominated last night so she didn't even get a trophy.]

Xin'an: [When they announced that you've won the award, Su Youlan's face was so sour. They even took captured it.]

Xin'an: [Su Youlan's sour face video. [Video]]

After Jiang Xun finished reading all of Xin'an's subsequent messages, she went back to Weibo.

Youlan probably saw Xiaohe's Weibo post on her way back and quickly contacted him.

At 11:30 am, Youlan's studio sent a lawyer's letter to Xiaohe.

It expressed that Xiaohe's words were pure nonsense and Youlan reserved the right to pursue the matter.

However, Xiaohe was not afraid at all. He also threw out a lawyer's letter.

It indicated that if Youlan really wanted to sue him, he wouldn't back down even if they went to court.

The most exciting thing was that the official seal of the lawyer's letter that Xiaohe sent turned out to be that of the number one law firm in the capital. It had a high winning rate and was full of big lawyers.

Very few lawyers in the industry were willing to fight with this law firm.

Compared to Xiaohe's lawyer, Youlan's lawyer was like a child playing house.

At the same time, with the support of Mufeng and Shanpin Media, Yicheng's management company, Shanpin Media, also sent out a lawyer's letter.

Shanpin Media: "It's rumored on the internet that Jiang Xun signed a platform contract with Feng Videos. It's not true. Jiang Xun's current contract is with our company. Jiang Xun doesn't need to sign a contract with Feng Videos to obtain its resources. Our company hereby makes a solemn statement that as long as Jiang Xun is still an artiste of our company, she will not sign a platform contract with any video platform. Jiang Xun and Feng Videos work well together, and it's all because of Jiang Xun's good performance that the platform is willing to work with her."

Following that, the official Weibo of Feng Videos also released a statement.

Feng Videos V: "Feng Videos has not signed a platform contract with Jiang Xun, and we will not sign a platform contract with her. Both sides follow the principle of a win-win cooperation and have done things in accordance with the rules of the industry. However, Feng Videos and Jiang Xun are happy with each other and look forward to more cooperation opportunities in the future. There are rumors that Jiang Xun and Feng Videos had signed a platform contract, and Jiang Xun would take 10% of the profits while Defeng would take 90%. Our company solemnly reserves the right to pursue the netizens who irresponsibly spread rumors. The internet isn't a place outside of the law. Please be careful when you speak and be responsible for your words and actions."

[Awesome! It's natural that Jiang Xun's own company came out to support her, but even Feng Videos voiced up.]

Chapter 357 What's The Difference?

[Jiang Xun is the darling of the entertainment industry? She was the Shanpin princess when she was in Shanpin. Now, the general manager of Shanpin who was in charge of Shanpin Media had even become Jiang Xun's manager. Whenever there were any rumors about Jiang Xun on the internet, the management company would immediately send a lawyer's letter to them. I'm already tired of being envious of you. Can you poach my brother from such a management company?]

[Moreover, a big platform like Feng Videos has always been the dominant one, but it's completely not reflected in Jiang Xun's case. They're as humble as a bootlicker!]

[I've never seen Feng Videos protect other artistes like this.]

Jiang Xun scrolled through the comments and stopped reading them.

She turned to look at the hot search.

Unsurprisingly, her style was still on the hot search.

Even the news of ES and T brand claiming Jiang Xun's clothes and jewelry also made it to the hot search.

Youlan was in second place.

However, it was not a good hot search.

Hot search 2: [Su Youlan's face darkened on the spot after failing to win the award]

Clicking on this hot search, the comments under the marketing account were all controlled by Youlan's fans.

No negative comments from netizens or other people were allowed to appear in the front row.

However, if one clicked on the live comments...

Many netizens were criticizing Youlan.

They ridiculed Youlan for being petty.

They cursed at Youlan.

They complained that Youlan's character didn't match her performance.

They cursed at Youlan.

Wait a minute.

Jiang Xun had gained another wave of favorability because of her appearance last night.

It was not just the fans, there were also some netizens who simply thought that she was dressed beautifully and that she could pull off ES's dress perfectly.

[Favorability +50229]

It just so happened that tonight was also the ending of "Path of Life."

Jixuan usually watched the drama in his dormitory, but tonight was the grand finale. He felt that tonight was especially important and memorable, so he had come to find Jiang Xun.

Jixuan couldn't enter the neighborhood.

Jiang Xun went to the entrance of the neighborhood to pick him up.

On the way, Jixuan wanted to say something but stopped himself several times. He wanted to tell Jiang Xun that Chengye was also watching "Path of Life" at home.

As long as Chengye did not have to entertain clients or work overtime, he would definitely watch the live broadcast in front of the television.

If Chengye was unable to watch the livestream because of work, he would watch it again on Feng Videos after work.

But Jiang Xun probably didn't want to know about this.

Chengye's current actions were like a cotton-padded jacket in summer or a cattail-leaf fan in winter. They were unnecessary things for Jiang Xun.

Therefore, Jixuan struggled for a while and did not say anything.

"What are you struggling about?" Jiang Xun looked at Jixuan.

Jixuan shook his head. "It's nothing."

Jiang Xun frowned. "Did someone bully you in school?"

"What are you thinking!" Jixuan said unhappily, "I'm already so old. How can I be bullied? How embarrassing! Besides, That's Beijing University, not some low-class place. Who would bully me?"

"You've been absent-minded the whole time, looking like you want to say something but don't dare to." Jiang Xun pursed her lips. "I'll only ask you this once. If you don't tell me, I won't ask you again."

Jixuan hesitated for a moment, but in the end, he chose not to say anything.

He shook his head and said, "I'm really fine."

Jiang Xun had given him a chance. If he didn't say anything, she really wouldn't ask.

Unsurprisingly, the ratings and views of the finale hit a new high.

That night, Jixuan stayed in Jiang Xun's original house next door.

Back then, she had paid a year's rent, and it was now empty for Jixuan to live in.

Usually when Jixuan did not stay in the dormitory, he would come over occasionally.

The next day, Jiang Xun received a call from Yicheng. She heard Yicheng's cheerful voice. "Jiang Jiang, good news!"

"Do you know the C brand.U.?" Yicheng asked.

“Yes.” Jiang Xun nodded. “I heard that the style is similar to C brand.”

“Right, C.U. is now a mid-to-high-end brand. When it first became famous, it was said to be a substitute for C brand,” Yicheng said. “The design is similar to C brand, but the price is much cheaper. However, it’s not too cheap either. The average price of one piece is about three to four thousand yuan, and it’s also very popular with women with a certain amount of financial ability.”

“The brand representative saw you perform on the red carpet in the ES dress and felt that you could express the characteristics of the clothing very well. He is interested in discussing an endorsement with you.”

“If this endorsement is successful, you’ll have a wider audience in the market and you’ll get more good endorsements in the future.”

While listening to Yicheng, Jiang Xun took out her tablet and searched for clothes from the C brand.U.

She had heard of this brand before, but she had never paid attention to the clothes in this store.

This time, after hearing Yicheng’s words, she went to do a search and found that the design style was indeed very detailed like C brand.

Only a few details were different, but the overall style made it hard to tell which brand an outfit was from at a glance.

The comments were also very positive about the brand.

Most of them felt that C brand was too expensive, but they also liked its style. It just so happened that C.U. had a good design and tailoring, and its price was different from the mid-to low-end brands.

As a result, it was deeply loved by fixed consumers.

“I’ll consider this brand,” Jiang Xun said.

“What’s wrong?” Yicheng was confused. “You don’t like this brand?”

If Jiang Xun liked a brand, she would always agree readily.

For example, Jiang Xun had agreed to Yi Lan and Tupao without hesitation.

“It’s not that I’m not optimistic about it, but I just feel that the style of this brand is not very similar to mine,” Jiang Xun said. “I’ve also seen the design style of this brand. In addition to C brand, there are some french fashionistas. It looks pretty good. However, there was no difference between the updates of each quarter and the previous quarter. They only changed the color of the same design and pretended that it was the new model of the season. They didn’t seem to put much effort into it.”

Jiang Xun took a few screenshots and sent them to Yicheng. “Can you tell the difference between these two models other than the color and pattern?”

Yicheng: “...”

“I really can’t tell.” However, wasn’t it because he was straight?

"I can't tell either because the style is exactly the same. The only difference is the color. It's too patronizing to the consumers," Jiang Xun said. "If I were a customer, I might buy this brand's clothes once or twice, but I won't follow the new products of this brand because I can't tell what's new about the new products. Also, I wouldn't be so rich that I could buy several pieces of the same style in different colors."

"How about this, I'll go to the brand's store today to touch the texture of the clothes. After deducting the brand premium, I wonder if its cutting and materials are worth the consumers spending so much money on these perfunctory designs," Jiang Xun said. "I'll decide if I want to be the spokesperson after I come back from looking at it."

Chapter 358 When Jiang Xun Walked Out, The Shop Assistant Was Stunned

Yicheng thought that Jiang Xun being so responsible for the brand she would endorse was indeed reassuring. He didn't have to worry about the brand endorsement failing.

"By the way, Huo Mengyao's manager contacted me again today. He asked if you wanted to go on a celebrity love drama with Huo Mengyao. I rejected him," Yicheng said.

If Jiang Xun went on a love drama with another man, wouldn't Mufeng, that old jar of jealousy, be smashed?

However, even without considering Mufeng, Jiang Xun would definitely not go.

"He asked me the day we went to visit the offices. I didn't agree," Jiang Xun said.

In the afternoon, Mufeng worked from home while Jiang Xun put on a baseball cap and a mask and changed into clothes for going out.

The clothes she usually wore were all Yi Lan's.

Although her contract with Yi Lan had expired, Yi Lan had given her many clothes every month during the contract period.

There were so many that she couldn't wear them all. Jiang Xun even gave some to her three roommates and Xin'an.

Jiang Xun was still wearing the rest of the clothes.

To her, clothes didn't need to be expensive as long as she could wear them.

Jiang Xun put on this dress and asked Boliang to pick her up.

Xin'an knew that she was going to the C.U. store and strongly requested to go with her.

Hence, Boliang went to pick up Xin'an along the way before they arrived at Jiang Xun's place.

Jiang Xun checked where C.U.'s stores were and finally chose one that was on Guomao Avenue. It was not in the mall and had its own door. It was the largest store in the capital.

Coincidentally, Xin'an was also wearing Yi Lan's clothes that Jiang Xun had given her.

Boliang parked the car in front of the store. The two got out of the car, and Boliang went to park the car.

Guomao Avenue was very lively on Saturday.

The streets were filled with fashionably dressed young men and women.

When Jiang Xun and Xin'an entered the store, they realized that there were only two or three customers. There were not many people.

Jiang Xun asked Xin'an in a low voice, "Have you been to a C.U. store before?"

Xin'an shook her head. "C.U.'s price is still a little too high for me. I only pass by occasionally when I go shopping.

"Are there always so few people in their store?" Jiang Xun asked softly.

"It's probably because online shopping is very convenient now, and it's even cheaper when there's a promotion, so few people come to physical stores to buy," Xin'an said softly. "In addition, the price is expensive, so there's a limited number of buyers. In any case, if it were me, I wouldn't spend two or three thousand yuan on a shirt. It's quite a heartache if it gets dirty, but a few hundred yuan is enough to wear."

There were very few customers in the store, and it was very quiet. Even if the two of them were whispering, it was heard by the shop assistant standing nearby.

The shop assistant's eyes revealed a look of disdain, and she secretly pouted.

Usually, Xin'an would not come to such an expensive store, but with Jiang Xun around, she was full of confidence.

She looked at the designs in the store and touched the material of the clothes.

On the way there, Jiang Xun had told her to pay attention to the lines and cutting when she looked at it, and to pay attention to the effect and comfort when she tried it on.

Jiang Xun took out a piece of clothing and was about to ask the shop assistant for the right size.

The shop assistant who had overheard her conversation with Xin'an immediately pretended to be busy and went to serve the other two customers.

"Hello, do you have a number 1?" Jiang Xun said while holding a shirt.

"Wait a minute, I'll take a look for you later." The shop assistant said.

The two shop assistants ignored Jiang Xun and waited for the two customers to go to the fitting room.

Jiang Xun asked again when the two shop assistants were free.

"I'll check for you later," the shop assistant said in a neutral tone.

Jiang Xun simply put the clothes back and went to look at other clothes.

She didn't care if she liked the style or not. She only took ones with the right size to try on.

After a while, Jiang Xun finished trying on the dress and took it out. However, she was stopped by the shop assistant. "Madam, would you like to buy this dress?"

Jiang Xun shook her head. "I don't look very good in this. Besides, I don't know if the cutting of your clothes is intentional or if there are some problems. After I put it on, the fabric at the waist is stacked, and the front part of the abdomen is squeezed out. It gives people the illusion that the stomach is big."

The shop assistant's gaze fell on Jiang Xun's lower abdomen and smiled. "Our clothes are designed to test one's figure."

Under the mask, Jiang Xun smiled and handed the clothes to the shop assistant. "I see that you have a good figure. Why don't you try it on? See if it's like what I said?"

"We are not allowed to do that." The shop assistant gave a fake smile and took the clothes.

Seeing that Jiang Xun was looking at other clothes, the shop assistant followed her closely. "You can try them on after you're sure you want to buy them, right?"

Jiang Xun raised her eyebrows. "How would I know if it's suitable if I don't try them?"

"Then you can try them." The shop assistant said unwillingly.

When Jiang Xun went to try on the clothes, the shop assistant complained to her colleague outside, "She tried them on but didn't buy them. She's adding to our workload of tidying up the clothes she tried on."

"They're just here to try their sizes. They'll go back and wait for the online promotion or purchase on their behalf." The colleague said in an understanding tone.

Jiang Xun came out in the dress she had chosen this time.

"Jiang..." Xin'an called out but quickly stopped.

Jiang Xun was quite well-known now, so she came to visit the store in a low-key manner while wearing a mask and a baseball cap.

Who knew if the two shop assistants would recognize Jiang Xun from the way she addressed her?

Xin'an walked over. "Why do I feel like this dress is weird too?"

"Well, the shoulders of this dress are very strange. They keep sliding in the direction of the neck, and the split of the dress is easy to open up. The wind in the capital is still very strong." Jiang Xun shook her head.

"Then you won't buy this one either?" the shop assistant couldn't help but sneer.

Meeting such a difficult person to please, everything seemed to have problems. It was a waste of time for her to just try without buying the clothes.

"Since the clothes won't do, why should I buy them?" Jiang Xun asked coldly, "Or are there customers who come here and buy everything they try on? If I don't buy it, do I have to be ridiculed by you like this?"

"Madam, it's you who doesn't look good. It's not our clothes that are not good," The shop assistant said with a cold face. "If you say that, other customers will misunderstand our brand."

"I'm the one who said it," Jiang Xun said coldly. "If you think it's wrong, get your brand to send me a lawyer's letter."

After that, Jiang Xun returned to the fitting room and changed into her own clothes.

This time, she didn't wear the cap or mask, and her face was exposed.

When Jiang Xun walked out, the shop assistant was stunned.

She really did recognize Jiang Xun!

"I'm afraid that your brand doesn't know who to send a lawyer's letter to," Jiang Xun said coldly. "I won't hide it either."

"The two of you can give feedback to the brand," Xin'an said. "If the brand feels that Jiang Xun is talking nonsense and deliberately defaming the brand, feel free to send a lawyer's letter to Jiang Xun's studio."

After that, she left with Jiang Xun.

"Was that... really Jiang Xun?" the colleague came back to her senses and stuttered a little.

Chapter 359 Jiang Xun Went Home With A Strange Man In The Evening

The shop assistant recalled what she had just said to Jiang Xun.

She said that Jiang Xun's figure was not good.

However, if Jiang Xun's figure was not good, who would dare to say that their figure was good?

"Did Jiang Xun need to disguise herself like that?" The shop assistant couldn't help but grumble. Moreover, she came into a store like theirs dressed so shabbily that anything would think she couldn't afford it at all.

The colleague couldn't say anything. She had really misjudged this time.

Jiang Xun and Xin'an left the store. Xin'an called Boliang angrily and told him that he could come and pick them up.

Boliang wondered why the two of them had come out so quickly.

It would take a long time for Jiang Xun to examine the clothes.

That was because Jiang Xun would examine them carefully.

"Don't say anymore. The staff here are really too snobbish." Xin'an was also very angry. "I'll tell you when you get here."

Boliang came over quickly, and the two got in the car.

Xin'an then told Boliang about what had happened in the store.

"Are we still going to check out the other stores?" Boliang asked. "Not all shop assistants are like this."

"It's fine. I've already seen most of the clothes from this brand," Jiang Xun said. "Let's go back early. You guys should rest too."

“Alright,” Boliang replied.

While Jiang Xun was visiting the store, Youlan’s manager, Sister Ran, heard that C.U. was interested in working with Jiang Xun and making her their spokesperson.

Sister Ran immediately told Youlan.

“Sister Ran, if I’m not mistaken, I don’t have any endorsement or collaborations right now, right?” Youlan asked. “I remember the contract with our previous brand just ended.”

“That’s right, but aren’t we trying to get the position of C brand’s ambassador?” Sister Ran asked. “You’re still under observation for C brand. What, you want to be the ambassador for C.U.?”

“I remember that C.U. approached me many times before, asking me to endorse their products. It’s just that I had an endorsement deal before, and then I was trying to become C brand’s ambassador, so I didn’t agree to their offer.”

“C brand has been observing me for a long time, but I haven’t seen any results. I heard that they seem to be more interested in Yan Zhiqing recently. Yan Zhiqing has the Yan family as her backing. I don’t have much of a chance of winning against her.” Youlan touched the corner of her eyes and pondered. “What if I take the initiative to contact C.U. And want to work with them? Then, will they choose Jiang Xun as the spokesperson or me?”

“Of course, they’ll choose you,” Sister Ran said without thinking. “No matter what, you’re their first love. Otherwise, they wouldn’t have come looking for you so many times.

“If you really want to work with C.U., It’s not a bad idea. C.U.’s grade is not bad, but it’s a step away from luxury. Your value won’t drop if you’re C.U.’s spokesperson,” Sister Ran said.

“Then contact them,” Youlan said. “Contact them as soon as possible. Don’t wait until they’ve really signed a contract with Jiang Xun.”

“Then I’ll tell them now.” Sister Ran contacted C.U. in front of Youlan.

Hearing that Youlan actually agreed to be the spokesperson, the other side was naturally very happy.

It could simply be said to be an unexpected surprise.

However, since they had already contacted Jiang Xun, it was not easy to make a decision at the moment. They still needed to hold another meeting to discuss it.

They did not agree immediately.

Youlan’s face turned dark when she saw that the other party didn’t agree at the first moment.

Sister Ran quickly consoled her. “This is a common thing. You’ve been in the entertainment industry for so long. Don’t you know? Even if they go to the meeting, they will still choose you in the end.”

*

On the way home, Jiang Xun took out her phone and was about to tell Yicheng that she was not going to accept the C.U. endorsement.

Xin'an's phone rang with a WeChat notification.

One message came after another, followed by a phone call.

Yicheng also called Jiang Xun.

Jiang Xun picked up. Before she could say anything, she heard Yicheng say, "The paparazzi took a photo of you returning to your neighborhood with a strange man."

"A strange man?" Jiang Xun was stunned for a moment. "Qin Mufeng and I?"

"No, he's a little shorter than CEO Qin from the back," Yicheng said.

Jiang Xun had a guess when she heard that. "Let me take a look first."

Jiang Xun hung up the phone and opened Weibo.

Unexpectedly, her scandal was directly on the top of the hot search.

Hot search 1: [Jiang Xun's love exposed]

Jiang Xun clicked into the hot search and saw that many marketing accounts was posting the same thing.

Entertainment Circle: [#Jiang Xun's relationship exposed. Jiang Xun went home with a strange man in the evening. The man didn't come out of the neighborhood until the next morning.]

There was a photo of Jiang Xun and a strange man walking side by side into the neighborhood.

There were also photos of the man coming out the next morning.

However, because the camera was too far away and the man was wearing a baseball cap, they couldn't get a clear picture of his face.

The netizens who didn't know the man in the photo naturally couldn't tell who he was from the blurry resolution.

But Jiang Xun knew the person in the photo all too well.

Wasn't the person in the photo Jixuan?

But the netizens did not know.

Under the related gossip posted by the marketing account, it was full of curses from Xunmeng's shippers.

[Damn, Xunmeng is so sad?]

[It's not just Xunmeng, Fengjiang is also sad.]

[The Fengjiang ship is much more popular than the Xunmeng ship. As long as Great CEO Qin and Jiang Xun are in the same frame, the popularity will soar immediately. In the end, Jiang Xun came up with this.]

[So, don't believe in any ship.]

[I thought Jiang Xun was a rare beauty in the entertainment industry. I didn't expect her to be like this too.]

[I wonder who this man is?]

[He went home with her. They must be living together.]

[Jiang Xun's nominal age is only 20 after the new year, right? Hehe, what a good game.]

[Do you really think she's some pure little flower? If she's so pure, how could she have transformed from an influencer to a popular starlet in the entertainment industry so quickly?]

There were even private messages from Xunmeng's fans to scold Jiang Xun.

They scolded her for letting Huo Mengyao down.

They scolded her for not knowing how to love herself.

They scolded her for lying to her fans.

On the other hand, the Fengjiang shippers were still very restrained.

Only a small number of fans had sent her private messages to scold her.

Most of the fans remembered the lesson of the Jiangfams' previous loss of fans and did not express their opinions immediately. They planned to wait for Jiang Xun's public reply.

It was also because there were many fans of the Fengjiang ship, and the fans were also comforting the Fengjiang shippers.

Eating Jiang: [Everyone, don't rush to conclusions. Trust Jiang Jiang.]

Spicy JJ: [With Jiang Jiang's character, she will definitely respond regardless of whether it's true or not. We've been Jiang Jiang's fans for a long time, so we should have a certain understanding of her character.]

Split Underpants: [Think about the previous time when Jiang Jiang was exposed to be the eldest daughter of the Chengye Group. Many of her fans left her. But what happened after that? It turned out that Jiang Jiang's experience was far more heartbreaking than we originally guessed. She had never mentioned it, nor had she ever taken it out to act pitiful. Instead, it was used by people to attack her. At that time, many fans chose not to trust her. In fact, it hurt her more than the netizens who attacked her. Wasn't that lesson enough? Even if everyone is angry and wants to stop being her fan, you could wait for Jiang Jiang's reply before deciding whether to stop being her fan. Before that, everyone should remain silent and not ask Jiang Jiang, because she will definitely give us an explanation.]

Chapter 360 Are You Trying To Take Advantage Of Us?

Dan Dan: [Don't forget that after the truth was revealed, the fans who quit came back. We've said it before. That was the only chance. If you stop being a fan this time, we won't take you back in.]

Infatuated With Autumn: [It's the same for the Fengjiang shippers. If someone chooses to distrust her and quit being a fan before Jiang Jiang responds, and later finds out that it was a misunderstanding, we will no longer accept you as fans.]

Jiang Xun sent a WeChat message to Yicheng. [The one who was photographed was my brother, Jiang Jixuan.]

Yicheng naturally knew that it was impossible for Jiang Xun to have any contact with other men that exceeded the boundaries.

But Jiang Xun had many underlings!

Other than her brother, there were also the school bullies and Yu Bingbing.

Yicheng knew about their relationship with Jiang Xun.

However, he was afraid that it would be difficult to explain if she was photographed with them.

Now that he knew it was Jixuan, Yicheng heaved a sigh of relief. "It's much easier to explain if it's Little Jiang."

"I'll clear things up in the name of my studio. If you're willing to say it, you can post it again yourself," Yicheng said. "Wait a minute. I have to take this call."

Yicheng hung up the call with Jiang Xun and picked up another call.

He didn't expect it to be Mengyao's manager, Caoye.

"CEO Wang, I saw Jiang Xun's relationship scandal that was exposed by the paparazzi." Caoye laughed and said, "We are very willing to help."

When Yicheng heard this, he turned on the recording function of his phone and said, "You guys?"

Yicheng sneered. "How do you plan to help?"

"As long as you agree to cooperate with us," Caoye laughed, "Our Brother Yao can make a sacrifice. Come out and say that the person in the photo is him."

"You're trying to take advantage of us?" Yicheng laughed at the shamelessness of the Caoye and Mengyao.

"Hey! How can you say that we're taking advantage of you?" Caoye didn't agree with such a statement. "Didn't Jiang Xun accidentally expose her relationship? If she had been more careful, this wouldn't have happened, right?"

"Moreover, Jiang Xun and our Brother Yao's ship is very popular. If Brother Yao comes forward, this matter will be easily resolved and the fans will accept it easily," Caoye smiled and said. "We're not really letting them fall in love. If you're worried, we can sign an agreement. It'll be fine after a while."

"Fuck the hell off!" Yicheng wanted to scold these two shameless people for a long time.

Unfortunately, Huo Mengyao wasn't on the other side of the phone, so he could only scold Caoye.

Otherwise, he would scold Huo Mengyao as well!

He was like a fake that pestered Jiang Xun every day.

She had already rejected him, yet he still had the face to single-handedly tie Jiang Xun up to create a ship.

Yicheng had never managed an artiste before, nor had he been a manager.

Now, he finally understood the distress of those artistes who were tied up and had no way to get rid of the other party.

Yicheng wanted to curse at Caoye and Mengyao!

Caoye felt that the initiative was in their hands, so he was gloating and laughing triumphantly.

However, Yicheng suddenly started to curse.

Caoye's face turned cold. "CEO Wang, I'm talking to you nicely. What do you mean by scolding me?" He said in a deep voice.

"Hmph!" Yicheng spat and said, "Jiang Xun's scandal was released by your side, right?"

Of course, Caoye could not admit it. "CEO Wang, you must be joking. We just saw this scandal and came to work with you out of good intentions."

"Like that's true." Yicheng refused. "We won't work with you. Just based on your underhanded methods, we will never work with you in our lifetime! Fucker, my artiste is so unlucky that she met someone like Huo Mengyao during her filming."

"I'm telling you, stay away from my artiste in the future and don't come looking for me again. Ptui!" Yicheng hung up the phone and blacklisted the Caoye's number.

Then, Yicheng told Jiang Xun about this.

"Although I don't have any evidence, I think it must be the Guan Caoye and Huo Mengyao." Yicheng sneered. "This time, even the heavens are helping you. The person they took a picture of was Little Jiang. After the matter is cleared up, even if there is a next time, the netizens will not believe it."

Before Jiang Xun could speak, she heard Yicheng say, "Sigh, I'll get the studio to post a clarification post on Weibo first."

In the end, Yicheng had just hung up the phone and had not had time to inform the studio when he received a call from C.U.

Before Yicheng could explain to C.U. that it was all a misunderstanding, C.U. said, "CEO Wang, I'm really sorry. We've already contacted a new spokesperson."

"What do you mean? Didn't we agree that it would be Jiang Xun?" Yicheng had a stomach full of anger, and when he suddenly heard this, he became even angrier. However, he was still trying hard to control his temper.

“I’m sorry. We only had the intention to do so before. It’s just that we’ve found a more suitable spokesperson,” the other party said. “Besides, the scandal about Jiang Xun this time is not good for her image. It won’t help to improve our brand image either.”

Yicheng laughed silently. “It’s obvious that someone is messing with us this time, and it’s not true. If you had called a little later, you would have seen us clarify.”

“Yes, we definitely believe that the scandal this time isn’t true,” the other party said. “I also know that you will definitely resolve this as soon as possible.”

“Actually, this time, we’ve looked at many spokespersons and in the end, we feel that the other person is more suitable.” The other party made an excuse.

Many? Yicheng laughed.

Did they really think they were extravagant?

Examining the spokespersons?

They think he’s a piece of cake!

Yicheng felt that he would not be able to maintain his smiling tiger persona today.

He almost couldn’t help but spit it back.

However, Yicheng still wanted to know something, so he maintained a good attitude and asked, “Then can you tell me who you’ve decided to look for as your spokesperson?”

The other party felt that the spokesperson would have to be made public sooner or later, so there was no need to hide it. He said, “It’s Su Youlan.”

Yicheng sneered. “Su Youlan contacted you first, didn’t she?”

“Hehe.” The other party laughed drily, not knowing how to answer.

“It’s fine, I know.” Yicheng said.

It was obvious that Youlan knew that the brand had contacted Jiang Xun, so she quickly went to the brand and offered to be the spokesperson.

Youlan’s status was indeed much higher than Jiang Xun’s.

Jiang Xun’s scandal was not good for the brand image. It was all an excuse.

In reality, compared to Youlan, Jiang Xun’s scandal was no longer important.

Even if there weren’t any scandals, they would still choose Youlan.

He really didn’t expect Youlan to go this far to make things difficult for Jiang Xun.

Yicheng hung up the phone and didn’t contact Jiang Xun immediately. Instead, he asked the studio to post a clarification on Weibo.
