

Chapter 15:

The nursery rhyme stood up and looked at Ai Ai. She raised her hand and put her hair behind her ear. She looked nervous: “But I want to sleep.”

Immediately after the words fell, there was a commotion -

Xiaopang: “She refused Chengge, she refused Chengge!”

Old cat: “She doesn’t drive with Cheng Ge, she doesn’t want to win.”

Old k: “She refused the invitation from the thigh and refused the opportunity to return to the king.”

Lu Sicheng was silent: “You can sleep when you are full. Are you a pig?”

“Girls can’t stay up late, you don’t understand.” The nursery rhyme said seriously.

“No girl will sleep when she is full.”

“You know what girl.”

“Oh.”

Lu Sicheng turned his head and looked at the nursery rhymes. He clicked on the mouse to enter the single-row interface and began to wait in line to wait for the game to start. In early 2016, the League of Legends opened the pre-selected mode system, that is, when the game started to qualify for the qualifying session. The player can choose the position he is good at and the second position that is good at the player, so that the player can choose the position he wants when the system selects a player with different positions to make a reasonable match.

The preferred location for Lu Sicheng’s selection is of course adc;

The nursery rhyme stood next to Lu Sicheng and said for a while: “Are you going to play the wilderness? Then tomorrow, let’s go to the wilderness position. We can have a wave of wilderness linkage.”

At this point, the former Zgdx team’s predecessor, Zhong Shanming, licked his hands and stuffed his hands in his pocket and swayed into the hall, just to hear what she said, so Mingshen smiled: “You want to connect with our honest brother Zhongye?”

“How?” The nursery rhyme who was scared by chubby pit immediately turned his head. “Is there a story like the ‘zgdx

team's combination?"

"Try it tomorrow and you will know." Ming Shen smirked the shoulder of the nursery rhyme with a sigh of relief. "Good night."

"..."

With the uneasiness of the virgins, she picked up her big cake and went back to the room to sleep.

I had a nightmare at night, dreaming that she and Lu Sicheng had fallen from the "superior master" to the "small diamond section" in a row, and Lu Sicheng grabbed the pillow and slammed it on her face because of n. Live her neck -

"Hey..."

The nursery rhyme struggled to wake up, and spit out the cat hair in his mouth. Only then did he find that the big cake that was bad for sleep didn't know when it's rolling over the mountain from her soles. At this time, the fat cat was smashing. Pressed on her neck, the big paws slept very happily on her mouth.

The nursery rhyme pushed the cat away from the black line and looked out the window was already dawning, and she was stunned by Lu Sicheng's nightmare for a whole night...

Climb up and take a shower and change clean clothes downstairs. This time is 9:00 in the morning. The first floor of the team base is empty. The nursery rhyme opens the computer and checks the ranking of Lu Sicheng. He found that he hit the single row last night. At 6:30 in the morning, I didn't continue. Among them, I hang a few more machines. The winning point increased and decreased, staying at the drill point at 20 o'clock...

"..." The nursery rhyme looked up at the room of the upstairs teammates. At this time, the doors of each room were closed tightly. Obviously, those who had finished the all-night squad had just entered a dream.

- The daily routine of Internet addiction teenagers.

The nursery rhyme yawned, opened a can of tight cake with his feet and poured some dry food. The cat buried his head and licked it. In the sound of eating, she turned into the kitchen and opened the refrigerator, trying to see what could be inside. Feeding your own... At this time, the aunt who was employed by the base opened the door from the outside, and

looked at the virginity of the empty refrigerator in front of the refrigerator.

Then there was a while.

“Hello, I haven’t seen you before, who is the girlfriend of the team?”

“No, I am a newcomer yesterday.”

“Oh, can the little girl play the game?”

The aunt walked in magically, put down the food he had just bought, and then fried the fried rice with the remaining rice in the rice cooker. At 10:30 in the morning, the nursery rhyme looked at the watch: Auntie is going to have lunch?”

Auntie of life: “What kind of lunch, this is the material for lunch. Those little devils just have to sleep and have the strength to get up and have lunch... E-sports, no daytime. After a while, you will go to rest after dinner, they will have afternoons. Wake up to play games with you.”

Nursery rhymes: “...”

The nursery rhyme lowered his head and succumbed to the meal. After eating the meal on the sofa, he reported the peace to the family. He watched the American TV show with his mobile phone and finally reached the 12:30.

The nursery rhyme looked up at the ceiling: “It’s so boring.” Hanging on the sofa, holding the cat alone to face the empty training room, Tong Tong Sensen feels the life of the professional team members in the offseason is how to release themselves...

At 2 o’clock in the afternoon, the first sleeping beautiful man woke up.

Xiaopeng wore a pair of underwear and walked out of the room in a confused way. He squatted on the railing and looked down. He couldn’t look at the eyes of one person and one cat. The chubby squatted and then screamed and rolled. I rushed back to the room and slammed the door.

Nursery rhymes: “???”

Twenty minutes later, dressed neatly chubby went downstairs: “Children! How come you get up so early!”

The nursery rhyme looked at the wall clock on the base wall that was about to point to three points. He touched the cat faintly and said: “I have been up for six hours.”

The chubby who was looking for food in front of the

refrigerator turned his head and looked at the virginity with the eyes of the aliens.

Nursery rhymes: "...Ottoman underwear is good."

Xiaopang: ".....You teas me, I want to complain with Rui Ge! Deduct your salary!"

.....

The old cat got up at half past three.

Three to forty-five get up is the old k with a room in the old cat.

At half past four, Lu Sicheng appeared on the first floor of the base. The wet hair was still dripping. He stepped on the arm of the sofa with one foot. He said to the girl who curled up on the sofa and watched the American cat, "Hey."

The nursery rhyme put down the mobile phone and stood up, threw the cat hair on the big cake, and the fat cat squatted on the chubby thigh and seemed to be very satisfied with the softness.

The nursery rhymes began to line up with Lu Sicheng.

.....

The first one.

Lu Sicheng was discharged to the wilderness position. The two entered the game. At the beginning of their own work, they were still harmonious. Until the seventh minute, the virginity and the opposite squad were entangled, and suddenly they heard the man's low voice. Magnetic sound: "Do you want blue?"

- The so-called blue, is the "blue buff", a kind of wild monster in the map. After killing, the killer will be provided with a gain buff that increases the speed of returning to the blue and reduces the cooldown of the skill. Generally speaking, although the blue buff is a kind of wild monster, the first blue buff on the map will be given to the single player, so that the single player can enhance the online advantage on the line.

- There is also a "red buff" on the map, which is the same as the blue buff, but it will provide additional damage to the player after killing the red buff monster... While the blue buff belongs to the middle, the red buff belongs to the adc.

In addition to killing the corresponding wild monsters, the two buffs can be robbed of themselves by killing the enemy who carries such buffs.

Nursery rhymes: “Yes.”

The nursery rhyme said while controlling her character to move to the blue buff monster, but at this moment, she heard

Lu Sicheng said: “Don’t want it.”

Nursery rhyme: “What the ghosts don’t want,” Blue is the bottom line of dignity as a single -”

The words have not yet fallen, I saw a blue buff wild monster body light, before the nursery rhymes walked to the blue buff, Lu Sicheng handed over the punishment (* summoner skills, causing a lot of damage to the wild monsters, usually playing wild) Killed the blue buff.

Nursery rhymes: “.....”

Lu Sicheng: “There is nothing in the opposite.”

Nursery rhymes: “.....”

Lu Sicheng: “Go and get it yourself.”

In the end, this game was played with a virginity with the anger of the other side, killing the other side of the game, robbing the blue buff as the opening to open the situation, the teammates madly rolling snowballs to win this game... At the moment of pushing off the base, Say cool words: “Do not force you to be still in the slow recovery of the development of soldiers, obviously can kill alone, do not want to win?”

Nursery rhymes: “Stop.”

.....

The second one.

Lu Sicheng was ranked in the adc position.

In the seventh minute, a time is exactly the same as the last one. The nursery rhymes operate their own roles and slowly leave the middle road and go down the road. Together with Lu Sicheng and their own side, they form a three-on-two advantage and die opposite the two-person group... small scale After the team battle, Lu Sicheng and the two people who had the fate of the oil were harvested.

But when the character returned to the base spring, he saw his single body twisted to the side of the red buff, Lu Sicheng: “?”

A series of bright yellow exclamation marks illuminate beside the red buff monster, but this does not prevent the nursery rhyme from flying like a deaf ear and taking off the red buff.

Lu Sicheng: “Do you want to die?”

Nursery rhymes: “There is opposite adc.”

Lu Sicheng: "..."

Nursery rhymes: "Go get it yourself."

Lu Sicheng: "..."

Finally, in the feeling of the old cat "Cheng Ge this is not hanging up", the game ended twenty-three minutes, the reason is because the opposite side is directly cleared by the other side - when the game is over, the data of the own adc is 22 kills 0 deaths and 3 assists, including super gods countless times, get five kills once -

This time, he did the above with the anger of his own.

At the same time, a post appeared in a famous e-sports post, the title is:

The post was instantly placed on top of a few hundred replies, and the post was filled with all kinds of squats and waited to watch the lively melons.

.....

At this time, nursery rhymes and Lu Sicheng started the third game.

This time, the nursery rhyme out of her treasured box hero Yasuo, this is a control game low-lying rookie bureau, one of the five heroes who are called "the teammates come out and want to quit the game" is not worthy of having a mother. In the hands of nursery rhymes, I played a brilliant record of 0 kills, 5 deaths and 0 assists.

Lu Sicheng: "I want to pull your network cable."

Nursery rhyme: "Don't wait, I will wait for a wave of development, and take over the game later."

Say the screen is black and die again.

—If a player dies continuously and does not contribute to the killing in the game, the bounty will be gradually reduced from 300 gold as the number of kills is superimposed, and at the end it is a worthy cash dispenser. It is now the nursery rhyme.

Lu Sicheng: "... don't send it."

In the fifteenth minute of the game, after the nursery rhyme returned to the black screen, he finally couldn't look down on his own single death. Lu Sicheng gave up defending his first defensive tower on the way down to the middle road. After a chaotic group battle, "0/7/ The comrades in the singles of 0" finally became "1/7/0" -

Nursery rhymes: “Well, I got the guy! I have to take off!”

Lu Sicheng: “You are not going to take off, you are just worth it.”

Nursery rhymes: “...”

.....

The three games are over.

Lu Sicheng: “Get off the bus.”

Nursery rhymes: “I have this intention.”

The two immediately parted ways, both in a single row.

Tong Tong grabbed the phone and typed it silently.

A minute later, Weibo’s homepage jumped out of a microblog from the “salty fish girl smiling big” –
