

Chapter 23: city

“Children, who are you calling, look like a thunder?” “Beside Xiaopeng curiously asked his head.”

“...” Xiaopang’s question succeeded in bringing the nursery rhyme back to reality. She put down the phone and said in a sleepwalking tone. “It’s Cheng’s phone call. He said that he’s done it, and changed the ticket for tomorrow. come back.....” Cheng Ge? Call? Xiaopeng blinked, looked at the nursery rhyme Ming Ming a game is not over, he is even more embarrassed: “You two are not row together, have not finished playing, what is the game, can not say that you have to call ... Calling you face to face while playing the game, are you both wrong?”

“I talked to him in the game, he ignored me, I jumped up and down like a neuropathy...” Tong Yuguo said, “There is something wrong with him.”

“...So Cheng Ge is coming back tomorrow? Come back, come back. - It’s not long before the mid-season game is over. It’s summer, and we’ve taken photos of the summer game. I heard that the summer team’s new uniform is immediately I have to send it over... Then, if we don’t come to the summer game, we have to play a few more training games. You have to work with us.”

In the muttering of chubby, the nursery rhyme quickly dropped off the base of the big crystal, the sound of crystal blasting sounded, clicked to quit the game, and the nursery rhyme satisfactorily saw that he had eaten a Lu Sicheng score, and returned to the king’s position!

I am thinking about not having to open one. At this time, a small box pops up in the lower right corner of the screen. A string of Koreans has a “sunflower” in between, which means that this person wants to add you as a friend, agreeing to disagree - see When he was just gank in the middle of the road, he once had a picture of one or two seconds, and he had been able to pull the black for so many years. Afterwards, he looked down on the field and did not say that he had to politely shake hands every time he finished the game. It’s too much to be old and dead...

Thinking of this, the nursery rhyme hesitated and passed the application of Jianyang’s friend.

Unexpectedly, the first sentence on the opposite side almost didn't scare her from the stool to the ground:

Tong Yu did not hesitate to go back and quit the game.

Jiayang really wants to chase after him □ □ tell her reason -

Nursery rhymes: "..."

Some people should be lying on the blacklist.

Lying for 10,000 years.

Nursery rhymes: "..."

Yo.

The overbearing president fell in love with me.

Nursery rhymes think for thirty seconds, typing -

The nursery rhyme Xu Xiaomei, vaguely remember that the Chinese telecom team did have a substitute in the last year, but she couldn't remember the specifics, because she was busy preparing information for going abroad and was busy digesting her boyfriend's lies. It is said that the training game is actually a ruin to go to KTV and Miss Princess.

The nursery rhymes thought for a moment, and finally put Jane back back where he should be. The name of the place is: blacklist.

She didn't because Jane said that Lu Sicheng wouldn't like her to be so angry. She said that even the nursery rhyme herself thinks so, and she herself is also doing it. Well, I am suffering from the loss - this is the Chinese telecom team for a few days, the training game has not played a few, she is a person to do big things, who special minds to remember to fall in love?

Cheng Ge's business is not wanting.

... As for the mysterious substitute mentioned by Jian Yang -

"Little fat."

"Dry."

"Is there any other substitute in the last season?"

"..."

Xiaopeng fiddled with the action of the mouse. It seems that I didn't expect the nursery rhyme to ask this. The fat face of the fat face showed a less optimistic expression. He frowned slightly, and he only said a little for a long time: "There is one, But rest assured, he won't come back."

A nursery rhyme: "Why?"

Xiaopang lowered his eyes: "Because he was driven away... by us all, no one wants to be a teammate with him."

After chubby finished, he showed that he didn't want to mention this person's expression and closed his mouth... So even if the nursery rhyme is full of curiosity, but it is not good to ask what is going on, go online and check it, and only find this person. The id is called "Law". After the global finals last year, the transfer period left the zgdx team, and it has disappeared from the entire League of Legends professional circle.

... Hey, this person seems to have a story?

.....

The child squatted on this question until the next day. Originally, he wanted to find an opportunity to ask the team manager Xiaorui to smash the matter. As a result, he forgot to forget this squat...

Because Lu Sicheng is back.

The nursery rhymes walked out of the room with the big cake in the morning. Just turned off the door cake and sneaked away from her arms. All the way, with small short legs and rolling belts, went downstairs and got into someone's arms. - The nursery rhyme stood on the second floor and looked down on the railing. He saw the big cake and the dog's head on the sofa. The man's hand was going to drill under his hand...

The round eyes are squeezing into the eyes of the phoenix.

Lu Sicheng has the taste of small fish. Are you so rare?

At this time, the person sitting on the sofa seemed to feel the gaze behind him. When he looked back, he looked at the girl and asked, "What do you look at?"

The nursery rhyme has been used to this kind of dialogue. He muttered "Cheng Ge, you are back." Slowly swallowed down the stairs. As a result, he went halfway and suddenly heard Lu Sicheng ask: "Dwarf, what are you and the ck that god? ?"

The nursery rhyme slipped and almost didn't sit on the stairs. She reached out and held the railing firmly. She stabilized her body and looked up. "What is going on?"

"Yesterday, the three things we met with Frank were put on the post. The whole screenshot, are there other Chinese teammates on your side?"

"...the order is Chinese, isn't it, do you still read it?"

"That's right," Lu Sicheng ignored her question. "What you said to me, what Yang said to you, all the words are put in the

stickers by the screenshots - the reply is thousands of layers, Our three confusing relationships took enough to make a series of dramas. The specific content is: the heroine, the man who is eager to seek for help, and the ruthless man.”

Lu Sicheng had a cold and humorous feeling when he said these words with no expression.

“ ... ”

After the nursery rhyme walked over to Lu Sicheng, his hands bent over the back of the sofa to look at the mobile phone in his hand. He found that an e-sports post had a very hot post floating on the front page. The title of the post was -

The nursery rhyme bent over his waist and widened his eyes. The broken hair on his ear fell on the side of Lu Sicheng’s ear, bringing a hint of itching. The man smelled a faint shampoo... He frowned and moved to the side. Lightly said: “I don’t have a mobile phone?”

The nursery rhyme “oh”, only to think of it like to find out his mobile phone, enter the post and quickly look a few eyes, and found out that yesterday, their mental pollution of the acidity were all screened, and Jianyang said those ...

The comments below are even more varied -

Nursery rhymes: “ ... ”

The finger slid down a few floors and saw the first floor - The bottom reply is all “1”, “2” and “3” have returned more than one hundred.

Nursery rhymes close the phone.

“Jianyang is my ex-boyfriend. At that time, he didn’t play professional. I haven’t played League of Legends yet. Later, when he played professionally, we broke up.” After stopping, she continued. “Sorry, sorry, I I didn’t expect yesterday’s events to affect you.”

The nursery rhyme sat down opposite Lu Sicheng, took the cat in the man’s arms, touched the cat’s head and frowned slightly, and looked at the corner of the living room to start staying - Hit her from the base, Lu Sicheng has not seen her so quiet. So he followed Emei, but quickly released, and it was rare to put on a less cold tone: “I haven’t blamed you, what do you do with this expression?”

The virginity groaned, hugged the cat in his arms, and paused and said, “I didn’t walk around the street with you.”

The sound sounds a bit dull and full of grievances -

“I obviously didn’t even touch your hand.”

Lu Sicheng: “...”

Nursery rhymes: “...”

A moment of strange silence, when the child licked his lips and opened his head like a strong emotion that was about to erupt, the man sitting opposite her suddenly stood up, and then, when she did not react at all, he reached out and buckled. She grabbed her hand and grabbed her hand and licked it in her palm.

Nursery rhymes: “?”

“I have touched it now.” Lu Sicheng said with no expression, “Is it wrong?”

Nursery rhymes: “...”

The palm of the man’s palm is dry and warm, and there is a thin breeze that is brought out by the mouse all the year round. The palm print is clear and tidy, the fingers are clean and slender, the nails are neatly cut, and the taste of the hand sanitizer...

“You just smoked again?” The nursery rhyme came out.

Lu Sicheng’s face was empty, and he looked back and found that there was no such person as Xiaorui who would deduct his salary. He pumped his hand back: “Turn off your ass.”

I thought about it again: “Your cat is strangled by you.”

The nursery rhyme “oh” sounded, let go of the big pie... The big cake “squeaked” and slammed her feet and jumped away from her arms. Lu Sicheng raised his hand and patted the person sitting on the sofa. Head: “How big is it, look at your fragile appearance without the wind.”

“I heard that you have been zero for the past few years. The first time I went to the wall because of this kind of thing, I feel particularly sorry for you.” Tong Yu said depressedly, “I am really sorry.”

Lu Sicheng straightened up. Condescendingly looking at the dejected person in front of me: “You are a girl running to play the professional league, surrounded by boys, especially people will care about this, it is normal, I thought you have long been I will guess...”

“It’s faintly felt like this,” the child squinted and licked his hair. “But I didn’t expect it to be so serious.”

“After a long time, when their fresh energy has passed, they will only care about your league performance and strength - when you are a woman, you will gradually be forgotten... The fastest is probably the summer game.”

“Oh.”

Lu Sicheng finished, bending over the cat on the other sofa and licking his paws and stuffed it back into the face of the girl who was suffering from the loss: “In the afternoon, when I was in the training match with the huawei team, I would vent my anger at any It’s better to be in the opposite side.”

After that, he turned to pick up what he brought back - turn on computer.

Feed the goldfish.

Put your chubby messy desktop back and forth.

The man came back and forth and walked three or four times in front of the nursery rhyme. The latter kept looking down at the phone and didn’t know what he was doing...

Probably the fifth time, he stopped and looked at the person who was typing on the sofa with his mobile phone and typing fast. He raised his eyebrows: “What are you doing? You won’t be arguing with the vest in the post and arguing with others?”

“...” Nursery rhymes put down the phone, “I am so bored?”

“It looks like there is.”

Lu Sicheng said while he was going to take the nursery rhymes. The latter quickly put the phone under his ass. The former had to give up. He looked at his chin and looked provocative. “You have the ability to take it” and look at your own girl: “You are childish.” Not naive?”

The nursery rhyme paused and sat on his mobile phone steadily: “I am editing Weibo and want to clarify this matter.”

“Clarify what?”

“I and Jianyang and you, there is no e-sports white snake.”

“No need.”

“Yes, I can’t tarnish your reputation.”

“...”

Lu Sicheng was silent. He looked at his face and looked up at his face. He looked at the girl who said “can’t tarnish your reputation.” For a long time, he sighed and reached for her forehead: “Go and see.” Post it.”

After the nursery rhyme, take the mobile phone out of the

bottom of the butt, re-into the post, open the post you just saw and found that the floor has changed from three thousand to more than five thousand - this is only a few minutes - the nursery rhyme goes down Looked, but found someone on the second floor with the building: the front row of tips, 3758 floor blasted the deity.

Tong Yan, use reverse order to view, and then on the 3758 floor, I saw a message with the id "I am your father" - Underneath, followed by a large number of excited squatting squatting people, a sigh of honesty, there are people apologizing, Cheng Ge said that the good brother said well, and some people began to ask Ai.

Nursery rhymes: "???"

Lu Sicheng: "The things that block the eye-catching should be done by men."

Nursery rhyme: "..... Cheng Ge."

Lu Sicheng: "What?? What is your look, so disgusting."

Nursery rhyme: "Although I don't know who will be the honor of your wife in the future, I am already envious of her now."

She will be well protected by you...

The guns and guns are not in.

The wind and rain do not invade.

The nursery rhyme just fell, a big hand fell on her head again, this time the other party was a little big, messing up her hair...

The man screamed at the top of her head with a helpless voice, "What Mrs. Lu, Are you mentally retarded?"
