

## Chapter 29: City 1

Nursery rhymes made a nightmare.

In her dream, she was unconscious in the street bar. She jumped up and down like a monkey. After returning to the base, she saw the new Chinese single that was about to replace her... She cried, and she was very sad, and her tongue was tied with tears like a waterfall. There is only one sentence from beginning to end. "I am strong, I don't want to be a substitute for the water dispenser." Finally, she said with Lu Sicheng sincerely: Cheng Ge, I will sing to you, you let me start.

Then seriously sang a "bug flying".

I sang half of myself and I was so moved to myself. Holding Lu Sicheng was like holding my father who had been separated for many years, and began to cry and cry in tears. The sorrow in the dream that seems to be abandoned by the world is especially true.

What happened later, the nursery rhyme didn't know, because when she got here, she was already woken up. In the dream, Lu Sicheng listened to her shaking her voice and sang "the insect flies, the insect flies", the face and the fierce face. It looks so real and three-dimensional, perfectly matched with the face on every murderer's wanted order in memory.

"..."

When the nursery opened her eyes, she looked at the wall clock in the eye. The time pointed to 11 o'clock at noon. The ceiling in her bedroom was spinning. She squinted and shook the quilt, and found that there was no hairy quilt in the quilt. Something: Her big cake is not there.

At eleven o'clock, the cat that is healthy and healthy is eating breakfast and graceful time. As a qualified shovel, I am afraid that my cat will be filled with cats under the trend of hunger and dissatisfaction. The sly cat litter, the nursery rhyme struggled, ignoring the ceiling that was spinning around and getting up from the bed...

Then she discovered that the whole world was spinning around.

She had a sore headache and was sore that she had jumped 80 sets of broadcast gymnastics last night and used her head to smash into the wall. When she went down from the bed, she seemed to step on the sponge mat, her knees were soft... The

way I climbed into the bathroom and took a shower. When she came out, she was awake. She rubbed her hair and wanted to open the door to find her cat. As a result, the nursery rhyme opened the door and accidentally kicked it into a plastic bag at the door of the room.

“.....what?”

The nursery rhyme bent down and found that it was a box of hangover medicine.

Holding the box of medicine stood at the door of the room for about thirty seconds, the nursery rhyme returned to the room and closed the door.

.....

after an hour.

At 12 o'clock noon.

The door of Lu Sicheng's room was opened, and the young man in the upper body yawned out of the room. The black hair was soft and smooth because of the wet water. The water drops dripped along his strong abdominal muscles. Finally, Fascinatingly disappeared on the edge of the waistband...

A cat that had been missing for the nursery rhymes for a long time came out of the room behind him, squeezing a man's ankle and a frame between the door frame and looking out, and finally took a small short leg to the underground floor— - Standing on the second floor, the man glanced down and found an unidentified person wearing a mask of Sun Wukong in front of the computer on the far right.

She was curled up in a chair, and she was wearing a white-to-ankle nightdress. The big fat cat came to her side and yelled twice. She jumped on her body and stepped on it.

——At this time, there was no one in the base. Everyone was exhausted after being stunned for a night last night. They would not wake up if they didn't sleep until they picked up the new team.

Lu Sicheng went downstairs and went to the refrigerator to open the refrigerator door. He looked at the empty space inside the trash can and the empty jar filled with yoghurt. He picked up his eyebrows, closed the refrigerator door, and walked to the base to survive. Behind the man, he put a finger on it and picked up the mask on her face a little bit: “Wukong, what about the teacher's yogurt? There were five or six cans before

going to bed last night.”

“ ... ”

The person sitting in the chair is playing Super Mario. Mario was very busy licking the top gold coins to eat mushrooms and stepping on the tortoise. The man who operated Mario was also very busy. She hid behind a little and escaped the \*\*\*\* of Lu Sicheng. The mask “snapped” and bounced back to her. Face.

She slammed her face with a bullet.

Lu Sicheng: “What are you doing?”

Nursery rhyme: “Thinking about life.”

Lu Sicheng: “Where do you start? From the moment you were born, or about fifteen hours ago, did you start with the first cup of Long Island Iced Tea?”

Nursery rhymes: “ ... ”

“The suggestion is the latter.” Lu Sicheng said faintly, “because it is already rich enough for you to think for a while.”

Mario stopped, and the man who operated Mario turned his head - under the mask of the Monkey King, a pair of twinkling, full of uneasy eyes, the nursery rhyme pushed the keyboard up from the chair and stood on the chair, staring at the man’s face at a slightly higher angle than Lu Sicheng:

“Captain, did I do a lot of things yesterday?”

“Out of the box?” Lu Sicheng stared at the grinning Sun Wukong in front of his eyes and couldn’t open his eyes.

“Which one do you mean? On the road, you have no sponges on your own road?”

“ ... ”

“Seeing my brother thought that I saw a ghost that looks like me?”

“ .....

“I still cried a nose and said a tear, I said that I am strong, can not substitute, the bench lost the world, said to sing a worm to fly - a sincere proposal, can sing a song into a ghost film dubbing You don’t sing in the future.”

“ .....

I have to force my own snotty paper to each teammate. When I don’t accept it, I will hold him crying and crying. ”

“ .....

“I still hold this ugly cat to lick it? Finally, there are people who don’t sprinkle their mouths. Three or four people open your mouth and don’t let go and want to bite?” Lu Sicheng lifted his own The index finger of the right hand has a blood mark on the top of the tooth. “It doesn’t matter, Wukong, it is for the teacher to get up early to fight rabies breeding.”

“.....”

Throwing away the cat in his arms, the person who was standing in the chair slammed his face and slammed back into the chair, and shivered... Lu Sicheng sneered, turned back to the kitchen and poured himself a cup of cold water. Coldly asked: “Is it taking medicine?”

The man kneeling on the chair looked up: “What medicine?” “Wake up the medicine, isn’t it at your door?” Lu Sicheng put down the kettle. “It’s like you’re going to cure it with your madness.”

“Don’t say it! Don’t say it! I’m wrong! I’m wrong! I’m wrong!” The voice came from behind the Sun Wukong mask.

“How do I know that there is alcohol in the drink! It has alcohol called a ghost.” long Island Ice Tea!”

“Because there is no wife in the wife’s cake; there are no squirrels in the squirrel squid; there is no Lei Feng in the Leifeng tower.” Lu Sicheng lazily swept his eyes and squatted on the edge of the chair to poke out half of his head to reveal a pair of eyes carefully licking his own People, “So Long Island Iced Tea is not a tea, a leopard.”

The half of the head slammed back.

Lu Sicheng drank the cold water from the cup in his hand, walked back to the computer and turned on the computer to open the game. During the period, he turned his head and glanced at the whole person who curled up in his chair and was quiet like a chicken: For Xiaopeng A little narrow e-sports chair can cover her whole person, and she wears the pair of home shoes that she went to the supermarket that day. The white long-sleeved dress fits perfectly with the ankles...only the two whites The eye-catching arm was exposed to the clothes. She hugged her knees and swept over and saw that her elbow joint was probably a scar that was lost when she was naughty.

Her short-drying short hair is because some of her postures are

hanging on the white arms. The hair is naturally dry and somewhat furry, and the contrast between black and white is very clear.

Lu Sicheng: "..."

"Hey." The captain's adult frowned slightly, and lifted his foot and kicked the person on the chair next to him. "You are still not awake? You are down in your pajamas. What will happen to investors in the summer team? Come over, do you see people like this?"

The man on the chair trembled and slowly climbed up, jumped off the chair and shook the skirt, and she looked like she thought: "Can the mask not take?"

"What are you wearing?"

"No face to see people."

"You still know shame, it wasn't the case when you cried yesterday and made people protect your nose paper."

"Ah, ah, ah!" The nursery rhymes raised their hands and covered their ears. "Don't listen, don't listen!"

The man sitting in the chair with one hand on his head smirked at the invisible angle behind him, but he couldn't hear much emotion: "Go and change clothes, and they should wake up later."

Yu Guang saw someone's skirt on the ground and turned around, wearing the shoes of the home shoes, and finally seemed to be an angry and helpless flame. The girl turned to the floor and slammed on the floor. Your own door.

.....

Another hour later.

Everyone woke up and gathered to sit downstairs. Each of them held a bowl of aunt's freshly cooked meat porridge. At this time, the innermost door of the second floor was carefully opened by people, from behind the door. The thief looked out for the face wearing a mask of Sun Wukong. She wore denim shorts and a large shirt, and bowed her back as she walked out of the door.

"Get up?"

The downstairs team manager greeted her with a cold greeting, and looked at her head. Everyone came, including the Lu Yue... The nursery rhyme walked lightly to the people, the lady sat down, and then bowed her head. Pretend to die.

Xiaorui reached out and touched her mask: “I am so big, what is your new routine?”

The masked face went deeper and deeper, and Lu Sicheng added a note to her: “No face to see people.”

The masked man raised his head, and the mask fixed in an expression turned to look at the man, then turned to the green-haired silver-haired man sitting barefoot on her seat: “How are you still there?” ”

Her voice sounded boring.

“Because you need a substitute.”

The man played with her computer, her mouse.

Nursery rhymes take a deep breath -

“I do not need.”

“needs.”

“No need.”

“Need.”

“I don’t need it,” the nursery rhyme stood up from the position. “That is my position.”

“Yes? You call it its name and see if it will take care of you.”

The nursery rhymes walked to his seat in three or two steps and reached out to marry him. However, although the latter was younger than Lu Sicheng, the height was inherited from the excellent genes of the Lu family. The nursery rhymes stood in front of him like a small one. Chicken-like...

Now the chicken is rushing and screaming, desperately trying to drive a weasel out of his chicken coop.

“You get up!”

“No.”

“You get up!”

“No.”

“Ah! Cheng Ge! Why are you licking my cat’s ears!”

The person sitting in the chair immediately jumped up and grabbed the mobile phone to open the camera mode and twisted his head to look at the direction of the girl’s horrified look. Just as he looked at his intimate eyes of his brother and held a porridge bowl and quietly porridge. Faceless face - behind him, the girl kicked him off, quickly sat down in his seat, holding the seat back with both hands...

In the legend, the cat who was stunned by Lu Sicheng took an elegant step and walked over the feet of the deceived teenager.

“I am 19 years old,” Lu Sicheng said slowly. “Why are you both mentally retarded?”

“It’s her mentally retarded, in order to slap the broken chair.”

“Ask you stupid, you are not stupid,” the person holding his chair looked firm. “The chair is mine anyway, whatever you say.”

“You both stopped.” Lu Sicheng squinted his eyes and swept his eyes. “The person who sent the uniform came.”

As he spoke, the door rang, and the man stood up and walked around before opening the door. He walked over and put the mask of the person wearing the mask on his head. The latter “Yah” released the seat copy and covered his face. The face that was shackled behind the mask all day was slightly reddish because of the sultry heat. She turned her head and glanced at Lu Yue, who returned to her with a vicious smile.

This year, the supplier provided the zgdx team with three layouts of summer team uniforms - one is still red and black according to the spring match, the black body, behind the bright red, as if painted with a Chinese telecom operator logo. It is very tidal; one is that when the yellow is taken out, it is described by people who are too lazy; the other is a brand new blue and white color, the body of the clothes is blue, and there is a low-key Chinese telecom operator logo. The sponsor’s trademark is printed on the sleeves and on the chest with a very fine dark blue font...

The nursery rhyme who was kneeling on the chair picked up the red and black uniforms and put it down. He took the blue and white look and put it down again. It was obviously a difficult problem.

The errand brother who sent the team uniform looked at the young lady who was kneeling on the esports chair and wore a half-faced Sun Wukong mask on his head. He cautiously asked, “Are you smiling?”

The nursery rhyme looked at the action of the new team uniform. He looked up and looked at him and wanted to say “Yes.” At this time, Xiaorui was cold and interrupted: “It was the madman who ran into our base in the middle of last night, and did not leave. Before you leave, you are bothered to take her to the trash can thrown into the street.”

Nursery rhymes: “...”

Tong Tong thought about it, some reluctantly put down the blue and white team to serve: “I voted red and black.”

Xiaopang: “Second.”

Xiaorui: “The team logo is blue and white. The uniform is red and black. I feel a little weird. I was trying to figure this out in the spring game. It is better to use blue and white in the summer game: blue and white. Look is to win the color of the s6 trophy.”

Old cat: “I also think blue and white look good.”

Old k: “Summer is the refreshing color.”

Nursery rhymes: “Red and black are more resistant to dirt.”

Xiaopang: “Yes, the big man always feels weird when wearing white...”

Nursery rhymes: “Yes right.”

The two of them were too confessed, and Xiaorui turned his head in confusion. He looked at the two men who refused to let go in the red and black summer team uniforms: “What are you going to do?”

Tong Yu and Xiaopang looked at each other. At this time, Lu Sicheng said coldly at the side: “Because white is fat.”

Nursery rhymes: “...”

Xiaopang: “...”

In the end, the uniform was finalized as a blue-and-white one, because someone who feels fat can lose weight, and another person who is fat and incurable is obviously fat regardless of what he wears.

After finalizing the summer team uniform, the nursery rhyme mask returned to her face, and there was another stinky problem: she took her e-sports chair and took the toilet into the toilet.

In the evening, everyone sat down to eat together. Lu Sicheng looked at the girl sitting cross-legged on her chair and finally couldn't help but ask: “When are you going crazy?”

The person wearing a mask and only picking up a little bit of a mouthful of rice and sipping a meal stopped talking and turned to ask the teenager who was sitting next to her with her head down: “When are you going?”

“When I can't afford the mouse,” Lu Yue replied.

The masked man turned back to his head and glanced at her captain from the small hole in the mask's eyes: “He was too

old to take the mouse and remember to be my substitute.”

Lu Sicheng: “...”

Nursery rhymes: “I don’t want to substitute.”

Lu Yue: “When you can beat A Tai, say this again.”

Sitting at the table, Sun Wukong put down the chopsticks and lowered his head.

“...” Lu Sicheng knocked on his bowl and glanced at his own brother. He said to him, “Don’t talk when you eat, you don’t eat it.”
