

Chapter 33: city

In the summer, the day before the shooting, the nursery rhymes got their uniforms. The same uniforms and trousers were prepared for them to change in the summer. Looking at the blue positive id behind the “iling”, the nursery rhymes hold The team uniform is not willing to let go - the first thing that looks at the other old drivers to get the uniform is to shake one of them to see if the details and size are appropriate. Lu Yue opened his own look and commented. “How do you think this looks like a school uniform in high school?”

“Which high school uniforms have this look!”

“Is it not the same when you look at the red and black?”

“...”

“The woman is really fickle.”

“This is called the peace of mind, what do you know?”

The nurse stunned his body and gave him a glance. He finally couldn't help but take his team out of the plastic bag and shook it open. At this time, Xiaopang took advantage of his uniform and compared it. He said: Isn't it that you can't see yourself fat? I believe your evil, and the clothes are not as big as half of Laozi...”

Compared with the piece of cloth that the nursery rhyme is in his hand, the chubby uniform is really big like a tablecloth.

The old cat sneered: “When a woman says she is fat, can she believe?”

The nursery rhyme scratched his head and didn't know that he was smirking at the smirk. At this time, sitting in his position, the uniform was not touched, but the man who was playing his game wholeheartedly looked up and swept her: “She is fat, Can't stand the chest.”

“What do you say! If you are polite, how can you evaluate the girl's chest casually!”

“The last few days when you were licking your own sponge mat in the central street in front of the community, the roadside bar owner testified.”

“What sponge pad! Are you ready to play for a lifetime?!”

“Do you think I don't want to forget soon?”

“.....”

The nursery rhymes screamed at the gangster and glanced at the captain of the face. He picked up his team uniform and

went upstairs to try on the clothes. At this time, it was still during the day, the outside sun was just right, the nursery rhymes shook clothes and pointed at the sun. I saw the direction for a long time, and finally put down my clothes and froze to send a message to my friends.

There are reactions in the two seconds of Jinyang.

Nursery rhymes: “???”

Nursery rhymes: “...”

After returning to the information, the nursery rhyme directly throws the phone to the side and tries to find a suitable underwear - not black or red, preferably light - and finally the nursery rhyme finds that each of her underwear is very Qualified, she is a qualified and pure girl player inside and outside.

.....

The next morning, I got up and washed my head and took a shower. I bought a pair of underwear pants on the gloves. When the nursery rhymes went downstairs, the teammates were waiting downstairs. Everyone was wearing casual clothes - because they were afraid to change them in advance. On the car, I went to the car and wrinkled the clothes. So yesterday, Xiaorui unified the team clothes and let them go to the studio to finish the makeup.

“It’s going to be a summer game again!” The old cat stretched out and patted the shoulder of the old k. “I hope that I can enter the department smoothly this year.”

“I am sure I will find the locks to lock you up on the day of the global finals ticket.” Xiaorui drove them to the nanny while muttering. “Until the day of boarding, you don’t want to give me trouble.” non.”

Xiaopang: “I will complain to you about the illegal imprisonment and let them sanction you.”

Xiaorui sneered: “Let’s go, maybe you think so.” I also want to send a key to the security lock of the Pacific Ocean.

Lu Yue listened to this and he did not hesitate to clear the throat. He touched the nose and climbed into the car. He sat down with the nursery rhyme... The nursery rhyme moved inside, and the shoulder accidentally touched Lu Sicheng who was playing the game with his mobile phone. The person paused and looked down at her and looked at her. The distance

between the two was close at hand. The virginity asked:
“Squeeze?”

Lu Sicheng: “... um.”

The nursery rhyme responded quickly: “Lu Yue will not be squeezed down.”

Lu Yue heard a sneer and laughed: “I am still your substitute if you don’t take care of the makeup. The list is submitted, let’s die, childish ghost.”

The nursery rhyme hit him with his shoulder. He turned his hand back and dirty. Lu Sicheng felt that the two people around him were moving around in a restless position, staring at the screen of the mobile phone and **** the beginning:

“Take me down again and take a taxi. Go to the studio.”

Nursery rhymes: “...”

Lu Yue: “...”

The two people in the fight were quiet as a chicken.

It took an hour to drive to the studio. When I arrived at the place, the teenagers got off the bus, gathered, and swarmed into the dressing room. They waited for the makeup artists in the dressing room to come forward and sort out these people. Hair style, on the bottom of the meter, at the same time, “Do you want to draw the eyeliner”, “Do you want to paint a little lipstick?” “Do you want to paint your eyebrows” to fight these straight men?

Old cat: “Don’t draw eyeliner, it looks weird.”

Makeup artist a: “OK? Ruige, let’s see, does the old cat use the eyeliner to look more spiritual?”

Old cat: “...”

Lu Sicheng: “The meter is too thick.”

Makeup artist b: “Are you? I look at my look, really, wipe it off, Cheng Ge, your own skin is very good.”

Lu Sicheng: “Oh.”

Old k: “Hey, what about this lipstick! Straight men don’t do this!”

Makeup artist: “k god, this tone speaks to you and your sister said that you are a straight man?”

Old k: “Can’t you?”

Makeup artist: “No. Don’t move, you have to put on a lipstick, otherwise it will look pale.”

Xiaopang: “Does the eyebrows not draw? Fat eyebrows are

very handsome.”

Makeup artist d: “It’s very handsome, but the difference between the left and the right is not the same?”

Xiaopang: “Is it?”

Makeup artist d: “Yes.”

Lu Yue: “I don’t wear makeup.”

Makeup artist e: “No.”

Next to a group of people flying chickens and dogs, only the only female team members in the team and the makeup artist sisters are in a harmonious situation. The color of the research base is discussed for a long time, so everyone else in the team has made up their makeup. Good hair, the nursery rhyme is just getting a good makeup... But considering that everyone started to separate the makeup according to the individual, I thought that the first few people had finished the photo and waited until the nursery rhymes seemed to be similar. The staff did not rush and drove. A group of big men first went to the studio, and before they left, they licked the nursery rhymes and they paid attention to the time. By the way, they took the door...

“Rigo, where did the team take you?”

“In the bag on the sofa.”

“What about the locker room?”

“In the corner, oh, you just have to find a place to change it, anyway, no one.”

“.....Oh.”

At this point, the idea of virginity is: it is also true.

The players entered the studio, and the photos of the great men went smoothly.

Originally, the boys did not have such a messy request for photos. They just stood up and put a few pose cards according to the photographer’s request to wipe a few cards, then they were randomly selected. The combination of photographing, the use of the rice silk welfare to promote...

Xiaorui looked at the photos behind the photographer and looked at it and said: “Hey, we operate the caravan, it’s really the eSports team! Even the chubby is the handsome guy in the fat!”

“This kind of thing you said once last year,” just finished shooting and chubby’s down road combination, and Lu

Sicheng came over and looked at the photo in the camera. He paused and asked, "What time is it? Take it?"

"Yes, what time is it? The only young lady in our team hasn't come out yet?" Xiaorui took a look at the watch. "Is this to be a Wu Zetian?"

"Women are so tempered."

When they said they were going out. This means that they will also need to wash their hair and comb their hair and make up the clothes with the spray perfume selection bag.

"Say well, Cheng Ge, you are going to call her over."

"I go?"

"She is afraid of you, and when you show your face, she will flow in the fart."

"..."

Lu Sicheng looked down at the table below. It was not early to see the time. He nodded helplessly and walked over to the dressing room under the eyes of everyone.

.....

At this time, in the dressing room, the nursery rhyme with a good makeup is holding one hand in front of the mirror and the other hand is fiddling with her own eyelashes. The makeup artist's sister packs her own cosmetic case and says: "The single person should be there. I'm looking for it too, and they're going to rush for a while..."

"Oh, it's over, I changed my uniform."

"Well, you change the uniform first, I will show you it. If it is almost the same, I will call you back."

"Okay, thank you."

The nursery rhyme should be licking her own eyelashes while she is absent-minded. She looks at the makeup artist from the mirror and opens the door. The nursery rhyme puts her hand down. I am sorry to say that there are strangers who are not good at changing clothes directly... When I saw the room empty, I rushed to the bag left by Xiaorui and took out my team uniform. I rushed into the dressing room and dragged my shirt. I opened the bag and looked dumbfounded: in the bag. There is only one pair of trousers and the clothes are not inside.

Is the clothes and pants divided?

The nursery rhyme is estimated to have missed it. I thought

that no one in the dressing room would open the door of the locker room and fly to the bag on the sofa.

Just then, the unsecured door was pushed away.

“Dwarf, the sun is setting, you are going to grind -”

The tall figure of the man accompanied his voice into the dressing room, and the sound came to an abrupt end when he squinted his eyes and straightened into a bow to the person on the edge of the sofa.

Nursery rhymes: “...”

Lu Sicheng: “...”

Nursery rhymes: “.....”

Lu Sicheng: “.....”

Nursery rhymes: “.....”

Lu Sicheng: “.....”

The nursery rhyme looked down at her little bunny with carrot print underwear and small pants, and looked up again to see the man standing quietly in the same place, the movie in the mind that thought of the female host should be screaming at the moment. Both of them are deceiving - the reaction she can make at the moment is that Zhang Da Nose takes a sip of cold and the whole person takes a step back.

If the expression is not unexpected, it should be ugly and embarrassing.

Lu Sicheng just turned around silently, calmly throwing the next sentence “You hurry”, turned around, went out, closed the door.

A look of sternly staring at the door that was closed to death for five seconds, the mind of the mind accidentally remembered the sacred voice of the friend of this sun -

Nursery rhymes: “.....”

It’s like a sigh of sorrow, and the girl’s hands slammed on the edge of the sofa: “I am! I am! I am!!!!”

.....

A few minutes later.

Lu Yue, who saw Lu Sicheng and the nursery rhyme who had not come, became the second person who was sent to find out. He walked all the way, and he saw Lu Sicheng as soon as he reached the dressing room.

“Brother, what the **** are you doing, the studio is urging it -”

The corridor was quiet.

Lu Yue's person is now in front of the dressing room, the dressing room door is closed tightly, the man's hand is squinting, and the slender neck is faintly red under the white collar. He is silent. The hair stylist was so easy to shape the hair that he was a little messy.

Lu Yue: “?”

This is how long he is, and he saw Lu Sicheng blush for the first time.
