

Chapter 36: city

When the four people took the elevator downstairs, the nursery rhyme umbrella also reached Lu Sicheng's hand. Her hands clasped Pikachu's claws were still broken: "I have already let you go out with an umbrella, you don't bring it, and it turns out that it rains. Let people send you an umbrella, buy a shopping mall!"

"I have seen it, no umbrella to sell.?"

"...take a taxi back!"

"A few steps, what car to play."

"That now makes a taxi!"

Lu Sicheng glanced at the top of the person standing on the front step, the short hair and the traces of the rain falling. He paused: "I didn't look for an hour, you still want to go back?"

"..... How far is it, a few steps, what car?" After the nursery rhyme said it was a bit familiar to find this sentence - how come it came to her mouth?

"You are not freezing to death?"

"Exaggerated metaphor knows?" The software called a car, and the nursery rhyme put his mobile phone in his pocket and squatted again. "But it is a bit cold... Your mother has not told you to stand in the same place after the adults are gone."

Either stand in the most conspicuous place or look for the police uncle? What are you running, the phone is still off!"

"No electricity, I still wonder why no one has called me," Lu Sicheng bowed her head and glanced at her. "Well, I was wrong. I will wait for you next time at the door."

Affirming the attitude positively, however -

Nursery rhymes: "There will be no next time. This time I was arrested by Rui Ge... This story tells us that we have to do the rank training when we have nothing to do at the base. The price of being a little lazy is sent out and ran to the ran. Broken leg."

Lu Sicheng: "I am carrying you."

The team next door in front of them assisted Liangsheng and looked back at them. The nursery rhyme said with no expression: "All the drivers are waiting. You said this three minutes earlier. You thought I didn't dare to climb your back.?"

Liang Sheng looked back at them and looked at the stinky face

sister who was wearing Pikachu on her neck. He smiled and said: "Go back and take a hot bath to get cold, and go to the summer lottery at night. Don't catch a cold."

The virginity groaned, and then I slammed my head and thought: "Hey, it's really a summer grouping lottery at night." The professional league will use the new system from this year. The 12 teams of lpl will be grouped before the season. Each team will be divided into groups, first in the group, then in the group, then in the group. The game, bo3 (*bestof3, three sets of two wins), win a game to score 1 point, lost without scoring.

At the end of the season, the top four teams in each group scored the playoffs, vying for better rankings and getting higher total points for the year - s is the global finals lpl theater has three places, the first place is the season finals champion; the second place is the team with the highest total points in the summer and spring games; the third place through the remaining points by the remaining points The former team re-elected the bubbling match. If the summer championship is hopeless and the spring competition is not good, then the third bubbling is the only way for the remaining teams to attend the s series global finals.

The zgdx team is a runner-up in the spring, the points are relatively high, basically can be said to be the same as the ck team half foot into the door of the s department finals - Although their goal has always been the summer finals champion.

"I hope that I won't draw a group with you tonight," Liangsheng said with his hands together, and the pope standing next to him gave him a look. Liangsheng didn't see it and said it himself. "Spring season relegation, summer. The champion is not afraid to think about it, so the summer game must enter the playoffs to qualify for the buzzer..."

Nursery rhymes: "The lottery is the captain to pump it? Go back to the bath and burn incense... I really feel that there is no difference in smoking ck. They are still in the spring lineup. We have more of this newcomer here."

Because ck and zgdx are the first runners-up team in the spring, both teams are in the first seed pool, so they will definitely not be in a group in the summer game - which

means that other teams are not facing zgdx or ck. It can only be a matter of choosing one.

Liang Sheng heard the words, paused and looked down at the nursery rhyme. "But I think the ck team is not as invincible as your carrier. We have won a training game recently."

The Pope couldn't understand what the people around him were saying, and he understood a "ck". He also forced to join the topic, whispering "Hm", and succinctly said: "ck? Noob (* novice), canwin."

Nursery rhymes: "..."

The nursery rhyme: This group of dishes forced the training game to win the ck team? ... a little bit powerful.

Just pondering, suddenly a big hand fell on the head and patted her head, the man's slow voice came: "Unbeatable, um, the dwarf can't hear, people will talk more - aunt."

The nursery rhyme grabbed Pikachu's claws and curled up his buttocks, then raised his hand and took the man's hand: "Look, sneeze, God can't stand it anymore."

Lu Sicheng: "..."

Four people sat in the car, and the nursery rhymes walked for an hour. Then they finally sat down and suddenly felt that their legs were their own... Pikachu on the neck took it down and hugged it in his arms, and his chin was on the head of Pikachu. Black cockroach stared at the man sitting in front of the co-pilot, watching him frown, and sneezing again - the fifth.

The sneeze was just like a precedent. Lu Sicheng's sneeze didn't stop when he walked out of the mall. Even the driver's uncle said happily: "The boy is not raining, the weather is changing recently. Go out and remember to bring an umbrella, rain and air conditioning must be cold!"

"Nothing."

Lu Sicheng lazily responded, and glanced at the dwarf in the back seat from the rearview mirror. Yu Guang saw that her semi-dry hair was blown by the air-conditioned wind in the car. He reached out and swayed the air conditioner.

The person in the back seat immediately reacted: "Don't move the air conditioner, I am hot."

Lu Sicheng's big hand is still on the air conditioner to block the wind: "It's so cool outside, what is hot?"

Nursery rhymes: “Take me back the air conditioner, you have a cold and what to blow.”

Lu Sicheng: “You are not afraid of being the next person to catch a cold?”

Nursery rhymes: “I am strong and strong.”

Lu Sicheng: “Also, a fool will not catch a cold.”

While talking about the window, the window was lowered, and the cool wind with the rain was blowing in. The man sitting in the co-driver said with no expression: “Uncle driver, trouble you to turn off the air conditioner.”

Nursery rhymes: “...”

.....

Everyone grinded and smashed, and they returned to the base at about three in the afternoon. When Tonglu and Lu Sicheng walked into the house one after the other, Xiaorui was just busy, and at this time he was comfortably lying on the sofa and licking the cat... ..seeing that both of them are look like they are embarrassed, he squats: “Isn’t the nursery rhyme gone with an umbrella? How come it?”

“With such a big rain, the umbrella has a fart to use.” The nursery rhyme said to turn to the floor to find a towel to wipe his face.

Xiaorui looked at Lu Sicheng: “Children say your phone is off.”

Lu Sicheng: “No electricity.”

Xiaorui: “You still run without electricity.”

Lu Sicheng: “I don’t know if there is no electricity.”

Xiaorui: “How come you finally came back?”

Lu Sicheng: “Take a taxi.”

Xiaorui: “It’s so close to put a fart, what a ghost car.”

Lu Sicheng paused. It seems that he didn’t understand why he had to revisit the same topic. He just looked helpless and awkward. “The short-legged dwarf was tired, so he took a taxi back.”

Xiaorui thought that you are really considerate of his teammates. I think it’s not quite right when I think about it:

“...hey, are you catching a cold?”

Lu Sicheng: “I don’t know.”

While talking and sitting down in front of the computer, Xiaorui stood up and swayed behind him and kicked his

bench: "If you have a cold, take medicine. Otherwise, at night, you are going to hang your nose. I still hope to avoid it." The team next door, I heard that they won the ck in the training game. This summer game will be difficult to get from the relegation team to the hard bones... Hello, the captain, how can you sign your nose?

Lu Sicheng briefly sneered: "The team next door thinks so."

Xiaorui: "What?"

Lu Sicheng: "Avoid us."

Xiaorui: "Then we still hope that Liangsheng's luck is better. You are a guy with a runny nose. Hey, take medicine, you go, I will give you a cold medicine."

Lu Sicheng: "Let's catch cold, what medicine to eat."

At this time, the upstairs door opened and closed, and the person with the towel on his head came down from the upstairs. He looked at the person sitting in front of the computer and the empty space in front of him. She screamed: "Cheng Ge You Have you taken the medicine?"

Lu Sicheng glanced at her eyelids and pretended not to hear the mouse click into the game ranking mode... Xiaorui glanced at the girl who was swaying down the stairs, her eyes inevitably hung by her neck. The yellow thing attracts: "What is hanging on your neck."

The nursery rhyme reached out and grabbed its claws and shook it: "Pikachu. "

"I also have childhood," Xiaorui pumped his lips. "Where is Pikachu?"

The nursery rhyme glanced at Xiaorui and hung his eyes and expressionless game: "In the end, I found our team and the next team in the children's paradise area. The two ad comrades who are close to four meters in height, they are holding the doll machine. Going forward to the battlefield, a pair of people who don't take the mall to bankruptcy and refuse to go..."

Xiaorui: "Professional players have flexible fingers and it is really powerful."

The nursery rhyme swayed his hand and said: "When I was still with ck, I wasted enough money on this machine to buy the machine together with the doll inside."

Xiaorui: "So you broke up!"

Nursery rhymes: "...justified, hahahahahahahahaha!"

The two sang one and the other, and the man sitting in front of the computer finally couldn't bear to lick his eyelids and faintly said, "noisy," and the words just fell, and another sneeze.

Xiaopang: "Cheng Ge, I have given you a year and a half of assistance, so far there is no Pikachu."

Lu Sicheng: "You give this dwarf to you."

Nursery rhymes: "Do not give."

.....

The evening lottery ceremony was announced to all the audience in the form of live broadcast. The two teams in the first seed pool were drawn first. The captain of the ck team took out the blue colored **** and was assigned to the b group. After he went down, the zgdx grouping results were No doubt has emerged -

So all the spectators were watching, and Lu Sicheng was cold on the face of the table. He took out the remaining red ball from the box and handed it to the host who announced the result of the grouping. Then he hurriedly returned to the ground. Step down.

It's very urgent.

"I don't know if you think you are in a hurry..."

The teammates who waited to see the results of the group below sneered.

When the words just fell, I heard that Lu Sicheng even sneezed a few times. At this time, the man's eyes and nose were slightly red, and he muttered: "It's sneezing and sneezing."

So the reason for the murderous face is as black as the bottom of the pot is to stop sneezing? The nursery rhyme sat in the seat and heard the words and pulled the lips: "Where is the heavy idol bag?"

Lu Sicheng glanced at her, did not speak, just stared at her sitting next to her seat, sighed and looked like it was very tired... Nursery turned his head and looked at him: "Don't take medicine?" "

"Go back and eat."

"Oh."

After fifteen minutes, the results of the draw were announced.

Group a -

Zgdx;huawei; red arrow; king; 岚; black 曜.

Group b -

Ck;yqcb; Doomsday; Alpha; the Great Qing died for hundreds of years; ant.

The summer competition officially kicked off on May 28, 2016, two days later.

The opening game is the revenge battle for the much-anticipated spring finals -

Zgdx team vsck team.

Lu Sicheng: "..."

Lu Sicheng: "Don't take medicine."

Nursery rhymes: "????"

Lu Sicheng: "People who eat cold medicine are prone to become dull and affect the operation."

Nursery rhyme: "Who did you listen to?"

Lu Sicheng: "I said."

Nursery rhymes: "..."

Lu Sicheng: "The opening game can't lose, shame."

Nursery rhymes: "Your idol bag!"

As soon as the words fell, a large hand with temperature was dropped on the head. The latter used a light force to confuse her short hair. She chuckled and said with a hoarse voice:

"Come on, new single."

The virginity groaned, looked up and looked at the people around her. In the latter's hard-working shackles, she saw the excitement and the triumph of victory. This is the first time that a nursery rhyme has seen the team in a month. The man showed such a vivid expression...

He has been waiting for this moment for a long time -

Washed the shame for the spring game.

Then, there is always one day, standing at the pinnacle of the world.
