

## Chapter 47:

Lu Sicheng had such a nap, and it was all the gods who could continue to mourn. The nursery rhymes and half-pushing sent Jianyang to the door of the community. Jianyang still refused to go. He had to look at the various kinds of nursery rhymes. The social software was released from the blacklist before it was slightly compromised.

The nursery rhymes lowered their heads and released Jane one by one from the □, WeChat, Weibo, and mobile blacklists...

The fluorescent light of the mobile phone shines on her face. When she is playing with social software, Jane leans against it. On the railing on the side of the road, looking down at her operation -

“Don’t you?” The nursery rhyme finally deleted the mobile phone and refused to blacklist the phone. He shook his mobile phone. “You won’t say strange things in the future, or I will put you back.”

“What kind of strange thing is it?”

“Let’s compound, let me see you shine and heat.”

“Oh,” Jane said, and crossed her shoulder from behind her, pointing to her mobile phone screen. “Is the blacklist on campus made me out?”

The nursery rhyme laughed speechlessly and looked up: “There is something wrong with it, now which primitive person still uses the school-”

The words were still falling, and the original arm crossed her shoulder and fell on her shoulder. It made some strengths pull her back. The nursery rhyme was pulled back and couldn’t fall back, and she felt the person behind her. Looking down, the soft, cold lips of the person behind him have fallen on her cheeks.

The nursery rhyme squatted for two seconds.

At this time, Jane had already let go of her, pretending that nothing happened, and stood up, waved and stopped the passing taxi, and paused when she opened the door. It seemed that she couldn’t help but turn around and blink. The person standing on the side of the road paused and said: “I am going back.”

“Hmm?” The nursery rhyme nodded, “Oh.”

The door closed and Jianyang left.

The virgins sent the car away, and looked down at his mobile phone. Finally, he raised his hand and wiped his face with his back. She blinked and couldn't say what it felt like - but she had a hunch This time, Jane will be released from the blacklist. Later, she may not blacken him anymore, and Jane probably will never run inexplicably to talk to her again.

It's in the past.

Those who have never been able to talk to each other calmly can talk about something calmly. It is probably the best ending for the two.

The nursery rhyme thought about it, took the phone back into his pocket, turned and wanted to go back to the base, and the result was shocked by the guy who didn't know when he stood. He wore t-shirt shorts and flip-flops, but the outside was set. A black trench coat, this strange match is worn on him but it looks pretty good.

Seeing that the nursery rhyme was scared by her own two steps back, Lu Sicheng reached out and grabbed her, and saved her from the fate of falling into the road and being crushed into a meatloaf by the car... The nursery rhyme stood on the side of the road, he let go of his hand, and the nursery rhyme was overwhelmed. Q: "When did you come?"

"Just," Lu Sicheng said, "Are you reconciled?"

"No."

"What did he kiss you?"

The nursery rhyme is slightly reddened: "a kiss of friendship."

"..." Lu Sicheng stared at the nursery rhymes for a while, and said with no expression, "When I was three years old?"

The man fell, then raised his chin slightly, turned to the direction of the community, the nursery rhyme stopped in the place for a few seconds, and quickly followed the pace of Lu Sicheng - the man went very fast, he took a step and the nursery rhyme to take one step and a half, so the last The nursery rhyme is almost like a rabbit like a half-run squatting behind him.

"team leader."

"Ok."

"What are you doing?"

"Buy the cigarette, didn't you tell you?" Lu Sicheng took out the cigarette he had just bought from his pocket and his wallet.

Nursery rhymes raised their eyebrows: “You are not without money?”

“...Is there money in the wallet?” Lu Sicheng naturally put his wallet back in his pocket.

The nursery rhyme “squats” and thinks about it too. There is often one or two dollars left in her wallet. If I don’t go out, it is also a variety of software that directly gives money. Cash seems to be used less... She looks at Lu Sicheng Cigarettes in the back pocket: “You didn’t smoke when you coughed for two days. I thought you were ready to take the opportunity to quit.”

“I am fine now.” Lu Sicheng finished, then stopped and coughed again.

Nursery rhymes: “...”

Lu Sicheng pretended that nothing happened and continued to move forward. The nursery rhymes jumped and ran around in front of him, staring at the dead man’s face and looking at it for a while: “How do I feel that you are coming out to destroy? Is it this yang? What did you say to you?”

“No, what is the destruction? Who is destroying? Why do you say this?”

“The sixth sense of a girl.”

“You who are dull like elephants don’t have this kind of thing.”

“Then, look at your mobile phone.”

“Want to see my phone?”

“Yes.”

“Give you a little monkey, you go to heaven,” Lu Sicheng sneered. “I can endure you.”

Well, the captain is still the captain. The courage of the nursery rhyme is almost exhausted. She touches the tip of her nose and dare not climb up the pole. At this time, the two have followed the footsteps of Lu Sicheng. Back in front of the base, the two men squeezed into the door in tandem, and Lu Yue, sitting in the nursery rhyme position, took time out and took a look: “How come you both come back together? Dwarf your family Yangshen Is it right? Or did you refuse the Yangshun and I was with my brother?”

“It happened to be met, Yang Shen went back, and a good fart, and a fart with your brother.” Tong Yu lazily responded, took

off his shoes and put on his home shoes, “I still want to live a few more years, So I am determined not to fall in love with the players.”

“Can a girl be a gentleman?”

“No.”

As the nursery rhyme said while walking to his computer, he walked over Lu Yue and glanced at the computer to see what he was playing. He used a Leflan to play 1 kill, 12 dead and 7 assists. I laughed and was about to drift over. I suddenly found out that I didn't want to go back. I went back down and bent down. I looked at the computer screen carefully, and the nursery rhyme screamed and caught Lu's ear.

“Lu Yue! You are a king! I will kill me!!!!”

“You let go, I will take off immediately, this game can win!”

“Can win a fart! I can't see what you want to win!”

Between the two disputes, the opposite public screen typing: Korean, meaning: You said that you are smiling?

Hehehehehehehehehehehehe.

The nursery rhymes slaps their eyes: “The face makes you lose your hair. Is LeFran so you use it? qrwe, slash a, hang up, q, look! This \*\*\*\* is not dead!” ”

“I was just preparing to use it. If you don't talk, he will die.”

“You are preparing a fart.”

The two of you said a word in my dispute, Lu Sicheng poured a glass of water from behind them, throwing a sentence

“noisy” sitting back to his position, took off the windbreaker hanging on the chair, fiddled with himself The mouse and the keyboard... The nursery rhyme Yu Guang saw a bunch of white words floating on the computer screen of Lu Sicheng, and stunned: “Are you still broadcasting live?”

“Mix time.”

Lu Sicheng said, looking at the screen, when I saw a barrage of the people who were eating me, “I didn't have a good hahahahahahahahahahahahahahahahahahaha,” the man laughed and gave a new package. The cigarettes that have not been moved out are thrown out on the table and lean back on themselves -

“There was a audience saying that China Telecom had two more elementary school students. It really lifted you up and killed the kindergarten class.”

Lu Sicheng slowly recited, and the nursery rhyme was squatting at Lu Yue's ear to teach him to use the w displacement skill to cut the opposite side of the small crispy skin... When he fell, Lu Yue happened to rely on the last wave of Lu Yue seconds opposite. Adc, successfully won the team battle, won the ancient dragon and rushed to the opposite highland to win this game... Lu Yue sighed: "Why should this mvp be given to me?"

"Give you a 2-12-11 Lefran, when the system eyes are stunned?" The nursery rhyme kicked him. "You give me up, I don't have a computer?"

Lu Yue stood up slowly, and the nursery rhyme immediately opened his buttocks and sat down in his seat... Lu Yue slammed his eyes and stood upside down, stretched out a lazy waist and saw Lu Sicheng placed The pack of cigarettes on the table paused: "You bought it and didn't smoke it?"

Lu Sicheng: "Suddenly I don't want to smoke."

Nursery rhyme: "He was not going to buy cigarettes."

As the nursery rhyme said, while letting go of the mouse, and then grabbed Lu Sicheng's lucky cat piggy bank on the table and shook it, the two or three cigarettes were poured out. .

"Hey," the nursery rhyme put the piggy bank in. "There are still."

Lu Yue looks at Lu Sicheng.

Lu Sicheng looked indifferent: "I have to go out for a walk in the base for a long time, can't? Fresh air helps relieve the disease."

Lu Yue: "I believe."

Lu Sicheng looked at the nursery rhyme: "The goal of this team is this year's s department finals, rejecting the early love, refused to connect the enemy to the country."

Nursery rhymes: "Hey."

Lu Sicheng screwed back to his head, at this time the barrage on the computer was -

.....

Lu Sicheng looked at it for a while.

Then he said with a blank expression: "Is it enough? Off the live broadcast."

After three seconds, all the viewers behind the device unanimously found that the screen became dark, so the various

ridiculous ridicules were gone, and the live broadcast of the members of the China Telecom team was again occupied by the screen.

One of the fans couldn't bear to scream from the heart.

Lu Sicheng clicked the mouse and calmly took her into the forbidden list of the live broadcast room... This is a VIP-level treatment that even the advertisements that have yellow advertisements in his live broadcast are not available.

The author has something to say: Today is so much more, tomorrow I have to write a game, I have to go to see the game video screen to find information .....
