

Chapter 54:

The nursery rhyme flipped his eyes and put down his mobile phone. He absent-mindedly flipped through the notebooks that recorded the data of a lot of players in various positions of the huawei team. After turning a few pages, he found that he could not stand a word, and the more he was irritated, she simply “squatted” Close the book, turn off the light, and climb into the bed.

The big cake that had been half-sleeping was “squeaky” with dissatisfaction, and used the legs to lick the virginity.

“What are you, this is Laozi’s bed, so I am not satisfied with sleeping in your cat’s nest.”

The virginity fiercely quarreled with the cat, and while quarreling, he picked up his bed and covered his head...

Specifically, she was unhappy with who she was, and she closed her eyes and accidentally thought that Lu Sicheng laughed at her in the afternoon and “know it”, hiding in The people under the armpits drummed the drums to help the gang: What do you know to eat? When you go out to date, when you go out to date, Laozi is sitting at the base to watch the game. The video is over and the eyes are going to smash. How can you not hear a compliment!

The nursery rhymes are more and more eager.

For a moment, I almost wanted to pick up my mobile phone, but I felt that my deaf reason seemed a bit strange and untenable. In the end, the captain’s innate fear over her anger...

She ended up...

I fell asleep and gas.

.....

The next day is the match day.

The nursery rhymes who reached the competition venue were at 3:30 in the afternoon. After the makeup, they waited for the competition in the lounge.

At 4:30, faintly heard the voice of the outside audience and the live host was also in place;

At 4:40, there is an LCD TV screen in the player’s lounge.

The LCD screen is synchronized with the outside. When the player is resting, they can also check the current game through the screen. At this time, the screen already has a picture.

her a waterfall. Tears special effects:

A small s indifferent facial expression pack appeared on the top right of the nursery rhyme, the staff:

The nursery rhyme “snapped” and smacked her face on the face and couldn’t bear to cover her eyes. She could hear the people outside the hall in a long corridor. “Ha ha ha ha ha ha ha ha ha ha ha,” and so on. The card flew down to Lu Sicheng and said, “Give a personal head, give a personal head, I will work hard to fly down. You dare not give me a personal head. I will never come back in this life.” Lu Sicheng let her not be excited to pull on the pants. When judging from the laughter, everyone outside the audience is already laughing...

Nursery rhyme: “No, this door is not going out today. Lu Yue, let me go, I need to calm down.”

Lu Yue: “I won’t go, I will see you jokes.”

Xiaopang: “Don’t be afraid.”

Nursery rhymes: “How can they treat a girl like this!!!!”

Xiaopang: “E-sports, no gender.”

The nursery rhymes waved their hands. At this time, Xiaorui opened the door to urge them to go to the competition venue. The nursery rhymes were dragged out by Xiaopeng. After Xiaorui, she clearly heard the team manager said: “I like it. You are so free to play your own self, not ruthless, and the glamorous goods outside are not the same.”

In the dark corridor, the nursery rhymes looked innocent and looked at their team managers holding the wall, and suddenly felt that the whole world was targeting her -

When she walked out of the player’s passage and came to the seat, the nursery rhyme heard the sneer of the audience in addition to the applause. She licked her face and sat down in her position, feeling that there were countless eyes sweeping on her. Go, this time the computer screen that blocked her face in front of her can’t save her...

The nursery rhyme grabbed the earphones and smashed it before wearing it. “My heart has collapsed. Today, the road is naturally collapsed. You can do it both.”

Lu Sicheng: “If you want to be killed once, I will take the quotations from this event back to the living room to buy a large-size screen for twenty-four hours of carousel; one-time kill two rounds for two days; and three single-time rounds for

three days... ”

Nursery rhymes: “...”

Nursery rhymes: “Are you a person?”

Muttering wearing headphones, this time the outside noise and laughter was slightly reduced, the nursery rhymes still did not return from the shame play, but the ketchup on her face has slightly reduced to a faint blood red... .. After a while, the game officially started. When entering the bp mode, the teammates stopped talking and discussed the game seriously.

Old cat: “Get an Ike, give me an Ike, and Ike is very fierce recently.”

Old k: “Don’t, how can I be so upset when I practice a few more?”

Lu Sicheng: “The excavator is banned, the widow is also banned, don’t let Kun get it.”

Xiaopang: “The middle one is also banned, and the three hands are banned.”

Nursery rhymes: “...”

Old cat: “Then I took Ike.”

Old k: “I take 啥明明神?”

Ming Shen: “Do you want a male gun outside? I think a male gun can be.”

Old k: “Let’s go.”

Lu Sicheng: “I can take a later hero with a male gun.”

Xiaopang: “Hey, hey, let’s open the group.”

Nursery rhymes: “...”

Lu Sicheng: “Are we in the middle? Is it dropped?”

Xiaopang: “Quiet like a chicken.”

Mingshen: “What do you think of Zhongdan? I took an Izrel opposite, I think Xindela is OK... Can you play with virginity?”

Nursery rhymes: “Can, take.”

Xiaopang: “Miss sister, you believe that some people will not talk or be concise, she will still be on the quotation of the event.”

Nursery rhymes: “.....”

Tong Tong said that Lao Tzu does not believe.

So in the first game to the end of the game, a total of forty-five minutes of the game, from the beginning of her head, she said no more than ten words, each time speaking no more than ten

words, chubby and old k have expressed that the nursery rhyme was Lu Sicheng ghost upper body, Lu Sicheng is obviously not convinced: "I am not dumb."

Because I didn't talk, plus the death threat of the captain's "recycling shame play" before the game, the first game nursery rhyme was highly concentrated because of the spirit of the explosion, the opening and the old k in the river crabs to the opposite side to fight the wild, get a blood, in In the next fifteen minutes, she was called her personal Sindra's personal textbook, and she killed three waves of huawei team.

Then enter the group battle period.

In the group battle, the ball of Xindela, who was operated by the nursery rhyme, pushed the ball, and the other side's small crispy skin was pushed by her. Every time the team battle was pushed back to the front row during the withdrawal. Then, if the equipment is behind, it will be directly dropped by two or three!

Also lost is that they hit the field in the early stage to see the wrong, directly gave up the middle road, in the upper and lower two roads, the old k has been successful several times, reluctantly will tug war to maintain the battle to the middle and late, let the huawei team support hard for more than 40 minutes ... In the end, because the development of huawei in the single is really bad, the two consecutive wave battles can not be beaten and beat, but finally ended up with a wave of the game.

At the end of the first game, Tong Tong pulled out the headphones and stood up to drink a slobber. In a word, he did not say that he ran to the lounge with his tail. As a result, when he went to the bathroom in the middle, he met the huawei team's playing wild Kun in the corridor.

The boy's foot was nodded to him and he nodded. He did not expect the other party to raise his smile and smiled at her. He said with a robot that clearly said Chinese with foreigners: "I saw your video, very cute. ""

When the huawei team played wild Kun in South Korea, there were a lot of female powders, because they were tall and fair-skinned, laughing and having dimples, looking like a clean big boy, and there were very few words when they were broadcast live, with his teammates. When you are in double row, you

just smile and listen to them.

The teammates are not arrogant, and the teammates will type and praise the family.

The important thing is that learning Chinese is also very serious. I often use Chinese and fans to communicate with each other.

The little brother like this angel can't help but boast of his shameful play. The nursery rhyme is excited and almost peed on the trousers... I don't understand what the younger brothers are thinking now. She has to laugh and thank her, and slips into the toilet. .

- Originally this is a break time episode that can be thrown away at any time.

The nursery rhyme didn't even know what was wrong with this, or she smiled and thanked her for rushing into the bathroom. The honey juice angered the little brother... In short, when she started the second game, she found that she just boasted in front of the bathroom. Her lovely little brother suddenly felt like he was living in the middle of the road - Throughout the pre-game phase, Kun is not on the road in Gank or on the way to Gank Road.

The nursery rhyme was caught by him for the first wave.

When he contributed a blood of the whole game, he felt that he was not careful.

Until the other widow appears again and again in the middle of the road -

Calm nursery rhymes: "Playing wild in the middle, I am dead, the soldiers are coming in, old k you come to eat and don't waste."

Calm nursery rhymes: "Playing wild and in the middle, I am going back to the city."

Not so calm nursery rhymes: "I am dead."

Confused nursery rhymes: "What happened to this widow?"

The game map was cut by two and left in the middle?"

A virgin nursery rhyme: "I am dead again."

The expression began to twitch the virgin nursery rhyme: "I am **** dead!"

Looking at the black and white screen 狠狠 狠狠 键盘 键盘

The heart is like a virgin nurse: "... Why don't you be a widow, he dares to appear again in the middle of a road and I dare to spit it to you."

Xiaopang: "Brother is steady."

Tong Tong: "My brother can't keep up, and the speed pushes a tower. I don't want to be on the line. I will take the middle road as a double road."

At this time, the game has been carried out for twenty-five minutes. The opposite is like a good discussion. The two roads are not stable enough. They are always stable and resistant, and they don't give them the chance to catch them. When you look at you, you fall into an inexplicable cycle of death - Looking at the whole place where I contributed, the nursery rhyme smashed the swear words in my heart, and because she was too angry, she even felt that she was frustrated when she lost this game, and she was burning in the chest. Only anger. At the end of the second game, the nursery rhymes sat in the corner of the lounge, their heads were silent on the wall and they were thinking about each other. Lu Sicheng was discussing the problem of a game... At this time, the door of the lounge was pushed open. In the eyes of the public, the huawei team rushed into the field to find a head, and after greeting everyone, they went straight to the nursery rhymes and bent down next to her chair: "Can I have your WeChat? Give me a WeChat, not the next one. in."

Nursery rhymes: "....."

The nursery rhyme took the head off the wall.

Nursery rhymes: "?????"

Kun Yu smiled very cutely, and there was a little tiger tooth. Players exchanged WeChat quite normal, generally waiting for the game to chat in the background when the addition is added, the nursery rhyme is not how to put it down on the heart, watching Kun seriously open WeChat to add her, satisfied with the sound "Thank you "Stand up and go outside until he leaves, the nursery rhymes have not returned.

Nursery rhymes: "What happened?"

Lu Sicheng: "Philate Collection."

Nursery rhymes: "..."

Xiaopang: "We have all of WeChat, don't listen to Cheng Ge."

Nursery rhymes: "Oh."

In the third game, Kun really did not come to the middle of the road -

In fact, he is useless again. The third nursery rhyme specially selected a squat, running fast, his hands are long, there is a shield to slow down and have silence, and after the sixth level, the big move is to return to the blood to kill the life-saving skills... and the team also In the rest time, discuss how to deal with this kind of brainless grasp.

In the third game, because everyone is playing normally, no one will pull out the black technology, and zgdx will push the high ground in the 38th minute. After the last wave of the group battle, the game was successfully won at 41 points. Standing up and going to the opposite side to shake hands with the opponent, Tong Tong felt that she was three years old today.

All the way to the Kuna, the latter pinched the virgin's hand and shook and said: "WeChat see."

Nursery rhymes: "...oh."

.....

Back to the base is already at 9:30 in the evening.

Everyone played three games, and after the second game, the fright was exhausted like a dog. The nursery rhyme proposed to take a take-out and agreed, and the mobile phone was trying to open the take-away software. She discovered that the huawei team was playing wild. At the same time, she sent her numerous WeChat -

Nursery rhymes: "..."

..... What happened?

The nursery rhyme put down the phone.

Sitting around her, Lu Sicheng squinted her eyes and glanced at her: "Is it a takeaway?"

"It's a big take-away. Before I had an idea, I didn't know what to say."

"Not telling."

"I think the cell phone team's little wilderness seems to want to marry me."

“ ... ”

Lu Sicheng immersed himself in the action of typing on one-handed mobile phone. He looked up and looked at the nursery rhyme with the look of “You have taken medicine.” After a while, when she did not respond at all, she took away the mobile phone in her hand and quickly watched it. A glance, then, silence.

Lu Sicheng: “What do you think?”

Tong Tong: “I just want to put him and the widow maker into the coffin and nail it to the ground and bury it deeply.”

Lu Sicheng “hmm”, then bowed down on the nursery rhyme’s mobile phone with an input method software, played a string of words, and then returned the phone to the nursery rhymes, continue to bow down to play their own mobile phone...

Nursery rhymes looked down at the phone screen -

After three seconds, there was a reaction on the opposite side -

Nursery rhymes: “What do you mean? What?”

Lu Sicheng glanced up his eyes and said: “He said sorry.”

Nursery rhyme: “I am sorry if you said that you are not swearing?”

Lu Sicheng paused and then faintly said: “Don’t worry, he won’t come again anyway.”

The nursery rhymes “squeaked”, opened the take-away software to take a takeaway, eat, wash, go to bed at 12:30 in the evening, teammates are still downstairs chicken flying dog beat rank, nursery rhymes climbed into bed to play mobile phones.

Playing and playing suddenly I thought that Kun really didn’t send any more information, so she entered WeChat and copied the words that Lu Sicheng said.

“

”
The virgins shook hands and the phone slammed into her face. The author has something to say: ah ah ah ah come, today is updated late, but the content is definitely awesome hahahahaha Cheng Ge is not simply a hegemonic president. In fact, he said that this is very powerful, because South Korea is a country that is very particular about respect, and he joined the emoticon before Kun, which is a predecessor. In fact, strictly speaking, Lu Sicheng was there when he was there. Later, he would say that the predecessors’ words must be listened to, so

Kun's retreat is so clean and neat...

Ok.

At last.

Thanks to the young ladies and sisters who have been maintaining peace in the commentary area. We will not be surprised by strange people in the future.

Everyone has worked hard today, this chapter sends 200 red envelopes!
