

Chapter 57: city

The audience was very lively and people seemed to like the eggs after the game.

Xiaopeng followed the two men and looked awkward: “What are you doing? How about the pigs?”

Lu Sicheng: “Who is the pig?”

Tong Tong’s face rose red, and patted Lu Sicheng’s back and said, “Will you focus on it? You put me down.”

Lu Sicheng did not move, blinked chubby, and then kicked his leg on the virginity shoes: “Your legs are removed.”

Xiaopeng bowed his head and saw that it suddenly became clear that the general “ah” shook his foot back. Lu Sicheng bent down and put the nursery rhyme down on his shoes. The nursery rhyme fell on the ground and bowed his head and wanted to wear shoes. When I found out that Xiaopeng just stepped on her and pulled it, the place where the front of the shoe was pinched off was broken. The nursery rhyme was all bad. The shoe was sent to the sun last Christmas, and the black bottom was in front of it. The white camellia, although theoretically a flip-flop, is a very expensive flip-flop...

If this is not the worst.

The worst thing about this is that the staff who watched for a long time at this time finally got the courage to come up with the nursery rhymes: “silg are you ready here, let’s do a vp interview.”

The nursery rhyme stepped on his broken shoes and thought you looked like I was ready, but I couldn’t say it because the host was already in place not far away, the lights were already laid, a bunch of zgdx The fans of the team gathered in front of the interview area to look forward to...

The nursery rhyme was silent, and he snorted and dragged his ankles to the interview area. He walked two steps and suddenly heard a sigh behind him. She groaned and wanted to turn back and ask Lu Sicheng how sigh you are. Suddenly I felt that my waist was stuck by a big hand, then my feet were off the ground, and the next time she vacated the whole person

-

The fans in the interview area screamed and screamed, and the boys were whistling and laughing!

“Ah, hello!”

The nursery rhyme head slammed into the man's strong chest, and from her point of view she could only see the latter's perfect squat -

Lu Sicheng squinted her face and slammed her all the way to the high stool in the interview area. When a bunch of shutters illuminate the flash on the face, she remained calm. He put down the nursery rhyme and turned away, and returned to the game to clean up himself. The peripherals are also nursery rhymes.

The nursery rhyme sat in the chair and watched Lu Sicheng put his earphones in the peripheral bag, and then she regained her eyes. At this time, the whole person was still awkward - she was sitting in the spotlight, and the fans below were black. She was a little nervous and her brain was blank. I was forced to think of one thing: the staff seemed to forget to ask her the questions to be asked in the next interview.

Just in the case of this seemingly rush, the interview began. The host smiled and congratulated the zgdx team 2:0 to win the battle team, successfully won the game, and now the zgdx team's team points are 3 small points, temporarily ranked first in the group a -

Moderator: "What do you want to say about silg for the current results?"

The nursery rhyme clenched the microphone in his hand: "I am very satisfied with it. Thanks to my teammates for taking me to win. I hope that this good state will last until the end of the season."

The people underneath laughed. The nursery rhythm was a little bit running back at this time, and the heartbeat was a little calmer... The host next to the host smiled and praised her and looked at the problem card in her hand. Asked the second question: "Everyone knows that our silg is the only girl in the lpl professional team. Everyone wants to know. As a girl to play a career, is there any inconvenience and need in all aspects? Face more trouble than ordinary players?"

"It's okay, I will be very nervous at first, I am afraid that I can't integrate it, but I found that my teammates are very kind," the nursery rhyme scratched his head. "It seems that no one has treated me as a girl, so it is the best: I boast one more of my teammates. It's probably not a big deal for girls to play

professionally. They never thought this way—”

The nursery rhyme put down the microphone and thought about it, adding: “Girls who want to do it can actually do very well. E-sports should not be just a field that boys can be involved in. People who want to have such stubborn thoughts can make a difference.”

The nursery rhyme fell, she barely saw the sister standing below, and several of them put down the camera and began to applaud...

I don't know why she suddenly thought of the Mingshen's fan sister who met in the spring finals before joining the team. I don't know if she really left the e-sports circle now, or she still can't let it go. Sitting on the fan seat like that, continue to cheer for zgdx -

The nursery rhyme squinted and tried to look at the audience. She always felt that she saw her, but the next moment she felt that she was probably looking away.

Then the host asked a few questions, such as why I wanted to take the moon, and the nursery rhymes answered them one by one. Until the three or four questions were asked, Tong Tong thought that the interview was over and I wanted to jump off the chair. When she was suddenly stopped by the host, she turned her head and smiled at the other side: “We have the last temporary additional question. All the fans on the scene, including me, want to know. Just thank the audience and finish when you go back. What happened in the end, let us chissan suddenly go back and hug you up... To be honest, I can see such a romantic scene from the League of Legends professional game -”

The audience below laughed and people whispered.

The nursery rhyme pumped the lips and said: “It's chubby stepping on my shoes. I stumbled. He caught me.”

Moderator: “But recently the major gatherings of gossip are also discussing about you and our honest brother...”

Nursery rhyme: “It's still very innocent, but only occasionally he will say something to talk about the slogan, you don't want to be led by him.”

Moderator: “...”

Nursery rhymes: “If one day our captain decided to start to like human beings and be with me, I must tell the world, and

send out wedding invitations.”

Moderator: “...”

Moderator: “Do you really tell us?”

Nursery rhyme: “Take a horn and stand on the stage and shout.”

Moderator: “Ha ha ha ha!”

The nursery rhyme is so frank, there is no shyness in the twists and turns, but the people who think that she and Lu Sicheng really have anything and doubts are relieved. The interview is finally haha, the atmosphere is very good and easy... until the host The person announced that the interview was over, and the people dispersed in twos and threes. The nursery rhyme jumped out of the chair with a sigh of relief and returned the microphone to the host. Her palm was full of sweat.

..... In order not to let their captain get rid of all kinds of pink news, she also broke a girl’s heart.

When she walked to the back lounge, she limped and slid the body of her shoes on her right foot...

As he said, the nursery rhymes finally arrived at the lounge, pushing open the door of the lounge and found that there were still a few staff members in it. One of the sisters ran over and handed the pair of slippers to the nursery rhymes.

Nursery rhymes: “Where is it?”

Staff sister: “Cheng brother just went to a nearby hotel.”

The nursery rhyme “oh” muttered “He is so good” bent over and changed shoes. During the time, Yuguang saw a large bunch of flowers placed on the table. She paused and straightened up, and the staff also took things and turned to prepare. Leaving - no one wants to take the flowers away.

“Is this flower not taken?” The nursery rhyme pointed at the flower.

“Sincere brother did not say to take it.”

The nursery rhymes have sniffed up and sniffed, they are the freshest imported flowers, and they are waiting to be released. It seems a pity to throw them away. I thought about myself and I have nothing to take. I simply took one hand and took advantage of my own expensive. The body of the sandals, the other hand holding a bouquet that almost buried her face, and crawling on the bus behind the staff -

On the bus, Lu Sicheng sat in the last row of special seats and

closed his eyes. The nursery rhymes walked over and bent down a little, reaching out and slamming him down on the headphones: "Captain, thank you for your slippers."

The man opened his eyes, the dark brown sly calm and indifferent and looked at her for three seconds. In the fourth second, he looked away from the flowers at the feet of the nursery rhymes: "What is this?"

"Fans send your flowers."

"I asked this? I asked you what to do?"

"Why don't you take this flower? Are you pollen allergic?"

"..."

Lu Sicheng was silent for a while, staring at the nursery rhymes and throwing a sentence, "You will take it if you want to take it." When the latter reveals an inexplicable expression, he grabs his earphones and puts them back into his ears. Then Put the coat's hat on the half face -

A silent command expressed in action: roll away.

Tong Tong smiled and sent WeChat to Jinyang, then turned and sat back on the chair, with the bunch of flowers on her feet, she tweeted with her legs and brushed Weibo.

I accidentally brushed a Weibo on the homepage.

The nursery rhymes pumped their lips and put them down.

They thought that there was really no impenetrable wall in the world. They looked down at the flowers of the culprit, and the more they saw it, the more innocent it was... The nursery rhyme exited Weibo and looked around and found that the news of this mysterious woman has been overwhelming -

Nursery rhymes: "..."

The nursery rhyme looked at it for a while, but I didn't expect that the girl who sent a flower today could do so many things. These netizens sang the esports of Holmes at this moment. The most terrifying thing is that most of them guessed it.

As for the girl is not intentional -

The nursery rhyme stood up and sat next to Lu Yue. He found that Lu Yue was holding the mobile phone and didn't know who to talk to. She kicked him with his foot. The latter looked up blankly and looked at the expressionless girl sitting next to him. I paused and lowered my voice: "...you also saw the post and the microblogging thing."

Nursery rhymes: "I took a wave of dirty water with the sixth

sense of a girl: the woman is deliberate.”

Lu Yue rolled his eyes and handed the phone in his hand to the nursery rhyme. The nursery rhyme looked at the phone and found it was Lu Sicheng, but now Lu Yue is quarreling with a caller. In simple terms, Lu Yue said I **** him for him.

Wechat is for you to do things. Now it's overwhelmingly saying that our captain is in love and letting her girlfriend come to see him play and send flowers.

Lu Yue face black as carbon, grabbed the phone from the nursery rhyme and directly pulled her back.

“It's not impossible to fall in love,” Lu Yue put his mobile phone in his pocket. “I can't fall in love with this kind of person, show off my heart is too strong, my heart is too strong, my sense of superiority is too strong, I don't know anything about the current situation of this circle, though Not exactly her fault, but everyone doesn't want to waste time because of these things.”

“You really broke your heart.” The nursery rhyme leaned back. “My brother said that it is a public figure, not only himself, but also the people around him need to be conscious as a public figure, so that everyone can do things they want to do.”

The nursery rhyme thought about it and raised the hair of Lu Yue's hand: “You are quite sensible.”

Lu Yue's “Oh,” shrank back, and the nursery rhyme still wanted to get together to bully him. At this time, the elongated hand was suddenly pulled from the back. She and Lu Yue both looked up and saw that it was like a The big Buddha looks like someone behind them, and his face is sleepy.

“What are you doing?” Lu Sicheng asked.

Lu Yue: “Meeting.”

Nursery rhymes: “Meeting.”

“Open a fart, the kindergarten does not need a meeting,” Lu Sicheng let go of the nursery rhyme, revealing a disgusting look. “Go to the place, get off the bus and eat.”

The nursery rhymes looked up and really went to the place to eat.

It's just dinner time after the game.

The nursery rhymes wore the pair of hotel slippers and followed them to dinner. She was surprised that when the waiters entered the restaurant, the waiters looked at her shoes,

but when they were inexplicable, they didn't even go out and beat her out...

During the dinner, no one dared to discuss with their captain about his first trip to the peach blossom news. After drinking enough, Lu Sicheng made a surprising decision: "We are going to buy a uniform team shoes. I look at your slippers, sandals, running shoes, and I also have eye pain."

Nursery rhymes: "Slipper sandals are more convenient for you to dislike..."

Lu Sicheng: "Today, you should let your face fall down on the ground. It is convenient and inconvenient to see your gums."

The nursery rhymes looked down at the hotel slippers on their feet and closed their mouths.

Xiaorui: "You have to apply for funding..."

Lu Sicheng: "I am coming."

Xiaorui thought for a moment, as if he was indeed the boss, so he nodded: "Cheng brother has money to give him a brother? Then I look at it."

Everyone is also saying what it is. After eating the meal, it is still early. Simply go shopping in the shopping mall near the restaurant. It is said that the team shoes are just looking for a sports shop to buy six pairs of identical running shoes, even if they solve the problem, everyone is swarming. Rushing to a store, picking a pick, it is not easy to set a blue and white main color men's basketball shoes, chubby wearing on the feet, everyone looked good and then unanimously passed.

"Just it," Lu Sicheng pulled out a card from his trouser pocket.

"You report the shoe number."

In the pile of "41", "42" and "40", someone in a corner was silent: "35."

Everyone was silent, Lu Sicheng handed out the action of the card.

When the whole team brushed their heads and turned to look at the nursery rhymes, the girl picked and slammed it: "On 35, I have the ability to fire me."

"...what you are proud of." Lu Sicheng muttered silently and turned to see the salesperson.

The latter was stared at him: "This sneaker is a minimum of 39 yards, but, ah, but I know there is a female model of almost the same style."

The salesman said as he turned around and went to the women's shoes area to take the shoes of the same style with red and white, and put them next to the shoes selected by the group of grandfathers.

"It's clever," the salesman said with a smile. "The shoes you have chosen have a female model, a couple."

The nursery rhyme got into the slippers and tried it. He was looking down and pulling the chubby wearing the men's heel. When he compared the couple's money, he looked up and found that Lu Sicheng had already handed the card out and let the family check out.

Nursery rhymes: "Hey, I think I can choose again."

Lu Sicheng: "Is there a bright day to choose another day, is there any discipline?"

Nursery rhymes: "..."

.....

I bought shoes and went back to the base. Everyone won the game and received a new pair of shoes. Everyone was satisfied. I thought that "Cheng Ge has money and honest brother" is really a very good sentence.

Back to the base, everyone was dissolved in the same place. Some went upstairs to put some of the peripherals to take a bath. Xiaorui held the big cake and refused to let go of the canned food to please the cat uncle. The base layer only had the nursery rhymes and Lu Sicheng two... The nursery rhyme saw Lu Sicheng sitting down in front of the computer. Turning on the computer seemed to be preparing to continue to play the rank training. She hesitated, walked over, took out a coin from her pocket, and pulled Lu Sicheng's hand into his hand.

Lu Sicheng: "?"

Nursery rhyme: "This Yang said that it is not good to send shoes. Those who are sent shoes should give the shoes to the people to exorcise evil."

Lu Sicheng: "... Which hills and mountains are you going to cross the mountains and enter the metropolis to play professionally?"

Nursery rhymes: "....."

Lu Sicheng said with no expression: "Only this relationship can be found between couples."

The nursery rhyme "squeaked" and thought about it. The face

turned red and bent to slap Lu Sicheng's hand and whispered:
"Then you still me."

Lu Sicheng shrank his hand and then, when the nursery rhyme could not catch him, his hands and feet swiftly threw the silver coin into the lucky cat piggy bank. The nursery rhyme took a breath: "You think I can't find it if I throw it in." "

The words have not yet fallen, only the man in front of him raised his eyebrows, grabbed the lucky cat jar and shook it a few times, then put the entire piggy bank in her arms: "Look slowly."

Nursery rhymes: "....."

Nursery rhyme: "Lu Sicheng, you are childish!"

Lu Sicheng: "I am childish, you still have a trick. If you have a piece of money, you have to come back, and you should slowly take a needle in a haystack. Don't block me from playing live."
