

Chapter 65: city

The nursery rhythm was tense for a while, until the plane took off, it was a little calmer... She was not sitting so close to Lu Sicheng, but it was not the same as before. Before she was forced to do so, she did not take Lu Sicheng seriously.

Potential secret love objects have seen it.

- It is as if he suddenly has sex.

This metaphor, the nursery rhyme, described this to Yang, and was ridiculed by the ruthless swearing.

After the plane flies smoothly, the broadcast notice can open the entertainment equipment. In order to distract attention, it is no longer like a neuropathy. The person sitting next to her at this time, the nursery rhyme opens the ipad to watch the red arrow game video - the red arrow this team predecessor It was the "Assassination Corps" team. After the s3 competed for the defeat of the world champion, it was disbanded and reorganized. Only one player was left to become the "Red Arrow". The "Red Arrow" team stayed in the ranks of lpl year after year, but since After s3 took the runner-up, he never entered the s-series competition: every time it was a little bit worse, missed the tickets.

Last year, the old team member left by the "Assassination Corps" announced his retirement -

When I walked, I just lost the s5 ticket, so he walked very regrettable and humiliated. He said it was hard to hear. He was driven away by the fans of Red Arrow. What "old people" and "older orders" were "dragned" This statement has...

The most confusing thing is that after he left, the results of Red Arrow did not become better. This spring's spring is just a result of a round of the playoffs: but the sprays that were spurting at the beginning did not have any The station stood out and announced that it was responsible for the matter.

"..."

The nursery rhymes changed their hands, held their chins, and looked up slightly in front of them in a row, forcing the old k and the old cat "two couples" to see the red arrow team's information -

Not everyone is as clean and neat as the gods, and they are sent by applause and cheers... Most people, even if they have been brilliant, are retreating to the bench after they are

gradually unable to move. When one day, people almost want to take him. Forgotten, just when he was ridiculed, he would suddenly jump out and send a Weibo, announce his retirement, and forward hundreds of thousands, and will never be mentioned again the next day.

This is the status quo of the professional circle.

The nursery rhyme wiped his face and turned his head to Lu Sicheng: “Captain, what will you do after you retire?”

“Coach, if the game goes bankrupt, go home and do things in the company. The main content of my dad’s annual burning worship is that the devout Buddha hopes that the fist company will close down the next day.” Lu Sicheng did not think about it, “Why ask this?”

“...a video of the game before watching ghosts.”

“Ghosts were forced to retire last year, playing tickets for the bubbling competition, and sending the team to the sky with no strength.” Lu Sicheng said, “He actually has no problem with his own operation, and his mentality is blown up.”

“It’s sprayed by the spray.”

“Playing a job is not a good job for you. It will be enough to play a game. Sometimes you have to be a self-conscious person as a professional player - what to listen to and what not to listen to; what to do and what not to do.”

“Oh, but why did you start a quality education suddenly?”

“...”

“Hmm?” The nursery rhyme raised his eyebrows.

Lu Sicheng and the curious eyes looked at each other for a moment, and smiled for a long time. He used his fingers to play the forehead that had been brought to his front: “Nothing, I am afraid that those sprays will ruin you before you can shine, little girl.”

Nursery rhymes: “...”

In fact, it’s not painful to be bombed.

The nursery rhyme is still “squeaking” and shouting his forehead back to his head, his face is reddish, and there are a few huge bullets left in his head. The little girl is a little girl, the little girl, the little girl, the little girl, the little girl...

This is a crime-level sister.

At this point, the chubby behind the nursery rhythm smiled and caught her backwards, and patted her on the shoulder:

“Nothing, just listen to the captain, don’t let the do not do it, play the game, it will never On the day of the spiral explosion - and even if it blows up, the captain will stand up and stop in front of you.”

Lu Sicheng stared at Xiaopeng for a while, and said with no expression: “Who told you that I would be so great and compassionate?”

A nursery rhyme: “Is it not?”

Lu Sicheng: “The one you said is the Buddha.”

Nursery rhymes: “...”

Xiaopang: “...”

Lu Sicheng: “But chubby is at least right.”

Nursery rhymes: “Hey?”

Lu Sicheng: “I want to hear my words.”

Nursery rhymes: “...”

The two assistants exchanged a big eye at each other and then squatted together to watch the video of the game...

Lu Sicheng smirked and turned to face the window and continued to close his eyes. When he heard from the ear, “They also liked the gank middle road. They gave me a look at the opening.” “Don’t give honest brother, he won’t die.” He is dead, you don’t have a pot, let him die, and the like, when you hear “choose a bullhead e (plus blood skills) and scream at him behind him, mad at him 2, 3, 3,” the man finally I couldn’t help but open my eyes, paused, and finally closed again.

After about twenty minutes, he was quiet behind him.

Vaguely heard the voice of the flight attendant pushing the car close, originally looked like a man who was sleeping, opened his eyes, did not see much sleepiness in the eyes, just looked up and looked at it - the whole plane, including his teammates, slept in twos and threes It’s almost the same, his family’s singles and assistants are in love and fall asleep...

Especially in his family.

By virtue of her natural height, she curled up directly in her legs and slept in the shape of a tumbler in a small seating space. Her whole body was skewed like a chubby, leaning against him on a soft pad.

Lu Sicheng: “...”

When the flight attendant pushed the car closer, asked Lu Sicheng if he needed something to drink, the man asked for a

cup of coffee, and when he took the coffee, he would turn to the tumbler on the chubby side with three fingers -

She squinted and fell steadily on his shoulder.

The long breathing is close at hand.

The man paused, put down the coffee, and picked up his sweater to cover her shoulder.

As for the nursery rhymes, she only knows that she has slept for a while.

The plane's virginity was shaken up, and the head was again in a standard fox-like look. When she found out that it was just the plane landing, she sighed and raised her hand to wipe her mouth: "The landing technique is too bad. I have to complain about it... Hey, chubby, do you have any saliva on my face?"

"No," he said, humming his face with a red stamp on his face.

"But you have honest brother's clothes on your body."

The nursery rhymes looked down and saw a long-sleeved jacket on their knees. Zgdx's winter uniform was last year, and there was a chess embroidery of "chessan" – the nursery rhyme stared at the dress for a while, until the big hand next to it.

Take it away...

"It's common sense to take a jacket with a plane in the summer."

"..."

"You can only go out alone for three days."

"..."

It is also true that people are short-handed. Since they are indeed taken care of, it is also appropriate to accept two humility and accept them.

.....

The hotel arranged by the organizer of the city of C is already at two o'clock in the middle of the night. Considering that I have to get up at 8:00 the next morning to start makeup preparation activities, the nursery rhyme washes her face and hurriedly sleeps... She swears that she just closes her eyes.

After a short while, the alarm clock rang.

The nursery rhyme with a stomach of grievances and wake up to get up and take a bath and blow her head, put on a clean team uniform and go downstairs, just sit down at the breakfast table and drink a mouthful of juice, the organizers began to urge them to make up... At the same time, the other players

were in a state of anger that they didn't wake up. Only the early childhood of the nursery rhyme and the death of the starless people felt the true anger.

"I don't mean to go to makeup at 9:30? It's only half past eight."

"The organizers said that all of you have arrived, and you will leave early to avoid traffic jams on the road."

"... So early, what activities are there today?"

"We are just picking up and dropping off the staff. The specific content is going to ask the person in charge of the booth to know what it is!"

"..."

At this time, the nursery rhyme is that you dare not be more reliable. When people arrive at the place, they tell the activity content. Who is this to be surprise?

- This is the first wave of anger, at this time the anger value is 25, reading a quarter.

I got on the bus and pulled all the way to the exhibition. I sat in the dressing room and let Xiaorui get the bottle of yogurt.

The nursery rhyme was drinking and observing the surroundings. When I first started making makeup, I kept hanging the staff sign. When people came in to take pictures, the photos were changed to be signed by Xiaorui. Some of them only chose Lu Sicheng and the players with higher popularity such as old k and Mingshen; some are obviously "don't miss one when they come here." Holding a book and signing one by one...

Lu Sicheng was very cold but patient at this time. Someone had to sign it, but the nursery boy got a sigh of gas and added low blood sugar. At this time, everyone looked like two hundred and five... she was silently counting until she had tenth. When the three people handed the book to her side, she thought that the number was good, and then began the first round of today's outbreak -

She took the book back to the person's hand: "Don't sign it, I have makeup again, how many times have you stopped? Rui Ge, you stopped."

She deliberately heard the entire lounge.

Xiaorui's face "How do you scream", with the words: "Ah? Oh, you know, let's talk about it."

At this time, the staff member in front of the nursery rhyme is a sister who is almost as big as her. Wearing a cheongsam dress worn by showgirl, it should be a part-time job for college students. Before I came in, I had several rounds of signatures. It is estimated to be brought to others... This time Refused, she squatted, did not say anything, put away the board and left. "Well done well," the makeup artist who gave makeup to the nursery rhyme rolled his eyes. "How many times have I been interrupted this morning, I have drawn a line of eyeliner and scored four times to draw a ghost? These people are showing off with friends what I am. Can go to the background to see xxx, do you want to sign with you, and then ran in to sign! I told you, I have seen this much, I may not know how you are doing. I know that it is a celebrity playing games."

The nursery rhyme "oh", no snoring, and raised his face to make makeup for the makeup artist.

- This is the second wave of anger, at this time the anger value is 50, read one-half.

After finishing the makeup, the nursery rhymes sat on the sofa to eat biscuits. After watching it refused, the girl wearing the cheongsam sneaked in and sneaked in several times. This time she bypassed her directly to find Lu Sicheng... The nursery rhyme turned over. I want you to be a gentleman, grab a mobile phone to brush Weibo -

Brush and brush it to one, click inside and see, it's a fan who is probably on a Weibo, and the content of Weibo is like this -

The following comments are a bunch of her friends and relatives: "Sisters play professional?" "It's also a staff member, hey, holding the chicken feathers as an arrow!" "Ha ha ha, I seem to know who you are talking about, to be honest, seeing her early is not good. I don't know what is going on!"...

Nursery rhymes: "..."

Yes.

Very angry.

Muttered "I am embarrassed", the nursery rhymes took the phone to the sofa for a shot...

- This is the third wave of anger, at this time the rage is 75, reading a quarter.

The nursery rhyme fell on the phone, and suddenly she felt

someone approaching. She suddenly turned back and just Lu Sicheng bent down to pick up her mobile phone... Her nose tipped across the side of his cheek at a rapid speed, and the nursery rhyme fell. The brain was empty and didn't react at all to grab back his cell phone.

Lu Sicheng looked down at the phone in his hand and looked at it for a while, then smiled slyly: "Is it bad to say behind the scenes?"

".....Mad, I don't see how this kind of borrowing is cheap." The nursery rhyme rolled his eyes. "I saw how much I did in high school and didn't do much." I have been away from a famous ser in the arm recently. He is still my god!"

"and then?"

"I found that he was not much taller than me, and he took off the powder."

"..... How short is it?" Lu Sicheng reached out and took her to the sofa from behind her head, "You are a bit violent today, didn't you have enough in the morning?"

The nursery rhyme leaned on the sofa, using his hands to open the big hand on his own eyes, and then looking up at him from the other side with his head pointing: "Looking at the good-looking girl wearing a cheongsam to sign your heart?"

Lu Sicheng let go of her: "It is a habit."

The nursery rhyme raised his eyebrows: "That's what you guys are used to."

"Otherwise, these people will go out and chew their tongues, you see," Lu Sicheng shook his baby's cell phone. "Isn't this coming? In the afternoon, it is estimated that there is a famous team member who is grumpy and arrogant, and does not match the performance of the weekdays." The post appeared..."

The child squatted and took a deep breath, as if it had reacted to it, and began to regret it.

"The people are not afraid to wear shoes." Lu Sicheng put the phone in her hand. "You just close your eyes and watch the past, don't be brought to this rhythm."

"But-"

"What did you say on the plane yesterday?"

".....what?"

"Listen to me."

“ ... ”

“Well? Obey.”

“ You are holding you as the captain.”

The nursery rhyme put the phone in his pocket, and Lu Sicheng glanced up from the sofa and grabbed the comb to comb his hair that was caught by Lu Sicheng... Seeing the chubby hippie smile and the old k from the mirror, they made a face: If you don't play professionally, you can apply for a police dog trainer. Maybe you have to shine in another industry.”

Lu Sicheng leaned on the sofa and squinted his eyes and swept the group of players who were afraid of the world. “Don't irritate her, then jump up and you pick up?”

The nursery rhyme is like throwing a comb with Lu Sicheng's words.

Xiaopeng, they closed their mouths instantly.

- This is the first wave of cooling, at this time the anger value is 65, the reading progress is falling, because the captain said: think twice and do not give yourself a rhythm.

In the line, the nursery rhyme pulled down his hair and told himself that he should be calm and have qualities.

.....

Grinding and grinding until about 11:30, a staff member came in to bring the nursery rhymes from the dressing room to the “private lounge” which was simply set up with a board next to the booth. There were a few plastic benches in the table, a bit stuffy and noisy around. The nursery rhyme is licking a small Swiss who doesn't know where to get out of the bread.

“This exhibition does not give food.” The nurse asked the bread.

“There is water to drink,” Xiaopeng drank. “There is a good drink.”

The nursery rhyme thought about it, and evened his bread more than half to look at the fat man who seemed to be hungry enough.

During the waiting in the lounge, it was probably Xiaorui who finally moved. During this time, no one came in to sign, but from time to time, there were busy staff members coming in and out... Finally, it was estimated that the activities on the side of the booth came to an end. The restroom door, a group

of girls on high heels, walked in with a smile - Xiaopeng, several of their big men naturally stood up from the chairs to give way. Some of them were very polite and thanked to sit down. The nursery rhymes hesitated and stood up, and then the position was said to be the one who said her bad things. After sitting down, I gave her a look...

Tong Tong thought that I said good people have good news? The nursery rhyme stood behind her and licked her teeth. Several of the showgirl girls standing opposite her met. It was estimated that the one sitting there was not very polite and clamored together; Lu Sicheng married her. At a glance, it's just that when you don't see anything, you just close your eyes.

At this time, the last wave of high tide came.

The host finally came in and sent the next activity item to everyone, including the interactive game session.

When the nursery rhymes pick up the game, they are dumbfounded. They don't do it. They don't know who made a new idea. They want the team's princess to hold a booth on the booth of the booth. From this head to the end. Then the sister used the hammer in her hand to ring the gongs and win.

Nursery rhymes: "..."

To be honest, the first reaction she saw in this game was to call the police to have some vulgar content to be sensational.

Looking up, this time the other players' faces are not very optimistic, and a few young girls are also hesitant: people wearing cheongsam, so hugged and hold like what.

...and, more importantly, besides that.

The nursery rhyme put down the program list and said with no expression: "Who wants the activity? Don't tell us in advance? This group of games is all hand-injured, and the weekend therapist just said that after completing the acupuncture for half a month. I don't want to work hard inside, I didn't let them screw this week..."

Xiaorui glanced at the nursery rhyme and quickly picked it up: "Yes, yes, this is really, the person in charge? Come and change the game, this is really inappropriate, the impact is not good -"

There are several showgirls echoing.

"Our game props are ready, time is just right. Now it is

inconvenient to change it? In fact, it is just a matter of time, don't have to hold it for a long time, and it will pass." The host hesitated. Obviously can't do the Lord.

The nursery wrinkled his eyebrows and walked over to the old cat. He picked up his coat and revealed the wrist bandage underneath: "Now my teammates can't stand it anymore. There will be competition tomorrow. If it hurts, who will be injured??"

After she said that she put down the claws of the old cat, she did not let go, and her face was strong, like the old hen who only guarded the scorpion, and she was in front of her old and weak sick teammates.

The host laughed and saw that the little girl was so strong, and it was a bit frustrated. I was a little bit sloppy and wanted to talk about it again, but at this moment, suddenly passed from the corner of the lounge. Come to the sound of the drops - "I said the girl, from the beginning you are stinking and you are looking for a chance to find it? Not telling you that the organizers are ready to have the props and have time to arrange them, can't they change?"

The man who was not in the morning with the virginity turned around, holding a bottle of water in his hand -

"Everyone is taking money to do things, who is more noble than who? Then I don't like it, don't come, but when I collect the money, I have to make it difficult for the organizers. Are you playing games too much? The big lords are holding two jins of little girls on the stand and running two laps so that they are going to die to live-"

Her words could not be finished.

Because when she said "to die to live", the nursery rhymes have accumulated a day's anger value of 100, at this time, in the case of anyone who has time to react, she took the old cat's hand and went up to marry her. The chair - the plastic chair slammed, the person sitting in the chair screamed and fell to the ground!

The nursery rhyme went up to the tiptoe and just picked up the plastic chair and was ready to take a qw two to take her dog's life. At this time, she was lifted from the back. Her back of the head hit a strong chest and did not respond. Being held up by someone -

“Let go!”

Child roaring.

At the same time, the woman who had a lot of fart had climbed up from the ground and screamed and poured the water in her hand with a bottle. The whole bottle of water did not touch the hair of a nursery rhyme, but it was poured. Lu Sicheng, who is kneeling in his arms, has a back.

At this point, the lounge is completely messed up into a pot of porridge!
