

Chapter 68: city

“The above are all joking. I have to go to the wall to think about it. Next week at the club’s regular meeting, I will bring my Wanzi review book to speak under the flag... Well, now I am going to write a review. Off live, goodbye.”

The nursery rhyme put down his mobile phone, cleared his throat, and finished his words in a strong and calm manner.

Nursery rhymes: “...”

The nursery rhyme collapsed inside, let’s turn off the live broadcast, and looked up and looked up at the tightly closed door upstairs... After a few seconds, it seemed as if she had made up her mind, she drummed the drumsticks and pushed the keyboard station I grabbed the phone and slid it into my pocket. I ran on the second floor and stopped at the door that was almost burned by her gaze. I raised my hand and tried to knock on the door. Stop in front of the door.

She heard her heartbeat.

Pause -

The courage that had been so hard before suddenly disappeared in an instant.

The nursery rhyme retracted his hand and stood in front of the door to act as a statue for about five minutes until he heard the sound of the walking and the sound of the water in the room. It was probably Lu Sicheng who was taking a shower in the shower... Before the heart was so depressed, it was lost again. Emerge, the girl turned her head like a defeated cock, and stumbled downstairs like a wandering...

After passing his seat, Yu Guang saw the packing box placed on the table, and the nursery rhyme took a meal and licked his empty stomach: in fact, she was already hungry, and refused to go to eat with chubby. It’s all about ghosts, she doesn’t know what it’s like—

I saw Lu Yue instead of winning the training game.

I found that I didn’t know what to say to Lu Sicheng.

Nursery rhymes: “...”

Nursery rhymes: “...”

Oh.

“咔嚓” locked the phone screen, the nursery rhyme caught the phone in front of the chest for a moment, she looked up and looked at the closed door in the second floor of the door The

door said “a proud of a fart”, finished, close your mouth and lift your lips.

I feel that I am really a little nervous.

She sat back at the table and touched her finger to the box that was almost forgotten on the computer desk.

After forty minutes.

When the other members of the zgdx team came back, they opened their doors and saw that they were sitting in a chair and quietly drinking porridge. At this time, a large bowl of porridge was drunk by her three-quarters.

Xiaopang “provoked” the voice: “This is the weight of three people, are you not hungry?!”

“...and then hungry.” The nursery rhyme glanced at the crowd from the porridge bowl. “Where are you going to eat late at night, why come back so late?”

“Where I didn’t go, I came back after eating.”

“...” The nursery rhymes buried their porridge for a meal, holding a spoon and pointing to the upstairs. “What about Cheng Ge?”

“Let the packaged porridge be done, he will bring it back, saying that it will be a cold shower.” Xiaopeng looked at the crab shell and the clam shell of a trash can left in the nursery rhyme. “Now it is possible to see it.” Are you afraid of starvation?”

The nursery rhyme keeps holding the spoon, blinking, and the face is full of question marks: What do you say again?

Xiaopang: “Are you still talking?”

Nursery rhymes: “No.”

Xiaopang: “Oh, one is too proud, one is too proud, so dead for a lifetime, look at you.”

Nursery rhymes: “...”

.....

The next day is the day of playing red arrows.

The nursery rhymes slouched and gathered up to pack up their own peripheral packages. They sloppily smashed to the last few before they got to the bus. They hadn’t had time to climb up. They were pulled by the peripheral bag and pulled back.

The nursery rhyme raised her eyebrows and looked back. She saw Lu Yue laughing behind her and her face was not serious:

“Go to see me performing?”

“Afraid of force majeure, you can’t get on.” Tong Yu said with a blank expression of his peripheral bag. “Lee point of view, if your hand suddenly breaks?”

“Break is also broken after the game is finished,” Lu Yue increased his strength. “Even if half of the foot stepped into the coffin, you must keep your knees on the bench.”

The nursery rhyme bites the lower lip: “Dream you.”

Lu Yue smiled more brilliantly, until the two people in the dispute came behind a cold, low-pitched male voice: “Is it enough?”

The two men standing in front of the car door immediately showed a stiff expression. Lu Yue grabbed the virgin bag of the nursery rhyme and squatted on the car... The nursery rhyme snorted “Return me” and followed him. The car, after getting on the bus, everyone was as good as a primary school student. The virgins shrank in the corner until they got off at the competition venue and went to the dressing room. She sat on the sofa and suddenly found herself looking like a little empty-handed. The package was still on the hand of Lu Yue. Lu Yue walked in and threw the bag to her, and sat down to the dressing table to prepare makeup.

Soon after, the players entered the lounge and waited for the competition. Everyone sat in the lounge and chatted. The screen of the audience in today’s competition venue began to appear in the LCD screen in front of them. The two commentaries began to talk about it. The nursery rhymes thought that they would talk about her ban on the game today. I didn’t expect the commentary to just say “Today the zgdx team will be on the law, this player is okay”...

The nursery rhyme thought about it, it should be the club’s early greetings to have such a result.

The left ear listened to Ming Shen and Lu Yue to discuss the Red Arrow team’s middle list and considered him today’s ban~pick, the right ear listened to the nonsense explained in the LCD screen, and the nursery rhymes will interject from time to time to present their views on the unit in the middle of today -

“The opposite middle is a million-dollar type. Although the red arrow is now in average, he is also the top five in the professional league. He can use anything. It is really

troublesome for the heroes of Lu Yue. You still wonder how to ban his heroes, Lefran, cards, Anne should not take...”

Until she saw it on the LCD screen, the camera swept through the area of the zgdx fans, sitting in front of a few sisters holding a fluorescent card with her id...

The voice of the nursery rhyme came to an abrupt end.

She squatted and suddenly stood up and shocked Ming and Lu Yue. Lu Yue asked “What are you doing?”, the nursery rhyme threw a sentence “to the toilet” and hurried out of the room - washed the face in the bathroom, she mixed at work Among the staff, they sneaked into the front of the stage, and looked at the audience in the audience: there were still a few people who took her support card.

- And they can't possibly know what is going on today's nursery rhyme.

The nursery rhyme felt that her stomach had returned, and the feeling of turning over the river yesterday came again.

When I lost my soul, I went back to the lounge and insisted on calming down as if nothing happened. At this time, the players also stood up and started to board the game. The nursery rhymes and the staff stayed together for a while. When the game started, they entered the next room to watch the game. -

There is no one in the room. The nursery rhymes sit alone on a wide, soft, rotating sofa and look up at the game with their heads. Looking at the ban&p;pick link, both sides are in the middle of the position -

The red arrow came up and banned Ike and the Tsar.

The nursery rhyme frowned and took the remote control to turn off the sound.

At this time, the ban≈pick session ended. When Lu Sicheng took out the ice shooter, the nursery rhyme was smashed by his own saliva as if he saw his death... The middle road was probably to continue the middle of the Red Arrow team. Lu Yue took a card. - Through the walkway nursery rhymes can hear the commotion of the outside people and explain the high

voice: they almost never saw the law used cards.

Don't say them, even the nursery rhymes haven't seen it. She just started to worry about whether this guy is crazy. Until the game starts, Lu Yue's online recruitment, blood consumption, and hiding skills are all smooth and smooth. Plus, he calculates the damage for each level of the card very accurately -

It doesn't look like it's a must for the opposite side. This kind of operation is not an exaggeration for an old card!

The fourth-level summoner's skill flashes a single kill red arrow in the single, get the first drop of blood;

Six levels of big moves to fly down the road to help Lu Sicheng get double kill to open the situation;

The game went to twenty minutes, the effective gank four times, the assists six, the number of knives and the red arrow that has been on the line to eat resource development is flat...

Nursery rhymes open the game stickers. The home page is full of surprises -

The nursery rhyme swiped the screen and looked up at the LCD screen in front of him. The first game was nearing the end. She raised her head and looked at the red arrow's base and was pushed off. At this time, Lu Yue's data was 7 kills. Death 13 assists.

The actual situation of the game and the broadcast was delayed by about a dozen seconds. When the nursery rhyme saw the game zgdx just about to push off the red arrow base, the door in the lounge behind her was pushed away. She didn't look back, thinking it was Which staff member just heard the earth-shattering voice from outside the door shouting "zgdx refueling"...

The nursery rhyme hangs his head and considers three seconds to go to Lu Yue to send a small red flower.

In the fourth second, when she was determined to roll over to the convincing card, she looked up and found the man on the back of the lounge door that was re-closed at this time, leaning against the tall man. He held his arms in his arms and his back against the door, looking at himself silently.

Nursery rhymes: "....."

Lu Sicheng.

When did he come in?

I was stunned by the indifferent gaze of the vicious damn, and the virginity of the virginity was erected. After a second with Lu Sicheng's gaze, she immediately bowed her head and twisted her buttocks to turn the back of the swivel chair back to the door. She was low. Head, finger unconscious on the phone...

Until Lu Sicheng suddenly asked: "I saw your bench accepting cheers on the court. You can only look at it in the lounge.

What do you think?"

Nursery rhymes: "..."

The nursery rhyme did not dare to look back.

Looking at the post, the home page blew the sound of Lu Yue, and questioned whether Lu Sicheng had a problem with his eyes. Otherwise, why did zgdx never pay attention to Lu Yue.

"I once said in an interview after the game that I am happy to have a teammate like silg, because her participation, this summer's zgdx will become more powerful than ever."

A low, calm voice rang behind him.

The nursery rhymes swiped a finger on the phone screen.

She heard the footsteps coming from behind, and at the same time, she felt that she had suddenly felt a ghost-like mood. Her heart began to sink indefinitely, sinking into the cold from the shallow sea with vague temperature. Undersea -

She discovered that she might have deep sea phobia.

"Now they question my vision, question whether I judged the mistake, and questioned whether I was biased towards the positioning of you and Lu Yue..." Lu Sicheng paused, faintly, "Why?"

Nursery rhymes: "..."

She lowered her head and let her back face the person behind her.

Until she saw a big hand on the armrest of her sofa, gently turned the chair back - the man bent down slightly, his hands on the arm of the sofa, the shadow cast by the tall figure will sit in the chair. The people on it were completely shrouded.

"look up."

"..."

The nursery rhyme looked up.

So she couldn't help but look at a pair of dark brown cockroaches. At this moment, the cockroaches seemed to be

bottomless. She tried to pry into it, but she could not see any emotions.

She leaned back and swallowed a saliva. At this time, the heart and stomach seemed to have fallen to the ground. I moved my lips and wanted to apologize. At this time, she suddenly heard the man's voice ringing in the air: "But I don't care what others think of me, my judgment."

A nursery rhyme.

"The key is you, I care about you."

"..."

Lu Sicheng got up slightly and looked at his watch: "There is still seven minutes. Before the start of the next game, give me a reason why I can't give up on you no matter what everyone else says."
