

Chapter 69: city

The nursery rhymes sat on the sofa and looked at Lu Sicheng. After Lu Sicheng slightly opened the distance with her, she still held her armrests with one hand, and he looked at her with no expression.

“...It doesn’t matter,” said Tong Yu, staring at Lu Sicheng honestly. “You look at me like this. I can’t think of anything. You can see me more. I can’t even get my ID number.” ””

Lu Sicheng: “...”

Lu Sicheng lowered his eyes and let go of the armrests on the nursery chair and stepped back two steps: “6 minutes and forty seconds.”

Nursery rhyme: “One question: What is your position and what position do you ask such a question?”

Lu Sicheng: “Your captain, your boss, your teammates, or whatever street-side cat and dog, six minutes and thirty seconds, I want an answer that can convince everyone, not a rhetoric to tell me.” - Please be as honest as yesterday when you broadcast live on a notepad.

Nursery rhymes: “.....”

He really saw it.

Lu Sicheng: “Six minutes and twenty seconds.”

Nursery rhymes: “Don’t count down! Give me some time! Give me some tips. You suddenly ask me if I have no psychological preparation. How can I convince you?”

Lu Sicheng paused: “From the day you talked about your behavior.”

Nursery rhymes: “I am hitting people.”

Lu Sicheng nodded and thought about it: “The edg team played wild promises, because before the occupation, the people in the ranks sprayed ‘Your mother is dead, I am you 爹’, and the other players in the early stage of the occupation, ‘What do you like? It’s better to go home to raise pigs’ – so it’s been smashed from s2 to ‘spray’ until today, and was ridiculed as the head of the pig factory... Now five years have passed, now he even broadcasts ten hours a day. Can’t say more than twenty words of swearing, never typing, but still can’t wash white; lgd team single high Dewei, a certain lpl summer game won the championship, not well trained before preparing for the global finals, Rank chaos play, cut out to play

the end of the moon and the moon knife, and finally in the s department defeated the mountain, a matter of the reverse q skills release is ridiculed so far, everyone is inflated to live, in fact, even if the discerning eye knows one year later His temper has changed a lot, the whole person has a low-key convergence and is serious, still, can't wash white-

Lu Sicheng: "Thinking?"

Nursery rhymes: "..... Be cautious."

Lu Sicheng nodded: "So before the accident, I reminded you on the plane?"

Nursery rhymes: "..... Be cautious, and all the behaviors of professional players are easily magnified or even affected by their careers, and don't bring their own rhythm."

Lu Sicheng: "Where have you gone?"

The nursery rhymes bowed their heads: "The back of the head."

Lu Sicheng stepped back and leaned against the edge of the table to hold his arm: "Continue."

Nursery rhymes: "Well."

"Yesterday's training game was three-five-seven seconds. Lu Yue was singled out. After that, he was suppressed to the late group battle and he did not get a good advantage. Among them, five minutes and 37 seconds, seven minutes and forty-nine seconds. Twelve minutes and eleven seconds, the old k tried three times in the middle of the gank road, because Lu Yue habitual pressure line smashed his own tower, the other side of the single police felt very high failure to end," Lu Sicheng looked down at the watch, paused Continued again, "Today's game, just now, twenty-seven minutes and twelve seconds, Xiaolong team battle, after the old k robbery, we have four people on their side, five people on the other side, in the early stage of the opposite ad was crushed into Muggles In the case of the original equipment, suppressing four dozens is not a problem. When the other party took the initiative to retreat, we pursued. At this time, Lu Yue did not keep up with the rhythm, and turned to fly to the second tower. We only had three people left. The other side turned around and beat, one wave and three kills, the opposite side of the disabled ad

almost took off, this is a red arrow, if it is ck or a group of dishes, we lose.”

Lu Sicheng: “Thinking.”

“Cooperate.”

“Why can’t you cooperate?”

“ ... ”

“Because the training game, you like to press the opposite side in the middle of his tower, the old k for you to practice a habitual rebellion against the other side to play wild, so Lu Yue this situation he can not adapt to it; because the wave of Xiaolong group is If you are, you will immediately judge to chase the head, so everyone will go directly without hesitation-”

“ ... ”

“Why?”

“Habitual cooperation.”

“Where is the habit?”

“Normal training and rank double.”

The nursery rhymes answered the question, and at the same time, I understood what was happening - at this time, I immediately heard Lu Sicheng ask: “Why should the team and teammates adapt to change, why are you not responsible?”

“ ... ”

“Do you still think that the ban is just a matter for you? Because you have done it wrong, you have been punished, so this matter should be turned over? Are you sitting in the background, watching your teammates match, do you want to In fact, the teammates who are playing on the stage are also punished with you? They have to treat all the training that you have experienced with you on weekdays as useless and start to adapt again.” Lu Sicheng said, take out a cigarette and want to ignite. At this time, I glanced at the nursery rhymes and paused to throw away the unburned tobacco. “A ban, no repentance; the second time, regardless of recidivism, ban again - how can the team use you? The training game should also let you Do you want to participate? Rank should not invite you? The team should also adapt to you and let you integrate and adjust your style as soon as possible? After all, this game is a lot of people, the operation is good, waiting for the upper person to go too much”

Nursery rhymes: "..."

Lu Sicheng: "Is it going to continue to use you, or is it to use Lu Yue, or is it a new one?"

The nursery rhymes twisted his fingers and meditated for a while.

Lu Sicheng said, looked at the nursery rhyme: "Lu Yue was banned for a season because of impulsive impulses, which harmed the gods, and the whole team could not participate in the s department summary game. He came back with a low head, and his teammates chose to forgive him. But you can ask him, is he forgiving himself now?"

Lu Sicheng paused: "Thinking."

Tong Tong's low chin is almost on his chest: "The League of Legends is a team game, e-sports, no personal hero."

Lu Sicheng "hmm", and once again raised his hand and looked at the timetable: "You still have three minutes."

The nursery rhyme raised his head.

"Three minutes later, I want to hear your position - I said, people outside say how I say no, I only care about how you think about yourself: continue, or give up? Professional competition, not a place of play, players Their careers are very short, and the golden peak is even more rapid-"

Lu Sicheng's eyes turned awkward: "You can't afford to waste yourself, and you can't afford others."

"And I am responsible to my team, little girl," Lu Sicheng said faintly. "I don't know what you think, but I am sure that the zgdx team is the top professional team, looking for you to come to play the game - this circle Some people may treat you differently because you are a girl, despise you, discriminate against you, worship you or love you, but I will not, wear a uniform, you have only one gender-independent identity for me. :teammate."

"..."

The nursery rhyme bites the lower lip.

The heart that had sunk into the deep sea suddenly suddenly "squeaked" when it was almost cold and stopped beating, and it was no longer able to jump -

She looked up at Lu Sicheng.

Lu Sicheng looked back at her by the silence at the table.

For a time, the entire lounge was in a long silent period - until

I didn't know how long the silence had passed, and the sound of people walking outside was heard. Someone screwed the door and did not unscrew it. The nursery rhyme realized that Lu Sicheng came in. When I locked the door... Xiaorui knocked on the door and screamed "Cheng Ge ah", Lu Sicheng ignored him, just squinted and looked at the nursery rhyme.

After thirty seconds.

He said in a concise manner, "Time is up," standing straight from the table, faintly licking the nursery rhyme: "It seems that you have nothing to say to me."

After that, turn around and go outside.

However, at this moment, he suddenly heard the sound of "rumbling" behind him, like a heavy object suddenly rolled down from the chair, the man's foot was next, he was about to turn, and the man behind him slammed into the back. On his back, he grabbed his right hand with both hands in a hurry - The hand holding his hand was a little cold.

Lu Sicheng's pupils were slightly polycondensed, but they didn't speak. Even the expression didn't change much. He lowered his head slightly. From his point of view, he could see the sharp nose of the person who pulled him behind him. He pinched his hands and made his hands slightly. force—"I don't want to say beautiful things, I don't want to say something unreasonable, sorry..."

The person who took him lowered his head and his voice was hoarse.

"I only know that I want to win, I want to win every game with you, I want to not miss every game, I don't want to let you down again, I don't want to be a stumbling block for anyone, I want to be your teammate until one day. Standing at the peak of the world you and I want to stand..."

The eyes of the nursery rhymes are red, and the eyes of the scorpion are blocked.

But she did not cry.

Her eyes are bright, but only the words that Lu Sicheng said in her mind -

Want to be his teammate.

Want to be their teammate.

Even if one day she must learn to smooth out her own edges

and corners, then -

“You must also feel aggrieved, obviously maintaining your teammates, why should you be treated like this.”

The voice from the top of the head interrupted the thoughts of the nursery rhyme. She gave a slight glimpse and looked up. After seeing the dark brown cockroaches - after the fade, the dark brown turned into a chocolate soft.

“Everyone is very grateful for your maintenance, so they have chubby. They did not hesitate to finally do the game, just to finally provide you with some evidence to reduce the rhythm.”

Lu Sicheng paused, in the nursery rhymes In the eyes, he slowly said, “And me, I am also very grateful for your maintenance.”

“ ... ”

“No one wants you to wear off your own edges and corners, little girl, but you have to understand - before you start protecting others, you must first learn to protect yourself.”

“When does it mean that I can protect myself?”

“When you are strong enough that no one can knock you down.”

The nursery rhyme is silent, it seems a little confused and slightly frowning.

At this point, Xiaorui was urging outside, and the man raised his hand and patted her head, but did not take his hand out of her hand until the nursery rhyme let him go. He whispered.

Muttered “go to the game” and went two steps forward -

Then I was stopped by the nursery.

He turned back.

“Sincere brother, are you such a person?”

“what?”

“Strong to no one can beat you?”

Lu Sicheng was silent, then slowly shook his head: “I am not, I will have hesitation and do not know what to do.”

Nursery rhymes: “?”

The nursery rhyme let him go. Lu Sicheng’s hand grabbed the door lock and opened the door lock. “咔嚓” sounded softly.

When the man was about to open the door, the nursery rhyme stood with his hand on the spot: “Cheng Ge.”

“?”

“last question.”

“ask.”

“For the past two days, why didn’t you ignore me? Just because you are angry? Is there any other reason?”

“ ... ”

Lu Sicheng opened the door. In the complaints and urging voices of Xiaorui’s broken thoughts, he thought about it and threw down the five words that made Xiaorui’s face look like, and went out and closed the door.

Leave the nursery rhyme standing in the lounge for a long time.

His answer is because it will be soft.
