

Chapter 74: city

In fact, in the eyes of the team leaders and teammates, the two birds who want to go to the flower and bird market to buy fish and solve the lifelong events, the dialogue in the car is like this

-

Nursery rhyme: “Cheng Ge, I heard that after I went upstairs last night, you searched for a piranha fry in a treasure...”

Lu Sicheng: “Yes.”

The nursery rhyme is silent: “Is it found?”

“I don’t know why the search results that jumped out were all flytraps,” Lu Sicheng replied. “Thinking that this kind of thing is planted next to the aquarium seems to have the same effect, so I bought it.”

The nursery rhyme opened the phone and searched for the flytrap. The picture of the plant with its own fangs was silent: “What effect?”

“Whoever bites the squid and bites it.”

“...”

The nursery rhyme recovers faceless and usually in front, and there is no way to go. Lu Sicheng concentrates on driving. The nursery rhyme is full of “he wants to bite a cat or me”... until the car arrives at the place, open the door and jump, the nursery rhyme finds in front of it. It is a sea of people, selling cats selling dogs and flowers, and all kinds of sounds are sounded into one piece. A labrador’s chest is hung with a sign of “seeking to match me with money”. Over, the nursery rhyme is the highest level of attention to his line.

Nursery rhymes: “...”

The dogs have learned to come to the flower and bird market to call the ducks to pass on, and they have made a great contribution to the dog brother.

Lu Sicheng stopped the car and looked at the crowd of black people in front of him. He looked at the person wearing thick-soled shoes and was too short to be thrown into the crowd. He paused and said: “I want to give you an automatic The alarm, screaming at a key where you are, so you are not afraid to lose you.”

“.....” The nursery rhyme looked awkward. “I have a cell phone, what kind of alarm, if I lost it, please call me.”

“Do not fight,” Lu Sicheng glanced at her, “follow me.”
Lu Sicheng is tall and not very low-key. He walks into the crowd and stands up to the special effects of Moses. The crowd is slightly smoother because he walks in front...
The nursery rhyme followed him, and there was no one in front of him. The man was like a mountain across her. She looked up and could only see his wide back and the earrings in his ear... The silver aperture is pretty. I haven't noticed that Lu Sicheng had worn this kind of thing before, and now I'm staring at the earrings and I can't open my eyes.

“Sincere brother.”

“what?”

“I don't know if you still have ear piercing. You wear earrings and look good. Why don't you usually wear them?”

“Who is it for the base?”

“...Who is it for the flower and bird market to wear?” The nursery rhyme looked awkward, “Fish?”

“You don't wear a skirt anymore? Who to wear for? Cat?”

“You still wear new shoes.”

“Your shoes are old?”

“ ... ”

“ ... ”

“ ... ”

A burst of honey sauce.

The nursery rhyme is wondering when they will be able to praise each other with sincerity and no routine. At this time, the person who had been in front of Lu Sicheng stopped, and the man stopped with the trend - and he only leaned behind him. Looking up at the earrings of his earrings, he couldn't prevent a head from hitting it, and grabbed Lu Sicheng's wrist to stabilize his body!

The crowd in front of the two people spread out a little, and there was another road in front of them. Lu Sicheng stood still and looked down at the little claw holding his wrist. He paused: “Dwarf.”

Nursery rhymes: “?”

Lu Sicheng: “You have a lot of little moves today, what is going on with crazy people?”

Nursery rhymes: “.....”

Nursery rhymes: “Fart!”

A hand opened the man's hand and stepped back three steps

for the innocent nursery rhyme - Lu Sicheng chuckled and said, "I don't want to wear a pair of shoes to learn what an adult", then turned to go to the fish market, the nursery rhyme stood in place. Looking at his back for a while, he quickly caught up with his pace.

... There are not many people in the fish market.

Lu Sicheng didn't have the piranha to raise the cheapest goldfish. The two randomly found a stall to sell the fish and asked the price. The nursery rhymes held their knees and took the small net to kneel down at the booth. The eyes followed the fish. The fish in the pot turned around and asked at the same time: "Cheng Ge, how many?"

"Whatever."

"What about color?"

"black."

"Gold and red look good, tail and small umbrella."

"Oh, yeah? I want to be black."

"Red looks good, watching is still festive, you see this lively tour is more lively, at first glance is a long-lived -"

"Before the one was able to live for a hundred years if it was eaten by fat cats - it was said to be black, the net was put down, I bought fish or did you buy fish?"

Lu Sicheng took advantage of the virginity next to her, and grabbed the small fishing net in her hand. The nursery rhyme "snapped" and tried to grab it back. However, Lu Sicheng first took her step by step to avoid it... The two men pushed forward in front of the small goldfish stall. Pushing and squeezing, you arguing in a word about whether this goldfish of fifty cents is red or black, and both of them are very serious. "My fish tank is my master."

"Then don't like red, if you have the ability, don't want the red buff, give it to me."

"Do you dare to try my red buff?"

"You are so capable of letting the game designer invent a black buff in the wild area, saying that you like it, don't accept the rebuttal, you are the master of your wilderness, it is so overbearing."

"Just you have more words."

The above nonsense has been in the car for about ten minutes, and for eight minutes, it is the time for China Telecom's

double c to have a declaration of ownership of the wild buff that they should have. These two young people dressed up are serious. Talking to each other madly is to see the stall owner one by one...

In the end, the stall owner couldn't stand it anymore. I was afraid that the two people could argue for one day in front of their booth for a small life of five. Finally, they couldn't help but interrupt them and said, "Big brother, do you want to listen to this little girl? Forget it, do you want to fight this with your girlfriend? Their temper is not the big man who is suffering - wait until next month, you want to hold her hand and be photographed and turn over with you. 'You didn't agree with her last month. You can't regret the fact that you have a fish that loves color.

Lu Sicheng: "..."

Lu Sicheng acted a meal, and the nursery rhyme seized the opportunity to grab the net and grab it back. He picked up the fish that he had been watching for a long time and put it in the clear water basin next to it - and then quickly returned the net to the stall owner. Smiling at the same time: "You are humorous, I am not with him..."

"Does this fish sell for a dollar?" Lu Sicheng asked.

The nursery rhyme turned around and inexplicably looked at Lu Sicheng who suddenly spoke the price: Big Brother, do you open Masalati to bargain with the others for fifty cents? Is there any humanity?

The most terrible thing is that the stall owner also promised.

Lu Hecheng gave the red goldfish to him, and when he handed it to him, he said, "My girlfriend is the same as your family. It is wayward. I can't control the five big three or three."

In the broken thoughts of the stall owner, Lu Sicheng did not say anything. He took the transparent bag of goldfish and lifted it up through the sun.

The serious and affectionate look is like a mental retardation.

The nursery rhyme rolled his eyes: "The stall owner, my friend and I are not what you think -"

"啪", the back of the head was patted gently, and the nursery rhyme stopped for the second time. She looked up and looked at the last second. The person who was still looking at the goldfish seriously used the indifference. Dark brown looked at

himself: "What to look at? Give money."

"..."

The nursery rhyme looked helplessly took a coin out of his pocket and put it in the hands of the stall owner.

Lu Sicheng glanced at him. He said that he had to turn around and he turned up. The nursery rhyme stood up and turned to keep up. At this time, a person pushing the cargo car crossed the middle of them, and the nursery rhymes had to stop and wait. The cargo car passed by, the eyes had been blocked by the crowd, and the nursery rhymes were trying to see where Lu Sicheng ran. At this time, a big hand suddenly pulled her from the side: "This side, look?"

The virginity approached the man in the direction of force.

"What long-sleeved shirt do you wear on such a hot day?"

When she was close enough to the man, she heard the man in a close distance, and she looked up and found that there was no emotion on his face. He turned and walked forward, one hand squatting in a transparent plastic bag. The red goldfish that came to swim, but the other hand was always buckled on the slender wrist behind him and never let go...

Until they returned to the entrance to the flower and bird market, the number of people was slightly reduced. He left her without any traces. He looked at the car and the car, everyone, and everyone in the car. He couldn't afford to go to the car where he stopped. "This place has to live for three years. If you want me to die early, let your cat eat my fish."

Nursery rhymes: "..."

What the nursery rhymes are trying to say, this time the eyes were swept away by a few kittens in front of the cat dealer who sold the cats on the side of the road - one of the kittens was placed in a simple cardboard box under the sun. But she slept, and she was like a silly and optimistic thief in her house. The nursery rhyme is like a magnet under the sole of the foot that is close to the kitten.

Lu Sicheng was looking for a car with a headache. He turned his head and found that the person who was standing by his side for a second had already picked up his eyebrows. He looked at the roadside and found his family in a short skirt shirt and her. The furry little beast in front of you - It was even more painful.

Going up, I was trying to warn the guy who asked the cat dealer how much the cat was asking her to mess up. At this time, the two girls suddenly sounded soft and soft girls: “Oh, cute kitten!”

Then, one hand sneaked in, forcibly squeezed the virgin’s hand, and hugged the kitten himself... The virgin had a feeling of being unhappy from the tiger’s mouth, frowning and trying to say “I first “I came,” but in the moment I looked up, I saw the tall man standing behind this beautiful girl. He was dressed very well, just wearing a mask, showing half of the nose and thick eyebrows -

Looking at the super eye.

The nursery rhyme “squeaked” and thought for a long time that she didn’t know the half of her face and who she knew. At this moment, she heard behind her, Lu Sicheng used this not too warm voice to fight the man. I have a greeting, using Korean.

Listening to the pronunciation seems to be asking him what brother to come.

... Tarren?

The nursery rhyme lived, and this was only a half-day reaction. This is the savior of the next Qing dynasty. Mr. No., who moved his mouth and wanted to politely say hello. At this time, the girl who grabbed her cat had already posted the cat. Encircle Xu Tailun’s arm: “Brother, send me this, I want this kitten, it can accompany me when you are not there!”

Loving, and sticky.

She didn’t look at the nursery rhymes, she looked at Lu Sicheng, and then put her eyes back on Xu Tailun.

At this time, Xu Tailun did not say anything, look at Lu Sicheng, and looked down at the virginity, the dark eyes of the dark eyes, and then returned to calm - even the ceremonial chills did not, Lu Sicheng finished greeting, grab The nursery rhyme twisted his head and left.

Before leaving, Tong Tong heard the sister whispering to Xu Tailun: “Is that person chessan?”

She didn’t even have time to hear the answer - this sister still knows chessan? Inside the circle? That’s why I don’t know how much I know about Lu Sicheng.

The nursery rhymes are confused.

“... Wait, wait, I am impatient, my cat, I will come first!”
Lu Sicheng found the car and opened the door: “There is enough fat cat. You still want to raise it? The base is annoying and two, and the third one is declined.”
“Where are the two?” The nursery rhymes were slammed into the car with their heads, and they sat still and did not give up their heads.
“You, and the cat.”
“..... The cat is so cute, like the brother of the big cake - after being forced to demonstrate by other women’s show, I also grabbed the cat. I can’t eat it tonight!” Nursery turned and looked into the driver’s seat. Man.
“What kind of love is it?”
“The big Qing team played wild and his girlfriend.”
“His girlfriend is the female host of the Korean professional league. Yesterday, the two are still on the show,” Lu Sicheng said, and started the car. “I don’t know who the cat is.” It is estimated that it is the Daqing team. Fans, just watch the big team game or the game does not look at it, only chasing the individual players, dragging the reputation of the whole circle of female powder - right, you do not hate this most?”
“.....?????”
What are you doing? Derailed?++粉呐? Liar wow!
What happened to the woman? I didn’t say that, Xu Tailun, what about the good warm men? !
“Yes, Xu Tailun has always been such a person. Now please look up at the rearview mirror’s own expression - have you seen it? Have you seen the uppercase of your face? Now I want to let him learn the central air conditioning system with him. Chinese?”
“.....”
“Think?”
Tong Yu red face, see Lu Sicheng did not get the answer is not ready to step on the gas pedal to drive the car, finally lost, hanging his head and shaking his head.
Lu Sicheng is satisfied.
“Well, first of all, Li Shuoshuo, then Xu Tailun, you will not see the person once, and then shut up honestly.”
“... Why didn’t you tell me that day?”
“I said you can believe it? It should be said that I said that it is

a slap in the face of blood.”

“ ... ”

Uh.

There is a captain who knows his own too, and sometimes it is very tired: being caught in minutes is a deep quality education class, and there is no room for resistance.
