

Chapter 75: city

From the flower and bird market, the fish came out around 12 noon.

I have been hit by the “warm male type of wilderness and smashing powder”, and the nursery rhymes feel that they are being scared when they are sitting in the car - but they are embarrassed to say that they are in a certain girl’s baggage, they have to pretend to screw their heads. Looking at the scenery outside the window...

If you endure it, you can’t help but sway your stomach.

The eyes are rushing to the base, and the nursery rhymes are full of minds. There are still no beef and vegetables left in the base refrigerator to cook noodles. A piece of five cents of Huafeng Sanxian, add an egg to break, plus Piece of cheese...

The more you want to be hungry, the more you remember, the sip of the noodles, and the scorpion is about to flow down.

At this time, desperate things happened.

Seeing that he was about to arrive at the base, Lu Sicheng turned a corner and suddenly turned to another road that was completely uncomfortable to return to the base.

Nursery rhymes: “...?”

“Where?” The eyes looked at the noodles and flew away with their wings. The nursery rhyme was anxious. “Cheng Ge, our base is on the other side of the road xx, how come you come here? Open the wrong way?”

“No.”

“What?”

“Nothing is wrong,” Lu Sicheng said. “Are you sitting, the thorns on your chair are moving?”

The nursery rhyme slammed back on the chair:

“.....Lu Sicheng, where are you going?”

Also called the name.

Lu Sicheng held the steering wheel and hooked the corner of his lips. He did not stop her: it was quite interesting to listen to her gnashing her teeth and calling his name.

Inconsistent, the man thought about languid: “In any village, you sold and changed the wine -”

“I am starving to death now, I remember to go back to the base to eat such a hot noodles. I really didn’t bother to make fun of you, so when I push you into the soil, I don’t know how to

dominate you inside and outside the game. Red buff a month ago, you speak well.”

“...”

Lu Sicheng looked at the person who was sitting in his co-pilot with a look of madman’s eyes. Seeing her face as if she was always “wang” and rushing to bite him, the man was silent and replaced with a serious tone. “Go. I am hungry when I eat, and when I take Coke in the morning, I see nothing in the base refrigerator. Are you rushing back to the base and simply dressed as a canned cat?”

“...”

“Well, if you wash your hair and make up your makeup, go to the flower and bird market? Is it worth it?”

“It’s not worth going to the flower and bird market. Is it worth starving to die on the road?”

“...” The girl who was dominated by hunger and madness had never been brave, and her face was “small and sly in the air”.

Lu Sicheng gave up her argument and asked, “What do you want to eat?”

“Face.”

“Girls shouldn’t like to eat Japanese food...”

“Girl? What is that? I have to eat noodles. There is a soup with meat and eggs. If there is a gender in the world that loves to eat noodles, then I am the gender.”

“...”

So.

Lu Sicheng parked his car in a comprehensive shopping mall plaza near the China Telecom base. He hung the goldfish stuffed in the plastic bag on the rearview mirror and poked an oxygen hole. Lu Sicheng patted the steering wheel: “Get off the bus, eat.”

The nursery rhyme stared at the goldfish swimming in the plastic bag: “The news said that it is not allowed to put the pet alone in the car. Is the goldfish a pet?”

Lu Sicheng: “So what if I want to bring another pet who is hungry enough to go to my house to eat?”

Nursery rhymes: “...”

Lu Sicheng: “It doesn’t speak, so it suffers, is it satisfied? Teach you personally, that is, take advantage of the cheap, steal less and talk less - now get off the bus, or you will

accompany it in the car. ”

Nursery rhymes: “...”

The nursery rhymes drummed the drums and smashed the smack. They complained about unwrapping the seat belt and opening the door to jump off the car. At the same time, Lu Sicheng also got off the car and slammed the door and took it out from the co-pilot. The ghost reborn person left the parking lot.

Five minutes later, the two stood at the door of a ramen shop - Pushing the store door, because it is a working day, there are not many people in the shop, the two find a corner to sit down, the nursery rhyme looks at the menu and asks for the face they want to eat, and then stares at Lu Sicheng.

Stared for ten seconds.

Lu Sicheng finally couldn't help but close the menu with a sigh of relief. He said with a black face: “To be the same, first. The key is to be fast, someone will be starved to death.”

The nursery rhyme made an ugly face to him, and the waiter holding the a la carte next to him sneaked a sneak peek. He recorded the face of the two and turned away. When he left, he left a menu for Lu Sicheng. - Throw it at the person sitting opposite, a “satisfied” look, he reopened the menu, and added a few small dishes in a hurry...

After a while, the noodles have not come yet, and the side dishes have come up first.

Lu Sicheng opened the chopsticks: “First eat some other stomach, don't let the tiger squat at me, who will not give you food?”

The nursery rhymes didn't say anything, but they also took back their eyes and stopped looking at Lu Sicheng. After eating a chicken wing, the feeling of hunger in the stomach disappeared, and the thirst for food was slightly calmer. The nursery rhyme picked up the eyelids from the edge of the bowl. The person sitting opposite: It is not so hateful to even look at this person.

After the face came up, the two quietly ate noodles -

Since being deducted from wages, unless someone asked the patrons to eat this large piece of meat for a long time, they ate their heads seriously, until the person sitting opposite her suddenly put down the chopsticks and brushed the phone and

looked a little absent-mindedly: “eat What are you doing after dinner?”

The nursery rhyme responded slowly and almost did not respond. This is Lu Sicheng talking to himself: “Go back to the base...”

The words “selling” have not been said yet.

Lu Sicheng: “There is no training game today, I don’t want to play games, I have to go to the movies.” “Independence Day 2” I haven’t seen it yet. I have been waiting for a long time. I was spoiled by chubby, this time I am To grab him in front, you will accompany me.”

Nursery rhymes: “...”

... 啥 啥?

This statement from beginning to end.

..... 啥 啥???

Quietly sucking the face into the mouth, the nursery rhyme thought: “Look at the movie? Let’s both?”

“Well,” Lu Sicheng did not lift his head on the mobile phone.

“The top floor of this mall is a newly opened theater... What is it called? Hey, Wantai Studio, buy a ticket.”

Nursery rhymes: “...”

Nursery rhymes: “What about the two of us watching movies?”

Lu Sicheng: “What is going on? The movie is not for two people to see a few people. You are watching movies yourself?”

The nursery rhyme shook his head and wanted to say hello to me, but turned to think that the leopard of Jinyang never looked at foreign big movies. When I watched Transformers together at Universal Studios, I had to patiently explain to her: colored is a good person, ferrous metal The color is the bad guys, the good and the bad fights, the bad ones must be driven away from the earth...

The nursery rhyme nodded again: “It is good to watch a movie by one person. You don’t have to remember to interact with others.”

Lu Sicheng squatted and smiled: “I don’t quarrel with you.”

The nursery rhyme looked at the man’s slightly curled lips and nodded and said, “Oh,” said the line.

After the talk, see Lu Sicheng temporarily put down the

mobile phone, she also continued to bow down and concentrate on eating noodles - after eating a few mouthfuls, she reacted this time seems to be not quite right: her focus is not “Is there anyone noisling” !

The nursery rhyme “咔嚓” put a chopsticks: “Captain, you set the way for me.”

Lu Sicheng “hmm”, grabbed the mobile phone that was put aside before, and did not raise his head. He asked, “How am I?”

Nursery rhyme: “You told me to accompany you to watch a movie.”

Lu Sicheng played a mobile phone action: “Would you like to watch a movie with me?”

Nursery rhymes: “...”

Lu Sicheng: “You are a big problem, I am very sad.”

Nursery rhymes: “...sorry.”

Nursery rhymes: “.....”

Nursery rhyme: “.....Lu Sicheng, I don’t want to talk to you anymore.”
