

## Chapter 77: city

The nursery rhyme returned to the room and threw back into the bed.

Zgdx, smiling: I am jealous. The crows in the world are generally black, really shouldn't be so bad, forget the pain, and the face is so fast, I give up, really can't fall in love with professional players! E-sports model couples are fake fake fake! No man can hold the temptation of the outside world! No!!!

A Mao Niang: ..... 啥 啥? what happened to you? What crazy is it suddenly? Are your captains derailed? No, you are not together, what is the derailment, then what happened to him?++ powder? Great health?

Tong Yuzi carefully said the words of Xu Tailun in the flower and bird market and the cinema today. In the process of reviewing, the shame that was swayed by the monkeys in the past and the long-awaited reunion. The feeling of nausea reappeared, and she felt that her heart was burning, so she spoke quickly and the words she chose were very serious. However.

A Mao Niang: In the trough, did you go to the flower and bird market with our honest brother to eat and watch movies?

Zgdx, smiling: Grab the key friends!

A Mao Niang: Isn't it the same time that you both go shopping and watch movies? This is a date friend!!!

Zgdx, smiling: The focus is that the Korean team of the Qing Dynasty has a girlfriend every day, love, with a warm male strong player specializes in the esports model couple's title circle powder, the ring powder to go out with these powders to date! Still lying, what did not go out in the afternoon, only playing the trumpet at the base, he did not lie to lie? The most embarrassing thing is that his teammates also helped him lie! Is it sick? ! Are these people sick? !

A Mao Niang: Don't be excited.

A Mao Niang: This Korean aid is the core team of the Qingqing team. I heard that Ai Jia said that their team is a Korean. It is because the Koreans carry... Those players may not be able to do this.

The nursery rhyme took a mobile phone and thought about it carefully. It was like thinking back in the afternoon. When Xu

Tailun asked his teammates to talk to himself, the expression of the teammate's face was really unnatural, and the tone of speech was strange. I didn't have time to think about it.

Zgdx, smiling: Chinese clubs, Koreans are too ridiculous.

Amao Niangniang: So I really want to win the Korean aid for the Chinese competition. I want to cherish it and calm down. Don't be inexplicable. The fault of Jianyang and the \*\*\*\* of Xu Tailun have nothing to do with your team captain. You can't just give them a pot of "the world's crows are generally black."

Zgdx, smiling:.....

A Mao Niang: You are bitten by a snake, ten years afraid of the rope.

Zgdx, smiling: Yangshen is the first love of Laozi. He went to a big health care and the Zizi Laozi lost ten pounds. In the end, he fell into a wandering ending that fled the country.

Zgdx, smiling: I am afraid of what happened! Scared! ! !

A Mao Niang: Then you don't want your captain?

Zgdx, smiling:..... Don't worry anymore.

A Mao Niang: It's hard to find a nostril from the shell of the turtle shell and retract it. Yes, I will serve!

Zgdx, smiling: The best way to avoid being cheated and being tricked is to: Don't fall in love.

A Mao Niang: It is reasonable and convincing that Lao Tzu believes in your evil.

Amao Niangniang: I suggest you eat your mouth and calm down.

Zgdx, smiling: Who was the one who sent the clothes for the female fans to break up and break up?

A Mao Niang: I am.

Zgdx, smiling: If Aijia makes Jane or Xu Tailun, you can marry him, so he will take 50 steps less... but I believe that you are a clear stream, after all, he Hey, you have to cherish it. After sending such a piece of information, the nursery rhymes only felt exhausted, the makeup remover took a pajamas, and the game didn't want to fight. The bed went to sleep and fell asleep after a nightmare, and it was the kind of nightmare that I didn't want to mention.

When I woke up, it was already day and night.

Lu Sicheng was already sitting in his position. He saw the man

next to his hair sitting in a bird's nest and hanging black circles around him. He asked: "When the thief went? The dinner did not appear."

The nursery rhyme gave him a sneer, and he was not too enthusiastic about "hmm".

Lu Sicheng paused and turned to look at the nursery rhyme: "Double row?"

Tong Tong stretched his head and looked at his screen, then retracted: "You drilled again, what row?"

"You use Lu Yue's number."

"Don't do it, I still collect money when I practice it. He took my number and dropped it. I took his number and scored it. How can it be so stupid?"

After the nursery rhyme said, he opened the game single-row list. After entering the queue, he turned to the refrigerator to find a drink... Lu Sicheng retracted his head, and Yu Guang saw the old cat who was stunned by the side. The old cat grew his mouth and used the mouth. Q: Is this awkward?

Lu Sicheng shook his head, saying that he did not know what she was mad about.

The next night, the nursery rhymes were pitiful.

Especially with Lu Sicheng.

She seems to suddenly call a terminal illness called "Lu Sicheng allergies."

While waiting for the game to line up, the nursery rhyme found that the rhythm of the date of the women's dating outside the Qing Dynasty team and the girlfriends was already flying, but the so-called hammer was just a vague back image, and the fans wore white clothes. And the photo is not a piece of clothing at all, so it is definitely not Xu Tailun who is photographed in the morning.

This man really does not leak water.

The nursery rhyme sneered at nothing, opened the live broadcast, waited for the game's neutral, then brushed it with a mobile phone, brushed it and brushed it to an afternoon in the cinema to meet her and Lu Sicheng's fans sent a post saying that at 2 o'clock in the afternoon Studios met smiling and chessman...

The original post is a heated discussion. "The two men are doing a movie about a lonely man and a woman." Until the

30th floor, suddenly someone asked.

Hey, this time is not exactly the one who suspects that Xu Tailun is watching the movie? The back of the photo is clearly the shadow of Wan Tai Ying Cheng, and the electronic clock on the wall is also right!

The nursery rhymes brushed the action of the mobile phone. She put down her mobile phone and cut back to see the barrage. Only then did she discover that she didn't know when her barrage had changed from a variety of chats to a fixed topic.

Half of the fans asked her and Lu Sicheng what happened. Why did she go to the movies alone? The other half of the fans asked her if she saw Xu Tailun yesterday.

“He Chengge went to buy goldfish. When I bought it, I went to the movies too long. No one stipulated that the movie only had a couple to see. It's really a problem. Whoever \*\*\*\* will shake the hand and go to the movies, waiting for you to gossip. As for you. The other team is playing wild, I am not very clear that he has not gone, there are so many people in the cinema, many people still enter the field after the black light bonfire to make a thief-like touch...”

When the nursery rhyme said this, he suddenly said with a sneer: “You want to know why not ask him?”

When the nursery rhyme fell, the barrage suddenly became dense. Someone asked me casually what the words meant.

What is the meaning of sneer, does she really know what...

Just at this time a new game is opened, and the nursery rhymes directly “I don't want to discuss this issue” as a reason to turn off the barrage page and concentrate on playing my own game.

So, next, all the words she said were posted. I didn't know the word-level analysis of the reading comprehension level of the college entrance examination. She even developed to the end.

After various equations, her voice Sneer became a testimony to accuse Xu Tailun of powder, and she did not know these things.

Well, to be precise, even if she knows, she doesn't care.

.....

After four days.

The game with the death of the 500-year-old team was scheduled to be held at 3 pm on Sunday.

When the nursery rhyme arrived at the competition venue, she went out and walked out. She met Xu Tailun in the hallway. If she changed to be a professional player of the other team, she would politely rush to say hello, but for the player she used to have a good impression on. At this time, she was also a selective eyelid, and she flew directly from him, and even Yu Guang did not give him one.

She knew that Xu Tailun had turned her head to see her after she left.

After thirty minutes, the game started.

“Children, what are you going to do today, there are a lot of single heroes on the opposite side... Kastin? Calma? Haoyue? Sindra? Lovelan?” Ming Shen asked in the microphone, “It seems to be able to take Anyway, you will.”

“I don’t know,” the nursery rhyme looked at the lineup opposite the line. The second position in the pick link was locked in the early stage. The gank ability was extremely high. The nursery rhyme seemed to have a bad feeling in the heart. He paused and asked, “Would you like to take it?” Are you beating four insurances?”

“..... What a ghost, where is the desperate woman army? We are not an offensive single in the middle? Lu Yue upper body, you?”

“Oh, that’s it.”

The nursery rhyme wiped his face and felt that he might be guilty of delusion. He took a Xindra and squinted at the second floor mental os: Even if you want to mess with your teammates, you can’t agree? Hehe.

Then enter the game.

Then I was beaten.

On the opposite side, there is no road to the Bronze Bureau. The five people are in the middle of the river. The grasses and grasshoppers are taking a blood. Next, the blinds are like living in the middle of the road. They are crazy, and they release the teammates in the first ten minutes. Four times in the middle of the road, the nursery rhymes were kicked into a fool by his swing, and finally they shivered under the tower. This is the opposite of the tower to kill.

When the game was played until twelve minutes, the nursery rhymes died and only added more than forty soldiers, directly

pressed by the opposite side for one and a half!

However, the head-to-head ratio is 75 at this time, and the economy zgdx is 1,500 blocks ahead, just because

Commentary a: This is unreasonable! What happened today?

There is no rhythm, only the middle of the road, only the middle! This is not the spring season we know!

Interpretation b: It may be that the huawei team that has a small number of zgdx wins is a mad win in the middle, so no brains follow suit.

Explain a: But this is useless! Hey, people huawei is also a three-core team. What are the two teams that have to fight against you in the middle of the road? He is only in the middle of the road. The remaining two lines of his team are not opponents of zgdx at all. You only have to use all the way to use it. When the old k is finished, the other two roads are quickly pressed into Muggles!

Commentary b: I don't understand, don't ask me! You can interview him after the game to see what he thinks.

After brushing the upper half of the wild monster again in the two explanations, he squatted in the grass of the upper part of the river at a time when it was impossible or not, preparing for the fifth gank road.

Interpretation a: Reasonable, this is really excessive.

Commentary b: smiling must be in my heart to scream why this person is against me!

Interpretation a: No brain-oriented feeling, there is a saying, I feel that it is a bit rude to do so. I can't see what Daqing's game really wants to do. After watching the game for ten minutes, I can see that they want to kill. Smiling.

Commentary b: Hahahahaha, don't talk to you, old a, don't say that I didn't remind you, don't ask me why, you will see the comments from the fans of the Qing Dynasty team under Weibo for a while.

at this time.

The explanation is incomprehensible.

There is also a face in the audience.

On the playing field, the nursery rhyme is also playing a fire.

When the blind cockroach appears in the middle of the road for the fifth time, her flashing skill cools down just in time.

Seeing the same second of the blind eye, she does not hesitate

recording, so it is not good to swear what, only with a shot of anger and ugly death, lingering, watching Lu Sicheng and the old cat The two took off on the road paved by her blood.

And because of this lack of brains, the wilderness of the Qing Dynasty team was dominated by madness. The upper and lower roads were almost cleared by the old cat and Lu Sicheng. The game went to 40 minutes, and the nursery rhymes smashed the glorious record of 12, 3 deaths and 3 assists. Looking at the black and white screen waiting for the resurrection countdown, she looked at her teammates with a blank expression.

The big crystal burst.

Bgm sounds.

The nursery rhyme finally screamed for a full 40 minutes of “++你娘”, took a mouse and took off the headphones to stand up, and did not go back to the big stride of the lounge!

“What do you want to do with this dragon brother? It’s really inexplicable. He’s this.”

“I don’t really believe in the live broadcast of the nursery rhyme before saying that he is taking his rhythm to take revenge...”

“No, what about the official competition? Can teammates agree?”

“What is the relationship between losing a group match? Besides, the Qing team is a four-guard team, four Chinese people are a Korean, hehehehehehe...”

The teammates talked about coming in from outside the door. When they walked to the door, they walked to the front and remained silent. Lu Sicheng suddenly looked back and looked at the Ueno, three people, who couldn’t stop. Shut up

At this time, the nursery rhyme opened the lounge door from the inside.

Lu Sicheng: “Where?”

Nursery rhymes: “Hey.”

Lu Sicheng: “...the next one is to play four guarantees.”

Nursery rhymes: “Snoring all the way, so grab me to take a horse to get the ultimate meat tank, only the meat is smashed in the middle of the road is also killed... I still live in the middle of the road to trouble the game who will report his negative game.”

After the nursery rhyme finished, he walked out of the lounge with his head.

Standing outside the lounge, teammates, four people, twisted their faces and sent her away.

Xiaopang: "It's amazing, I thought she would cry."

Old cat: "I thought it would."

Old k: "The estimate is arrogant."

Lu Sicheng: "You can't get in?"

Everyone: "..."

Everyone went to the lounge.

At the same time, the nursery rhyme once again, in front of the women's bathroom at the end of the corridor, meets with Xu Tailun's narrow road leaning against the wall: the scene was very embarrassing, sparks splashed... even almost bloody. If it wasn't for the virginity's secret crush and her captain's fight, she really wanted to jump up and scratch the cheeky face...

Speaking of secret love objects.

The nursery rhymes raised their squats slightly and straightened their waists. In their minds, Lu Sicheng's eyes looked like he was passing by Xu Tailun, but at this time, he was shackled on the wall with his wrists.

Nursery rhymes: "..."

... What kind of ghost is Nima being shackled by a cockroach? My predecessor secret love did not take advantage of this cheap!
