

## Chapter 81:

The nursery rhyme looked down at the kitten at hand and thought that he was not coming to pick me up. He just came to stop me from stealing the cat... I said absently: "No, it is my colleague, it is not a man." friend—"

When Lu Sicheng pushed in the door, he just heard this sentence.

The man's action of pushing the door paused. The nursery rhyme lowered his head and didn't see it. When she looked up, the latter had already converged all the expressions on her face. She stood in front of her face and looked at the cat at her hand. The face is more expressionless than the expressionless face: "Don't you come to bathe the pie?"

"...I am."

After the nursery rhyme pointed at her, Lu Sicheng looked down at her finger. From the transparent window glass, she saw the puppet cat who was struggling with the clerk... His face was slightly relieved, and his eyes were lowered with a chin. The beautiful short cat at hand: "How is the cat of Xu Tailun here?"

"I happened to meet him," the nursery rhyme thought, not knowing what to call the girl, "just that, take it to see the disease - it seems that it is a cat cat, and the result is not a serum, it is a simple cold... .."

The nursery rhyme grabbed the blood test list on the table, and Lu Sicheng blinked his eyes and did not look carefully.

"This is what you stole -"

The words have not been settled, and the nursery rhymes are very nervously covering their mouths - Lu Sicheng hung down and looked at her. Under such a cold gaze, the nursery rhyme retracted his hand, and the embarrassed hand said: "You don't be so loud, let the clerk hear. I thought I really want that... I want to say that Xu Tailun didn't want to raise a cat at all, why bother to toss, when the cat licks it back, it's measured, the cold doesn't bring the hospital at all, the kitten is not immune, the hospital is so weak. More pathogens, light colds to keep warm and warm speed can be used, simple cold hospital is also prescribed canned nyanolysine, how can bring hospitals, I asked the doctor that no diarrhea is very powerful, they want to give it Injection, what a small cat is playing -"

Lu Sicheng squinted and did not move. He looked at the person standing next to him and frowned, and recited her cat-raising in a serious manner.

He did not interrupt her.

Although he didn't understand a word, he didn't care how to make a furry little animal grow up...

He just looked at her quietly, until she finished talking about what she wanted to say, and it faintly said: "But this is already someone else's cat."

"..." The nursery rhyme frowned, and the sound of the original shattered thought suddenly slammed down. "I know, it is impossible to really steal it."

Lu Sicheng paused.

Looking up and looking at the nursery rhyme, it seemed to be a bit blunt to turn the topic: "How long will the pie be?"

The nursery rhyme looked at the continual struggle with the clerk, and taking a bath was like killing its big cake. The original frowning brow finally relaxed a little. She looked at the watch in the pet shop and sighed softly: "I don't know, it is estimated that there will be more than an hour to clean the hair."

"Then I am waiting for you in the car."

"Hey? No, I will go back for a while... Are you sitting for an hour?"

"Look at op's video of the game in the league, and it will all pass." Lu Sicheng said, going out, took two steps and stopped.

"Do you want to be together?"

The nursery rhyme hesitantly looked at the beautiful short cat at the eye and was trying to say "no". At this time, I heard that Lu Sicheng seemed to be impatient: "Hurry up, the air conditioner in this pet shop is running low, I am going to die." It is."

The nursery rhymes stunned and looked at the kitten sleeping on the mat with no cover. I thought, "Can I bring it with me?" At this point, Lu Sicheng has opened the door of the pet shop, heard the words "just like you", and then walked out of the pet shop - I did not expect this difficult guy to speak so well, the nursery rhymes had some surprises with the clerk A greeting, tell her if the girl came back and asked her to come to the car parked in front of her, and then climbed up the Lu Sicheng car

with her kitten.

Lu Sicheng's car also opened the air conditioner, but the temperature did not open very low, but also allowed the nursery rhyme to open the window, let the sun pour from the window, just in the nursery crotch on the mat on the knees... the kitten hit a few After the sneeze, because the warmth of the sun has become gentle, the nursery rhyme gently rubs its head with his fingertips, while squinting slightly, leaning his head to see the video of the game on the mobile phone in the man sitting next to him.

The sun is warm.

The car is very quiet.

Only the voice of the game commentary and the sound effect of the game, occasionally the nursery rhymes will discuss a few words with a certain sharp operation or a very correct rhythm in the op single, and later Lu Sicheng suspected that the ears are noisy, then the voice is turned down -

The nursery rhyme discovered that she was able to hear the sound of a man's breathing at such a distance.

"The magic snake has embraced this hero after the revision, lpl I have never seen anyone come out to play for the game..."

This Jin Yuguang is really powerful, the early period. After the third level, there is no shortage of blue to come out and consume the disgusting people, version There is no way for the hero Victor to take it."

"So this hero, will you?"

"Well, no."

"Why not?"

"..... It's not going to be a horse. Is it really my heroic sea? This hero is very difficult to play. After the revision, I don't want to buy shoes. The speed is superimposed one level, which is equal to Quite familiar with its speed changes at each level in order to calculate the best time to consume and the time to escape, an accident will happen!"

"Can Jin Yuguang use it?"

"He is Jin Yuguang! Do you compare me to him?!"

"Don't you compare with him who compares with him? You are no better than him. How do we get the s championship?"

"..."

Also ha?

The nursery rhymes don't say anything.

At this time, the kitten lying on her knee yawned, swayed, and trembled from the mat, and rounded the cat's eyes and curiously looked at the nursery rhymes - the nursery rhyme scratched from the fingers Its chin, the kitten licked her finger with a small head...

Lu Sicheng will temporarily suspend the game he is watching. Looking at the people around him with his head on his head and the emperor's gossip.

Listen to her broken thoughts: "It's so cute, I want to kidnap you."

Lu Sicheng: "..."

- Until the sound of high-heeled shoes came from far away, a slender long-haired figure walked close to the window, and a faint perfume smelled into the car, and the face with delicate makeup appeared outside the window. Lived in the sun.

"Sorry smiling, I am a little blocked on the way back from the company, thank you for taking care of it for me."

The girl who had previously slammed the cat and the emperor to the nursery rhyme appeared. She bent down and apologized and thanked the nursery rhyme, then carefully took the kitten and hugged it in her arms - she was very careful, and the nursery rhyme was in her. In her eyes, she did not care completely about the cat.

"Nothing."

The virginity of the nursery rhythm was slightly relieved. I repeated it to Lu Sicheng about how to deal with the kitten's cold. I repeated it to the sister... Then I pushed the door and jumped out of the car. I walked into the pet shop and cleaned my nails. The big cake is picked up.

- When I stepped out of the pet shop, the girl was gone.

The nursery rhymes looked around, until the man in the high-profile luxury car not far away, impatiently lowered the window and stretched his head to "feed" the sound, she hurriedly retracted her head and sat in the pet box with the big cake. Go back to the car.

Sitting in the position, she thought about it: "She won't send the cat back to the Qing team base?"

Lu Sicheng lazily replied: "It seems that Xu Tailun's fans like

the cat very much, so they should be sent back.”

The nursery rhyme frowned.

“Why,” Lu Sicheng asked, “I want to go to other people’s bases to steal cats?”

“Yes I do.”

“Think about it, don’t do it.”

“ ... ”

.....

In the evening, the nursery rhymes saw the kitten in the live room of Xu Tailun who was still in the hospital during the day. It seems that it has recovered a little spirit, and Xu Tailun’s camera is walking around.

Fans really boast that it is cute and the spirit is not bad.

Nursery rhymes: “ ... ”

God \*\*\*\* staff.

Xu Tailun said in a Chinese language that is not standard but skillful.

Said that he laughed.

Showing the tiger’s teeth, it seems like a good mood.

Fans madly boast a wave “You are more cute than cats”

“Chinese 66666” ... Nursery rhymes turned over and white, thinking that this look is not as good as Li Shuoshuo’s second fool, is very disappointing, suddenly suddenly extended a big hand off Xu Tailun’s live room ——

“I hate to see it again. What is wrong with you?”

The captain’s voice came from behind her.

The nursery rhyme patted him and grabbed his mouse. He wanted to grab the mouse with him: “You let go, don’t close my live room, I hate him but don’t hinder me from watching him acting addictive - full mouth is a lie, open mouth It’s hard to find people who are deceiving. This is a textbook that is alive and well. It is not advisable to educate us and the men in the e-sports circle!”

Lu Sicheng “snapped” the sound, bending over and holding the nursery rhyme and not letting go: “What crazy?”

Nursery rhyme his fingers: “It’s all slag, liar.”

Lu Sicheng increased his hand: “You haven’t met good shots in this map.”

The nursery rhyme changed his hand and licked his finger:

“What is ‘I didn’t meet good’, it’s still my fault. You are

giving me several e-sports and good men out of the horse - good temper, good game play Looks good, has patience, doesn't mess with it, doesn't lie!"

"Yes." Lu Sicheng made a move.

"Who?" The nursery rhyme fingers waited for the opportunity to plug into Lu Sicheng's palm and the mouse, and did not raise his head.

Lu Sicheng was silent for three seconds.

"I."

"Hey?" The nursery rhyme is concentrating on using his fingers as a fulcrum to grasp the hand that is held on the mouse.

"I," the wrist sank, and the man calmly held the finger in his palm, "Do you want to try?"

The nursery rhyme's finger was pressed between the mouse and the palm of his hand.

Nursery rhymes: "..."

Lu Sicheng: "..."

The nursery rhyme looked up and looked at the man with his waist bent behind him.

Not far from them, every second of the teammates who concentrated on the second place was a slap in the face and looked at them... Xiaopeng even threw his mouse out.

Nursery rhyme: "What do you say?"

She looked at the dark brown cockroaches and tried to see his emotions at this moment... However, she failed, and then it became a deeper color than before, like a deep sea, she could not see the depths.

Until Lu Sicheng let go of her hand.

The temperature that had been pressed against her finger disappeared -

"Nothing," the man said faintly. "Speak with me, look scared, are there any interest?"

Nursery rhymes: "....."

Nursery rhyme: "Day! Can this be used to make fun?????"

"Yes," Lu Sicheng walked to the refrigerator, opened the refrigerator door, and squatted down and the whole person disappeared behind the refrigerator door. "I said that I can."

The nursery rhymes took off their slippers and lifted them to Lu Sicheng.

However at this moment.

What she did not see was...

After the refrigerator door, the man did not reach for anything... He just held his forehead with one hand and silenced for a moment, then he let go of his hand and took a bottle of mineral water and unscrewed the bottle. Cover, drink a bottle in one breath.

The author has something to say: Eat melons: Mom, almost! !

!!!!!!!

Nursery rhyme: Mom, almost?

Lu Sicheng: Mom, almost...

The Chinese language is profound and profound.

Here, Cheng Ge is definitely entangled. Just as the former virginity asked him if he was “strong enough to be defeated by no one,” he chose the negative answer. Hey, I will talk about this kind of my own cabbage that I want to arch and I can’t bear the arch of the bad and contradictory cute attitude.
