

Chapter 93:

The yqcb team's match against the huawei team will soon begin. The nursery rhyme looks at Ai Jia, who is sitting on the face with a relaxed face. From time to time, he stretches his neck and goes to the yqcb team fans. Li Shuoshu is actually more than the one sitting next to her. tension—

And she is still brushing WeChat friends circle.

“Friend, can you be nervous? I have a sweat for Ai Jia in this crisis... If he doesn't play well, you have to slap the pot.”

The nursery rhyme licked the elbow and smashed the yang, the latter swayed, and did not hurry to give a friend a compliment and then looked up at the big screen: “I haven't started yet, squatting, this photography Why did the teacher give Ai Jia a big close-up? In the past two days, he rushed to the forehead and burst a few beans...”

Nursery rhyme: “...the ban&pick link started.”

“Oh,” this Yangyang no expression, “I don't understand.”

Nursery rhymes: “...”

At this time, sitting next to them is probably the head of the yqcb team fans turned their heads and looked at Jinyang. The expression was not too friendly - it was like saying that you can't read what you are sitting on here? However, because there are team fan tickets (* general lpl on-site tickets is a ticket to watch all the games on the day, but the team fans tickets are only issued to the designated team fans, after watching the current team tickets, it is necessary to leave the special ticket This kind of thing exists. The first two rows are originally reserved for fans and special guests. Who can sit and sit is really the team said...

Today, Yang turned his eyes: “What happened to the silver player? I have to be a professional diamond player to love me. I want to have a wave of diamonds to qualify. I think everyone is Lu Sicheng. It is better to find a target and play games better than him. ””

The nursery rhyme “oh” sounded: “But the diamonds also beat Lu Sicheng.”

Today's eyes are going to turn back to the head of the head. I turned to my head and said to her with a mouth shape: You can do it.

Tong Xiaoxiao, others do not know their little interaction, only

when the two are talking gossip... At this time, the ban&pick link on the stage has been carried out in half, and the yqcb team got the combination of the leopard woman and the hammer stone. From their heroic nursery rhymes, they know that they are ready to use the core tactics used by yqcb this season: Wild assisted double tour.

- Generally speaking, the road is a double route that assists with adc, but when the teammates communicate sufficiently smoothly, the adc technology and the awareness are good enough, then the assistant of the combination can be liberated and left. Together with playing wild, you can flexibly navigate the gank and help other routes quickly establish an advantage to open the situation. Such a tactic is the so-called "wild auxiliary double tour."

Today's yqcb has the top adc players in the world, such as Pope Li Junhe. Both the operation and the anti-gank awareness are super-class. The "Wild-assisted double-game" tactics are certainly suitable for this team.

And as the nursery rhyme expected.

The opening yqcb assisted the cool life and played very aggressively - completely changing the style that he was conservative in the spring game to look a bit embarrassing, yqcb is like a tiger, and a wolf dog screaming for help - In the seventh minute and fifty seconds after the start, when the ad of the huawei team walked a little ahead, the pope took the lead to the sixth level and had a big move. He did not rush to signal on the floor, and people saw the cool hammer. The stone does not hesitate to decisively flash up to hook up the huawei team ad!

Everyone screamed, and at the same time, the opposite ad was obviously shocked and failed to respond in the first time. Is it a retreat or a counter-attack, and this time, yqcb seized the opportunity and won the first kill of this game!

Firstblood!

The system prompts to sound, and the attention of the scene cheers!

Yqcb assisted to be liberated, returning to the triangle grass to protect the vision, and then began to follow the home to play wild xbang together, first caught a wave of the road did not catch, he simply followed xbang to the opposite huawei team's

red buff to grab After the rush, after the direct transfer to the road, with the order, together with the three-way tower to kill the huawei team on the order, and push off a tower on the road

-

In just three minutes, the Pope started a signal with a floor signal, and the yqcb team completed a second kill with high execution and pushed off a series of actions against a defense tower!

The audience was a little instigated, and the fans of yqcb were very excited. This high-competition and high-executive team is obviously the result of all kinds of tempering.

The nursery rhymes who suffered from chubby silently put away the mobile phone. At this time, the yqcb on the field has mastered the rhythm initiative with a wave of beautiful wild assistants in the early stage. The huawei team played wild Li Shushuo's wild area constantly. Invasion, the experience of the cool life, the vision of the location is deep into the huawei team wild area.....

Seeing this, Tong Tong felt that she had almost seen the ending of the game.

.....

The first game was successfully won by yqcb in the forty-second minute. In the middle of Ai Jia's several times, Aike Qiang cut and opened the group and did a very good job. The nursery rhymes sat down and tried to explain to her friends that her boyfriend was more aggressive. More carry, this yang is also sitting and listening, listening to the clouds, the face is arrogant...

The nursery rhyme took her face: "Can you be serious, this is the moment of your boyfriend's highlights! You look at the fans excited!"

"...high light, you don't know that when I met the little devil, he was a stupid, ordinary high school student, not with him because he is —"

The words of Jinyang have not yet fallen. Suddenly, a row of people in the back row hit her seat back. Her voice stopped abruptly. When she turned around, she saw a bunch of yqcb aids and lights. The long-haired girl of the card, this time, Xiaoxiao smiled and smiled at her and said: "Sorry, I didn't stand."

The nursery rhyme raised her eyebrows and was about to say something. At this time, Yang Yang pulled down her sleeve and ignored the man who turned around.

At this time, around the virginity, there are some fans of China Telecom who got the fan tickets. Everyone obviously knows about Yangyang for a long time. Weibo also pays attention to her. I also know about the rhythm of this online.

Most of them know that this sun is three years older than Ai Jia. When they were young, Jin Yang was a neighbor when he lived at his grandmother's house. Because of the plot of few female novels, they were together when Aijia was still not playing a professional. ... Anyway, Ai Jia's fans like her very much – this time I saw that the person who didn't know who came up with the fan ticket did something, but they were also somewhat dissatisfied, but in order to maintain the supremacy, everyone did not Say what.

“Why are you doing this?”

“What happened to me? Some people are inexplicable now, the game will not hit themselves and can't understand, because the star effect of the player is with him, and he is proud...”

“Hey, whisper, Ai Jia, his girlfriend is not —”

“I didn't say whether she was or not. Now the reputation of female powder is not badly damaged by this kind of person? You look at Xu Tailun and the fruit. I like the players to watch them concentrate on playing the game. Why do you have to seduce? People?”

The discussion that came from behind fell into the ears of the nursery rhymes. The nursery rhymes heard the grass and Xu Tailun and the fruit came out to insult who wanted to stand up and talk to them. At this time, they were caught by this yang. Back to the chair -

Tong Yu turned his head in anger, but saw his friend sitting in a position of indifference: “If you want to do things, then you can see that the silly scorpion looks optimistic and sits on the table to play, the old lady tears with his fans under the stage. What is it like?”

Today, Yang Yang said while raising his chin, the nursery rhyme looked down at her eyes, just saw the rest of the time and returned to the table, Ai Jia was wearing headphones, screaming at this sun.

Nursery rhymes: "..."

The nursery rhyme accidentally thought of the original self, because there was no way to grievously accept the troubles caused by the change of the roles of ordinary high school students' boyfriends and professional players. Finally, they broke up with Jianyang... The heart suddenly felt very sorrowful, patted the back of the friend, not What are you talking about?

At this point the second game is about to begin.

This time, yqcb did not follow the previous game to successfully win the huawei team's wild assisted double-game tactics, but took out the four-guarantee tactics, with adc as the core tactics - as mentioned earlier, this tactic In fact, the s6 is a relatively outdated tactic, usually not too good to play.

... adc is the words of the Pope or Lu Sicheng, maybe you can try it.

Nursery rhymes watched Ai Jia took a nap that he didn't play very much. He knew that this was actually yqcb and started to use the huawei team as a more powerful opponent in the trial lineup change. After all, a group match, if you want to test the lineup and fight Law, if you lose, you lose. It is impossible for a team to have only one core tactic. It is acceptable to go farther and smaller.

- But.

The idea is good. In fact, it is difficult to operate. yqcb is obviously not fully skilled in this set of four-guarantee system. In addition, the huawei team's playing wild Li Shuoshuo is not a fuel-efficient lamp. Once you see the opponent's lineup intention, the game Start at the madness for the next road!

This is the case with Li Yushuo, and the hurricane bureau can do a lot of things, but the level of the huawei team is world-class, and the whole game is advancing very quickly.

Grab the first hand, get a blood and two heads, almost the same opening as the previous one, liberation aid, and grab yourself in the middle, catch the yqcb Nakano combination, then turn to the road, grab the order, take the canyon pioneer.

In just five minutes, five people broke out directly.

The nursery rhymes pumped their lips and guessed that the explanation did not even think about the level of the lineup... and the bad thing is that what they said is that they are not as cheap as Aijia online, because the pope is also because of the pope. It doesn't look very weak when it's not developed. On the surface of the group, it is probably the ten-second group and the eight-second move.

When he was in a game, he basically didn't have time to do anything and it was over.

This game was announced by the huawei team in the more than 30 minutes because of the lineup problem. The gawei team announced the gg at the end of the game. At the end of the game, except for the Pope's seemingly silent, the expression on the other members of the yqcb team was okay...

"It seems that Sibaoyi is really not very useful this season.

Unfortunately, the Pope has not played well. He and Cheng Ge have just carved out a mold, and you have to control what lineup has just started a wave... .." Tong Tong moved, added, "No, he is more radical than Cheng Ge."

"Uh."

"Are you okay?" The nursery rhyme hit the shoulder of the person next to her with her shoulder.

"What can be done, lose a game, but I haven't seen him lose."

Jin Yang shrugged. "The spring games haven't won much.

Now I can't accept the loss. It doesn't matter, it doesn't matter, it's not. Is there another one? It's good to win the next one..."

Her voice seems careless.

However, in the next second, a large stack of aids from the sky fell from the back to the head and stopped.

She groaned and looked back. She looked at the fans who had just said a lot of words and stood behind her with an angry look. She looked at her condescendingly: "What is it?" It is because there is a player like you who feels that he is acting. It's too bad to have passed, is this Aijia's performance not bad enough? What is the use of the whole course soy sauce for his group? No brain protection, but also with the smiling to the pot to the Pope! We are far away Look at the game just to see what they won! Please don't say that this kind of listening is annoying!"

The girl's voice is quite big. The venue was not too big. The

voice of her was really spread throughout every corner of the stadium. The sudden episode made the entire noisy stadium very quiet.

The two explanations on the stage that were still chatting were closed.

Today Yang frowned: she is not very likely to play games, but just now the nurse-in-law also told her about some, she can vaguely feel that this is really not Aijia's problem...

The nursery rhyme looked at the compelling sister's foot to the Pope's support card, paused and stood up, just wanting to tell her the truth to analyze what happened to the game just now, let her not be explained. The rhythm, but did not wait for her to open the mouth, this time, she heard the stage behind her, yqcb's assistant and captain looked very annoyed and called "Ai Jia"!

The next second, a thin black shadow jumped from the stage behind them, and seized the arm of this yang - she squatted back and looked at it randomly. Extremely cold eyes...

The nursery rhyme is also the first time I saw Ai Jia, a stupid guy who showed this expression.

... Although this expression has also succeeded, the sister who was still arrogant and blaming the person has closed her mouth.

"Why are you?" Jin Yang whispered, breaking free from him and not breaking away.

"Go." Ai Jia pulled her arm and slammed her to her side.

"What do you have to say to this person?"

That girl: "What?! What is this kind of person, I am your fan _"

"Yes! You don't have an ear!" Ai Jia raised some voices. "I can't bear to say a heavy word to my girlfriend. Why are you here? I have a good relationship with her." Have any problems with the ability to tell Laozi in front of Laozi - go!"

After that, he pulled the yang again.

Jin Yang stood still in the same place, and she turned her head and looked at the sinister appearance of Ai Jia's fierce on the edge of the explosion.

After seeing her for a long time, she didn't respond. Ai Jia "snapped" and went straight to the front. Under the eyes of the public, she hugged her and picked it up. She strode to the

players to rest in the background!

Surrounded by a sigh of relief.

The nursery rhyme looked silly.

Standing in the same place for a long time did not return to God, until Ai Jia took her girlfriend to go far, she just hurriedly bent over, picked up the bag of this yang, like a little girl like a bag, and jumped to the game table. Followed into the player lounge...

On the aisle, I met Lu Sicheng who was playing with the mobile phone. I saw the nursery rhyme carrying the bag of this yang and looking into the fire ass. I didn't squint to ignore him passing by him. The man reached out and grabbed her collar.

Calm: "Slow."

The nursery rhymes turned around and looked at Lu Sicheng: "How are you here? You let go, you don't know what happened just outside, I have to go see Aijia him-"

"I know that the post is exploding." Lu Sicheng raised his mobile phone. "I am saying that the Korean version 20 is released... What is the 10th version?"

The nursery rhyme thought about it, and thought of the "Korean drama 10 version" that was made into a gif, she was stepped on by the chubby slippers, and the whole person went forward and was lifted up by her captain... oh, Mad Good damn! The face was slightly red, and the nursery rhymes raised their hands and shot Lu Sicheng's hand: "You let go! Let me see them!"

"...what are you worried about?"

Lu Sicheng did not rush to let go, watching the nursery rhyme because he was too anxious, his left foot slammed his right foot and slammed down and almost fell, and he immediately stood up straight, then the person staggered not far from him. Standing firm, he sighed helplessly, reaching out to help her hand hang down and return to the wall again -

"Slow down, go all the way, the cerebellum is not fully developed?"

The author has something to say: Ah, I'm sorry, it's too late today. This chapter is especially long.....
