

Chapter 98:

At noon the next day, Xiaopeng, who was eating noodles in front of the computer, heard the sound of someone kneeling downstairs. He looked up at a noodle and looked at the flying short skirt and knee socks. The absolute field between the two... bite off the bowl in one bite, Xiaopeng asked: "What are you doing?"

The nursery rhymes wearing slippers slipped in front of the shoe cabinet, hugged their knees and began to look for the shoes they wanted to wear. They looked for a shoe box and opened the shoes that they had never seen before. The size was just right. It was her code - looked up and looked at her, the shoe cabinet was also her shoe cabinet... 谣眨眨 谣眨眨 eyes: "When does this shoe exist?"

"You and the co-owner of the next team in the next team came in the last time, she said she has the same double... Where are you going?"

The nursery rhyme opens the shoe box and pulls out a pair of black small shoes from the inside, a little bit to follow, a few pearls, a brand metal logo on the upper and a signature red and green color stripe cloth... The nursery rhyme puts down the shoe box and puts the ankle I tried it in the shoes, and the size seemed to be just right. She looked up and gave her a chubby look: "Go out and buy something."

Xiaopeng holds the bowl of "oh" sound: "The lipstick is a little red."

The nursery rhythm snorted "Really?" He was in a hurry to find a paper towel to wipe his mouth... At this time, the sound of the door was opened and closed, and Xiaopeng looked up again - this time his home ad, body It's a simple item. Thanks to the hot weather in summer, these men don't have much room to play, but this doesn't prevent Lu Sicheng from wearing a dress and shaving his beard. He is handsome and 95% of the male creatures on the street.

5% of the possibilities are with him, such as Wu Yanzu and Jin Chengwu and Kashiwabara.

Xiaopang: "Captain, captain, where are you going?"

Down to the bottom of the stairs, half of the people stopped, put their hands in their pockets, and looked at the people who were standing next to the shoe cabinet and changing shoes.

The nursery rhymes paused and the breath was steady: “I am going shopping.”

Lu Sicheng turned to look at Xiaopang: “I am going to accompany her to buy things.”

Xiaopang didn't have time to talk. At this time, Lu Yue took a bowl of noodles and walked out of the kitchen. He passed by them, and his eyes swept over the nursery rhymes and swept Lu Sicheng. Finally, he held the face next to Xiaopang and Lu Sicheng. At the same time as opening the game to invite the chubby double row, he said in a slogan: “Do you both have to dress up like going to the Civil Affairs Bureau every time you go out alone?”

Lu Sicheng: “I am like this every day.”

Nursery rhymes: “I also -”

Lu Yue: “If you are, you are also what you are. The last time I saw you wearing a skirt is to go to the flower and bird market with my brother to buy goldfish, not even last time.”

Nursery rhymes: “..... Yes! The countryman wants to go to the streets, so what's up when he dresses up!”

Lu Yue ignored her and poked her own noodles: “When are you together?”

The shoe box in the nursery rhyme fell to the ground.

Lu Sicheng raised his eyebrows.

The chubby sip of the soup directly into the throat, hotned him to rub his chest, red face and red hair struggled: “I was green?! Hard to pull the big ad actually abandoned me tp (* Summoner skills: transfer to the map any one Where is the view?) Going to the middle?!”

Lu Yue noodles looked up: “I am joking.”

Nursery rhymes: “...”

Lu Yue: “I don't accept the tragic fate of my brother's son who is only one meter five like a mother and then laughed at by others.”

Tong Yuqiang pressed down the shoe and the impulse on the face slightly similar to Lu Sicheng: “You stay in the mouth.”

Lu Sicheng ignored Lu Yue, took her out of the door, and the nursery rhymes stepped back and forth, until the two arrived at the parking garage. Lu Sicheng stuffed her into the passenger seat and tied it with a safety belt. She also patted the thigh in resentment: Lu Sicheng, why don't you refute him? Do you

suddenly think that he makes sense? Oh, good, your Lujia perfect gene is about to be tainted by my inferior gene of one meter and five -”

“You are tainted.”

“ ... ”

Lu Sicheng started the car and dumped the parking garage:

“He teased you, my mother, that is, his mother is almost as high as you. You see our two brothers who are one meter five?”

The nursery rhyme grabbed the seat belt and blackened her face and did not speak.

The man stretched out his hand and patted her head: “Our son can grow up with more basketball, don’t panic.”

“” “The nursery rhyme responded with three seconds. He is not right.” Who, who and you have ‘our son’!”

“My daughter’s words are just like you, and then go to abduct others’ high sons, perfect.” Lu Sicheng drove the car out of the community, silently and seriously said, “To tell the truth, I prefer daughters, the kid is too naughty. ”

The nursery rhymes raised their hands and licked the red face.

“ ...you also give me a drink.”

“Isn’t it a fantasy?”

“No, you fantasize about something normal.”

“Ok.”

“Your voice sounds like a laugh.”

“I do not have.”

“you have.”

“It’s just a feeling.”

“What do you feel?” The nursery rhyme took his hand off his face.

“Where you are so cute, if you are a pair of underwear, it is blue and white stripes.”

“” “” The nursery rhyme turned from red to white and then turned red. After ten seconds, she looked blankly at the front. “Captain, see the roadside ahead. Is there a huge tree?”

“I saw it, what happened.”

“Crash up, I want to go with you.”

“ ... ”

.....

On the way to the next road, Lu Sicheng and the nursery rhymes did not talk about her. She didn't talk. Until she arrived at the mall, Lu Sicheng stopped the car in the parking space. The nursery rhyme took the initiative to say: "Captain, you are set to break down very badly."

Lu Sicheng looked calm and calm: "How do you say?"

"The chessman in my memory is calm, calm, cold, sharp, and wise." The nursery rhyme untied the seat belt and turned around because the leg was too short and jumped off the car with the squat, then closed the door and took the other from the car. I have a half head. "The result is that you are a stinky old oil, old hooligans, I am very sad."

Lu Sicheng also got off the bus and closed the door with a slap in the face. He said in a concise manner: "Too many illusions."

Nursery rhymes: "..."

In order to prevent fans from gank, the two chose a slightly remote shopping mall that was not in the center of the city.

When they walked side by side to the parking lot, Lu Sicheng reached out and touched the hand of the nursery rhyme. The latter immediately knew what he wanted to do. Hiding away from hiding.

Lu Sicheng sighed: "You can tell the truth."

Nursery rhyme: "...what to talk about?"

Lu Sicheng: "When I first met, I thought you were the brain powder from the gank base. At that time, I put your door on your face. What was your idea at the time?"

The nursery rhyme thought about it, turned his head and blinked at the people around him. Seeing his sincere question did not seem to be a routine. This answered: "The mother's mental retardation."

Lu Sicheng nodded after listening: "At this time, I am already far away from the kind of person you think."

"Intelligence is not equal to hooliganism."

"I am a good man in front of other girls."

"what?"

"Not very good," Lu Sicheng grabbed the person around him and looked at his own voice. He directly dragged her hand to her side and dragged it to her side. "You can be alone and comfortable." Enjoy my personality."

“

When the hand is firmly held in the palm of one hand, unfortunately the human brain has become confused - although it is not known where the joy of “alone and enjoyment” is, the nursery rhyme is reluctantly accepted. This is a statement: about the succession that once told her the survival rules on the professional field and the captain of the rationale, as well as his blue and white striped underwear. The nursery rhyme faintly felt that he was once again punished by the sophistry.

However, when she wanted to continue to debate the matter, they had already entered the next topic - the two stopped in front of a doll machine, Lu Sicheng glanced: “Remember this?”

The nursery rhyme looked at the lop eared rabbit in the eye-catching doll machine. Although there was no rabbit holding the carrot, but she almost knew the appearance of the ash, so she nodded.

At this time, there were a bunch of little girls jumping around in front of the doll machine, pointing at the machine, this cute and cute, but clumsy and stupid can not clip up -

“Ah, you are a man!”

“It fell again.”

“I can’t do it, don’t play it, the money is enough for me to buy a bunch of the same paragraph on Taobao, wait for the aging mother to buy ten and then bring it back to the front of the machine to show mockery.”

One of the sisters said that they couldn’t bear to take out their mobile phones and start a search. The girls spread a little, and the nursery rhymes were dragged in by Lu Sicheng. When a group of sisters looked up, they saw that the coach from the sky was more than the instant. When he heard the sound, he was not worried. He just asked the person who was firmly held behind him: “Which one?”

Suddenly, I felt that all directions were stuck on my face and on the hands of Lu Sicheng.

It was a kind of gaze that she had saved the Milky Way in her life.

The nursery rhyme sucked his nose, thinking that Laozi is saving the Milky Way, envy? Reaching out and catching Lu

Sicheng's clothes and hem, he leaned his head and looked up:
“...not one.”

“I know that you have one, and that's just my folder. I also know that you put it on the bed. I have a few more to let them open the meeting,” Lu Sicheng said in the doll machine. “It looks different.” This has a small cap.”

Nursery rhymes: “...”

I don't know if she is illusory. She thinks that Lu Sicheng said that “this little hat” has a wretched and cute feeling... The girl around is estimated to think so, and one can't help but laugh out.

“This rabbit is very difficult to clip,” the little girl said. “We have been here for a long time.”

Lu Sicheng glanced at her, didn't talk, and then married Grandpa Zhang Mao to send the nursery rhymes to change coins. The nursery rhymes turned and went. When she came back, Lu Sicheng had already placed two rabbits that were clipped out: a small Christmas hat. One holding a strawberry. When she handed the coin to Lu Sicheng, she felt the envious eyes of the surrounding girls, and the nervous look of the boss behind her – she grabbed the two rabbits and lifted them up, then turned to Lu Sicheng: “Which is cute?”

Lu Sicheng took the confirmation button and when the iron claw firmly grasped the third rabbit, he turned his head and looked at the serious girl who asked the two rabbits to ask, and said with no expression: “You are cute.”

Nursery rhymes: “...”

.....

The final result was that before lunch, the nursery rhymes harvested a large bag of various rabbit dolls in the envious eyes of the girls who were about the same age as her. I thought about the way they lined up on their bedside. The scale of the opening rabbit conference is...

Nursery rhyme: “When I was in the amusement park, I was thinking about all kinds of smashing doll games. When I have a capable boyfriend, I will come back and you will go bankrupt.”

Lu Sicheng: “You did it.”

Nursery rhymes: “What?”

Lu Sicheng: “There is a competent boyfriend.”

Nursery rhymes: "..."

Lu Sicheng: "Which playground? Buy tickets, let's make it go bankrupt."

Nursery rhymes: "... Tokyo Disneyland?"

Lu Sicheng: "..."

This is one and a half in the afternoon.

The appointment of normal human beings is nothing more than eating, watching movies, drinking afternoon tea, playing games, continuing to eat, and then elegantly dissolving each other. The two are already in a state of disguised illegal cohabitation. The last step can be omitted. It is a lunch issue. The boy took a big bag of rabbits and was led by Lu Sicheng in the mall. She chose phobia and she didn't think about what to eat. Hesitantly stopped at a dessert shop, and the nursery rhymes bent over. Look at the dessert list at the door of the store, then I was picked up by a hand: "Lunch, what ice cream do you see?"

"Why can't ice cream be lunch?"

"Are you a three-year-old?"

Lu Sicheng towed her away, and the nursery rhyme "squeaked" what she was trying to say. Suddenly, the flash of light flashed and she saw a group of sisters in front of the opposite store. She was quite familiar. She fixed her eyes and then I was stunned. : The four or five sisters in front of the Korean rotisserie, who are not in front of the league, are those who have been in the league?

One of the top picks also wore a support bracelet that probably wrote her name.

- As long as they are casual, which one is looking up now...

You can see the team they like, the double c-bits are not honest, but they are sitting on the street in the mall.

The nursery rhyme sucked a cold breath and opened Lu Sicheng's hand. He didn't wait for him to talk, throwing a urgency and letting him wait for himself in a western restaurant on the first floor. He quickly fled and fled... After rushing into the toilet, he calmed down for a long time. Then came out, only to find that Lu Sicheng did not go to the first floor as she said, but instead leaned on the safety exit with his arms on the stairs and smoked.

Hearing his footsteps, he looked up and looked at the nursery

rhyme. He didn't talk and bowed his head. The trash bin next to him extinguished the smoke on his hand.

“...”

At that moment, the nursery rhyme felt that she had done something particularly bad, and her captain was special and special.

The author has something to say: Come here, I will try to recover one and a half tomorrow - a good wish
