

## Chapter 99:

The nursery rhyme stalked all the way to Lu Sicheng, and looked at the tobacco he had thrown in the trash can. He ignited it and went out without touching a few mouths - she remembered that Xiaopeng said that Lu Sicheng used to be not too big, sometimes When you are upset or need to relax, you will smoke... The team is smoking-free. If you are afraid of affecting others, he will go to the base yard to smoke. Even if it is so easy to be detained by Xiaorui, he will not be deducted.

┌

Later, after the nursery rhyme came, he seldom smoked. Although Tibetan smoke and Xiaorui fighting wits are still one of his unshakable hobbies.

The nursery rhyme stood in front of Lu Sicheng and didn't have time to talk. The man had already stood up straight and stopped, and stopped. "Go eat."

With a long leg, the nursery rhymes quickly followed him in two steps, and he took a breath: "Why didn't you go directly to the restaurant and wait for me?"

Lu Sicheng's footsteps slowed down a bit, and after thinking about it, he replied: "I don't want to go alone."

The nursery boy lived in his clothes hem, Lu Sicheng did not turn back and did not say no, the nursery rhyme glared at him, the two did not say anything to go forward a little paragraph - the man's face squatted down and looked a little cold and mean face to the nursery rhyme Very familiar, her captain is right, but not her boyfriend.

The nursery rhyme let go of his clothes hem, and quietly Mimi reached out to grab his hand, but the latter was like a chin on his eyes, a seemingly inadvertently raised his hand and directly escaped.

Nursery rhymes: "..."

It is now certain that her captain is really upset.

The virginity is trying to catch the man's hand, and the latter is also persevering to avoid her -

When the nursery rhyme couldn't bear to use his hands like a rabbit to catch a man's wrist, he "snapped" his voice and took his hand away directly - completely completely refused to cooperate with each other... the nursery rhyme saw it. Give up, change back to the hem of the man's clothes, and then

twist it, the loose hem of the clothes is pulled out by her a small triangle - Lu Sicheng feels a little bit of resistance after himself, slightly raised his eyebrows and turned back. It happened to be the pair of black eyes that looked up at him at this time... The nursery rhyme said seriously: "I just saw our fans at the entrance of the opposite Korean restaurant, so I opened your hand."

"Oh."

Lu Sicheng did not react.

At this time they were passing through a home furnishing store, and then in the inexplicable gaze of the nursery rhyme, Lu Sicheng turned and walked in, took a black mask from the shelf.

The nursery rhyme is like a small tail behind his ass, watching the man take the mask to the checkout counter, she kneels at the checkout counter and puts a head: "What do you buy a mask?"

Lu Sicheng handed over the money, tore the packaging, put on the mask, and looked calm: "Be considerate, who makes me see people."

Nursery rhymes: "....."

In the intricate gaze of the cashier's sister, and the "sister's eyes are not good, your boyfriend's eyes are not good, no one is born in the blessings", the nursery rhymes raise their hands and want to take his mask off. The latter's hands were stuffed in the jacket pocket and the body leaned back to hide, and the nursery rhymes could not reach.

The look of the cashier's sister has become more subtle.

As long as the nursery rhyme holds the arm of Lu Sicheng, he drags him away from the home supply store.

—At this time, Lu Sicheng wore a black mask, and it was faintly visible. The mask only showed a pair of dark brown eyes. The figure was tall and straight, walking on the street, like a star who was out of the patrol.

Along the way, I don't know how many people who passed by, screamed with lingering light, and then stalked a bunch of whispers.

The nursery rhyme followed him. If it wasn't like a lazy hang on his arm, at best it would be positioned as a star assistant, a babysitter, etc... but because she made mistakes first, she

Accepting the encounter was so painful, so I didn't say anything, and I dragged Lu Sicheng down to the restaurant that I said before.

However, even if it is the restaurant Lu Sicheng's mental torture to her is not over.

He sat in his position with his hands in his pockets, didn't order, and stared at the virginity sitting across from him with his calm eyes. The sight was burning a hole in the nursery's face—the last nursery rhyme couldn't bear it. The menu was put up to block the terrible sight, and the menu was put down: “I am optimistic, what do you want?”

“Don't eat.”

“what?”

The low-pitched sound sounded from behind the mask and sounded sullen: “I am so ugly, not qualified to eat.”

“...”

The first reaction of nursery rhymes is to go to the diners, and the latter is really a face.

Then look at the nursery rhyme with condemned eyes.

The four eyes are opposite each other.

The nursery rhyme quickly changed the key points of his own from one to two, and sent the ac like who was constantly stealing Lu Sicheng as if he could see his face under the mask of sulphuric acid. The nursery rhyme reached out. At the table, take off Lu Sicheng's mask and take it away!

Lu Sicheng: “Hey.”

Lu Sicheng: “What?”

The nursery rhyme wants to marry someone, but when she is swept away, she will be embarrassed: “Is it OK, I am still wrong? Lu Sicheng, can you let me go? Just now the fans are there! Seeing us go shopping in the street?” ?! Remember the fan comments that you showed to you that day, people don't accept that you have a girlfriend! Don't accept!”

Lu Sicheng frowned: “I don't care.”

Reaching out while talking: “The mask is still me.”

The nursery rhyme pinched the mask and hid behind to hide from the big hand that the man had stretched out. The latter had a long hand, and the fingertips ran into her face like a mischief, then pinched her nose... The nursery rhyme is anxious to shoot the table: “You don't care if I care. I am not

afraid that they will treat me like I am pregnant. I am not afraid that they will say that I am not good at playing a profession. I know that they are hooked up with their male gods. I only know that you are playing professionally. No one has ever said that you are not good at all - even if it is a special sprayer!”

Lu Sicheng held the hand of the nursery rhinoceros and let go, and the dark brown baboons flashed slightly: “So?”

“I won’t allow myself to be a breakthrough in the spray.”

“...” Lu Sicheng was silent for a few seconds. After a few seconds, he sat back firmly in his chair. “Now is this late?”

“?”

“You are.”

“??”

“Any ordinary human being will have its weakness. I am not a god, so I have it too.”

“...”

“You are.”

Lu Sicheng finished, silent, and then changed to a sitting position: “I don’t care what they say, if they evaluate me positively, then I am very happy and honored, but my behavior will not be positively evaluated. Moral Abduction - Evaluating word of mouth is due to my actions, not that I have a corresponding behavior for these things - can you understand this so complicated?”

The nursery rhyme is awesome.

The man sighed softly: “I just liked a little girl and didn’t do anything wrong. Why are you so nervous about protecting me?”

The virginity on the face of the nursery rhyme has a slight crack.

It’s not that she didn’t understand what Lu Sicheng said, but that she was suddenly stunned by a sudden violent sniper. She couldn’t speak. She didn’t know what she had done and what she could do became a League of Legends professional circle. The “soft rib” of the first male \*\*\*\* in the circle, however, such a definition naturally speaks from the mouth of the male \*\*\*\* in the tone of “I am reasonable with you”...

The nursery rhymes had to desperately remember whether they had saved the galaxy in their lifetime.

Because she is speechless, she can't tell the person sitting at the moment opposite her at this moment. She is really nervous to protect him for fear that he is a little bad or a little wronged. Because it is just "together", she has been particularly lucky. Now she is surprised that Lu Sicheng thinks so.

- She always thought that in this relationship that had just begun, the balance of status was obviously tilted toward Lu Sicheng, until just about a minute ago, she suddenly found out that it was not, their balance never tilted, not bad. One point and one millimeter.

So.

The result of the last two disputes was that Tong Yuhong smugly put Lu Sicheng's mask back into his pocket and bowed his head... The content of the chat was very safe, basically discussing the itinerary of the German Cup to Xiamen.

Lu Sicheng used the mobile phone to flip through the information of the second team members and the German Cup to attend the list. In the captain's tone, he said: "At the Lu Yue meeting, he was the only one who was on the starting list and then attended the German Cup. It seems that the club hopes. This year's German Cup won't win the championship and fight for the top three."

The nursery rhymes use the mobile phone to flip through the online travel guide and eat a small map to eat the melon people's tone: "What is delicious in Xiamen? Pineapple cake? Pork shop? Night market stall? We stayed at the hotel from the night market Far away? It's not good to end the night market after the game is over."

Lu Sicheng: "..."

Nursery rhymes: "What weather in Xiamen, hot is not hot, wear short sleeves."

Lu Sicheng: "Children."

Nursery rhymes: "Ah?"

Lu Sicheng: "We are going to see the second team playing the National Cup, not to travel."

"...I didn't say not to cheer them up." Nursery rhymes put their phones down.

"Come on, let them win the game early, pack it up and let you go to the night market, right?"

"..." The nursery rhyme supported his own serious face and

pointed to the bowl in front of Lu Sicheng, “eat your meal.”

.....

After the meal, the two people want to be tired and afraid of being really gank on the street. What should I do? Had to choose to enter the cinema where black and white ghosts could not be seen.

When he walked out of the restaurant, Lu Sicheng put on his mask again, and the nursery rhyme frowned: “After eating and having a strong temper?”

“No,” Lu Sicheng slightly swept his face and swept his face in front of the shop window. “I wanted to educate you at first, and later I found that wearing a mask is pretty good.”

“.....”

The nursery rhyme turned a huge white eye behind him.

Walking into the top movie theater, there were a lot of people waiting in line. Tonglu and Lu Sicheng continued the topic of the German Cup. While discussing the strength of the second team, they quickly ranked first, and selected the movies and games. Lu Sicheng leaned on his side. When I was in the wallet, there was a laughter from the entrance to the cinema. The nursery rhymes glanced over the layers of the crowd, and the fans just met them again.

However, there are quite a few people among them.

Tong Yu and Lu Sicheng exchanged a look. The man lowered his eyes and gave the ticket to the ticket. At this time, the nursery rhyme Yu Guang saw the girls around the self-service ticket machine. She looked up and looked at Lu Sicheng.

Lu Sicheng thought she was still nervous, so she pulled her sweater coat hat up to cover her face.

At this time, he suddenly heard the name of the nursery rhyme calling him, and then said “something on your face”, while raising his hand, he seemed to want to get rid of him. Lu Sicheng bent his hand in his wallet and bent down -

At this time, he felt her warm hand slipping through his ear and took off his mask. The next second she picked up her foot and quickly kissed the man’s lips.

Like a feather.

She smiled and put on the mask for him, and the white cheeks floated up with a nice red, like a silly scorpion that had just finished a great prank.
