

## **You Owe Me, My Love Chapter 63 - 64**

"I have only loved my husband Su Xuyan right from the start. I was only with you just to agitate him. I have never really thought of getting a divorce." Bai Rong finished in one breath and lifted her chin. She was determined to do this. Gu Mingchen sized her up and said, "I don't believe. If what you said was true, why are you crying? If you only love your husband, then why did we do that just now?" He looked at her sternly.

"I was crying because I am not sure if I had made the right decision. I gave myself to you because you had helped me a lot and there's nothing else I can do to repay you. I know you have always wanted this, so this is my way of repaying your kindness." Bai Rong sniffed. She avoided Gu Mingchen's gaze as she said all these. Gu Mingchen narrowed his eyes and looked at Bai Rong. "I am only giving you one chance. Talk properly. Did you mean everything you said just now? I don't believe you have no feelings for me."

"Chief is fit, handsome and powerful. Any woman would have feelings for you. I am just an ordinary woman. Even so, I know what I really want." Bai Rong said, as she lifted her head and looked at Gu Mingchen directly in the eyes. Since she had already started, she could not end it here. She had to bite the bullet and carry through.

"What do you want?" Gu Mingchen asked. His breathing grew ragged as he was unable to stay calm. The look in his eyes also grew sharper.

"I want Su Xuyan. I want to take back everything I lost. Love, marriage, family..."

Before Bai Rong could finish her sentence, Gu Mingchen slammed the bowl onto the floor and looked at her sternly. "Are you asking me to not bother you and to stay out of your life forever?" He asked.

"Yes." Bai Rong said resolutely. "Let everything between us end here today. I should go back to my family. Next time, steer away from women like me." Bai Rong walked to the door. She opened it and said, "Please leave. Don't come here ever

again. If we see each other again, let's pretend that we don't know each other."

Gu Mingchen stood up coldly. He looked at her with his deep-set eyes that reflected a glint of pain.

He did not believe that her shyness and gentleness on the bed just now was only a pretense.

He did not believe that she would want to return to being a jerk like Su Xuyan.

Gu Mingchen did not believe that anything she said was real.

He would never believe Bai Rong could change so suddenly just because she had enough fun.

"Have you ever truly liked me?" Gu Mingchen asked in a cold voice while assessing her eyes.

Just like x-rays, it was as though he was penetrating her thoughts.

"No. We are all adults. Don't take it seriously. My husband had decided not to get a divorce

anymore. And I choose to turn back before it is too late." Bai Rong choked as she said it.

She was trying to stifle her sobs.

Gu Mingchen walked towards her.

His aura was so strong that Bai Rong was unable to face him. She turned away.

Gu Mingchen stood right in front of Bai Rong and said, "Is it because your husband had a

change of heart about the divorce and you thought you had no way out?

So you gave

yourself to me before ending things with me, right?"

"I don't know what you are talking about." Bai Rong refused to look at him.

"I will definitely make him divorce you. You don't trust me?" Gu Mingchen looked at Bai Rong helplessly.

It was not that she didn't trust Gu Mingchen, but she knew Su Xuyan's character too well.

"Just go." Bai Rong turned such that her back faced him. She could no longer hold back her

tears and they started streaming down her cheeks.

Bai Rong went back to her room and locked the door.

Gu Mingchen's smell was still lingering in the room. Bai Rong had just chased away the

person she wanted the most in her world.

She closed the only window in the room such that all that was left in her world was

coldness and darkness.

Bai Rong squatted down next to the window. She hugged her feet and buried her face into the knees. She was finally sobbing uncontrollably. Gu Mingchen fixed his gaze on Bai Rong's room door. He would never believe anything she said was true. Gu Mingchen left the place and closed the door behind him. After he stepped out of the elevator, he called Liu Yan. "What happened to Bai Rong?" Gu Mingchen went straight to the point. "You think something is wrong with her too right? I don't know what it is but I'm sure something happened to Rong. She is not behaving like herself at all." Liu Yan shared her thoughts with Gu Mingchen. "Help me find out what's wrong. Remember, no matter what it is, I will be able to settle it." Gu Mingchen said in a deep voice. "OK. I will let you know immediately after I find out. Are you leaving now? If you are leaving then I am going back. Rong said she wanted to invite you over for dinner and asked for some privacy." "I already left. Go back and keep her company and call me immediately if there is anything." Gu Mingchen said, as he looked up at Bai Rong's bedroom window.

She had switched off all the lights. He was certain that Bai Rong had her own reasons. Liu Yan pieced everything together and suspected Bai Rong's behavior had something to do with her. Liu Yan was in a daze when she slept with Shen Yiyan. It was such a blur that she could not recall anything. When she woke up, Shen Yiyan and her were already completely undressed. Even her phone was missing. Liu Yan had gone to get a new SIM card and phone earlier. Could the problem be with her phone? The more Liu Yan thought about it, the more she was certain that she was the cause of Bai Rong's problems. After she reached home, she switched on the lights and saw Bai Rong drinking red wine on the sofa. She looked a little drunk and her face was flushed from the alcohol. Her eyes were also red and swollen, and she had tears on her face. "Rong, what happened to you? Why are you drinking so much?" Liu Yan snatched the bottle of red wine away from her friend.

"Yan, give me back my wine. I feel a little upset today. I will be happy after I finish drinking this. I will forget everything tomorrow." Bai Rong tried to snatch it back. Liu Yan placed the wine bottle behind her and said, "Tell me everything. Why are you upset; what do you want to forget; what are you happy about."  
"Just give me back the wine." Bai Rong didn't want to say anything.  
"What did Su Xuyan force you to do? Did he say he doesn't want a divorce anymore? That jerk is so despicable. He already has Xing Jinnian and so many other women, and he still wants to delay you?!" Liu Yan was getting very agitated.

"I am going to gather a few men and get even with him now." Liu Yan threw the wine bottle into the thrash and walked towards the door.  
"Don't go!" Bai Rong shouted.  
"Then tell me what happened now. If you don't, I will beat Su Xuyan to death. My good friend, you have to visit me in jail next time. I am not joking at all." Liu Yan said on impulse.  
Still, Bai Rong would not say.  
Liu Yan picked up a stick placed next to the door. She opened the door and walked out.  
"He took a video of you and Shen Yiyang." Bai Rong had no choice but to tell her.  
Liu Yan turned around in shock and looked at Bai Rong. "Did you say that b\*stard Su Xuyan drugged Shen Yiyang and I and even took a video of us?! He must be sick of living."  
Bai Rong hugged Liu Yan and said, "Don't go. Su Xuyan will post the video online. Shen Yiyang is the prince. If he makes you marry him to cover up the scandal, what will you do?"  
You Owe Me, My Love Chapter 64  
"I can kill them first, then commit suicide. I'll never let these bunch of people control my life."  
Liu Yan said furiously.  
"Can you stop being so impulsive?"  
Liu Yan pushed Bai Rong away, who staggered a few steps and fell on the floor.  
Seeing that, her heart leaped at the sight and she tried to help Bai Rong up.  
The girl flung Liu Yan's hands away. She then stared at her friend with reddened eyes and spoke in agitation, "If you kill them, then what about your parents? What about me! Should I just die with you!"

Her words made Liu Yan realize her recklessness. She knelt beside Bai Rong and apologized to her, "I'm sorry, Bai. It's my fault for bringing you into this." Bai Rong knew Liu Yan was trying to be kind. She couldn't blame her for that.

"Yan, forget about what happened just now. I'll settle this." Bai Rong replied sternly.

"How are you going to settle this?"

"Su Xuyan said that as long I break up with Gu Mingchen and don't file a divorce, he will not distribute these on the internet."

"What's that idiot trying to do? He already had Xing Jinnian!" Liu Yan replied agitatedly.

Bai Rong finally regained her rational state of mind and answered, "He was only unhappy that his toy was snatched from him and wanted to vent his displeasure."

"Then what about Gu Mingchen? If you don't divorce, you can't be together with him." Liu

Yan replied regretfully.

The mere thought of Gu Mingchen elicited an emotion of bitterness within Bai Rong.

"There's such a thing called fate. If we are not fated to be together, we will still drift apart no matter how we tried to force it now."

"I'll go and explain to him then." Liu Yan stood up.

Bai Rong grabbed her arms. "What use will it do to tell him? If I don't divorce, are you

expecting him to have an external marital affair with me? That will invite trouble to him!

Promise me, don't tell him anything that happened today."

"Then what can we do? You can't just let him misunderstand you! Who knows he might have

a way to solve this!" Liu Yan almost cried in panic.

"Promise me." Bai Rong replied firmly, her grip on Liu Yan's arms tightened in the process.

Liu Yan pursed her lips as she had no idea what to say.

"Do you want to see me die?" Tears began to well up in Bai Rong's eyes.

Liu Yan was afraid that Bai Rong would really die before her, hence she agreed to her

request. "Fine! I promise to not tell him."

The girl let go of her hands and went back to her room.

That night, she couldn't sleep. The same happened to Liu Yan and Gu Mingchen as well.

In the morning, Liu Yan went to work with dark circles around her eyes. Upon arriving at her office, Gu Mingchen was already there waiting for her.

Emotions of surprise flashed across her eyes. However, upon recalling Bai Rong's words, her eyes dimmed at the reminder.

"Why would you come and look for me?" Liu Yan asked.

Gu Mingchen looked at Liu Yan with his brooding eyes before asking directly, "What problem is Bai Rong facing now?"

Liu Yan moved her lips.....

She had decided to be selfish for once. The girl didn't have the heart to see Bai Rong being in so much pain.

The poor girl would be tormented for life if she had to spend the rest of her life with a jerk like Su Xuyan. Liu Yan didn't want her friend to continue suffering like this.

"Chief Gu, Bai Rong really needs your help....."

"Yan, help me with something." Bai Rong opened the door and was greeted by the sight of Gu Mingchen in Liu Yan's office.

The girl was stunned for a moment. Upon seeing Liu Yan's panicked expression, she immediately realized the motive behind Gu Mingchen's visit.

"I think I already told you what I wanted to say yesterday. So what are you doing here!" Bai Rong reprimanded Gu Mingchen coldly.

"Bai Rong, please don't!" Liu Yan did not want her friend to fall out with Gu Mingchen.

The furious doctor directed a sharp gaze towards Liu Yan.

This was the first time Liu Yan had seen evident rage within Bai Rong's eyes.

Her sharp gaze caused Liu Yan to swallow all her words and stood aside.

Gu Mingchen noticed the change in attitude and asked softly, "What's the problem? Tell me, I can help you."

"It's my own business, why should I need your help? Who do you think you are to ask about this? Plus, I'm not facing any problems at all." Bai Rong snapped resolutely and opened the

office door. "Please get out of here; I have work to discuss with Liu Yan."

"I've kissed you, touched you and slept with you! Who do you think I am to you!" Gu

Mingchen was fired up too.

Liu Yan widened her eyes in surprise.

So Bai Rong and Chief Gu had slept together!

Not bad, my friend!

Bai Rong turned her face away, "I've told you yesterday; all this while I've been playing with

your feelings. Just take it as a short affair and a spark of the moment. I've been too lonely all this while, that's why I committed such mistakes. Throughout this time, the only person I've ever loved is my husband."  
"Bai Rong! These are not your true thoughts!" Liu Yan explained frantically.  
The girl frowned and glared at Liu Yan. "I'm telling the truth. Weren't you the one who made the bet on whether he will sleep with me? Don't tell me you're not happy to lose that 500 bet. I'll give you back then."  
"Bai Rong....." Liu Yan was stupefied by Bai Rong's fake accusation.

Bai Rong held her head high as she stared at Gu Mingchen. "You remember the club where we met? That time when I was drunk? It was not a coincidence; Yan purposely brought me there to get laid."  
"What are you saying?" Liu Yan was at the brim of crying. "This is not true!"  
"The truth is, my husband repented on his actions and came back to me. I also want to get back together with him. I'll never divorce, and I don't want anyone else to disrupt our relationship. Please let go of me, ok?" Bai Rong choked out her words. Her true thoughts and sorrow were all hidden beneath her cold pair of eyes.  
Gu Mingchen refused to believe her and he turned to Liu Yan. "Su Xuyan came back to her?"  
"That jerk would never come back to Bai Rong!" Liu Yan blurted.  
"Gu Mingchen, don't tell me you've fallen in love with a married woman like me." Bai Rong interjected.  
"What is her problem?" Gu Mingchen ignored Bai Rong and continued to ask Liu Yan.  
Liu Yan turned to look at Bai Rong, and then to Gu Mingchen again.  
"I was raped 3 years ago and I was pregnant after that." Bai Rong interjected coldly.  
Gu Mingchen turned to Bai Rong with a thunderstruck expression. He never expected to hear this from her. "You were pregnant."  
"Yes, Gu Mingchen. So stop coming after a woman like me. You're a man from a high class society while I'm just a lowly woman with a shameful past. We are never meant for each other."  
"Where's the child?" Gu Mingchen pestered.  
Bai Rong turned to him with her chin held high, "It's my business. I don't have to report to

you.”

Gu Mingchen clamped his hands on Bai Rong’s chin as he repeated unyieldingly, “I said. Where’s the child!”

Bai Rong turned her face away from him as she bit her lips so hard that it began to bleed.

Liu Yan felt her heart breaking with Bai Rong’s determination. She had no choice but to abide with the stubborn doctor’s decision.

“Bai Rong, you won. That 500 dollar bet is yours now. Haha, he looked so stupid when I said you needed help just now! He really thought something happened last night!” Liu Yan said while faking a grin.

Bai Rong looked at Liu Yan victoriously, “I told you he had fallen for me. No one can resist

my beauty, not even the chief of the Special Forces.” Gu Mingchen stared long and hard at Bai Rong’s exceptionally beautiful face. He could see

the disdain and mockery towards love in her cold eyes. At that instant, he suddenly felt that he no longer knew her.

Bai Rong dared not face Gu Mingchen’s pained gaze, afraid that she would be heartbroken by it.

A bright smile appeared on her face in response, “Yan, thanks for your tips. If it weren’t for that, my husband would never even touch me.”
