

## **You Owe Me, My Love Chapter 65 - 66**

**“You let Su Xuyan touched you?” Gu Mingchen’s eyes turned chilly at her words, like a frozen lake in a barren land.**

**Bai Rong lowered her eyes and hid her emotions beneath her long eyelashes.**

**Liu Yan couldn’t help but look at Bai Rong tensely. Any man would be mindful of such matters concerning their lovers.**

**If Bai Rong really admitted this, then her relationship with Gu Mingchen would be finished**

**for sure. She really hoped that Bai Rong would deny it.**

**Unfortunately, things didn’t go her way. Bai Rong squeezed out a word from her tight throat,**

**“Yes.”**

**Pain flashed across Gu Mingchen’s eyes and melted into an obscured sense of despair.**

**“After you slept with me, you turned around to sleep with Su Xuyan?” Gu Mingchen**

**interrogated icily. His features were hard with rage and no longer contained his usual warmth.**

**“Yes.” Bai Rong confirmed again as she closed her eyes. Behind those lids, soreness pricked**

**the back of her eyes as the sensation to cry filled her orbs.**

**“You can get lost now.” Bai Rong said to Gu Mingchen heartlessly.**

**The man turned around and left Liu Yan’s office without a word.**

**Tears began to flow out of Bai Rong’s reddened eyes like a broken dam. She was reluctant, heartbroken and helpless.**

**After using up all her strength, she finally pushed away the last trace of warmth she could ever receive in her life.**

**Her heart was aching so much that she felt herself suffocating. The poor girl’s breaths were**

**short and painful with every breath she took.**

**Bai Rong’s heartbroken tears made Liu Yan’s heart ached as well.**

**Throughout the years she had known Bai Rong, she had never seen the girl sobbed so hard**

**with despair.**

**“Bai Rong, I can see that he truly likes you. From the way he purposely came over to find you,**

**it’s obvious that he cared about you very much! Why must you be so heartless towards**

**him?” Liu Yan asked in bewilderment.**

**However, Bai Rong did not answer her and could only cry silently.**

"Why don't I call him back? Tell him everything!" Liu Yan's voice was choking by now as she passed a tissue to Bai Rong. Bai Rong blew her runny nose and turned to Liu Yan; her eyes gradually cleared up from her previous sobs. "Listen to me, don't ever let Gu Mingchen know about the truth. Otherwise, my efforts to make him hate me will all be in vain. If you tell anything about this to him, then you're no longer my friend." "I don't get it. Isn't it better for him to help you settle your problem? That will be much better than you facing it alone." Liu Yan was very sorry over Bai Rong's loss. "What if he can't? What do you think I can give him? He's a soldier, first-in-command of the Special Forces. He has a bright future ahead of him; he may even be the future leader of the country! My presence will only be a black spot that will taint his political career. I don't want him to blame me 10 years down the line if he had to face trouble because of me. Chasing him out of my life is the best option for all of us." Bai Rong replied rationally. "Who knows he really can!" "I cannot put his future at stake!" Bai Rong paused as her lashes trembled before adding, "Because, I like him." The girl sobbed again after finishing her last sentence.

She had been grappling with her emotions while trying to push Gu Mingchen away, because she had no idea what she truly felt about him. The girl wanted to start a relationship with him, but at the same time, she was afraid to do so. Until this moment of separation, only her feelings became crystal clear. She had liked him all this while. But now, everything about him had to be buried beneath the debris of time. Bai Rong's phone rang, and the caller was Su Xuyan. She frowned at the sudden call, but still answered it. "You're done?" Su Xuyan rushed impatiently. "Give me a moment." Bai Rong hung up the call and wiped her tears. "I've taken my leave for today, but I'm supposed to help a pregnant woman to do her surgery this morning, so please replace me for the task." "No problem." Liu Yan asked worriedly, "Who called?"

"Su Xuyan. I have to accompany him to see his mother. I'll take my leave then." Bai Rong

lowered her head and left.

Seeing Bai Rong's fragile form, Liu Yan was deeply saddened to the core. She knew she ought to do something instead of letting the bad things come rolling after

them.

Bai Rong immediately noticed Su Xuyan's car after walking out of the hospital.

He was leaning on the door with a cigarette between his fingers. The cigarette smoke

blurred his face in a faint mist, making his features unreadable from a distance.

Bai Rong walked towards him after a deep breath.

Su Xuyan narrowed his eyes as a fierce glint shot out from within, "Why are you crying?"

"None of your business." Bai Rong answered coldly. She then opened the car door and

entered the car with her eyes closed.

Su Xuyan climbed up the driver seat and looked at Bai Rong through the rearview mirror. He

felt something blocking his heart uncomfortably upon seeing her sad face.

"Don't tell me

you planned to meet your mother-in-law with such an ugly face."

"You can choose to not bring me there." Bai Rong replied without opening her eyes.

"Do you know what this means for you?" Su Xuyan was frustrated at her stubborn attitude.

"I don't care what it means. To me, it means nothing." Bai Rong replied flatly.

Su Xuyan stopped his car and turned to his wife. "Are you planning to treat me this way for

the rest of your life?"

Bai Rong opened her eyes, which was cold as ice. "Wasting my whole life on a person like

you? That's way too long."

He tossed a jewelry box from the passenger seat, which crashed on her body while

instructing fiercely, "Wear this."

Bai Rong glanced at his dangerous eyes and opened the box. It contained a jade bracelet.

"This bracelet is worth 50 million; you'll never earn this much in your life as a doctor. Now

I'm giving this to you." Su Xuyan stated insolently.

"I'm sorry. The hospital rules clearly stated that we cannot wear any bracelets to work." Bai

Rong refused to take his gift and closed the box before throwing it at the seat next to her.

Her actions greatly infuriated her husband.  
Su Xuyan came down from the car and opened the back door. With a harsh grip on Bai Rong's wrist, he took the bracelet out of the box and forced it through Bai Rong's hands unyieldingly.  
The diameter of the bracelet was very small; it was not her size at all. The poor girl felt a sharp pain as the bracelet passed through her hands, scratching her skin in the process.

This man had great strength. No matter how she tried to take off the bracelet, it still remained stuck on her wrist. In the heat of her anger, she tried to smash it on the car window.

Su Xuyan grabbed her wrists before she could smash it. "You can smash all you want. Pay back 50 million afterwards. Remember, don't miss out a single cent. I want you to work under me for life."

Bai Rong pursed her lips hard as her hands trembled with rage.

Su Xuyan swung the back door closed and went back to the driver's seat.

Throughout the journey, he had been flying on the road at the speed of 180.

Bai Rong clenched her fist hard and her nails sunk into her palm.

Seeing Bai Rong's quiet state, Su Xuyan reminded her along the way, "My mum is born in an intellectual family of scholars; she likes girls who are obedient with good manners. When

you are around her in the future, tone down your proud attitude. This is for your own good."

"Seeing my mother-in-law for the first time only after 3 years of marriage.

What a unique daughter-in-law I am." Bai Rong replied sarcastically.

"So you should be aware of what this change today meant for you. It means I am beginning

to acknowledge your status as my wife." Su Xuyan said arrogantly.

Bai Rong coldly examined his devilishly handsome face. She no longer cared about his

acknowledgement.

"I need to remind you. Gu Mingchen's mother stays in the same area as my mum too.

Whatever happened between you and Gu Mingchen, I'll forget about it.

You better not

mention a word of it as well, otherwise it will be awkward for all of us." Su Xuyan threatened

as a wicked glint flashed in his dark eyes.

Bai Rong lowered her eyes as the image of Gu Mingchen appeared in her mind.  
Without her, he would live a better life. She could bear all the pain, as long he was fine.....

You Owe Me, My Love Chapter 66

The couple had arrived at Su Xuyan's mother's villa.

"Remember to greet her." Su Xuyan reminded.

He took off the safety belt and went out of the car. From the car booth, he took out a

bouquet of white lilies and a fruit hamper.

He held up the bouquet of lilies to Bai Rong. "My mum loves this particular type of lilies and

she prefers plain food. Remember, she also prefers an obedient daughter-in-law."

Bai Rong did not take the bouquet and turned away from him. "Oh, then I'm really sorry. I

never learnt how to be obedient."

A cutting glint flashed across his sharp eyes as Su Xuyan warned her contemptuously, "Bai

Rong, don't forget that I can let your friend drown in hell."

Bai Rong's lips twitched at his words and she took the bouquet. "Other than your mean

threats, what else do you have in you?"

Su Xuyan could see the despise in her eyes. He clamped his hands on her face as he

warned. "You just have to remember to not go against me. Those who follow my orders will

prosper, while those who go against me shall despair."

Bai Rong lowered her eyes and scoffed at his words.

Su Xuyan went in with Bai Rong hand in hand.

"Young master, you're back!" The housemaid quickly took a pair of slippers from the shoe

rack for him to change. Then, she took out a pair of disposable slippers from the lowest

rack and placed it in front of Bai Rong.

"Mum." Su Xuyan greeted and passed the lilies and fruit hamper to the housemaid.

He then exerted a bone-breaking force on Bai Rong's arms warningly and reminded her in a

low voice, "Greet my mum."

Bai Rong turned to the noble-looking woman sitting on the sofa.

Xiong Daini was flipping the pages of her books elegantly. Due to good skin care, the lady

looked much younger than her age as though she was just forty. The way she sat on the

sofa also gave off a reserved and learned vibe.

"Mum." Bai Rong greeted as well.  
Xiong Daini glanced briefly at Bai Rong while slowly putting down her book with her slender fingers. "Didn't I say not to bring her back?"  
Su Xuyan strode towards Xiong Daini with a crooked smile and hugged her fragile shoulders. "Well, all married ladies should meet their in-laws sooner or later."  
"I'm afraid of meeting too many daughter-in-laws instead. I can't recognize all their faces."  
Xiong Daini replied coldly. Her gaze fell on the bracelet on Bai Rong's hands, causing her to furrow her brows. "Is that the bracelet I wanted last time?"  
"I just let her try it on. She was the one who purposely bought it for you."  
Su Xuyan replied while turning to his wife. "Rong, take off the bracelet and give it to mum. I believe she can feel your sincerity."  
"Oh come on, that bracelet is worth 50 million. A junior doctor like her will never be able to afford such a pricey gift with her meager salary. You think I don't know who bought this? Anyway, go to the toilet to take it out and wash it with soap. Don't scratch my bracelet."  
Xiong Daini ordered haughtily.  
What a joke! Bai Rong scoffed without hiding the contempt in her eyes while heading to the toilet.  
Xiong Daini eyed the housemaid, who immediately got her meaning and followed to the toilet.

"Young Mistress, please use this." The housemaid passed a hand wash to Bai Rong. She took the hand wash and poured it on her hands. When she was done, the housemaid took a towel to clean the bottle.  
Bai Rong frowned at her actions. "What do you mean by this?"  
"I'm sorry, our Madam is germaphobic." The housemaid explained.  
"A germaphobe woman like her actually gave birth to a jerk like Su Xuyan? Ironic indeed." Bai Rong took out the bracelet and placed it on the sink. The housemaid immediately washed the bracelet and the area around the sink.  
Bai Rong walked out of the toilet, only to hear her mother-in-law's complaints.  
"You think that woman is worth your attention? I don't even want Xing Jinnian as my

daughter-in-law, let alone Xing Bachuan's illegitimate daughter!" Xiong Daini nagged at her son.

"Yes yes, you're right. But I already married her. Her status is upgraded now following my current status." Su Xuyan smiled as he coaxed his mother.

"I don't understand what's so good about her for you to like her. She's a gynaecologist; imagine all the blood on her hands. All she could do was to slice open people's stomachs! Eww, it's so disgusting! I've been too lax on you for letting you marry such a dirty woman."

Xiong Daini replied repulsively and turned to Bai Rong. "When are you leaving? I don't want you to dirty my place."

"Hey, I'm hungry! You can just disinfect the whole place." Su Xuyan tried to comfort his mother.

"Madam." The housemaid came out with the jade bracelet.

"Put it in the UV box and leave it for a day." Xiong Daini instructed.

Bai Rong's lips curled into a sneer. Birds of the same feather flock together. Both Su Xuyan and his mother were indeed weirdos of the same feather.

So I'm the dirty one here right?

Bai Rong strode towards Su Xuyan with a hint of coldness in her eyes. She then clasped Su Xuyan's hands in hers.

Come and disinfect your precious son then. The dirty lady is touching him! Xiong Daini took a wet tissue and passed it to Su Xuyan with a displeased expression while

talking to Bai Rong, "Since you're married into our family, then you have to follow our rules."

Su Xuyan took the wet tissue and wiped his hands.

"What rules?" Bai Rong asked while trailing her fingers on Su Xuyan's face.

Su Xuyan realised his wife's intention and grabbed her hand. "Stop that."

Xiong Daini's dislike towards Bai Rong increased further at her actions.

"Firstly, resign from

your current job. There's no need for daughter-in-laws of the Su Family to go out and work.

You'll never be able to earn as much to afford even this bracelet even if you work your whole

life. Secondly, you cannot be jealous. It's normal for men to socialize, so you must learn to

bear with it and act the way a wife should be. Thirdly, you'll have to attend banquets and

socialize as well, so you need to have good manners and not spoil our reputation. About

this, I'll employ a teacher to teach you the necessary manners and etiquette. Lastly, I'm germaphobic, so please be mindful of cleanliness. As for the other rules, I'll give you a copy later. You must memorize them word by word. Clear?"

"I'm sorry; I can't obey this. You can go ahead and look for another daughter-in-law." Bai Rong stood up and retorted.

"What do you mean by that?" Xiong Daini widened her eyes as she looked at Bai Rong in disbelief.

"Exactly what the words meant." Bai Rong turned to walk out of the door.

"Hey, stand there! Xuyan, where on earth did you find this wife of yours!" Xiong Daini yelled furiously.

Su Xuyan did not expect Bai Rong to blow her top as well. He grabbed hold of Bai Rong's arms and ordered, "Apologize to mum."

"I didn't do anything wrong. Why should I apologize?" Bai Rong asked icily while trying to pull out her arm, which she failed due to his iron grip.

"I brought you here to let mum acknowledge you as her daughter-in-law, not to make her mad! I'm counting to three and you better apologize! You can try going against my orders."

Su Xuyan shouted furiously as his eyes shot daggers towards his wife. Bai Rong heaved her chest heavily as she locked Su Xuyan in an unyielding glare and tightened her lips.

The atmosphere was frighteningly tense.

To the girl, if there was no hope in life and only hell of despair awaited her future, she would rather die than live.

Once she was dead, Su Xuyan could no longer threaten her with Liu Yan's nude photos.

There was no need for him to offend Mr. Shen just to teach Liu Yan a lesson.

"Aunt, my dad is calling you for dinner." Su Wanning entered the scene. The girl was stunned at Bai Rong's presence and she stared at her defiantly, "Why are you here?"

Bai Rong also looked at Su Wanning with surprise.

Su Wanning just called Su Xuyan's mother aunt. Did that mean Su Xuyan and Su Wanning were cousins?!!!
