

The Yun Family's Ninth Child is an Imp! Chapter 1004

Yun Chujiu almost applauded these people. No wonder these people could pass two rounds of tests. Their eloquence was amazing. It was even better than what she said herself. The scolding was satisfying!

Yin Sulian and Yin Xuecheng's faces were as red as a pig's liver. When they saw that some people took out their spiritual weapons, they knew that they could not behave as they usually did. They gritted their teeth and decided that it was wiser to just go along for now. They would find another opportunity to kill Yun Chujiu and these people in the future.

"Yun Chujiu, we were wrong before. We apologize to you." Yin Xuecheng said two sentences through the gaps in his teeth.

Yun Chujiu looked at Yin Sulian again. Yin Sulian gritted her teeth and said, "I'm sorry!"

Yun Chujiu scratched her ears. "Your sincerity is not enough. If it's a perfunctory apology, I'm not satisfied!"

Yin Sulian and Yin Xuecheng were about to refute when one of the examinees kicked Yin Xuecheng and Yin Xuecheng in the crook of their legs. The two of them immediately kneeled and were about to get up, however, someone held a knife to their neck. "Apologize! Apologize right now, or I'll kill you!"

Yun Chujiu looked at everything in front of her and felt that she had opened the door to a new world. It turned out that she did not have to teach others a lesson by herself. It felt so good to watch others do it for her!

'It seemed that I had to make good use of public opinion and the bystanders in the future. This way, not only did I save energy, but I also stood at the peak of public opinion. Wasn't this great?!

Yin Sulian and Yin Xuecheng's eyes were filled with anger. They wished that they could tear Yun Chujiu into pieces. However, to save their lives, they could only grit their teeth and say, "We were wrong. We were jealous of your abilities. We apologize."

Yun Chujiu curled her lips. "Are you guys just going to use your mouths to apologize? Shouldn't there be some compensation for your apology?"

The onlookers suddenly felt that their worldview had been refreshed!

Shameless! She is too shameless!

There was still such a brazen person who wanted more after others apologized?! Wasn't her skin too thick?!

Yin Sulian gritted her teeth. "What kind of compensation do you want?"

"Spirit tools, spirit herbs, or Spirit Stones are fine. I'm not picky. I'm very easy to talk to!" Yun Chujiu said with a smile.

The onlookers felt that Yun Chujiu's narcissism had reached a new height. How could she be easy to talk to like this? How could you say that without feeling guilty? Yin Sulian and Yin Xuecheng were almost tortured to death by you!

Yin Sulian gritted her teeth. "One hundred high-grade Spirit Stones!"

Yun Chujiu curled her lips. "Do I look like a beggar?! Ten thousand high-grade Spirit Stones. If you don't agree, then it'll become fifty thousand. If you still don't agree, then one hundred thousand should suffice."

Yin Xuecheng cursed angrily. "Yun Chujiu, don't be so shameless! Everyone! Don't be fooled by her, what can she do? She's lying to you, she doesn't have any good ideas!"

"50,000!" Yun Chujiu said faintly.

Yin Xuecheng cursed angrily. "Yun Chujiu! Are you out of your mind? ! I won't give you a single Spirit Stone!"

"One hundred thousand! You forced the two of them to swear in their hearts that they owe me two hundred thousand high-grade Spirit Stones. If I don't pay them back within three months, they will be struck by lightning and will die horrible deaths!" Yun Chujiu very naturally instructed the examinees beside her.

Those examinees usually could not stand Yin Xuecheng's pig-headed manner of shouting. When they heard Yun Chujiu's words, they immediately began to beat and kick him, they used their knives to force Yin Sulian and Yin Xuecheng to write an IOU for 200,000 high-grade Spirit Stones.

Yin Sulian's eyes were filled with venom.

'Yun Chujiu, keep showing off. If you can't come up with a solution later, these people will tear you apart alive!

'Even if you find one, I won't ever forgive you!'
