

The Yun Family's Ninth Child is an Imp! Chapter 101

Qi Hua looked at Bai Moyu. "Bai Moyu, is what this little girl said true?"

Bai Moyu wanted to deny it, but if the matter was exposed in the future, elder Xiao might think that there was something wrong with my quality, so he could only say gloomily, "That day, Yun Chujiu did ride on the flying spirit tool of the Linghua sect, and elder Sun said that she was her master."

As soon as Bai Moyu finished speaking, everyone instantly exploded.

What? ! Elder sun of the middle peak actually took this black girl as his disciple? !

How was this possible? ! This black girl didn't have any spirit energy at all, was elder Sun Blind? !

Qi Hua was instantly like a deflated rubber ball. If elder Sun really took this black girl as his disciple, then this black girl would definitely be an inner sect disciple in the future, and he couldn't afford to offend her!

Although Feng Ming was still skeptical, he saw that Yun chujiu was sweet-tongued and would cause trouble. Secondly, he didn't like the way the west peak acted, so he just looked on with an inexplicable cold expression and didn't say anything.

"Senior brother, if you still don't believe me, you might as well take me to ask Elder Sun. He has always been kind and amiable, he will definitely be very patient to answer your questions." Yun chujiu emphasized on "Kind and amiable" and "Patient."

Qi Hua shook his head like a rattle-drum. Elder Sun was famous for being a thorn in the side. He even dared to contradict the sect leader, so he would only ask if he was stupid!

“Alright! Alright! You guys go and get the test tokens. If I find out that you are lying in the future, HMPH!” Qi Hua said a few polite words and forced himself to smooth things over.

Yun Chujiu did not argue with him. She quickly brought Yun Chuwu and the others to get the test tokens, so as not to cause any more trouble.

At this moment, Yun Chuwu and the others were dumbfounded. How could this be possible? !

The Linghua sect’s test qualification was the dream of countless people!

How many families had spent a huge amount of money just to barely obtain one spot, and little jiu actually managed to get them six spots with just one mouth? That was six spots!

Wasn’t this too awesome? !

After this incident, in the hearts of the Yun family, Yun Chujiu instantly transformed from a pitiful little sheep into a cunning little fox.

Bai Moyu and his sister were so angry that they almost vomited blood!

Yun chujiu actually used us as a raft to let Yun Chuwu and the others obtain the qualifications to take the test. How detestable!

“Brother, how are you going to speak up for that slut?” Bai Morou hated Yun Chujiu to death. This slut was so ugly and shamelessly hooked up with other people. Could it be that senior brother Feng Ming’s eyes weren’t Good? He actually didn’t even look at her.

Bai moyu frowned: "Shut Up! Have you forgotten what grandfather told you? Besides, that Trash Yun Chujiu definitely won't be able to pass the entrance test. When the time comes, we'll find an opportunity to deal with her. "

Bai Morou stomped her feet unwillingly, not saying a word.

At this moment, Yun Chujiu was eagerly trying to get close to Feng Ming: "Senior Brother Feng Ming, thank you for speaking up for justice. Your reputation is out there, I've admired you for a long time. Today, I've seen that it's exactly as the rumors say, even more outstanding than the rumors say! "

Feng Ming subconsciously straightened his back. "No need to be so polite. It's just a small matter. "

"Senior brother Feng Ming is really like his name. Feng Ming is from the nine heavens and is extraordinarily handsome. Little Jiu will remember the great favor you've done for me. I will definitely repay you heavily in the future! " Yun Chujiu's face was full of sincerity. It was clearly flattery, but when she said it, it made people feel extremely sincere.

Feng Ming originally did not like the disciples of the West Peak and helped Yun Chujiu along the way. Now that he was flattered by Yun Chujiu's flattery, he suddenly felt that he was the embodiment of justice and a kind messenger!

"Little girl, come with me. I have something to tell you. "
