

## The Yun Family's Ninth Child is an Imp! Chapter 1015

The instructors discovered that, as expected, the number of jade tokens in front of group 250 was rapidly decreasing. Correspondingly, Jade tokens began to appear in front of other groups.

“Not bad. I guess the statistics were wrong just now. Now it’s back to normal.”

Everyone interpreted it in this way. Only Instructor Xiao and the others felt that things were not that simple. Fortunately, the test was about to end. When the time came, they could just ask the examinees.

Not long after, the examinees were sent out. Some were happy, while others were worried.

Yin sulian shouted, “Instructors, I want to make a report! Yun Chujiu is inside buying and selling jade tokens. She should be disqualified!”

Those who bought the jade tokens wanted to strangle Yin Sulian to death, ‘If Yun Chujiu was punished, wouldn’t we also be implicated?!’

“Instructor, Yin Sulian is slandering us! We didn’t spend any Spirit Stones to buy them. We only gave Yun Chujiu Spirit Stones to express our gratitude. We gave them to Yun Chujiu voluntarily. It’s not a business deal like she said!”

“That’s right! How could such a kind girl like Junior Sister Yun do something like buying and selling jade tokens? Yin Sulian is slandering Junior Sister Yun because of her grudge against Junior Sister Yun. This is too much!”

“That’s right, Junior Sister Yun is willing to help others and helped us obtain the jade tokens. How could it be a business relationship? Yin Sulian, keep your thoughts to yourself, you can’t slander junior Yun like this.”

...

The two hundred people who had followed Yun Chujiu from the beginning also shouted indignantly, "That's right! We can also testify that there was no business at all! It's all Yin Sulian's slander!"

These people thought to themselves, they had accepted 10,000 high-grade Spirit Stones from Yun Chujiu. If Yun Chujiu was punished, they would not be able to escape. Moreover, their 10,000 Spirit Stones would also be confiscated. Damn Yin Sulian, how hateful!

Yin Sulian never thought that she would once again become the target of public criticism, she turned her gaze to those examinees who did not receive the jade token. "Why aren't you saying anything? You did not get the lot, don't you feel cheated?"

The examinees looked at each other. Damn it, they were not stupid. Even if they admitted it, they would not gain anything. They might even be disqualified from next year's test. Since that was the case, why should they meddle?!

Yin Sulian was so angry that her face turned red. She looked at the examinees who got the jade tokens with her own ability and said, "You, are you all mute?! You! Tell me, am I telling the truth?"

Those examinees looked at each other. It was better to avoid unnecessary trouble. In any case, they had already obtained the qualifications to be admitted, so there was no need to stir up trouble. Moreover, that Yun Chujiu had also said at that time, she was not selling the jade token, but it was the hard work paid by those people voluntarily, so no one said anything,

Instructor Xiao frowned. "Yin Sulian, since there is no evidence, let's drop this matter. The examinees who have obtained the jade token have already been officially admitted by the Tianyuan Academy. They will officially be enrolled in three days. Everyone can leave now."

Yin Sulian still wanted to say something, but Instructor Xiao did not give her a chance to speak. He directly sent someone to lead the examinees out.

Shopkeeper Qi was waiting in the large square outside. At that moment, the screen had already displayed the list of the people who had been accepted this time. Yun Chujia and the other three were shockingly on the list. He was finally relieved.

Shopkeeper Qi recalled that he had thought that the four of them enrolling were just wishful thinking. He did not expect them to really qualify to enter the Tianyuan Academy.

Just as Shopkeeper Qi was thinking about it, he saw Yun Chujia being surrounded by the crowd like a victorious queen.
