

The Yun Family's Ninth Child is an Imp! Chapter 1037

"Dean, although Yun Chujiu and the Huang Class had their reasons, their beating of their seniors is a well-established fact. Moreover, it involved sensationalism. She was a bad influence on the rest. The others can be given a lighter sentence, but the culprit, Yun Chujiu, must be expelled!" Deputy Dean Yin said sternly.

Yun Chujiu secretly glanced at Deputy Dean Yin. This Yin Haoyu was the fourth elder of the Yin family. He should be the fourth grandfather of Yin Sulian and the others. Was he going to use his position to seek personal revenge against her?

Just as Yun Chujiu was about to retaliate, someone said, "Deputy Dean Yin, you're wrong. Yun Chujiu is the class monitor of the Huang Class. It would be disgraceful if she didn't do anything when her classmates were humiliated. Although her behavior was extreme, it was understandable. This was the result of the instructor not teaching her well enough. All the responsibility lies with me. If you want to punish someone, punish me!"

"Ji Sha, you don't have to worry about that. As the instructor-in-charge of the Huang Class, you naturally will also be implicated in this. Also, don't forget what kind of situation you are in. You still want to take the blame on behalf of others. Why don't you take a look at yourself first?" Deputy Dean Yin's eyes were filled with hints of disdain.

Ji Sha clenched and loosened his fists. It was obvious that he was furious. When Yun Chujiu saw that, a fierce look flashed across her eyes. She was a very protective person, even though she had not been in contact with Instructor Ji Sha for a long time, she felt that Instructor Ji Sha was very compatible with her temperament. Now that she saw that Instructor Ji Sha was being treated like that while he pleaded for her, she naturally grew furious.

"Deputy Dean Yin, as the deputy dean of the Tianyuan Academy, shouldn't you be more careful with your words? What do you mean by I am the main culprit? The main culprit is Ma Sheng and the others standing behind you. We are mere weaklings who were forced into action!

"Furthermore, what do you mean by telling Instructor Ji Sha to take a look at himself? As an instructor of the Academy, isn't he already qualified? Does Tianyuan Academy hire instructors on a whim? Or is it

because you are the deputy dean that you are so high and mighty that you look down on us students and instructors?

“Could it be that the Tianyuan Academy has lost its pedigree? Is it because your Yin family is so powerful that none of us have the right to speak up to you?”

“Furthermore, the disciplinary department is within your responsibility. Whether it’s the seniors robbing the freshmen or that Instructor Qi abusing his power for personal gain, they all happened right under your nose and you turned a blind eye to them. Wait a minute, are you colluding with them?” Yun Chujiu took two steps forward and stared at Deputy Dean Yin without the slightest hint of fear.

Deputy Dean Yin could not believe his ears. How could a mere freshman criticize him in public? Was she crazy?!

Deputy Dean Yin glanced at Yun Chujiu sinisterly and released his spirit pressure. However, he did not expect Yun Chujiu to still be staring at him with a cold smile on her face.

Deputy Dean Yin was slightly shocked. ‘This little girl was a little strange. She was not afraid of his pressure at all. Could it be that she had some kind of treasure on her?! Perhaps it was a gift from the Palace Mistress, but she was just an old friend’s daughter. Did she really think that she was something special?! She had to be kicked out of the Tianyuan Academy today!’

“Yun Chujiu, although you are sharp-tongued, it is true that you ganged up on the senior. Needless to say, you are expelled from the Tianyuan Academy!” Deputy Dean Yin said viciously.

Yun Chujiu smiled coldly. “Deputy Dean Yin, the Tianyuan Academy does not have the name ‘Yin’ in it. Do you think that you represent the entirety of the Tianyuan Academy? Or are you plotting to remove the word ‘deputy’ from your title?”

“You! You are spouting nonsense!” Deputy Dean Yin was immediately angered by Yun Chujiu’s words.
