

The Yun Family's Ninth Child is an Imp! Chapter 1038

Deputy Dean Yin had lost his composure, his face darkened. "Yun Chujiu, I am punishing you according to the Academy's rules. You don't have to be so glib. You can leave Tianyuan Academy now. If you don't, I will have the guards remove you."

"Deputy Dean Yin, you keep mentioning the Academy's rules. I wonder where you were when those students were treated unfairly? Also, since they were acting according to the Academy's rules, how should Ma Sheng and the others be dealt with for robbing the freshmen? Should they be expelled as well? A dog bit a person and the person chased the dog away. The dog was completely fine, but the person was beaten up by the dog's owner. How outrageous is that?"

Yun Chujiu naturally knew that offending Deputy Dean Yin was not good for her, however, she had already offended the Yin siblings, so she did nothing else to lose.

When the surrounding students and instructors saw Yun Chujiu's heroic performance, they were all dumbfounded. That Yun Chujiu was too bold. She dared to go against Deputy Dean Yin. How would she be punished for that behavior? She would probably be expelled for sure.

The Yin siblings in the crowd sneered in their hearts. That Yun Chujiu was really stupid. Their fourth grandfather had originally wanted to find an opportunity to deal with her, but he did not expect her to actually give him a chance to so easily. As long as she was expelled from Tianyuan Academy, the Yin family's secret guards would be able to kill her for their revenge.

"Men, expel Yun Chujiu from the Tianyuan Academy!" Deputy Dean Yin decided not to argue with Yun Chujiu anymore. He ordered the guards to expel Yun Chujiu.

Feng Ming, the other two, and the people from the Huang Class saw the situation and surrounded Yun Chujiu. They shouted one after another, "You can't expel the class monitor. The class monitor is right. Why should the rabid dog that bites be fine, but the person who chased away the rabid dog have to be punished? This isn't fair!"

“You’re all rebelling! If you don’t move, all of you will be expelled!” Deputy Dean Yin threatened in anger.

Feng Ming sneered, “So be it. We thought that the number one academy in the Tianyuan Continent was a sacred place. We didn’t expect that they would allow the practice of such rotten behavior. They protected students who caused trouble and punished the victims instead. It’s a reversal of right and wrong. There’s no justice! We rather not study in such a crooked place!”

Geng Yi and Shi Xuan also added from the side, “Right! This way, there’s no distinction between right and wrong. The academy that takes sides and engages in private affairs is no longer the Tianyuan Academy that we yearned for in our hearts. If you want to expel us, then go ahead!”

Some of the students from the Huang Class also shouted out of anger, “We don’t care either. If you want to expel us, then just expel us!”

The onlookers whispered among themselves. It was obvious that Deputy Dean Yin was in cahoots with Instructor Qi and the others. No wonder Instructor Qi was so arrogant. It turned out that he had someone more powerful behind him!

Right, the Ma family that Ma Sheng was from was a subsidiary family of the Yin family. So that was the case! These people all stood to profit from each other. No wonder they protected each other.

With the situation at a stalemate, Dean Huangfu coughed and said in a deep voice, “Ma Sheng took the lead in blackmailing the new students and thus will be expelled immediately. The rest of the second-grade Tian Class students involved with him will be given demerits.

“As for the matter of instructor Ma and Instructor Qi, to avoid suspicion of the disciplinary department, Deputy Dean Xiao will perform an internal investigation and then deal with it accordingly.

“Although Yun Chujiu was the victim, her actions were still improper. She was punished to clean up the Spirit Beast Garden for a month, and the other first-grade Huang Class students were punished to clean up the classrooms for a month.

“Instructor Ji Sha’s management was not good, and he was punished with deduction of a month’s salary. Deputy Dean Yin was transferred to the Miscellaneous Affairs Department, and the disciplinary department was taken over by Deputy Dean Jiang.”

After Dean Huangfu finished speaking, he did not care about the reactions of the people present and left without a word..
