

The Yun Family's Ninth Child is an Imp! Chapter 1040

At this time, the sky had already turned dark. Yun Chujiu brought the students of the Huang Class back to the dormitory area.

Early the next morning, the students of the Huang Class had already been waiting at the entrance of Yun Chujiu's courtyard. They waited for Yun Chujiu to go to class together.

Yun Chujiu stretched her back and walked out of the courtyard. She followed the crowd and went to the classroom where the class was held.

The first grade's four classes were held separately. The Huang Class's classroom was also a little shabby compared to the other three classes, but fortunately, it was still clean and tidy enough to study in.

The first grade's classes were mostly classes related to spiritual energy. Only about twenty percent of the time was spent on the five arts of the cultivator class. The five arts of the cultivator class was an elective class, so the students were free to choose whether to attend or not.

The first class was about spiritual power. When it was time, the instructor in charge walked in.

Yun Chujiu found the instructor familiar. She remembered that he was also there when Ma Minghua mocked Ji Sha yesterday. At that time, he also looked like a villain. Like attracts like after all.

After the instructor came in, he only said that his surname was Zhou. Then, he started to teach according to the textbook.

After Instructor Zhou hurriedly finished reading, he said, "Alright, you guys can try to experience it on your own!"

Today, the main topic was the materialization of spiritual power. Most of the students in the Huang Class did not understand Instructor Zhou's lesson, but when a student asked a question, Instructor Zhou answered impatiently and dismissed them with just a few words.

Yun Chujiu frowned. Are all the instructors of Tianyuan Academy like this, or is Instructor Zhou that irresponsible?

After the class, Instructor Zhou left in a hurry, not giving anyone the chance to ask questions.

"Class monitor, is it because our comprehension ability is too poor or something? Why can't I understand a thing he taught?"

"That's right, class monitor. Instructor Zhou seems to dislike us. Is it because our aptitude is too poor?"

"Class monitor, do you understand the contents of his lecture?"

...

"Everyone, please calm down. Let's listen to a few more lectures and before coming up with a conclusion." Yun Chujiu frowned as she spoke. She did not understand much of the lesson either. She had never heard of some of the terms Instructor Zhou used before, so she had no idea what he meant.

When everyone heard Yun Chujiu's words, they could only decide to wait and see. They wanted to see if they could understand the contents of Instructor Zhou's class after a few more lessons.

Instructor Zhou did not return to his courtyard after class. Instead, he went straight to Deputy Dean Yin's study room.

“Dean, I followed your instructions. Those idiots were all confused and did not dare to ask further. When the mid-year competition comes, the students ranked in the bottom fifty will be eliminated. Let’s see if that trash Ji Sha still has the face to continue staying in Tianyuan Academy. And that Yun Chujiu. Her spiritual power is the lowest. If she can’t solidify her spiritual power, then she will definitely be eliminated.” Instructor Zhou deliberately omitted the word “Deputy”.

Deputy Dean Yin nodded. There was no joy or anger on his face. “There is an 80-90% chance that Ma Minghua and Qi Cheng will be removed from the Academy. From now on, you will be my right-hand man. I will not mistreat you.”

“Dean, don’t worry. Back then, Ji Sha was also arrogant and went against you. Now, he has fallen like a beggar, not to mention Yun Chujiu. What can a little girl do!? Sooner or later, Tianyuan Academy will be yours,” Instructor Zhou said with a flattering look.

Deputy Dean Yin snorted. “That old fool Huangfu Zhongheng. If it weren’t for me, Tianyuan Academy might have already been destroyed. Now, he is putting on airs like the dean. He is detestable! If he doesn’t show mercy, don’t blame me for being unjust!”
