

The Yun Family's Ninth Child is an Imp! Chapter 1054

The Yin Family?

Yun Chujiu's eyes flashed with a fierce light. The Yin family had acted rather quickly. She did not know if these men were sent on the Yin siblings or Deputy Dean Yin's orders.

The secret guards of the Hall of Longevity had once followed Di Beiming to the League of Assassin's base to rescue Yun Chujiu. At that time, they were shocked by Yun Chujiu's abnormal behavior. Now, they saw that Yun Chujiu had killed one of them without asking a single question, they thought to themselves that Miss Jiu had grown more ruthless since that time!

Scarface and the others saw that Yun Chujiu did not have any intention of asking for a confession and was actually planning to kill them all. They immediately begged for their lives, "Fairy, spare us! Spare us! We were only ordered by someone. We were forced to do so!"

Yun Chujiu wanted this kind of effect. She looked at Scarface coldly. "Speak. If I am satisfied with what you have said, I will spare you. Otherwise, I will kill you one by one!"

"I'll speak! I'll speak! We are the Yin clan's second branch's secret guards. This time, we followed our young master, Yin Xuecheng, to Tianyuan Academy to apply and study there. After our young master entered the academy, he made us stay in Vigour City. Yesterday, our young master sent us a letter, asking us to capture you and sell you to Yicui Tower." To save his life, Scarface spilled everything.

"Where's the letter?"

"I burned it after reading it."

Yun Chujiu gave the secret guards of the Hall of Longevity a look. One of the secret guards hit Scarface and the others in the neck, which rendered them unconscious.

“Find a place to lock them up. Maybe they will be useful in the future,” Yun Chujiu said lightly.

Yin Xuecheng? Since you are so eager to die, I will find an opportunity to send you on your way. When I was in the Azure Mystic Continent, I was too worried and could not kill Zhuo Piaoyu in time, and almost caused a disaster. This time, I must learn my lesson.

The secret guards of the Hall of Longevity split into two. One group escorted Scarface and the others away, while the other group secretly escorted Yun Chujiu back to the academy.

After Yun Chujiu returned to the Tianyuan Academy, she returned to her dormitory and began to cultivate. No matter where she went, she had to rely on her own strength. Her current spiritual power was too low. Although she could challenge those of a higher level in other aspects, she was still too weak.

While Yun Chujiu cultivated in peace, Yin Xuecheng felt a little restless. The men he sent to kill Yun Chujiu seemed to have vanished into thin air. There was no news from them at all.

Could it be that Yun Chujiu, that smelly girl, had killed them all? Impossible! His men were at least at the seventh level of the spirit sect. How could they not be able to defeat Yun Chujiu, that weak smelly girl?! Could it be that that wretched girl had someone protecting her in the dark? Could it be that the Palace Mistress had sent secret guards?

If the Palace Mistress had sent a secret guard to Yun Chujiu, it meant that that wretched girl’s position in the Palace Mistress’s heart was extraordinary. The Palace Mistress would not be angry, right?!

The more Yin Xuecheng thought about it, the more afraid he became. He gritted his teeth and went to see Deputy Dean Yin.

Deputy Dean Yin listened to Yin Xuecheng’s account of what had happened, he shouted angrily, “Didn’t I tell the three of you not to act rashly for the time being? Idiot! If you want to kill that little girl, you only

need to do something inside the academy. Moreover, you won't be discovered by others. If you do things like this, won't you drag down the entire Yin family?

“Fourth Grandpa, I was wrong! I was angered to death by that damn girl! Not only did she force Su Lian and me to kneel and apologize to her during the test, she even cheated us of 200,000 high-grade Spirit Stones! What was even more infuriating was that she embarrassed you in public. I really couldn't stand it anymore!” Yin Xuecheng did not want to be scolded by Deputy Dean Yin so he deliberately said that he was doing it to help Deputy Dean Yin vent his anger.
