

The Yun Family's Ninth Child is an Imp! Chapter 1060

Compared to Yin Xuecheng's drooping head, Yin Sulian had a proud expression on her face.

With Yin Xinlian's care, Yin Sulian had a good time in the Tian class. Around her, some people flattered her. It was as if the stars had supported the Moon.

Yin Xinlian saw that Yun Chujiu had also chosen the Beast Taming class, she could not help but twitch her lips. "Yun Chujiu, don't tell me you think that after cleaning the spirit Beast House for a few days, you can tame beasts? Tsk tsk, it's not that I look down on you, Beast Taming Masters can only control beasts of a lower level than themselves. Your first level of spirit sect is equivalent to a level 16 demon beast. The lowest level of demon beasts here are all level 16. You have no way to make use of these Beast Taming skills, so you'd better give up as soon as possible! Ha!

"You'd better hurry up and cultivate your spirit energy. I heard that the Spirit Power lessons of your Huang class are a complete mess. When you're eliminated, please don't go and hang yourself from sadness, Hahaha!"

Yin Sulian's followers also started to laugh wildly, mocking Yun Chujiu for overestimating herself.

Feng Ming and the other two were worried about Yun Chujiu, so they also followed her and chose to attend the Beast Taming class. After all, since it was an elective and there was no test, they had nothing to lose. After they heard Yin Sulian's words, they immediately wanted to refute her but Yun Chujiu waved her hand and said indifferently, "Yin Sulian, I thought you had learned how to be smart, but you're still so stupid after all this time! The Beast Taming technique is not something that can be achieved overnight, and the instructor won't let you control the Spirit Beast now. The first grade is only teaching some basic seals, and even if you practice, you will only find some low-level beasts."

"Humph! Nonsense! There are no demonic beasts below the sixteenth level in this spirit Beast Garden. Where can the instructor find low-level demonic beasts for us to practice on?" Yin Sulian said disdainfully.

Yun Chujiu curled her lips. "I said you are stupid, but it seems that was too generous. The level of an adult demonic beast is naturally high so instead, we can find some young demonic beasts to practice with."

When Yun Chujiu had cleaned the Beast House, she once saw that the second grade students all looked for some younger demonic beasts to practice with. That was how she figured out that technique.

Although Yin Sulian wanted to refute Yun Chujiu, she had to admit that perhaps what Yun Chujiu said was right. They had just started learning the Beast Taming technique, so it was impossible for them to control a level 16 adult demon beast.

Just when Yin Sulian was still at a loss for words, the instructor of the Beast Taming class arrived.

Yun Chujiu took a look. Was this not the third grade's Instructor Qian? It seemed that old man Huangfu was quite stingy. To save money, one employee had to do several jobs.

In fact, Yun Chujiu had wronged Dean Huangfu. Among the five techniques of cultivators, Beast Taming was relatively useless. Moreover, very few people could cultivate their Beast Taming skills to a high level. Therefore, despite the Tianyuan Academy's generous treatment, they only managed to recruit a few Beast Taming masters.

Instructor Qian took on both the first and third grade Beast Taming classes.

Instructor Qian had a very deep impression of Yun Chujiu. After he went back, he carefully thought about the matter of the crane group's tail feathers being plucked. He felt that it was not Wu Heng who did it. On the contrary, this little girl was a more likely suspect, so he was very curious, how did this little girl at the first level of the spirit sect deal with an entire group of cranes? After all, there were more than 20 level 16 demonic birds in there!

Instructor Qian now saw that Yun Chujiu had chosen to take the Beast Taming class, so he paid more attention to her. He was ready to observe what special abilities she had.

Instructor Qian looked around at everyone, then he said, "Beast Taming has always been regarded as the most useless subject among the five arts of cultivators. It isn't. The reason why everyone feels that Beast Taming isn't very useful is that their Beast Taming art hasn't been cultivated to a certain level. If they cultivated to a certain level, even ten thousand beasts will submit to their will, and it will be much more powerful than the other four arts."

When Feng Ming and the other two heard Instructor Qian say this, they cursed in their hearts. Junior Sister Little Jiu of ours does not have any knowledge on Beast Taming, yet she can still make all sorts of beasts submit to her...!
