

The Yun Family's Ninth Child is an Imp! Chapter 1062

After Instructor Qian finished speaking, he began to teach everyone how to establish contact with the spiritual sense of Demon Beasts. Instructor Qian's explanation was simple and easy to understand. However, when everyone tried doing it, they realized that it was not the case at all.

Due to the limited number of Demon Beast eggs, everyone had to practice in batches.

The first batch of students practiced for a long time and left with depressed expressions. No matter how they tried, the monster eggs did not react.

Yin Sulian said unhappily, "Instructor Qian, don't tell me these monster eggs have no intelligence at all? Otherwise, why don't they have any reaction at all?"

Instructor Qian frowned, "I have already told you before, don't think of achieving it in one go. It is impossible to succeed without thousands of practice sessions. In the future, you will practice how to establish a connection with them in the Beast Taming Class."

Some people lost interest in beast taming techniques after they heard that. It was really boring to practice on an egg for several months.

After seeing the way some of the students reacted, Instructor Qian shook his head slightly, 'If they can't even overcome such a small obstacle. They are not suitable to practice beast taming techniques in the first place.'

Yun Chujiu was last to go. She was bored as she waited, so she jumped to the front of the other small shed to observe the Demon Beast eggs curiously.

"Strange Grass, since you can attract Demon Beasts, do you think you can attract Demon Beast eggs too?" Yun Chujiu asked the Strange Grass in her Dantian curiously.

Strange Grass waved at her with disdain!

Then, the whole yard erupted into chaos!

Almost all the Demon Beast eggs that had suddenly gained sentience and tried their best to attack the array, trying to escape. The ones affected the most were the students who were still inside as they tried to establish contact, the Demon Beast eggs suddenly flew up and caught them off guard. Yin Xuecheng was the most unfortunate one. He was hit by a Demon Beast egg on the bridge of his nose. Immediately, his face was covered in blood and he was left in a very sorry state.

Everyone was stunned at first, then they shouted in panic, “Have the Demon Beast eggs gone crazy? Why are they going berserk? It’s too scary!”

“Strange Grass! You Idiot! I’m just asking you, who told you to do it immediately? Stop right now!” Yun Chujia knew that she was in trouble. She was afraid that the Demon Beast egg would charge at her, so she quickly asked Strange Grass to stop.

Strange Grass swayed proudly as if to prove that the Demon Beast eggs could not escape from its grasp. However, it still stopped emitting the smell that made the Demon Beasts go crazy.

The Demon Beast eggs frantically searched for the source of the fragrance. Unexpectedly, the fragrance suddenly stopped and disappeared!

The violent Demon Beast eggs gradually quieted down. The dozens of Demon Beast eggs that had flown out of the shed were also picked up by Instructor Qian and the instructor guarding the courtyard.

Yin Xuecheng covered his nose and cursed loudly, “Are these freaking Demon Beast eggs crazy?! Is the array formation here just for decoration? My nose has been broken!”

The instructor in charge had a very ugly expression. No matter who it was that scolded them like that, he would not feel happy. He replied unhappily, "Student, you should watch your words. If the array formation was just for decoration, those Demon Beast eggs would have rushed out long ago. Moreover, why were you the only one who was injured when the other students were not? Could it be that you were the cause of the Demon Beast eggs going berserk?"

Yin Xuecheng said exasperatedly, "How could I cause the anger of the Demon Beast eggs? I just followed Instructor Qian's instructions to establish a connection with these Demon Beast eggs."

Instructor Qian said indifferently, "Yin Xuecheng, it was just an accident.. Why aren't you apologizing to Instructor Du?"
