

The Yun Family's Ninth Child is an Imp! Chapter 107

Yun chujiu did not know that di beiming had compared her to a donkey. This fellow was savoring the wonderful taste of the fruit. It was really delicious!

Di beiming carried Yun chujiu back to the inn like he was carrying a chicken.

Di beiming placed Yun chujiu outside the room and said with a straight face, "Don't bite others in the future, or I'll Knock Your Teeth Out!"

Yun chujiu nodded subconsciously. Di beiming then turned around and left.

Yun chujiu entered the room and saw Yun Chuwu and the other two sleeping soundly. The gigolo must have used some kind of trick.

Yun chujiu laid on the ground and was a little confused. What did the gigolo mean by telling her not to bite anyone? If she was not allowed to bite anyone, then she could bite him? Well, this pretty boy was indeed a pervert. Not only did he like to whip women, but he also liked to be bitten. He was a complete pervert!

Yun Chujiu's imagination ran wild for a while, and then she fell asleep without a care in the world.

Outside the inn, an Feng stood there like a quail. When he saw di beiming walking over, he quickly went forward to apologize.

"Your Excellency, this subordinate knows his mistake! There was a problem with the voice transmission talisman, and this subordinate was not able to make it in time..."

Di beiming waved his hand and tossed an feng a storage bag, "This was an accident, it's not your fault! Take these voice transmission talismans, if there's any disturbance, inform me immediately!"

“Yes! Your Excellency will do as you say!”

An Feng did not recover until di Beiming’s shadow disappeared into the night.

My God, that black girl actually had such great magic power? ! She actually turned their venerable self from an iceberg into a warm man, wasn’t that too shocking? ! !

An Feng opened the storage bag in his hand, and it was even more chaotic!

There were a total of five voice transmission talismans in the storage bag. Oh My God, this voice transmission talisman was a rare thing, and their venerable self actually gave him five at once!

Their venerable self must really, really like the black girl! TSK TSK, the black girl was really fierce. Look at the way she bit their Excellency’s neck, it was almost like a beehive! He did not expect his excellency to like this tune! What a heavy taste!

An Feng thought of the teeth marks on di Beiming’s neck and hesitated for a long time. In the end, he mustered up the courage to pick up a voice transmission talisman, “Your Excellency, I think that you should deal with the red mark on your neck. Otherwise, HMM, it will be very sensational! ”

After a long while, the voice transmission talisman began to tremble. An Feng hurriedly used his divine sense to check. Di Beiming’s cold voice came from inside. “From this month onwards, your monthly salary will be doubled! ”

An Feng was so happy that he almost cringed. Hahaha, ever since he met the black girl, His Excellency had become more and more humane. For the sake of the monthly salary, he would definitely protect the black girl!

With an Feng's reminder, di beiming, Yun Chujiu would not be so lucky!

Early the next morning, Yun Chushan screamed, "Little Jiu! What happened to your neck?"

Yun Chuwu and Yun Chuqi ran over when they heard the scream. They stared at Yun Chujiu's neck with suspicion.

Yun chujiu opened her eyes in a daze and yawned. She said carelessly, "What happened to my neck? Was it bitten by a bug?"

"Nonsense! The mark on your neck was clearly bitten by a man! Little Jiu, how could you be so unscrupulous!" Yun Chushan's tone carried a trace of excitement. She had finally caught hold of something on her!

"Bitten by a man? Third sister, I didn't expect you to know so much! I'm still young, I don't understand what you mean! Besides, we're both sleeping in the same room, where did the man come from?" Yun chujiu pouted, her face full of confidence.
