

The Yun Family's Ninth Child is an Imp! Chapter 1074

"Instructor Ji Sha, although I don't know how to materialize my spiritual power yet, it doesn't mean that I won't know how to do it three days later. Please give me some special lessons! Use the time that I don't have classes for the next few days to teach me the rest of the lessons!" Yun Chujiu said with a smile.

Instructor Ji Sha was so angry that he almost fainted!

Although this little girl had many good points, her arrogance made people want to slap her to death!

From what she had just said, she wanted to finish two months' worth of lessons in three days. How was it possible?!

The more Instructor Ji Sha thought about it, the angrier he became. "Nonsense! Do you think that materializing spiritual power is easy? Can you master it in just three days? Besides, the sword materialized by Yin Sulian is already quite solid. Even if you can learn to materialize your spiritual power, the object materialized will not be very solid. How can the attack power compare to the sword materialized by her?"

"Ji Sha, nothing is absolute. Let me try first. If it doesn't work, I have a way to make that little b*tch cancel the competition." Yun Chujiu took out the isolation disk and said slyly after she activated it.

Little b*tch?

The corner of Ji Sha's eyes twitched violently, and he asked in puzzlement, "What do you have in mind?"

"You don't have to think about that. You're better off spending the time teaching me more about the materialization of spiritual power!" Yun Chujiu said with a smile.

Seeing that Yun Chujiu had not wanted to say more, Instructor Ji Sha did not press her for more information. He sighed and said, "Well, since you've made up your mind, I'll simplify the remaining lessons and teach them to you."

Therefore, Ji Sha found an empty classroom and simplified the rest of the spiritual power lessons. Then, he began to teach Yun Chujiu.

According to the normal curriculum, the two months to learn the materialization of spiritual also included the time needed for the students to practice, and it included having lessons each other day provided the class did not slow down.

The most important thing was that this little devil Yun Chujiu could remember it after she listened to it once. There was no need for Instructor Ji Sha to repeat himself. She only needed to hear it once. Occasionally, she would ask some questions about matters that she did not understand.

The more Instructor Ji Sha taught, the more shocked he became. Initially, he only thought that this Yun Chujiu only had many ideas and was bold. He did not expect that her comprehension ability was so strong!

If it were an ordinary student, they would only be able to hold on for four hours at most. They would not stay focused for such a long time. The most perverse thing was that she understood everything and had still fully paid attention the whole time!

The few questions that were occasionally asked were also questions about her own opinions. It was not that they did not understand the content of the lecture. Could it be that even the Heavenly Thunder Root Spirit was so perverse?!

The sky gradually turned dark. Although Yun Chujiu could still go on, when she heard that Instructor Ji Sha's voice had already started to become hoarse, she took the initiative to say, "Instructor Ji Sha, let's call it a day! I'll go back and understand and digest everything you taught me today. Tomorrow morning, I'll take a leave of absence from the beast taming class. You continue to teach me. I reckon that after tomorrow afternoon's lesson, things will be more or less explained clearly."

Instructor Ji Sha was indeed a little tired. He nodded and said, "I'll go and inform instructor Qian. We'll continue the class here in the morning tomorrow."

On the way back to the dormitory, Little Black Bird asked curiously, "Master, if you can't learn how to materialize spiritual power by then, how are you going to deal with that b*tch Yin Sulian?"

Yun Chujiu said faintly, "It's very simple. Use the concealment talisman to beat her up. Beat her up until she can't get out of bed for ten days to half a month. The competition will naturally be unable to proceed."

Little Black Bird's beaks were unable to close for some time...
