

The Yun Family's Ninth Child is an Imp! Chapter 1076

Feng Ming and the other two were speechless.

'It's already so late, why aren't you in a hurry?!

'Besides, where did your confidence come from?! There are less than two days left, can you really learn to materialize spiritual power?! Moreover, even if you manage to learn it, can its power compare to Yin Sulian's?'

Feng Ming and the other two were extremely worried, but they also knew that Yun Chujiu had a plan, so they could only give her a little encouragement. When Yun Chujiu had returned to the dormitory, the three of them gathered to discuss a solution.

"What should we do? Junior Sister Little Jiu is going to lose this time! If that happens, the lost Spirit Stones will be easy to deal with, but kneeling and admitting her mistake on the spot is too difficult to accept!" Feng Ming said with a worried expression.

Shi Xuan sighed. "Yes, if Junior Sister Little Jiu does that, then she won't be able to stand firm in the Tianyuan Academy in the future!"

"F*ck! If we lose, we'll quit school. We can't let Junior Sister Little Jiu suffer such humiliation!" Geng Yi said through gritted teeth.

Shi Xuan thought for a moment then said, "Why don't we go to Instructor Ji Sha! Maybe he'll think of a way out of this."

Feng Ming and Geng Yi did not have any other good ideas, so they could only agree with Shi Xuan's opinion. The three of them went to Instructor Ji Sha and explained the purpose of their visit.

Ji Sha smiled bitterly. "I've already spoken to Yun Chujiu. If she can't succeed in her practice before dinner tomorrow, I'll go to Mo Hanxun and ask him to think of a way to get Yin Sulian to cancel the competition."

The three heard Ji Sha's words and felt a little more at ease. However, there was still a glimmer of hope in their hearts. Junior Sister Little Jiu had created miracles many times. Perhaps she could do it this time as well. If that was the case, they could only hope for the best.

At that moment, Yun Chujiu had hacked her courtyard into a mess. The principle and steps of materializing spiritual power were not wrong, so why did it not succeed?! What exactly was the problem?!

Yun Chujiu sat on the reclining chair dejectedly. She turned her grief and anger into an appetite, she munched on a roast chicken and then got up to continue her practice.

Although she was a little out of tune, she was so serious that even she was afraid of herself. She had practiced non-stop for the entire night.

Unfortunately, when the sun rose again, Yun Chujiu was still unable to materialize her spiritual power. What she came out of her palms was still purple lightning.

Yun Chujiu touched her chin. Could it be that she had no choice but to beat up that Little B*tch, Yin Sulian?! It was indeed a low-level plan. If things went wrong, she would be discovered by others. When that happened, it would be even more troublesome. She could only use it as a last resort. However, why could she still not materialize her spiritual power?!

Yun Chujiu had no other choice, so she sent the voice transmission talisman to Di Beiming. However, this fellow didn't have much hope.

Yun Chujiu took out her voice transmission talisman and said, "Prince Charming, I've practiced materializing my spiritual power hundreds of times but I still haven't succeeded. Can you help me analyze what exactly I did wrong?"

Not long after, the voice transmission talisman started to tremble. "Materialization of spiritual power can't be rushed. Didn't you just learn it for a month? You'll succeed if you practice slowly."

Yun Chujiu curled her lips. I knew it. It's useless to ask the Pretty Boy. It seems that she had no choice but to use the concealment talisman to beat up that Little B*tch Yin Sulian!

At that moment, the sound transmission talisman trembled again. "Little Jiu, did you get into trouble again?! If you are anxious to learn the materialization of spiritual power, you can refer to your situation in the water. Although those purple lightning bolts didn't form a physical body in the water, they already have a shallow spiritual intelligence. That is a characteristic of high-level spiritual power materialization techniques."
