

## The Yun Family's Ninth Child is an Imp! Chapter 1078

The Three Silly Munchkins were stunned as they listened to Yun Chujiu's explanation. However, one thing was for sure, not only did they not annoy Yun Chujiu by stealing food, but they had given her an idea!

Yun Chujiu did not have the time to bother with the Three Silly Munchkins. She quickly activated the spiritual power in her body according to her previous train of thought.

Yun Chujiu was a little stunned when she saw the spiritual power that she had materialized!

Little Black Bird was so shocked that its pea-sized eyes were wide open!

Little Black Rat's mouth was wide open. It really could not believe its eyes!

The Flaming Three Tailed Fox King immediately fell to the ground!

Little Black Bird stuttered, "Master, master, what you materialized is... is it a needle?"

Yun Chujiu coughed dryly, "It's just the beginning! It's inevitably a little weak! Don't worry, master, I will materialize a rolling pin soon!"

She had completely forgotten how much she despised the rolling pin back then. Well, compared to this needle that was as thin as a cow's hair, the rolling pin was like a divine weapon!

Little Black Bird and the other two looked at each other. For some reason, they had a strong premonition that their black-hearted master would only be able to materialize a needle for the time being!

Sure enough, Yun Chujiu tried more than ten times, but what she materialized was still a needle as thin as a cow's hair!

Yun Chujiu blinked her eyes. No matter what, she had to calm down Instructor Ji Sha first, lest he really went to look for Mo Hanxun.

Yun Chujiu took out her identity jade token. "Instructor Ji Sha, I can already materialize my spiritual power."

In less than an hour, Instructor Ji Sha rushed to Yun Chujiu's dormitory.

"Yun Chujiu, you didn't lie to me, right?! Can you really materialize your spiritual power? How is that possible?! Quickly demonstrate it to me!" Ji Sha panted as he said.

Yun Chujiu laughed dryly, "Ji Sha, don't be anxious. Sit down and have a cup of tea first."

Ji Sha frowned, "Yun Chujiu, are you lying to me?!"

Yun Chujiu saw that Instructor Ji Sha was getting annoyed so she could only say, "Alright, since you're in such a hurry, then I'll show you my spiritual power materialization technique. It's just that the things I materialize are a little special, so you have to be mentally prepared."

"Although my spiritual power isn't high, I still have some knowledge. The primary materialization technique materializes all kinds of weapons, what else can be special? Just show me!" Instructor Ji Sha felt that Yun Chujiu had deliberately stalled him so his frown deepened.

Yun Chujiu bared her little white teeth. "If that's the case, please take a good look at it!"

After a moment, Instructor Ji Sha frowned. “Yun Chujiu, where is the thing that you materialized? Don’t dawdle!”

Yun Chujiu laughed dryly and pointed forward. “Instructor Ji Sha, that is the thing that I materialized!”

Instructor Ji Sha looked in the direction Yun Chujiu pointed and saw a tiny purple needle as thin as a cow’s hair floating in front of him...

Instructor Ji Sha was dumbfounded!

What was that?

Materializing a needle! We’re not a tailor shop, what’s the use of materializing a needle?!

He had heard of people who were ridiculed for materializing a dagger in the past. Yun Chujiu would become the laughing stock of the entire Tianyuan Continent if she materialized a needle?!

It would be better to fail than to succeed!

When Yun Chujiu saw the look of confusion and disappointment on Instructor Ji Sha’s face, she giggled and said, “Instructor Ji Sha, didn’t I just succeed? Therefore, the thing that I turned it into is inevitably a little weak. If I practice a few more times, I will definitely turn the needle into a stick!”
