

The Yun Family's Ninth Child is an Imp! Chapter 1079

Ji Sha smiled bitterly and said, "I'm afraid you don't know, right? The object created by the beginner-level spiritual power materialization technique will not change its shape. It's just that its shape will further solidify and resemble the real thing. Only when the cultivator's spiritual power materialization technique reaches the intermediate level will it transform into another object."

Yun Chujiu was stunned for a while, then she widened her eyes and asked, "Instructor Ji Sha, do you mean that before I learn the intermediate level materialization technique, I can only materialize a needle?"

Although Instructor Ji Sha did not want to hurt Yun Chujiu, he still smiled bitterly and nodded. "That's right. Before you learn the intermediate physical transformation technique, you can only materialize a needle. Moreover, the intermediate physical transformation technique can only be learned at the level of a spiritual saint."

Yun Chujiu wanted to cry, but she had no tears. Her excitement just now instantly turned into frustration!

F*ck! Initially, she felt that it was embarrassing enough to use a rolling pin when she faced the enemy. She did not expect that in the future when the other party used spiritual power to materialize swords and sabers, she could only use a needle to face the enemy. That scene sounded too pitiful!

When Instructor Ji Sha saw Yun Chujiu's sad expression, he could only comfort her, "You don't have to be too sad. When you use the intermediate materialization technique, you can materialize something else. As for the competition tomorrow afternoon, I will go and look for Mo Hanxun."

Yun Chujiu shook her head, "Instructor Ji Sha, you don't have to look for Mo Hanxun. I have a way to make Yin Sulian give up on the competition. Please believe me."

Ji Sha saw Yun Chujiu's serious expression and could only say, "If that's the case, then I'll leave it to you first. If you can't solve it, come and look for me."

Yun Chujiu nodded. "Don't worry, I won't force myself."

Only then did Instructor Ji Sha leave Yun Chujiu's courtyard. After leaving the courtyard, he shook his head. He did not know what method she had to make Yin Sulian give up on the competition. This little girl had many ideas. Perhaps she really had a way. However, she had only materialized a needle. This little girl would inevitably be ridiculed in the future. After all, how powerful could a needle be? It was the physical transformation technique with the weakest attack power. It was better to not reveal it!

Yun Chujiu sent Instructor Ji Sha away and practiced the physical transformation technique over and over again. Every time she used it, she only produced a thin purple needle. Although it was becoming more and more solid, no matter what, it was still just a needle!

Yun Chujiu thought to herself in a self-deprecating manner, 'Don't tell me that when we face enemies in the future, I will say to them, Hey! Do you need to mend your clothes? Let me help you mend them! Or, Hey! Shut your stinky mouth! Otherwise, I will sew your mouth shut!'

The more Yun Chujiu thought about it, the more she felt that her future was bleak. It was better to get nothing than that embarrassing thing!

Little Black Bird rolled its bean-like eyes, "Master, why don't you try the power of this needle? What if this needle can not be judged by its appearance!"

Yun Chujiu thought about it and agreed. What if this needle was small and strong? Hence, she took out a big rock from her storage ring and shot the materialized purple needle at a big rock!

Yun Chujiu and Three Silly Munchkins stared at the purple needle without blinking. They saw the purple needle quickly rush towards the big rock and hit it. Then... That was it.

The small purple needle was like mud sinking into the sea. Other than gently hitting the big rock, it did not damage it at all.

Yun Chujiu suddenly had an image in her mind. When Yin Sulian uses her materialized sword to attack the testing Spirit Stone, it will probably display an attack power of several hundred. If she attacked the testing Spirit Stone, it will probably display a f*cking zero!
