

## The Yun Family's Ninth Child is an Imp! Chapter 1080

"Forget it! Let's have dinner first! If it doesn't work out, I'll activate the concealment talisman and beat Yin Sulian up at her doorstep early tomorrow morning. We'll talk about it after fooling her for a few more days." Yun Chujiu waved her hands and said to the Three Silly Munchkins.

The Three Silly Munchkins were already hungry. They had not eaten after they shared that roasted snow rabbit earlier, so they quickly fawned over Yun Chujiu and surrounded her.

Yun Chujiu had always been a big-hearted person. She walked to the stone table, took out a lot of food from her storage ring, and began to feast with the Three Silly Munchkins.

Just as the three of them ate happily, they heard a loud bang!

Yun Chujiu was shocked. What happened?! Could it be that the Earth Dragon had turned up?!

"Master, master, stone! The stone!" Little Black Bird pointed behind Yun Chujiu with a short wing and said in shock.

Yun Chujiu turned around and was stunned!

She saw that the big stone used to test the small purple needle had turned into powder. The ground was covered with gray powder, and some of it even splashed onto the food on the stone table.

A moment later, Yun Chujiu threw her head back and laughed. "Hahaha! It must be the power of the small purple needle! I told you, how could a genius like me materialize an ordinary needle?! My lightning needle had the same characteristics as the master. They are both very low-key!"

Little Black Bird twitched its mouth, 'Low-key? Hmph, it was another case of not judging a book by its cover. They are both actually wolves in sheep's clothing! It did not expect that the needle that materialized was the same as the master. It was also equally secretly terrifying!'

To test the power of the small purple needle, Yun Chujiu took out another large rock. After waiting for 15 minutes, the rock turned into powder once again.

Just as Yun Chujiu was feeling happy, Little Black Bird said from the side, "Master, although the power of this small purple needle is extraordinary, you have overlooked a problem. When fighting against the enemy or when fighting against that Little B\*tch, Yin Sulian, they can't possibly wait for 15 minutes. By the time the small purple needle detonates, it will be too late! You have to let the purple needle explode as soon as possible. It would be even better if you can directly control the detonation."

Yun Chujiu looked at Little Black Bird in surprise. "I didn't expect your brain to be so good! It is almost as good as me! What you said makes sense. That is indeed a problem. I have to think of a way to speed up the explosion. Otherwise, my thunderbolt needle will be of little use."

After receiving Yun Chujiu's praise, the Little Black Bird immediately felt a little smug, it responded smugly, "Master, it's not that I'm boasting. Although I can't compare to you, my IQ is superior to that of all beasts. The other beasts are not as smart as me."

At that time, Yun Chujiu did not pay attention to it. She was deep in thought about how to control the time when the purple needle detonated. Little Black Bird could only look at the Little Black Rat and Flaming Three Tailed Fox King in embarrassment.

Fortunately, the two of them still gave face to Little Black Bird. They took the opportunity to compliment Little Black Bird. Only then did Little Black Bird take out its secret stash of food and share it with those two.

Yun Chujiu tried many methods but failed. Whether it was increasing the intensity of her spiritual power or increasing the speed of her attack, she could not control the time when the purple needle detonated. The purple needle would still only explode after 15 minutes.

Yun Chujiu shouted in exasperation, “Damn it, it won’t work no matter what. Will it explode when I shout ‘Explode!’?!”

Bang!

There was a loud explosion in front of them, and the big rock turned into powder!
