

## The Yun Family's Ninth Child is an Imp! Chapter 1085

“Old Jiang, that little girl has surprised us time and time again. I believe that it will be the same this time. Just wait and see. This little girl must have some tricks up her sleeves. Otherwise, her expression wouldn't be so calm.”

The two old men were Deputy Dean Xiao and Deputy Dean Jiang. They were the two instructors who had taught Yun Chujiu in the third round of the test.

Deputy Dean Jiang did not think much of Deputy Dean Xiao's words. “Old Xiao, aren't you too confident in this little girl?! No matter how powerful a needle is, it can still have...”

Before Deputy Dean Jiang could finish his words, a loud boom was heard!

Everyone was stunned on the spot.

The Spirit Stone had exploded! It exploded!

What did that mean?

It meant that the attack power of Yun Chujiu's needle exceeded a thousand. How was that possible?!

Everyone looked at the display screen at the same time. There was a row of question marks on it. Obviously, it was caused by the explosion of the Spirit Stone.

While everyone was stunned, Yin Sulian shouted in panic, “There must be a malfunction in the Spirit Stone! That must be it! Instructor Zhuang, is it because the Spirit Stone itself has cracks?”

Instructor Zhuang said unhappily, "I have checked the Spirit Stone before using it. It was perfectly fine. It's not a problem with the Spirit Stone."

"If there isn't a problem with the Spirit Stone, does that mean that good-for-nothing Yun Chujiu, produced a needle with more than 1,000 attack points? This is a huge joke!" Yin Sulian's face flushed red, she could not believe what she was seeing.

Someone below the stage shouted, "That's right, how can a needle have such great power? There must be a problem with the Spirit Stones! Let's test it again!"

"Right! Let's test it again, or else we won't be convinced by the result!"

"Retest! Retest!"

...

The people who shouted were Yin Sulian and Yin Xinlian's followers. Of course, they did not want Yun Chujiu to win, so they strongly requested a retest.

"Alright! In that case, let's use the intermediate level Spirit Stone to retest this time. Yin Sulian, do the test again!" Instructor Zhuang was also a little hesitant, although she had indeed checked the Spirit Stone before, how could Yun Chujiu's materialized needle have more than 1,000 attack points?

'Could it be that I missed something when I was checking?'

Yin Sulian glared at Yun Chujiu. "Hmph, I just let you take advantage of me just now. This time, I'll let you reveal your true colors."

Yun Chujiu pursed her lips. "Reveal my true colors? I'm not some demon who's hiding behind a disguise! Yin Sulian, I'm a kind-hearted person. If you give up now, I'll still agree."

When Yun Chujiu said that, Yin Sulian was even more certain that it was because of the Spirit Stones. She said disdainfully, "Don't even think about it! A needle competing against my sword? What a joke!"

"Sigh! Alright, since you want to kneel and admit your mistake so badly, I won't stop you." Yun Chujiu said with a smile.

Seeing Yun Chujiu's calm smile, Yin Sulian felt a little scared.

'Could it be that the needle that she materialized really had such great power? No, she must be faking it. It was impossible!'

Yin Sulian calmed herself down and walked to the designated area to attack the middle-grade Spirit Stones. Her materialized sword stabbed at the middle-grade Spirit Stones.

The display quickly displayed the result of the attack: 515. It had 10 more attack power than before.

Yin Sulian revealed a smug smile. This time, she performed even better. Yun Chujiu, you're going to lose for sure!
