

The Yun Family's Ninth Child is an Imp! Chapter 109

Yun Chujiu finished the water and looked at the oil paper bag with a regretful expression. "Third sister, I'm too full for dinner. I really can't eat the remaining pieces. Can I eat them tomorrow?"

Yun Chushan thought to herself that there was enough medicine in the two pieces of dim sum, so she said with a smile, "You little greedy cat, then you can eat them tomorrow!"

Yun chujiu happily put away the oil paper bag and deliberately showed off to Yun Chuwu and Yun Chuqi, "This is my snack, I'm the youngest, you two are not allowed to eat it secretly!"

Yun Chuqi curled her lips, "Who cares, maybe someone poisoned it!"

Yun chujiu almost gave a thumbs up, "Aiyo, sister Qi, you are so smart! "

Yun Chuqi's eyes shrank, and then she shouted angrily with a sullen face, "Yun Chuqi, you have always been against little jiu before, and now you are always against me? What is wrong with you?"

Yun Chuqi was afraid that Yun Chuqi would say something that would expose her, so she quickly interrupted, "Third sister, seventh sister must have seen you buy snacks for me. She is jealous of me!"

Yun Chuqi saw Yun Chujiu's expression and snorted coldly. She did not say anything. She really hated people like Yun Chushan who betrayed her.

The next morning, the members of the Yun family arrived at the foot of the Linghua sect's mountain early in the morning.

Even though they had arrived early enough, there were already many people gathered at the foot of the mountain.

After another hour, some disciples of the Linghua sect began to come out to maintain order.

“Those who are taking the test, come over and line up with the test jade token. Those who are not involved, step back!”

After a short bustle, the people who were taking the test stood in more than ten rows according to the requirements. Yun chujiu roughly looked at the tens of thousands of people.

There was a tall platform in front of everyone, and a middle-aged man stood on it.

“This test is divided into four rounds. The first three rounds are for team testing, and the fourth round is for individual testing. Those who pass the first three rounds can enter our Ling Hua sect to do odd jobs, and those who pass the fourth round can enter the outer sect.” When the middle-aged man said this, he used his spirit energy, therefore, everyone heard it very clearly.

Everyone was slightly puzzled. Why were there only outer sect disciples and not inner sect disciples?

The middle-aged man seemed to know everyone’s doubts, he then said, “This test is different from the previous ones. The reason why there are no inner sect disciples is because, one year after you enter the sect, the sect will hold a trial. Regardless of whether you are odd jobs or outer sect disciples, you can participate. At that time, you will be re-determined according to your results whether you enter the inner sect or the outer sect, or whether you are odd jobs.”

Yun chujiu thought to herself, ‘The Linghua sect is quite sneaky. They’re afraid that their disciples won’t make progress, so they came up with this idea. It’s not a bad idea! ‘!

The middle-aged man waited for everyone’s discussion to quieten down, then, he said, “The first three rounds of the test require a team test. Seven people will form a team. You can form your own team. If there are no teams in the end, you will be randomly divided into teams! After you are divided into groups, come to my right side to register! “Alright, from now on, the time limit is one hour.”

Yun chujiu clapped her hands. "Haha, That's Great! There are exactly seven of us! "

"That's right! Haha, it just so happens that there are seven of us in a group. There's no need to separate them! "

"Looks like little jiu is right. Our Luck is indeed not bad! "

..

Yun Chuwu and the others agreed happily. Only Yun Chushan's eyes were twinkling. She looked around and stared at Yun Chujiu in confusion.

Yun chujiu could not help but sneer in her heart. However, she suddenly showed a painful expression on her face. "Oh my, why is my stomach suddenly hurting? "

Yun Chuwu and the others immediately became nervous. "Little Jiu, what's wrong with you? Are You Alright? "

"Did you eat something bad? But we all ate the same breakfast! "
