

The Yun Family's Ninth Child is an Imp! Chapter 1094

"Oh? What's going on?" Dean Huangfu's face was gloomy as he stared at Instructor Bai.

Instructor Bai wiped the cold sweat off his forehead. "I just made the beast-guiding incense yesterday. After I was done, I kept it in my storage ring. I hadn't expected the bottle stopper to fall off, spilling the incense onto the cleaning tools. Therefore, when Yun Chujiu used those cleaning tools to clean the beast house, it caused the Demon Beast Eggs to go berserk."

"Instructor Bai, as far as I know, the shed where those Demon Beast Eggs are located has a protective array. How did these Demon Beast Eggs get past that?" Questioned Instructor Qian. As a beast master, Instructor Qian held these Demon Beast Eggs in high regard, he did not believe Instructor Bai's nonsense at all.

Instructor Bai mentally scoffed at Instructor Qian for being nosy, however, he still explained, "To make Yun Chujiu clean faster, I loosened the array of those sheds a little. Anyway, I saw no harm in doing that. I didn't expect the situation with the beast-luring incense. This is indeed negligence on my part. I am willing to accept any punishment from the Academy."

Dean Huangfu remained silent after hearing Instructor Bai's words. Instructor Wu said from the side, "Dean, this matter indeed involves some negligence in the Spirit Beast Garden. However, Instructor Bai's actions were completely unintentional. I hope that Dean can be lenient with him."

Yun Chujiu, who watched at the side, had already confirmed that it was a conspiracy by Wu Shi's uncle and nephew against her. She sneered in her heart, 'Very well. Since you guys took the initiative to provoke me, don't blame me for being inconsiderate.'

Just as Dean Huangfu was about to deal with Instructor Bai, Deputy Dean Yin and the others arrived. As soon as he entered the courtyard, Deputy Dean Yin said, "Instructor Bai didn't do it on purpose, and it didn't cause any consequences. Let's give him a lighter punishment!"

Dean Huangfu's eyes darkened as he said indifferently, "Since Deputy Dean Yin has said so, then let's punish Instructor Bai by deducting half a year's monthly salary. Yun Chujiu suffered an unexpected disaster and we will compensate you with 100 contribution points."

Yun Chujiu said sneakily, "Dean, Instructor Bai promised me that he would reward me with 100 contribution points for cleaning the Beast House. I wonder if it still counts?"

Dean Huangfu said with a laugh, "Of course it counts. I'll reward you with a total of 200 contribution points then."

"Thank you, Dean!" Yun Chujiu said and jumped in front of the Demon Beast Eggs, she put her hands on her hips and said, "Idiots! Did you all hear that?! The reason why you were tortured here has nothing to do with me. If you have your grievances, don't take it out on me... Moreover, if I had used my spiritual power to attack you, you would have all died a long time ago. Therefore, I am your savior and your biological parent!

You should learn to be more obedient in the future. Can't you have some self-control?! Can't you resist the beast-luring incense for a little bit?! I will teach you a mantra. Listen carefully, emptiness is fragrance, the fragrance is emptiness..."

Those Demon Beast Eggs were confused. At first, they were indeed attracted by the scent of beast-luring incense, but later, they smelled a very attractive fragrance on her body. Although it was very faint, the last time they smelled this kind of fragrance, it disappeared abruptly. A mere scent of beast-luring incense would not make them chase her so far! Moreover, the air was filled with the fragrance. What kind of bullsh*t was in the air?!

However, the little girl was right about one thing. There was someone behind this. It was that human surnamed Bai who had tricked them. If they had a chance, they would take revenge.

Yun Chujiu used a few words and successfully planted the seeds of hatred in the hearts of those Demon Beast Eggs. Only then did she leave Dean Huangfu's courtyard.

When those Demon Beast Eggs saw Yun Chujia leave, although they wanted to go after her, they were intimidated by Dean Huangfu's spirit pressure and could only reluctantly be brought back to the Spirit Beast Garden by Instructor Wu..
