

The Yun Family's Ninth Child is an Imp! Chapter 1095

After Yun Chujiu walked out of Dean Huangfu's courtyard, she saw a lot of onlookers. She rolled her eyes then cupped her hands towards the crowd. "Dear students, please bear witness. A few days ago, Wu Heng of the Third Grade's Tian Class shamelessly proposed to have a beast taming competition with me. I didn't agree. However, after this latest incident, I've decided to agree to his competition. Otherwise, my life would continue to be in danger!"

The onlookers were a little dumbfounded at first. They had not known what Yun Chujiu meant when she said that. There was a clever one who whispered, "Ah! I understand! Think about it, who is Wu Heng's uncle?"

"Wu Heng's uncle? Isn't his uncle Instructor Wu from the Spirit Beast Garden?"

"That's it! Why would the Demon Beast Egg go crazy for no reason?! Think about it carefully!"

"Ah! Could it be because Yun Chujiu didn't agree with Wu Heng's competition request, so Instructor Wu... Ah, I didn't say anything!"

"As long as you and I know it clearly, it's fine. Yun Chujiu was forced into a corner, so she could only agree to Wu Heng's request. Otherwise, something might have happened!"

...

In her heart, Yun Chujiu gave a thumbs up to the student who spoke first. What a talent! That was exactly what she wanted. Although she could not find any evidence that Wu Shi's uncle and nephew had harmed her, she had to first build up some public opinion. When the time came, she only needed an opportunity to take advantage of them.

Wu Heng also stood amongst the crowd. When he heard what the crowd had discussed, he was about to explode. He squeezed out of the crowd and said fiercely, "Yun Chujiu, what do you mean?"

Yun Chujiu trembled for a moment and revealed a fearful expression. “Wu Heng, I don’t mean anything. I’ve agreed to your competition request. I don’t want to be chased and attacked by the Demon Beast Egg anymore.”

“You! What does your being attacked by the Demon Beast Egg have to do with me?! Could it be that you are implying that I framed you?!” Wu Heng said with a stern expression but a timid tone.

“I didn’t say that. You said it yourself! Students, you must take me as a warning. Some people really shouldn’t be offended. Otherwise, their lives will be in danger!” Yun Chujiu said pitifully.

When the onlookers heard Yun Chujiu’s words, most of them glared at Wu Heng angrily! People sympathized with the weak, especially after they saw Yun Chujiu being chased by the Demon Beast eggs. They were dissatisfied with Wu Shi’s uncle and nephew. Could it be that that uncle and nephew duo had the power and power to casually frame others?! It was too much!

Wu Heng gnashed his teeth in anger. He knew that his eloquence could not compare to Yun Chujiu, he sneered and said, “Yun Chujiu, very good. Since you promised to compete with me, then we will have a two-hour competition in three days! The Spirit Beast Park has a beast taming training course. When the time comes, we will each choose a level sixteen Demon Beast and let it complete the course in the prescribed order. Whoever can complete it first will win. The loser will kneel and admit their mistake as well as compensate two million upper-grade Spirit Stones to the winner.”

Yun Chujiu rolled her eyes and curled her lips. “Aiyo, why does this condition sound so familiar to me! Isn’t this the bet between Yin Sulian and me?! Could it be that you like Yin Sulian?! No... It should be that you should like Yin Xinlian! Tsk, careful not to bite off more than you can chew! I guess that Yin Xinlian doesn’t even look at you, right?! You even think that you’re sentimental and want to stand up for her. You’re really cheap!”

Wu Heng’s face turned red and he was so angry that he almost fainted. “You! You’re talking nonsense! It’s not like what you said at all! I just can’t stand your arrogance.”

“Tsk, your red face and stammering say otherwise. You still don’t want to admit it?! Actually, the two of you are quite a good match. You’re both examples of shamelessness. A dignified third-year student of the Tian Class challenged a new student like me. It’s a combination of the two!” Yun Chujiu said with a smile..
