

## The Yun Family's Ninth Child is an Imp! Chapter 1097

"Instructor Qian, I have answered all your questions. Will you agree to teach me the beast taming technique?" Yun Chujiu saw Instructor Qian's dumbfounded face and could only ask.

Instructor Qian nodded blankly and had a vague idea in his heart. Perhaps such a little devil was more suitable to practice the beast taming technique, because not only were humans afraid of evildoers, Demon Beasts were also terrified of evildoers!

"Great! Thank you, Instructor Qian! Let's find a place to study! I know a classroom that is empty in the afternoon. Let's practice there!" Yun Chujiu hopped in front to lead the way, Instructor Qian shook his head slightly and followed her.

Two people stood not far away and stared at Yun Chujiu's back with vicious expressions.

"Sister, why did you stop me just now? That Yun Chujiu's words are too mean!" Yin Sulian said angrily.

"If you can't bear it, then you'll mess up the plan. There's no need to argue with her. Wu Heng will not let her off. We just need to wait and see," Yin Xinlian said coldly.

Yin Sulian gritted her teeth. "That Yun Chujiu deserves to die! Sister, what did Fourth Grandpa say about the Challenge?"

"Fourth Grandpa has already arranged for the relevant instructors to get the students to sign it. I believe that the Challenge will take effect soon. Even if Wu Heng can't do anything to that b\*tch this time, I will kill her in half a year." Yin Xinlian's eyes flashed viciously.

"Sister, when Wu Heng competes with her, even if Yun Chujiu loses, she will only kneel. It's too easy for her." Yin Sulian curled her lips and said.

“Humph! It won’t be that simple! Wu Heng must hate Yun Chujiu to the core. He will definitely do something to the Demon Beasts. He will very likely order the Demon Beasts to attack Yun Chujiu. At that time, Yun Chujiu will either end up dead or injured. Let’s just wait and prepare to watch a good show!”

...

Yun Chujiu and Instructor Qian came to an empty classroom. It was the classroom where Instructor Ji Sha had taught Yun Chujiu the materialization of spiritual power.

Instructor Qian Sighed. “Yun Chujiu, although you have many ideas, I honestly don’t have much confidence in you in the competition three days later. Right now, you haven’t even learned how to establish a spiritual connection with the Demon Beast egg, not to mention that you need to control a level 16 Demon Beast during the competition. How can you win?”

“It’s all in the hands of the practitioner! At most, I’ll just admit defeat. Isn’t it just kneeling and admitting my mistake? It’s a piece of cake.” Yun Chujiu said indifferently. She thought to herself, ‘If I really can’t do it, I’ll still use that trick to activate the concealment talisman and beat Wu Heng up. I like it the most when it’s simple and crude!’

When Instructor Qian Heard Yun Chujiu say that, he shook his head and said, “If that’s the case, then let’s leave everything to fate. I’ll teach you the elementary beast taming technique. Actually, it isn’t complicated, It just requires constant practice. What Wu Heng has mastered is only the elementary beast taming technique.”

Instructor Qian used only six hours to teach the elementary beast taming technique to Yun Chujiu. As Instructor Qian said, the elementary beast taming technique wasn’t too complicated. The only difficult part was how to establish a spiritual connection with the Demon Beast, and to tame it to prevent it from backfiring on the user.

After she thanked Instructor Qian, Yun Chujiu hopped back to her dormitory. She decided to test it on the low-level Demon Beasts in the Great Void Mystic Realm.

However, what disappointed her was that even if it was a low-level Demon Beast, she was unable to establish a spiritual connection with it. In a fit of anger, she killed the level eight Fire-Breathing Ash Wolf and then roasted it with the Three Silly Munchkins to eat. The Flaming Three Tailed Fox king's eyes lit up..
