

## The Yun Family's Ninth Child is an Imp! Chapter 1098

The Demon Beast meat from the beasts inside the Great Void Mystic Realm was much tastier than the ones outside. The four foodies ate until their mouths were greasy.

“Burp! Master, what are you going to do if you can’t learn beast taming on time? Burp!” Little Black Bird asked Yun Chujiu while he constantly burped.

“There are still two days left. I’ll practice again. If it doesn’t work, I’ll beat him up. Anyway, I won’t kneel to that idiot!”

“Burp! Master, then why did you have to agree to compete with that Wu Heng? Our chances of winning are not great!” Little Black Bird asked in confusion.

“Humph! What happened today must be a trap set by Wu Shi’s uncle and nephew. Since they have already made their move, I might as well take the initiative to attack to avoid falling into an unfavorable situation. That Wu Heng hates me to the bone now. He will definitely do something during the competition. When the time comes, he might even drag that Instructor Wu into it. Then, I can kill two birds with one stone,” Yun Chujiu said indifferently.

Little Black Bird and the other two shivered. Their black-hearted master seemed to be getting more and more evil. They had to be obedient in the future. Otherwise, they would be in big trouble.

“Master, although your idea is good, what should we do about this competition? Moreover, if Wu Heng does something underhanded, what if you get hurt?” Little Black Bird said carefully.

“What you said makes sense. However, I haven’t thought of any good ideas for the time being. Anyway, there are still two days left. There’s no rush. Let’s go to bed first.” After saying that, Yun Chujiu yawned and went into the room to sleep.

The Three Silly Munchkins looked at each other, 'This girl was really big-hearted. She probably wouldn't get angry even if the sky fell.'

The next morning, there was a spiritual power class. Yun Chujiu attended as if nothing had happened.

After class, Instructor Ji Sha called Yun Chujiu to the side. "Do you think you have a chance of winning the match between you and Wu Heng?"

Since the conversation on the stage last time, Instructor Ji Sha seemed to have changed. His clothes started to become neat, but that was all.

Yun Chujiu shook her head honestly. "Not yet."

"Do you need my help?"

"Not yet. Thank you, Instructor Ji Sha."

"Mm, then be careful." After Instructor Ji Sha said that, he left just like that.

Yun Chujiu touched her nose. Damn, did he feel at ease with her or did he give up on her? He left just like that?

Yun Chujiu thought of the 200 contribution points she had just received and decided to go to the Tianyuan Academy's library to try her luck. She wanted to see if she could find any inspiration among the books.

She hopped into the library and saw the unremarkable three-story building in front of her. She couldn't help but feel a little puzzled.

'This Tianyuan Academy's library was quite shabby, wasn't it?! This library wasn't as imposing as the Spirit Radiance Sect's library!'

After Yun Chujiu handed her identity jade token to the instructor in charge of the library, she walked in. She could not help but exclaim in surprise when she saw what was inside. So that's how it was!

It turned out that there was another world inside the unremarkable three-story small building. It was like another dimension. After one stepped in, one would be transported to the corresponding floor, making it very convenient.

Yun Chujiu chose a beast taming book and was immediately transported to the corresponding fourth floor.

The bookshelf was full of jade slips and sheepskin books about beast taming techniques. Yun Chujiu held the principle that she would rather kill a thousand by mistake than let one go. She started reading from the beginning.

She flipped through the book as she speedily read the contents. Whoosh, Whoosh, Whoosh.. She quickly finished reading a row of books and then began to read the ones on the second row...
