

The Yun Family's Ninth Child is an Imp! Chapter 1102

Instructor Bai asked, "Yun Chujiu, are you sure? Once you make your choice, you can't change it!"

"I'm sure! I pick that one. That one looks honest. I like honest ones." Yun Chujiu said with a smile.

Wu Heng laughed in his heart!

Was Yun Chujiu stupid? The Barbaric Bear that she chose was old and weak. It was the weakest of the eight Barbaric Bears. He could easily kill it with any one of the rest.

Instructor Bai rolled his eyes. Although the Old Bear did not react, it was old and weak. He reckoned that it would not be able to win against Wu Heng's choice regardless, therefore, he said, "Alright, in that case, I'll release this bear later. Wu Heng, which bear do you choose?"

Wu Heng had already made his choice. He pointed at the strongest Barbaric Bear and said, "I'll choose that one!"

Seeing that the two of them had already made their choice, Instructor Bai asked the two of them to retreat to a safe area. Then, he released the two Barbaric Bears.

When the people in the stands saw the two bears that Yun Chujiu and Wu Heng had chosen, they immediately exploded. Was there even a need to compete?!

The Barbaric Bear that Wu Heng had chosen was fat and strong, while the bear that Yun Chujiu had chosen was old and frail. It looked like the young bear would be able to easily send it flying with a slap.

After the two Barbaric Bears were released, the first thing Wu Heng and Yun Chujiu had to do was to establish a spiritual connection with them.

Wu Heng revealed a complacent smile. He quietly crushed a pill in his hand and walked towards the Barbaric Bear that he had chosen.

The Barbaric Bear originally grimaced in pain and wanted to attack Wu Heng, but it suddenly turned docile. Wu Heng immediately established a spiritual connection with it and quickly formed a seal with his hands. The Beast Taming technique was successful!

On the other hand, on Yun Chujiu's side, after the Old Bear was released, it lay lazily on the ground, with no intention of getting up. Yun Chujiu also had a lazy look, standing there like a wooden stake, she hugged her shoulders and watched Wu Heng taming the Strong Bear as if the competition had nothing to do with her.

After Wu Heng successfully tamed the bear, he saw the situation on Yun Chujiu's side, and his face revealed a disdainful expression. He thought that Yun Chujiu had probably bluffed her way there, how could she have learned the beast taming technique in such a short time? No wonder she chose that Old Bear, she was probably afraid that if she chose another bear, it would attack her.

"Yun Chujiu, are you ready? Can the two bears start fighting?" Wu Heng's face was full of arrogance. He had had the competition in the bag and would not need to use the secret moves that he had prepared.

Yun Chujiu clapped her hands. "I have finished long ago. I was just waiting for you. Hurry up. Can't you see that my bear is about to fall asleep from waiting?"

The onlookers' faces stiffened. Yun Chujiu, you're just lying through your teeth. That Old Bear had not waited to fall asleep. It has no fighting spirit at all!

There was no suspense in the competition. The Strong Bear did not even need to make a move. It would probably just roar at the Old Bear a few times and the Old Bear would be done for.

Wu Heng obviously had the same thought. He used his spiritual sense to command the Strong Bear.
“Go! Defeat that bear!”

Since the Strong Bear had been controlled, it had to listen to Wu Heng’s commands. Otherwise, its spiritual sense would be in extreme pain. It fiercely rushed towards the Old Bear.

The Old Bear lay on the ground motionlessly. It knew that it was already old and weak. It was no match for the Strong Bear at all. Rather than fighting head-on and getting injured, it might as well just admit defeat..
