

The Yun Family's Ninth Child is an Imp! Chapter 1104

At that time, Old Bear was left in a sorry state after being chased around by the Strong Bear. When he heard Yun Chujiu's words, he impulsively took the initiative to establish a spiritual connection with Yun Chujiu.

It was the first time Yun Chujiu used the beast taming technique. She finally succeeded after she stumbled for a while. She laughed arrogantly, "Hahaha! I succeeded! I finally succeeded!"

The corners of the audience's eyes twitched violently. She had been able to successfully control the beast entirely through her words. It was estimated that throughout the ages, the only person who had succeeded in doing that was Yun Chujiu, what a freak!

At that moment, the Old Bear's heart was on the verge of collapse. Had it made an irreparable mistake?! Why did it feel that that little girl was very out of tune?!

Wu Heng never expected that Yun Chujiu would succeed in her attempt to control the bear. It was truly detestable!

However, he sneered and said, "Yun Chujiu, although you succeeded in controlling the bear, can that old and stupid bear of yours beat my Strong Bear? Accept your defeat!"

As he finished his taunt, Wu Heng immediately used his spiritual sense to order the Strong Bear to kill the Old Bear. Although he only needed to defeat the bear in the competition, Wu Heng ordered the bear to be killed to vent his anger. Since his uncle was taking care of things, he was not afraid of the consequences.

Although the Strong Bear was unwilling, its spiritual sense was being controlled, so it could only obey Wu Heng's order to attack the Old Bear.

Yun Chujiu secretly used her spiritual sense to tell the Old Bear, "Old Bear, you tell that Strong Bear to take the initiative to establish a spiritual sense connection with me. I will help it cut off Wu Heng's spiritual sense. You two stall for time and run around crazily. Throw around the sand on the ground and howl for me."

Although the Old Bear was old and weak, it was still strong when it was young. Naturally, it did not want to be defeated by the Strong Bear. Therefore, it relayed Yun Chujiu's words to the Strong Bear, and the Strong Bear agreed because it hated the damn fatty who called it a smelly bear! He was the smelly one, his whole family is smelly! Humans are usually hygienic but you are not!

Therefore, everyone was dumbfounded as they watched the two violent Barbaric Bears start to run around crazily. The two bears were huge, and the sand on the ground was thrown up in their wake. The sand obscured the view and they could only hear the sky-shaking roars of the two Barbaric Bears.

Wu Heng felt that there was no suspense in the outcome of the battle. He said to Yun Chujiu with disdain, "Yun Chujiu, you are struggling in vain. That Old Bear of yours is no match for this bear of mine. It will definitely lose in less than fifteen minutes!"

Yun Chujiu looked at him with a faint smile. "Indeed. In less than fifteen minutes, we will see the result. However, the person who will lose will not be me, but you!"

Wu Heng could not help but laugh out loud. "Yun Chujiu, keep your mouth shut! I'll see how you beg for mercy later!"

The people in the stands also discussed the situation that unfolded. "Although Yun Chujiu successfully controlled the Old Bear, it was not a match for the Strong Bear at all. She will definitely lose."

"This is all her fault. She should have just chosen a stronger bear!"

"Forget it! That Old Bear was successfully tricked by her words. Can she even successfully control a stronger one?"

“You’re right. Although Yun Chujiu being able to control a Strong Bear is impossible, she will still lose. What a pity!”

...

Instructor Qian also sighed. That Yun Chujiu was a good candidate to learn beast taming. However, she would definitely lose this competition. He did not know if the little girl would be able to recover from the setback of the loss..
