

## The Yun Family's Ninth Child is an Imp! Chapter 1128

The last person to appear on the shadow stone was Yun Xiaotian. "Little Jiu, today is your birthday. Grandfather can't celebrate your birthday personally. You must take good care of yourself in Tianyuan Academy and cultivate well. You Don't have to worry about grandfather and family. Beiming has sent people to take good care of us." Di beiming handed Yun chujiu a lot of things. "This is a congratulatory gift from everyone." Yun Chujiu's eyes reddened. "Thank you, Prince Charming!" "Little Sister Jiu, hurry up and light a candle and make a Wish!" Xue Wuji felt sour in his heart. He had lost this round again! Although his gift made little sister Jiu smile and di Beiming's gift made little sister Jiu cry, Little Sister Jiu would definitely like di Beiming's gift. The three of them ate the cake and put away the remaining cake. They woke up Lin Han and Nangong Luoyue. The five of them chatted for a while before the four of them left. The next day at noon, Yun Chujiu rushed to the library after lunch. When they reached the eighth floor of the library, the dry old man had already prepared the sheepskin scroll. Yun chujiu greeted him with a smile and began to copy the book obediently. This fellow was very good at making merry out of hardships. She treated these ancient characters as pieces of spirit stones. After she finished writing one, she felt that she had earned a spirit stone. She was immediately motivated and wrote quickly. When the old man saw it from behind, he clicked his tongue in wonder. Two days ago, this little girl looked like she was on the verge of death when she was copying. Why was she copying so happily today? It was as if she had picked up money! Yun chujiu copied for a while and then found a few pieces of paper in the pages of the book. She looked around and saw that the old man had left without her knowing, so she secretly opened the paper. This guy thought, could it be a treasure map or something like that? Aiya, blessed people don't need to be busy. They could copy a treasure map even when they were copying books. The words that she copied were indeed spiritual stones! Yun Chujiu opened the paper with anticipation and took a look. Her heart instantly turned cold! There was no map at all on it. There were only dense words on it. However, these words corresponded to some ancient characters. Could it be that the old man deliberately left this for her? Was he going to teach her ancient characters? The ancient characters recorded on the few pieces of paper did not correspond to each other one by one. There were a lot of paradoxes. One had to read those goatskin books to slowly understand the specific meaning. Although Yun Chujiu had a temperamental personality and liked to be lazy and sly, she had one advantage, which was that she was focused. Once she was focused on something, she would be very focused. Therefore, she stayed in the library until the next morning. She did not notice di beiming and Xue Wuji sending him a voice transmission talisman. The dry old man came twice in between, but he did not disturb Yun chujiu when he saw how focused she was. He only walked to Yun Chujiu's side when it was time for class in the morning and said, "Little Foodie, you won't become fat in one bite. Come Back Tomorrow!" Yun Chujiu reluctantly put down the paper in her hand and thanked the old man. Only then did she leave the library and quickly ran to the classroom. This fellow was running to the classroom when he sent a message back to di beiming and Xue Wuji, telling them that she did not need to go to the library this afternoon. Yun Chujiu had just entered the classroom and sat on her seat when she heard the exclamations of the crowd. She turned her head and saw di beiming and Xue Wuji walking into the classroom with Nangong Luoyue and Lin Han. Nangong Luoyue waved at Yun chujiu, "Junior Yun, your excellency and Young Master Wuji would like to observe a class. Come over and sit here too!"
