

The Yun Family's Ninth Child is an Imp! Chapter 113

After hearing Yun Chujiu's thick-skinned words, although the corners of the eyes of the other six people twitched, they all tacitly agreed. After all, they needed all of them to pass.

Seeing this, Yun chujiu was very satisfied. She waved her small claws and said, "Let's Go!"

At the beginning, everyone was very relaxed. They were chatting and laughing, but Yun chujiu immediately stopped them with a stern voice, "Don't talk, save your strength!"

Everyone was dejected and didn't speak anymore. They thought that little jiu was too serious. Although this stone step was a little long, with their strength, there shouldn't be any problems!

As time passed, everyone no longer thought that way! This stone step seemed to have no end, and the angle was getting bigger and bigger. Everyone's legs seemed to be filled with lead, and their clothes were soaked in sweat.

Yun Chuqi lost her balance and almost fell down. Fortunately, Yun Chusi pulled her back.

As a result, everyone became a little timid, afraid that they would fall down if they lost their balance.

Yun chujiu giggled. "Don't worry, even if you fall down, you won't die. This must be some kind of trick. Climb with all your might, I'm still waiting for you to carry me!"

Hearing this, Yun Chuwu and the others couldn't help but relax a little. However, hearing Little Jiu's voice, she wasn't panting at all. It was really strange. Little Jiu's physical strength was actually better than theirs?!

If they turned around to look at Yun Chujiu, they would definitely be even more surprised. Not only was Yun chujiu not panting at all, but her forehead was also only sweating a little.

Yun chujiu looked at their backs and shook her head. The Qing Xuan continent placed too much emphasis on cultivating spiritual power. Instead, they lacked the training of flexibility and endurance! In the future, they would need to help them train.

After another hour, everyone had reached the limits of their bodies. Every step was extremely difficult. Basically, they had to drag the railing next to them and climb up! Moreover, there was a cloud of mist surrounding them, and they still couldn't see the end of it. Everyone couldn't help but feel a little disheartened.

Yun Chujiu estimated that there was still an hour left. Time was about to run out, so she had to think of something.

Yun chujiu rolled her eyes and opened the small bag that she carried with her. Then, she took out a paper bag. "Hey, I have the secret medicine that grandfather gave me. After you eat it, you can quickly recover your strength. Here, I'll give each of you one!"

When everyone heard this, their spirits were immediately lifted. They took the "Secret medicine" that Yun Chujiu handed over and were stunned. "Little Jiu, isn't this the candied fruit? Is it really a secret medicine?"

Yun chujiu nodded her head with a serious expression. "Of course it's true. Otherwise, how else could I have persevered until now?!"

Everyone thought about it and agreed. If it wasn't for the secret medicine, how could little jiu, who didn't have spiritual power, be so powerful? ! She didn't look tired at all. She was much stronger than us!

Everyone ate the 'Secret Medicine' in their hands one after another. Sure enough, they felt their bodies suddenly filled with energy.

“Little Jiu, this secret medicine is really useful! I think I can climb this far! ”

“Exactly, I feel my whole body is full of energy now! Let alone climbing this step, I can even defeat a level two demonic beast! ”

“That’s right! My legs are no longer hurting and my waist is no longer sore. I can climb up six steps in one go! ”

Yun Chujiu was embarrassed. This phrase sounded a little familiar!

“Alright, since everyone has recovered their strength, let’s hurry up and climb up. It’s almost time! ” Yun chujiu urged everyone with a stern face.

When everyone heard Yun Chujiu’s words, they immediately felt like they were injected with stimulants as they tried their best to climb up!
