

The Yun Family's Ninth Child is an Imp! Chapter 1131

"Little ninth junior sister, that Yin Sulian must have gone to complain. Hurry up and stop eating and chase after her!" Feng Ming said worriedly. "That's right, little ninth junior sister. If the palace master's wife finds out that you've been neglecting her, she'll definitely fly into a rage." Shi Xuan also advised from the side. "Class monitor, what Feng Ming and Shi Xuan said makes sense. Hurry up and go. It's said that the palace master's wife's temper isn't too good. If she really blames you, it'll be bad!" "Class monitor, the Hall Master's wife is your big backer. If you really offend her, what will you do in the future?" .. Yun chujiu sighed. Sometimes, it was not a good thing to be too popular. She could only put down her chopsticks and get up to leave the canteen. Everyone saw that she was still walking slowly and kept urging her. Yun chujiu thought to herself, what do you know. ! No matter how attentive she was to that old witch, she would still find fault with her. Yun chujiu finally wandered into the Tian Yuan Academy's Reception Hall. The Tian Yuan Academy's Reception Hall had a large living room and a small living room. The large living room was semi-open, and the people outside the courtyard could also see the situation inside. The small living room was the kind of enclosed courtyard that isolated outsiders from prying eyes. The hall master's wife was in the large meeting hall, so Yun Chujiu could see the crowd from afar. When the onlookers saw Yun chujiu coming, they could not help but look at her meaningfully. In fact, they really wanted to express their disdain and ridicule, but because of Yun Chujiu's previous valiant performance.., they could only hold it in and not reveal it, afraid that Yun Chujiu would be concerned about it. Yun chujiu followed the path that everyone had given her and walked to the front of the crowd. When she saw the scene in front of her, Yun Chujiu's heart felt as if it was a beeping dog. What the F * ck, did this old witch bring all the treasures of the Temple of Immortals Here? She was too cocky! She saw that the floor of the reception room was covered with a snow-white cashmere carpet. On top of it were all kinds of high-grade spirit tools and elixirs, not to mention the pastries and spirit fruits on the tables of the crowd! Yun Chujiu was instantly enraged. The first thought that came to her mind was: this old hag of a prodigal family! These things will belong to me in the future. How Can You Give My Things to others? Are You Stupid? ! Are You Stupid? ! HMPH! No matter what, she had to ruin this matter. Even if she had to give them to them, she had to give them to her. If she were to give them to Yin Xinlian and those flirtatious b * tches, they would be completely stupid! Yun chujiu shifted her gaze away from the treasures and started to size up the people sitting in the guest hall. Although the palace mistress was a guest, she was seated in the master's seat due to her high status. Dean Huangfu and the four vice-deans were there to accompany her. Other than them, there were also some outstanding students from Tianyuan Academy, san Shu and Yin Sulian were also seated. When everyone saw Yun chujiu enter, their gazes naturally fell on her. Yin Sulian's face was filled with schadenfreude. She had already exaggerated Yun Chujiu's actions and reported it to the palace mistress, Yun Chujiu, just wait to be reprimanded! As expected, the palace Lord's wife looked at Yun Chujiu with displeasure. "Little Trash, little jiu girl, I heard that I sent someone to call you. You're very reluctant to come and see me. Do you have any objections to me?" When everyone heard the Palace Lord's wife say this, they thought to themselves, Yun Chujiu is going to be in trouble! This Yun Chujiu is really a demon. The Palace Lord's wife is your biggest backer, yet you're still dawdling all the way here. Aren't you just looking for

trouble? ! The palace master's wife is no longer protecting you, let's see what you will do in the future? !
