

The Yun Family's Ninth Child is an Imp! Chapter 1140

Although the palace mistress really wanted to Slap Yun chujiu away, but in order to maintain her noble temperament., she could only suppress her displeasure and say, "I'm not hungry. I'd better look around. After all, I was also a student of Tianyuan Academy back then." "Aunt, then I'll Be Your Guide. I'm not bragging, but I've visited Tianyuan Academy all over. There's nothing I don't know." Yun chujiu instantly turned into a little guide and dragged the palace mistress by her sleeve and left. The palace mistress felt that the anger in her heart had already reached her throat. She tried her best to recite silently, her temperament, and her temperament. Only then did she resist the urge to Kick Yun chujiu, who was constantly chattering away, away. Just when the palace mistress felt that she was about to explode, Yun chujiu actually let go of the palace mistress's sleeve, she said to Qin mingzhu and Baili Yan, "Senior Sisters, I was bragging just now. I'm just a first-year freshman, how could I be as familiar with the Academy as you two? It's better for you to introduce me to my Aunty!" Qin Mingzhu and Baili Yan were just resentful that Yun Chujiu had occupied all of the hall master's wife's attention. They did not expect that Yun chujiu would actually give them such a good opportunity. Immediately, the resentment in their hearts disappeared, they gratefully nodded at Yun Chujiu and then accompanied the hall master's wife on both sides to begin the tour of Tianyuan Academy. Yun Chujiu, on the other hand, had her hands behind her back. She raised her neck and followed behind the Hall Master's wife. She looked like a fox pretending to be a tiger. Occasionally, she would interject a few words. In order to express their gratitude to Yun Chujiu, Qin Mingzhu and Baili Yan did not mind, they would even go along with what she said. The spectators, who did not know the truth, immediately thought that if even Qin Mingzhu and Baili Yan were trying to curry favor with Yun chujiu, it meant that Yun chujiu must have been doted on by the Palace Master's wife. She did not even bother to let Yun Chujiu explain, she must have been afraid that she would be too tired. Dean Huangfu was half a step behind the palace master's wife to show his respect. His heart was like a kitten scratching at it. It was strange. From the looks of it, his excellency seemed to be a couple with Yun Chujiu, young Master Wuji also liked this Yun Chujiu. However, he saw that the hall master's wife did not seem to like Yun chujiu very much, so why did she still come to the academy to visit her? He did not know that the hall master's wife had originally come to see Yun Chujiu as a joke. He did not expect that although Yun Chujiu's spiritual power was the weakest, she was doing well in the Tianyuan Academy. Moreover, she had become the class monitor of the Huang class, and everyone responded to her, the most infuriating thing was that the Yin sisters seemed to be quite smart in the past, but in the end, they were brought into the gutter by Yun Chujiu with just a few words. They were really too stupid! The dean's wife listened to Qin Mingzhu and Baili Yan's explanation absentmindedly. She was very angry in her heart. Not only did she not see the little trash as a joke, so many spirit tools and a million upper grade spirit stones were also taken by the little rascal, she was really angered to death! However, Yin Xinlian said that in five months'time, when she went on the life and Death Arena, how could the little trash, who was only at the first level of the spirit sect, defeat Yin Xinlian, who was at the first level of the Spirit Saint Realm? It was most likely a disaster! When the hall master's wife thought of this, she felt a little unbearable in her heart. Then, she was shocked in her heart. What happened to her? Wasn't it good that the little trash died? ! Moreover, it was entirely her own doing. It had nothing to do with her! She must have been confused by the little trash! At this

moment, Yun Chujiu, who was following behind, suddenly remembered something very important. Damn it, she had come out in such a hurry just now. There were still many pastries and spiritual fruits left in the living room, so they could all be stored in her storage ring, those were all her family's things. This old witch was really a prodigal!
